RECOMMENDATION NO. 31 RESOLUTION: RESPONSE TO CALIFORNIA CITIZEN'S COMMISSION ON HIGHER EDUCATION'S REPORT

In order to provide input into the process of bringing California's higher education into the 21st century, the Board of Trustees will discuss the following position statements in response to the California Citizens Commission on Higher Education's report *A State of Learning: California Higher Education in the Twenty-First Century*. The discussion and position statements primarily focus on issues concerning community colleges.

The Board of Trustees:

- Congratulates the Commission for its vision of what it hopes the future will hold for higher
- Agrees with the recognition for an expanded role for California community colleges and for stable and predictable levels of state funding for growth and cost of living.

- Supports the California Community Colleges Board of Governors position on accountability.

- Suggests that rather than changing the model of locally elected trustees, improve the model by clarifying the responsibilities assigned to local boards of trustees and the Board of Governors and the relationship between the two boards.

- Disagrees with the formation of a Governance Council of 17 members and believes that it would increase the complications of running a district and politicize the process even further.

- Supports the reduction of the two-thirds vote on local bond issues.

- Supports a speedy and major overhaul of the Education Code provisions which concern community colleges.

- Supports collective bargaining remaining at the local level to maintain and reflect the individual character of each district.

RECOMMENDATION NO. 36 FORMATION OF A SUBCOMMITTEE TO REVIEW FINANCIAL INFORMATION

The following agenda item was submitted by the Santa Monica College Faculty Association:

Recommendation:

It is recommended that the Board approve the formation of a subcommittee to review the status of all financial information submitted by the District to the Chancellor's Office. The committee should begin work immediately, be co-chaired by a Board member and a faculty representative, and have the intent of reporting to the Board in February 1999. Subcommittee should include representatives from the Academic Senate, SMC Faculty Association, Classified Senate, CSEA, Board of Trustees and Administration.

Rationale:

1. Board Policy 8101 requires Board intervention on any item of such magnitude that the Superintendent/President should not bear responsibility alone.

2. No avenue exists, for bringing financial problems to the Board's attention; Budget Committee does not report to Board.

3. It is critical to maintaining SMC accreditation status that these issues be addressed now.

Administrative Comment:

It is recommended that the Board of Trustees not approve the above recommendation. The 1998 Accreditation Visiting Team commended the College for its position of financial stability and made no recommendation regarding financial resources.

RECOMMENDATION NO. 37 GOLDEN HANDSHAKE FOR 1999, 2000 AND 2001

The following agenda item was submitted by the Santa Monica College Faculty Association:

Recommendation:

It is recommended that the Board approve a Golden Handshake for 1999, 2000 and 2001, to the extent permitted by law, for qualified academic employees.

Rationale:

Board has authority to approve all personnel items. Ed Code provision 22714 sunsets at midnight 12/31/98 so approval must come now.

Administrative Comment:

In order for a district to be able to participate in the Golden Handshake, they must certify, per Education Code Section 87488, that the best interests of the district would be served by encouraging the retirement of academic employees and that the retirement will either:

(1) result in net savings to the district;

(2) result in a reduction of the number of academic employees as a result of declining enrollment; or

(3) result in the retention of faculty who are qualified to teach in areas of teaching shortage.

SMCCD is unable to certify that it would meet the obligations of Education Code Section 87488. The District is not suffering from a decline in enrollment and net savings would not be available to the District. Therefore, it is recommended that the Board of Trustees not approve the above recommendation.
