September 7, 2016 accepted as amended

IV. Agenda:

A. Election of Co-Chair  
Howard Stahl (Faculty Association Representative) was elected co-Chair for the 2016-2017 year.

B. Stabilization Funding Scenarios  
Vice-President Isomoto shared seven different stabilization funding scenarios with the Committee and answered questions regarding the assumptions that were used to build these scenarios. The fundamental questions being discussed are 1) should the college begin borrowing FTES in 2015-2016 to capture additional growth funding? and 2) if the college does borrow, how much borrowing should take place? At the present time, the favored scenarios appear to be #1 (as-is – do nothing) or #3 (borrow 300 FTES and attempt to grow 0.5% in future years). From various anecdotal reports, a significant portion of last year’s budgeted growth dollars will be available to borrow against. Each constituent group was asked to share details of these scenarios with their group for feedback prior to continued discussion at the next meeting.

V. Adjournment at 3:14 p.m.
