

Institutional Effectiveness Committee (formerly the S/ILO Committee)
(Committee Description Revised November 24, 2009; 27 votes)
(Committee Name Change Approved March 29, 2011; 25 votes)

Membership: Faculty and Administrators

Structure/Scope:

The Institutional Effectiveness Committee works with all instructional, administrative, and service units on campus to achieve proficiency in the formulation, assessment, and analysis of assessment data by the year 2012.

Functions:

- To review the outcome statements and assessment plans of both instructional and non-instructional units.
- To work with both the Curriculum and Program Review Committees to ensure the robustness of outcomes and assessments.
- To build an infrastructure for the reporting and collection of outcomes data.
- To articulate a plan and timeline for gathering both instructional and non-instructional outcomes data.
- To formulate a plan and timeline for the reporting outcome assessment results and linking these outcome results to College decision-making.
