

Interaction Design B.S. (IxD) Intersegmental General Education Curriculum (IGETC) 2020-2021

The SMC Intersegmental General Education Curriculum (IGETC) is one of two general education programs that SMC B.S. students can follow in order to fulfill general education requirements for the Interaction Design B.S.

Some students may be better served by taking courses that fulfill the SMC B.S. CSU General Education requirements.

Courses completed at a California Community College will be applied to the subject area in which they were listed by the institution where the work was completed. Coursework from other United States regionally accredited institutions may be used on the SMC B.S. IGETC. Coursework must be evaluated by a counselor. All courses must be completed with a grade of C (2.0) or higher. A “Credit” or “Pass” that is defined by institutional policy as being equivalent to a grade of C (2.0) or higher may be applied to meet SMC B.S. IGETC requirements.

SMC accepts foreign coursework from accredited institutions to meet the SMC B.S. CSU GE requirements.

FOREIGN COURSEWORK

Students who have satisfactorily completed courses from a foreign nation’s appropriately accredited university may be able to apply the course credits toward a degree at Santa Monica College. Students should consult a counselor BEFORE requesting to have credits evaluated, because the time it takes to evaluate a large number of units can delay enrollment. Courses must first be evaluated by an approved credential evaluation agency, and then reviewed by the Santa Monica College Admissions Office. Some courses also require approval by the department chair. Once courses are approved, their credit(s) may then be transferred to Santa Monica College.

To have foreign coursework credits evaluated, students should contact one of the approved credential evaluation agencies listed below and request a detailed equivalency report that indicates-for each course, its US semester equivalency, and the grade the student earned:

Course credit earned on the basis of acceptable scores on Advanced Placement (AP) or International Baccalaureate (IB) exams can be applied toward the SMC B.S. IGETC (see the charts at the end of this chapter for a list of acceptable AP/IB courses and scores.)
