**Excused:** Terrin Adair-Lynch, Brenda Antrim, Simon Balm, Jinan Darwiche, Terry Green, Marina Parise, Vicki Rothman, Rhoda Tuit,

**Absent:** Dianne Berman, Ken Buckner, Georgia Farber, Kathy Flynn, Craig Hammond, Jennifer Jesswein, Anne Marie Karlson, Bill Lancaster, Maria Munoz, Rick Pernisco, Michelle Scholefield, Marci Spiegler, Richard Tahvildaran-Jesswein, Robert Ware.

**Guests:** Mary Bober, David Finkle, Dennis Frisch, Howard Stahl.
I. Call to Order-- President Eric Oifer called the meeting to order at 11:18 a.m.

II. Public Comments: All faculty member can participate in discussion. Only members can vote.

III. Action Items:

1. Approval of the Minutes for October 27, 2009

   Minutes accepted as presented.

2. Approval of CSUGE Certificate of Achievement– Guido Davis Del Piccolo, Chair Curriculum Committee

   Chair Guido Davis Del Piccolo presented the list of current courses that satisfy CSU GE. 50% of courses must receive a grade of C or better. The Curriculum Com. recommendation is to follow requirements set by CSU. (complete courses with a 2.0. overall GPA. Student could get a D, but this would be balanced by a B in another course.).

   Because students take courses all over the state, this means a student could take his/her last course here and get certificate of achievement from SMC.

   Discussion: Certificates such as this one make a significant contribution to the economy and to an individual’s life; the certificate is a milestone for some students.

   There would be no change to any other certificate; the AR would need to be changed through the Student Affairs Committee, because the AR is currently in conflict. Everything will remain as is except for IGETC and CSU GE. This would not go to state until we amend the AR.

   Vote-- Yes 36  No 9  Abs 1

   Motion passed.

3. Approval of New Certificates of Achievement and Department Certificate – Guido Davis Del Piccolo, Chair Curriculum Committee

   VOTE passed unanimously

4. 1st Read – Recommended Amendment to AR 5110 – Guido Davis Del Piccolo, Chair Curriculum Committee
2. Committee Functions
The functions of the Curriculum Committee, as detailed in the Academic Senate Constitution and By-Laws and in Board Policy 6410 and in compliance with Title 5 (Section 51022a) and the Education Code Section 78016, include the following:
A. to review and recommend to the Academic Senate action on existing and proposed curricula, courses, prerequisites, corequisites, advisories and programs;
B. to encourage and recommend development of new curricula and courses;
C. to assist faculty in preparing curricular proposals to meet Title 5 and matriculation mandates and district goals and objectives as stated in the college’s mission;
D. to disseminate curricular information and recommendations to the department chairs and the Academic Senate;
E. to implement appropriate state-mandated regulations or policies that affect curriculum;
F. to recommend to the Academic Senate additions, deletions, and modifications in general education patterns for the Associate in Arts (AA) degree, the Intersegmental General Education Transfer Curriculum (IGETC), the California State University (CSU) General Education Certification Requirements, and Occupational Certificate Requirements;
G. to recommend to the Academic Senate proposals to implement curriculum transformation;
H. to ensure that the Santa Monica College Catalog contains only those courses offered on a regular basis.
I. to request, consider, and respond to reports from various Academic Senate committees and college groups that have a direct bearing on matters of curriculum;
J. to help assure that the curriculum at Santa Monica College supports the college's mission, supports its goals, and meets the needs of its students;
K. to approve alternative delivery systems;
L. to approve proposed courses to be offered in particular study abroad locations;
M. and to perform other duties assigned by the Academic Senate president with the advice and
consent of the Senate.

Purpose is to create a greater link to Global Council and study abroad. Courses offered for study abroad should go thru curricular process. This does not give the Curriculum Committee oversight over which courses go to which places; it is just to make sure they meet course objectives. Please note typo aboard instead of ABROAD.

Discussion: could be too restrictive. Text of the AR was requested. The agenda says this resolution is to recommend amendment to AR 5110, not just as a resolution. This is just a first read.

This resolution should also go to chairs.

(M/S Lesley Kawaguchi/Lucy Kluckhohn-Jones): Motion that Curriculum Committee take back its resolution and find the appropriate place in the AR to amend through the normal process.

Vote yes 4  No 38  Abs 4

Motion failed.

Discussion continued regarding the resolution and amendment.

Concerns: any course that has been offered thru study abroad is already part of the program. It appears that the Curriculum Committee would also approve locations. We’ve had a system in place for 20 years that has been successful. They have always had strong academic content. This is another layer of scrutiny to programs. People who participate in the classes know best how it should work.

The resolution seeks to institutionalize the process. The Curriculum process is trusted on campus.

Courses are only a part of the experience. Course objectives are being met. We don’t need this additional process.

We now have competencies for study abroad. We just need to connect course objectives to location.

VOTE first read of AR change; this would then go to the Curriculum Committee.

YES 2  NO 37  ABS 7

Motion failed.
