CONSENT AGENDA: CONTRACTS AND GRANTS

RECOMMENDATION NO. 2 CONSULTANT AGREEMENT FOR TELECOMMUNICATION SERVICES

It is recommended that the Board of Trustees approve the renewal of an agreement for consultant services and authorize payment to DeLong & Associates to act on behalf of Santa Monica College District in the evaluation and analysis of the telecommunications services, for the period July 1, 1998 through June 30, 1999. Professional fees will be 30% of the first year documented and verified specific projects savings realized. Should a specific project require capital investment, 20% of that cost will be deducted from the first year savings. The first recommendation will be submitted within 120 days. Failure to provide the initial recommendation is cause for termination of the agreement.

Funding Source: District Funds.
Comment: This telecommunications management firm will continue a complete and thorough analysis of SMC's telecommunication systems, services and costs. They will prepare a set of recommendations on how the college can decrease costs and operate more efficiently. They are paid a percentage of the savings resulting from the implementation of their recommendations. This is, effectively, of no cost to the District.

RECOMMENDATION NO. 29 LIFELONG LEARNING COMMUNITY PROJECT

It is recommended that the Board of Trustees endorse the following vision statement for Santa Monica, A Lifelong Learning Community.

Santa Monica will become a model Lifelong Learning Community - a community committed to strengthening educational planning for all ages and stages of life with learning opportunities that enhance the personal, social and professional goals of all residents.

We believe . . .

The ability to be a lifelong learner is instrumental in enabling an individual to adapt and succeed in our rapidly changing society.

No single educational institution can effectively meet the learning needs of all our residents.

Access to learning greatly enhances the quality of life for all residents and is a legitimate and appropriate concern of city government.

The major institutions in our city - the public and private schools and colleges, the health care establishments, and the city itself as well as the business community, faith community, non-profit organizations, education and childcare professionals, and community members - should collaborate to design and implement a comprehensive approach to lifelong learning in Santa Monica.

Santa Monica can become a model Lifelong Learning Community.

Comment: The college has been participating in the Lifelong Learning Project with Louise Jaffee. Each elected board in the city has been asked to endorse the vision statement.
