Global Studies 95: Global Los Angeles—Experiential Learning (2 units)  
Passed unanimously.

**Global Studies Area of Emphasis AA degree and Certificate of Achievement**

Changes made to classes English was added, Native American History was removed and Native American Sign Language was removed from the foreign language requirement. All other classes remain the same.

Some faculty objected to removing Native American History. It was pointed out that the History chair does not object to deleting it and this class does not fit the Global Studies objective.

Faculty questioned why Biology is not included in the list of classes. This suggestion did not come up in the committee. The committee will look into this suggestion. The committee can revise in the future core classes. Right now all that is needed is to approve core areas. Faculty participation in this class revision will be requested.

**Vote: Global Studies Area of Emphasis AA degree and Certificate of Achievement**  
Passed unanimously.
