**Athletics** Athletic Director Greg Simmons reported that his program is 95 percent on target for student-athletes to graduate and/or transfer to a four-year university. In football, the program is 100 percent on target. Several SMC students were introduced and addressed the Board.

**State Budget**
The California Legislature has still failed to take action on the state budget deficit, which the Legislative Analyst Office has projected will be $40 billion for the remainder of this fiscal year and 2009-10. Several proposals have been floating in Sacramento, including one by Republican legislators that would slash California community colleges’ budget by $1.6 billion, compared to Gov. Arnold Schwarzenegger’s proposal for a $332 million cut for two-year colleges. Regardless of the final amount, Dr. Tsang has asked the District Planning and Advisory Council to recommend expenditure reductions over the next six months that will enable SMC to have $15 million in reserves by the end of this fiscal year. In an earlier email to the college community, Dr. Tsang said he believes the college “can weather this crisis if extraordinary care is given to safeguard the reserve and prudent action is taken to trim our operating deficit.”

**Management Association:** Management Association President Kiersten Elliott reported that Dean of Instructional Services Georgia Lorenz and Dean of Academic Affairs Erica LeBlanc won the “Above and Beyond” Awards for November and December, respectively.

Both the SMMCTE and the SMC Faculty Council provide representation on the Collaborative. There are a total of 32 persons on the email list who are informed and invited to the Collaborative meetings. The Collaborative is co-chaired by Dr. Sally Chou of the SMMUSD and Katharine Muller, Dean of External Programs at SMC.

The Collaborative group serves as the planning committee for the offering of concurrent and dual enrollment courses as well as planning for other collaborative educational activities such as CAHSEE Prep and High School Diploma programs.

The Young Collegians Program is one of the products of the Collaborative. A total of 24 students (first generation college attendee hopefuls) participated in Cohort 1 last summer on SMC campus taking Counseling 1 and Speech 5 classes along with other supportive workshops. Different activities are being held to continue to support these students on the Samohi campus. They will continue to take classes the next summer on SMC campus. The SMMUSD is in the process of recruiting for Cohort 2 students (rising sophomores).

Through the Strengthening Grant, teachers and staff are invited to participate in a series of conferences to learning more about the collaboration in the various programs between school districts and community colleges.

Other activities included: a SMC sponsored field trip on September 24, 2008 to Ability Tri-Modal Transportation Services and the Long Beach Harbor to better acquaint the school district staff on the emerging career in Logistics which will be offered to students during the Spring semester; a Counselors Day at SMC on November 12, 2008 to acquaint the counselors with the programs that are accessible to students beyond the advanced scholastic work to include career, technical and vocational programs such as the Teacher Academy, Early Childhood Education, Nursing, Business Logistics, and Copernicus Project.

SUBJECT: FIRST READING – BOARD POLICY SECTION 2416, EMERGENCY RESPONSE PLAN

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a first reading of Board Policy Section 2416 – Emergency Response Plan.

BP 2416 Emergency Response Plan

The Superintendent/President shall establish procedures that ensure that the District implements a program or plan to be activated in the event of an emergency, or when a natural disaster or hazardous condition occurs. This program or plan must comply with the National Incident Management System (NIMS), the Standardized Emergency Management System (SEMS) and should incorporate the functions and principles of the Incident Command System (ICS), the Master Mutual Aid Agreement (MMAA) and any other relevant programs. The program must incorporate NIMS and SEMS to facilitate the coordination between and among agencies in the event of an emergency or natural disaster.

Compliance with NIMS and SEMS mandates include:

• Establishing a disaster preparedness program or plan

• Completion of training sessions by college personnel in compliance with NIMS and SEMS guidelines
  
  o Training requirements vary based on job titles or assigned roles within the emergency management program

Santa Monica College personnel must be informed that as public employees, they are also disaster service workers during national, state and local emergencies. The Superintendent/President should ensure that an ICS Team is created to carry out compliance with NIMS and SEMS mandates.

Responses to emergencies or natural disasters are organized by SEMS into five categories: field response, local government, operational areas, regions, and the state management level.
The plan or program should contain information regarding activation and chain of command responsibilities. Compliance with NIMS mandates requires planning and incorporation for all phases of emergency management including mitigation and prevention, preparedness, response, and recovery. Colleges must comply with NIMS and SEMS to receive state or federal funding.
