RECOMMENDATION NO. 1    FULL-TIME/PART-TIME FACULTY RATIO TARGET

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees accept the following target and guiding principles for the future hiring of full-time faculty. This incorporates elements of the discussion at the February 28, 2009 Board Study Session. A timeline and implementation will be developed as the economic situation improves.

Target

While the College is compelled to follow the principle of the system goal of 75%:25% (full-time faculty to part-time faculty), it is recognized that 60 percent is an achievable intermediate target for Santa Monica College.

Guiding Principles

1. Full-time faculty separations need to be clearly identified and measured through a process that relies upon a firm calendar when making such measurements. Therefore, physical head counts will be used for counting separations. Any full-time faculty member separation that occurs in advance of the first day of the fall semester will be counted.

2. New faculty hires should be made, at a minimum, to equal the number of separations.

3. Although implementation timing is still to be determined, the College will commit itself to a specific number of additional hires each year to make progress toward 60 percent.

4. The Fall 2008 AB 1725 FTEF Report (335.33 full-time to 390.64 part-time or 46.19 percent) will be used as the base from which progress will be measured.

5. Benchmarks, thresholds, and triggers will continue to be discussed in good faith.

6. The College is committed to hiring full-time faculty who reflect the cultural diversity of the college community.

7. The College will encourage new faculty to meet the highest standards of involvement and engagement with students as demonstrated by the college faculty leadership

RECOMMENDATION NO. 4

SUBJECT: ACHIEVING A COMMUNITY VISION: SUPPORT FOR THE ACTIVE LIVING AND CREATIVE CAPITAL COMPONENTS OF THE SANTA MONICA HIGH SCHOOL AND CIVIC AUDITORIUM CAMPUS MASTER PLANS

SUBMITTED BY: Superintendent/President
Chair and Vice-Chair, Board of Trustees

REQUESTED ACTION: It is recommended that the Board of Trustees consider making a recommendation to the community redevelopment agency that supports the proposed joint use plans for facilities at Santa Monica High School and the Civic Auditorium campus and encourages giving the projects a high priority to ensure their timely completion.

SUMMARY: Santa Monica College has experienced first-hand the benefits that a comprehensive facilities master plan can provide for students and staff. Today’s campus is the result of a master plan drawn up after the 1994 earthquake and of the community support in subsequent years that has provided most of the financing.

Over the past several years, the City of Santa Monica and the Santa Monica-Malibu Unified School District have been preparing and refining a proposal to provide an integrated set of community enhancements to the Civic Auditorium campus and to the Samohi campus. If realized, these improvements would achieve an extraordinary community vision that transforms the Civic Center heart of Santa Monica and embodies the community goals of active living, creative capital, lifelong learning, and sustainability.

BACKGROUND: The City of Santa Monica has been preparing plans for the Civic Auditorium site in connection with its overall Civic Center planning. This is the site for the planned Santa Monica College early childhood development lab school. The site is also adjacent to the high school.

During this time period, Measure BB, a bond measure for facility improvements for the Santa Monica-Malibu Unified School District, received voter approval (November 2006). In mid-2007, the Board of Education allocated $57 million to campus improvements at Santa Monica High School.

Throughout the first half of 2008, staff from the City, the SMMUSD, and Santa Monica College has been working collaboratively with City consultants and with Samohi architects to explore possible shared use opportunities between the Civic Auditorium and Samohi campuses. This came about because of the unique joint use potential inherent in the concurrent development of these two campuses and focused on possible shared use in the areas of cultural linkages (the Civic Auditorium, Samohi’s Barnum Hall and Greek Theatre), open space & recreation (fields, gymnasiums, courts), education (childcare, cultural classes), mobility and access (for vehicles, buses, pedestrians and bicycles) and the character of the surrounding streets.

The Samohi architectural team has prepared site studies to refine the long-term master plan vision for the Samohi campus including providing alternative approaches for improvements utilizing the Measure BB bond funding.
Key to this planning are a number of joint use opportunities on the Samohi campus. These joint use facilities are eligible for community redevelopment agency funding.

Both the City Council and the Board of Education have conducted multiple study sessions and public participation meetings regarding these potential joint use projects. The projects include an extraordinary wealth of community enhancements, including athletic facilities (replacement gyms, a new pool, replacement tennis and basketball courts, a relocated football/soccer field with stadium, a new soccer field, and a replacement baseball/softball field); cultural facilities (upgrades to the Greek Theater); campus walkways (two new pedestrian and bicycle pathways through the campus); and parking.

During 2009, the City will be adopting its redevelopment agency Five-Year Implementation Plan through 2014. The joint use facilities at the Samohi campus could be included for funding in the Implementation Plan.

As part of the adoption of the Implementation Plan, the City of Santa Monica's Community Redevelopment Agency will consider priorities and trade-offs among projects (i.e. parks, community facilities, corridor revitalization, joint-use amenities, transportation facilities, and infrastructure) that are eligible for redevelopment funding.

Community opinion on the goals and priorities for the Five-Year Plan, to be adopted later in 2009, will be heard by the Santa Monica community redevelopment agency at its meeting on April 14, 2009.

**DISCUSSION:**

The Board of Trustees may wish to communicate support for the shared use plan for the Civic Auditorium and the Samohi campuses to the redevelopment agency for the following reasons:

- This is a unique opportunity that will provide the community with the tangible benefits arising from the long-term visioning efforts of the City of Santa Monica and the School District
- These transformational projects will provide significant access to improved cultural, athletic, recreational, and educational facilities in the heart of Santa Monica
- Community revitalization is a main goal of the community redevelopment agency
- Agency funding is an efficient use of community resources. Unlike bond funding, there is no interest expense incurred as a result of the cooperative agreement that would be used to finance these joint use facility improvements
- Commitment of funding at this time is appropriate. The agency may not add projects after the year 2014. The Five-Year Plan to be adopted in 2009 will be the principal guide to the final list of projects
- Agency funding for the joint use athletic, cultural, and transportation projects at Samohi preserves community bond capacity for future educational facility projects, including, in a future time, bond capacity for Santa Monica College projects
- Santa Monica High School will be celebrating its 100th year on Prospect Hill (its current site) in 2013. Modern facilities and community support are crucial components of student success

Santa Monica College is a community composed of students, faculty, staff, administration and the Board of Trustees who are committed to the implementation of the Participatory Governance Policy (AB 1725). The Board of Trustees honors the concept of participatory governance in all areas defined by State laws and regulations as policy of the Santa Monica Community College District, while retaining its own rights and responsibilities as the ultimate authority.

The Board of Trustees has adopted the following participatory governance policies developed by the Academic Senate, Classified Senate Staff, Associated Students and Management Association.

Revised: 11/15/2004

BP 2220 Classified Senate

The Board recognizes and endorses the rights and responsibilities assigned to non-management classified staff by Assembly Bill 1725 (1988). Further, the Board recognizes the technical, professional and skilled expertise of the classified staff whose functions are critical to the successful operation of the District and to the success of the faculty and students. In order that classified staff may have formal and effective procedures for participating in the formation and implementation of District policies on professional, technical and skilled matters, a Classified Senate is hereby established at Santa Monica College.

The Board recognizes the Classified Senate as the body which represents classified staff in collegial governance not within the scope of collective bargaining. The President of the Classified Senate or designee shall be accorded an opportunity to address the Board regarding the Classified Senate's concerns and the concerns of the classified staff exclusive of collective bargaining issues as a regular agenda item. The Board of Trustees shall consider and respond to the views and recommendations of the Classified Senate.

Formation, Procedures, Membership

Classified staff represented by the Classified Senate shall include permanent non-management, non-confidential, full-time and part-time non-academic employees.

The Board of Trustees of the Santa Monica Community College District hereby authorizes the classified staff of the college to:

1. Fix and amend by vote of the classified staff the composition, structure, and procedures of the Classified Senate.
2. Provide for the selection, in accordance with accepted democratic election procedures, of the members of the Classified Senate and to the extent possible, ensure that the composition of the Senate be representative of all segments of the permanent classified staff.

Professional Matters

Board of Trustees

The Board shall give consideration to the advice and professional judgment of the Classified Senate in the following areas:

1. Classified staff roles and involvement in accreditation process, including self study.
2. The assessment of classified staff professional development.
3. The assessment of technology needs for the classified staff as a whole.
4. District policies affecting classified employees not within the scope of collective bargaining.

Administration

In view of the management structure of the District as it pertains to classified staff, and pursuant to AB 1725 (Title 5, Section 51023.5 subsection 4), classified staff shall be afforded opportunities to participate in the formation and development of District and college policies and procedures, and in processes which have or will have a significant effect on classified staff.
Participation

The process of participatory governance shall be used for all professional, technical and skilled matters on which classified staff have expertise and shall occur through the representation on college-wide committees exclusive of collective bargaining issues. This includes participation in the formulation and development of all District policies and procedures which have or will have a significant effect on classified staff.

1. Except in unforeseeable emergency situations, the Board of Trustees shall not take action on matters affecting classified staff until it has provided classified staff an opportunity to participate in the formulation and development of recommendations regarding those matters through appropriate structures and procedures referred to herein.

2. In developing and carrying out policies and procedures necessary to facilitate this policy, the Board of Trustees shall ensure that its actions do not dominate or interfere with the formulation or administration of any employee organization, or in any way encourage employees to join any organization in preference to another.

3. The Superintendent/President or designee will meet with the President or Vice President at the beginning of each academic year or upon creation of a new college-wide committee, to discuss/review appropriate representation.

A. To ensure that the recommendations and opinions of classified staff are given every reasonable consideration, advisory committees should be composed of representative members from each campus group (i.e. classified, faculty, administration and students).

B. Non-management classified staff will be afforded a fair opportunity to serve as chairs of college-wide committees.

4. The classified staff may assume such responsibilities and perform such functions as may be requested of it by the administration or by the Board of Trustees.

When a classified staff representative is to serve on a District task force, committee, or other governance group, the exclusive representative of classified employees of the District shall appoint the representative for the respective bargaining unit members. The exclusive representative of the classified employees and the Board of Trustees may mutually agree to an alternative appointment process through a memorandum of understanding.

Scope of Regulations

Nothing in this Classified Participatory Governance Policy shall be construed to impinge upon the due process rights of non-management classified staff, nor to detract from any negotiated agreements between collective bargaining representatives and the Board of Trustees.

It is the intent of the Board of Trustees to respect agreements made known to the District between the Classified Senate and the exclusive bargaining representative of the classified employees as to how they will consult, collaborate, share or delegate among themselves the responsibilities that are or may be delegated to the Classified Senate pursuant to these regulations.

RECOMMENDATION NO. 17 RESOLUTION – TEMPORARY INTERFUND CASH BORROWING

Requested by: Christopher M. Bonvenuto, Director of Fiscal Services
Approved by: Jeanine Hawk, Vice President, Business and Administration
Requested Action: Adoption of Resolution

WHEREAS, Sufficient cash is needed to pay obligations for current operating requirements lawfully incurred in the fiscal year, and;

WHEREAS, Temporary transfer of cash between District funds is permitted by Education Code Section 42603, and;

WHEREAS, The following restrictions apply to this authorization:
1) Maximum amount of authorized borrowing: $30,000,000
2) For Fiscal Year 2009-2010.
3) Shall not exceed 75 percent of any moneys held in any fund.
4) Funds borrowed shall not be available for appropriation or considered income to the borrowing fund.
5) Borrowing shall occur only when the fund receiving the money will earn sufficient income during the current fiscal year. The amount borrowed shall be repaid either in the same fiscal year or in the following fiscal year if the borrowing takes place within the final 120 calendar days of a fiscal year.

NOW THEREFORE, The Board of Trustees of the Santa Monica Community College District hereby approves this blanket resolution to authorize the use of an aggregate cash balance in all district funds if the need arises. The maximum amount that is allowable in the borrowing would be $30,000,000.

Comment: In February 2009 the Legislature passed a State Budget Act that defers General Apportionment payments, in part, from the months of January, February, March and April to the following fiscal year. This action coupled with the $200 million dollar General Apportionment deferral authorized in Assembly Bill 1802 could result in the community colleges not receiving an adequate cash payment from the State in five of the twelve months of the fiscal year. While Santa Monica College is in a fairly solid cash position, Fiscal Services believes it is prudent to pass this resolution to ensure that all financial responsibilities and obligations of the District can be meet during the 2009-2010 fiscal year.

Requested by: Christopher M. Bonvenuto, Director of Fiscal Services
Approved by: Jeanine Hawk, Vice President, Business and Administration
Requested Action: Adoption of Resolution

WHEREAS, Sufficient cash is needed to pay obligations for current operating requirements lawfully incurred in the fiscal year, and;

WHEREAS, Article XVI, Section 6, of the California Constitution allows for borrowing from the Los Angeles County Treasurer, and;

WHEREAS, The following restrictions apply to this authorization:
   6) Maximum amount of authorized borrowing: $50,000,000.
   7) For Fiscal Year 2009-2010.
   8) Shall not exceed 85 percent of the anticipated revenues accruing to the District.
   9) Shall not be made prior to the first day of the fiscal year not after the last Monday in April of the 2009-2010 fiscal year.
   10) Shall be replaced from revenues accruing to the District before any other obligation of the District is met from such revenue.

NOW THEREFORE, The Board of Trustees of the Santa Monica Community College District hereby approves this resolution to authorize the request to the Los Angeles County Treasurer to make temporary transfer of funds if so deemed appropriate during the 2009-2010 fiscal year by the Superintendent/President to ensure that the District can meet its financial obligations.
