IV. SUPERINTENDENT’S REPORT

- **Education Collaborative with SMMUSD**
  Vice President of Academic Affairs Jeff Shimizu and Santa Monica Malibu Unified School District Superintendent Dianne Talarico gave an update on the historic Education Collaborative that was signed in May. The initiative seeks to strengthen ties between SMC and the SMMUSD and offer expanded college-level opportunities to high school students. The agreement has already resulted in several noteworthy achievements, including the expansion of college course offerings at Santa Monica and Malibu high schools and an expansion of summer programs for high school students.

- **Early Childhood Education Grant**
  Vice President of Planning and Development Marvin Martinez reported that Santa Monica College has received a $1.2 million grant from the Los Angeles Universal Preschool/Workforce Initiative to establish an early childhood education initiative that aims to get more students from the high school level through four-year universities into early childhood education careers. Specifically, the grant money establishes the “Early Start Pathway for Early Childhood Education,” a partnership between SMC, Los Angeles Universal Preschool, Santa Monica-Malibu Unified School District and California State University at Dominguez Hills. The project seeks to serve 25 high school, 60 community college, and 25 university students a year, helping them as they pursue their studies, assisting them to improve their academic performance, and more.

- **Washington, D.C. Visit**
  Superintendent/President Chui Tsang reported that he spent three days in Washington, D.C. last week, meeting with congressional representatives, federal government officials and a major higher education lobbying organization to bolster the college's aggressive efforts to secure federal grants for a wide range of projects. He noted that SMC receives $12 million a year from the federal government in various grants.
MAJOR ITEMS OF BUSINESS

INFORMATION ITEM G

SUBJECT: GLOBAL CITIZENSHIP

SUBMITTED BY: Superintendent/President

SUMMARY: As part of SMC’s campuswide global citizenship initiative, Dr. Bill Reckmeyer and Jochen Fried of the Salzburg Seminars gave a report on the organization, which is a nonprofit based in Austria that provides one-week intensive educational sessions to college educators and others from all over the world on global issues ranging from climate change to migration. SMC has already tapped into the Salzburg Seminars, having sent a handful of SMC faculty members and administrators to one of the organization’s sessions last year.

INFORMATION ITEM H

SUBJECT: COMMUNITY COLLEGE INITIATIVE

SUBMITTED BY: Chair, Board of Trustees

SUMMARY: The Board of Trustees received an update on the Community College Initiative campaign from SMC faculty member Dennis Frisch; Bill Hewitt, President of FACCC; and John McDowell, Vice President of FACCC. FACCC leadership has played a key role from the beginning of the efforts to place a community college initiative on the ballot, together with the LA Guild and CCLC (Community College League of California).

The Community College Initiative (Proposition 92), is a statewide measure that will be on the ballot next February. If passed, it will establish in the state constitution a system of independent public community college districts and Board of Governors, will require minimum levels of state funding for community colleges, will set fees at $15 a unit, and will limit community college fee increases.

VI. ACADEMIC SENATE REPORT

RECOMMENDATION NO. 2

SUBJECT: DESIGNATION OF RESERVE FOR POTENTIAL REVENUE DEFICIT

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees designate $2,961,248 in the 2007-08 Budget as a reserve for the potential revenue deficit in 2008-2009 created by decline in reported FTES and one-year stabilization funding in 2007-2008.

SUMMARY: At its meeting on September 17, 2007, the Board of Trustees postponed adoption of the 2007-08 budget until after the DPAC Budget Planning Subcommittee had more discussion regarding designated reserves.

The Budget Planning Subcommittee held a meeting on September 19, 2007 that was announced to the college community to encourage broader input on the budget. Following discussion regarding the designated reserves, the Budget Planning Subcommittee approved a recommendation to be forwarded to the Superintendent/President that the Board of Trustees adopt the 2007-08 budget at its special meeting on September 24, 2007 with the designated reserves for Hay Study implementation, vacant positions and salary increases. The Subcommittee also recommended that an item regarding the budget/designated reserves be placed on the agenda for the next meeting of the District Planning and Advisory Council (DPAC).

At its special meeting on September 24, 2007, the Board of Trustees adopted the 2007-08 budget with designated reserves for Hay Study implementation, vacant positions, salary increases, and Global Education Initiative 2008-2010. The Board deferred adoption of the designated reserve for the potential 2008-2009 revenue deficit related to stabilization in 2007-2008 until DPAC made a recommendation to the Superintendent/President.

DPAC met on September 26, 2007 and scheduled a special meeting to be held after the Budget Planning Subcommittee meeting on Wednesday, October 3, 2007 to review and discuss the deliberations and recommendations from the Budget Planning Subcommittee pertaining to stabilization scenarios so that DPAC’s recommendation to the Superintendent/President can be presented to the Board of Trustees.

DPAC concurred with the Budget Planning Subcommittee’s recommendation of an FTES scenario that assumes stabilization in 2007-2008, but would produce more one-time revenue than that included in the 2007-2008 Adopted Budget. In a separate action, DPAC recommended to the Superintendent/President not to include a designated reserve item for the potential revenue deficit in 2008-2009 created by one-year stabilization funding in 2007-2008.

RECOMMENDATION NO. 3

SUBJECT: DESIGNATION OF RESERVE FOR UNFUNDED RETIREE HEALTH BENEFITS

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees designate $2,000,000 in the 2007-08 Budget as a reserve for unfunded retiree health benefits until March 2008, when the Superintendent/President will present a subsequent recommendation after reviewing findings of the GASB 45 Task Force being formed by the District Planning and Advisory Council (DPAC).

SUMMARY: At its meeting on September 17, 2007, the Board of Trustees postponed adoption of the 2007-08 budget until after the DPAC Budget Planning Subcommittee had more discussion regarding designated reserves.

The Budget Planning Subcommittee held a meeting on September 19, 2007 that was announced to the college community to encourage broader input on the budget. Following discussion regarding the designated reserves, the Budget Planning Subcommittee approved a recommendation to be forwarded to the Superintendent/President that the Board of Trustees adopt the 2007-08 budget at its special meeting on September 24, 2007 with the designated reserves for Hay Study implementation, vacant positions and salary increases. The Subcommittee also recommended that the topic be placed on the agenda for the next meeting of DPAC.

At its special meeting on September 24, 2007, the Board of Trustees adopted the 2007-08 budget with designated reserves for Hay Study implementation, vacant positions, salary increases, and Global Education Initiative 2008-2010. The Board deferred adoption of a designated reserve for unfunded retiree health benefits until DPAC made a recommendation to the Superintendent/President.

DPAC met on September 26, 2007 and approved a recommendation to be forwarded to the Superintendent/President that the District not set aside funds for unfunded retiree health benefits until the college community is educated about GASB 45. In addition, it was recommended that a task force be formed for the purpose of education with the goal of developing a recommendation regarding unfunded retiree health benefits and GASB 45 by the beginning of the spring 2008 semester. A third motion was approved that DPAC is in principle committed to honor the promise that employees receive retirement benefits.

RECOMMENDATION NO. 4

SUBJECT: SERVICES AGREEMENT BETWEEN THE SANTA MONICA COMMUNITY COLLEGE DISTRICT AND THE MADISON PROJECT

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees authorize the Superintendent/President to execute an agreement ("Services Agreement") between the District and the Madison Project, Inc., a California non-profit public benefit corporation ("Madison Project") for four years, beginning October 8, 2007 and ending October 7, 2011.

The requested action to authorize the Superintendent/President to execute the Services Agreement does not include approval of Exhibit A (The Agreement Between the Santa Monica Community College District and the Madison Project). Comments and concerns by trustees on Exhibit A are to be submitted to the Superintendent/President within one week.

SUMMARY: At the July 9, 2007, Board meeting, the Board was provided an update on the District’s plan to operate the District’s two performance spaces at the SMC Performing Arts Center (also known as the Madison Campus) as self-funding operations beginning in 2008-09, after completing the current start-up year. SMC will provide staffing and services for administration, licensing, general support, box office, maintenance, grounds, and security. Revenues from licensing, box office fees, parking, concessions, educational grants, interest, and support from the Madison Project will offset future expenses. SMC has set licensing rates at a level that recovers all costs. The Center will also be home to the Madison Project, which will be the presenting and community arts entity for the Santa Monica College Performing Arts Center. The Madison Project was formed earlier this year as a California 501(c)(3) non-profit public benefit corporation. An exceptional founding board is in place and is active. The Madison Project will select, produce, and underwrite performances of distinction and merit for public enjoyment and additionally provide arts education programming for a range of audiences. The Madison Project will provide for development, membership, and an endowment, and will coordinate marketing with SMC. Ticket revenues, interest on endowment, sponsorships, grants, gifts, and naming gifts will offset the expenses of the Madison Project.
A services agreement plan has been readied and is presented for Board approval (Exhibit “A”). The initial agreement is for a term of four years and sets out the obligations of SMC and the Madison Project (“MP”) individually and jointly. Under the agreement, MP obligations are to produce and present to the general public a season of high-profile and emerging talent performances and additionally provide a program of free arts education to a variety of audiences. SMC will provide staffing and services for administration, licensing, general support, box office, maintenance, grounds, and security. SMC is entitled to select 45 days for SMC use of the theater, and may license the theater to third parties on other days not selected by MP. MP shall prepare an annual business plan and budget for SMC approval.

Additionally, MP shall provide student discounted tickets to MP-produced events, and shall allow SMC students to volunteer or to be employed as ushers and other such positions under MP supervision. SMC and MP shall determine the names for the Theater and the various rooms and amenities in accordance with Board of Trustees Policy 7130. The proceeds of naming shall be placed in an endowment for the benefit of the Theater. MP shall prepare written sponsorship guidelines for SMC approval, and shall implement a sponsorship program with revenues available to MP. Revenue for filming shall belong to SMC. Other minor revenue distributions are defined as well.

The agreement also obligates MP to follow the site parking mitigation plan approved by the Board of Trustees in 2003. The agreement may be terminated by SMC without cause with 30 days written notice.

RECOMMENDATION NO. 6  AGREEMENT FOR ARCHITECTURAL SERVICES – CORSAIR FIELD RENOVATION

SUBMITTED BY: Superintendent/President

RECOMMENDATION: It is recommended that the Board of Trustees approve an architectural agreement with CO ARCHITECTS for the Corsair Field Renovation for $200,000 plus reimbursable expenses.

FUNDING SOURCE: Measure S

SUMMARY: This agreement is for the planning, design and construction administration for an artificial turf field, replacement track and new lighting for Corsair Field. A feasibility study looked at a major renovation of the Corsair Field area including field, stadium, facilities, receiving and underground parking. The study concluded that the costs were too high to accomplish the entire project at one time. The complete project can only be implemented in phases over many years and with the need for additional funding. The renovation of the field itself is the top priority of the PE and Athletic departments. This renovation will result in the ability to increase the use of the field both for college and community activities.

CONSENT AGENDA:  GRANTS AND CONTRACTS

RECOMMENDATION NO. 7  ACCEPTANCE OF GRANTS AND BUDGET AUGMENTATION

Requested Action: Approval/Ratification

Title of Grant: Early Start Pathway for Early Childhood Education

Granting Agency: Los Angeles Universal Preschool (LAUP) / Workforce Initiative

Award Amount: $400,000 per year for 3 years for a total of $1.2 million contingent on satisfactory performance

Matching Funds: $67,500

Performance Period: October 1, 2007 – June 30, 2010

Summary: The overall goal of the proposed Early Start Pathway for Early Childhood Education is to improve the training and educational levels of the ECE workforce by increasing the number of students who enter the ECE career pipeline and exit with a baccalaureate degree. SMC, in partnership with SMMUSD and CSU Dominguez Hills, will do this by creating an Early Start Pathway that will raise awareness of the viability of careers in ECE and enable high school students to access college-level coursework and earn college credits through SMC’s Dual Enrollment Program. In addition, SMC students pursuing an AA degree or certificate in ECE will also receive support and encouragement to transfer to a four-year program upon completion. This effort will include articulation agreements with four-year schools and on-site transition services, such as team teaching and baccalaureate advising.

Budget Augmentation: Restricted fund 01.3 (2007-2008 Summary)
