Revenue Budgets

- It is the 2nd period quarterly report that will go to the Board of Trustees on February 12.
- Numbers in the P1 are based on figures from the Chancellor’s Office
- Expenditures for the second quarter are difficult to project
- Figures in the 3rd quarter become more accurate
- Chris will do a pencil adjustment, for fines, etc. to bring figures more in line
Numbers will be fine tuned by February 7th to present a more accurate report to the Board of Trustees on the 12th.

We are still waiting for the exact figures from the Chancellor's Office on the Compton College funds.

An error was made in the full-time faculty retro checks and additional checks will be sent to those affected.

Charlie Yen has worked hard on bond issues and has come up with more available funds.

Capital Outlay Programs continue to escalate every year.

The District builds a reserve which is then depleted by various needs that arise.

Questions regarding Auxiliary accounts can be addressed by George Prather at a future meeting.

Classified Hiring

Based on information provided by the Personnel Commission, the 2nd quarterly budget report was prepared based on the assumption of 25 classified positions being hired at a rate of 5 positions per month for the next five months and prorated accordingly.

There has been testing for several positions and Human Resources is gearing up to process candidates for hiring.

Chris will provide an updated formula with new figures.

Two Grounds Keepers are being hired back by the District.

There is a definite need to hire classified employees in many areas on the main campus and at satellite campuses.

Cost Savings

Contracted services were discussed.

A break down of costs into categories was suggested.

Criteria is in place to screen the hiring of contractors by having projects go to bid, with an RFP required (SB 1419, Section 88003.1).

Centralizing contracts to one area for record keeping and referral was suggested.

A macro, rather than a micro list of contracted services will be provided for discussion.

Agenda Planning for January 31, 2007:

Clarification on the Classified Hiring and Benefits Formula (Chris).

Classified Hiring Discussion (carried over from January 17th meeting).
