It is recommended that the Board of Trustees authorize the District to participate in the annual Chancellor’s Office Tax Offset Program (COTOP) for the purpose of collecting outstanding student obligations by the Franchise Tax Board as deductions from the students’ personal state income tax refund, lottery winnings or other state refunds. A 25% administrative fee for the service is deducted from the amount collected and the balance is remitted to the District.

RECOMMENDATION NO. 16  UTILITY CONSULTANT AGREEMENT

It is recommended that the Board of Trustees authorize the renewal of an agreement with UTILITY RESOURCE MANAGEMENT GROUP (URM) for technical consulting service regarding electrical savings and insurance to cover any assessment for electric usage during utility load shedding periods. The District agrees to pay URM thirty percent (30%) of the net savings for a period of up to 30 months based on the District’s actual savings as a result of the implementation of URM recommendations by the District.

Funding Source: District savings
Comment: The consultants will prepare all necessary documents to be filed with our electric utility provider and the Public Utility Commission to obtain the most favorable rates for the District. Savings are calculated after deducting all costs of implementation. Only those proposals accepted by the District will be implemented. The insurance reimburses the District for the additional electric charges during peak usage periods requiring load shedding. It is estimated that the District saved approximately $80,000 during the term of the previous agreement.
