IV. SUPERINTENDENT’S REPORT

Management Association President Erica LeBlanc reported that the managers and confidential employees are hard at work, preparing for the coming year. The Management Association’s initial meeting of the year included an unveiling of the new fraud, waste and abuse system. The M.A. officers have planned a packed agenda for the coming year, with the overarching theme of professional development to empower managers. They will be working with Human Resources on a Management Handbook as well as an accompanying book of resource materials and will be working on a proposed revision to the Board Policy and establishing new Administrative Regulations that further define the Management Association.

Updates:

Budget: Since the state budget was passed last month, the college has estimated that it will have to reduce its 2009-10 budget by approximately $7 million. The state cut $3.694 million from SMC’s general fund and another $2.296 million from “categorical” programs, such as Basic Skills, Disabled Students and Career Technical Education. That totals about $6 million, but SMC has committed to making up some of the cuts in the categorical programs with an additional $1 million from the general fund, bringing the total required reductions to $7 million. There may be more cuts required as the budget picture develops in such areas as property tax revenue shortfalls and the exact amount of bailout money that might be coming from the federal government.

- Fall 2009 Enrollment: Enrollment for the fall semester is running way ahead of enrollment at the same time last year, with a 24 percent increase in the number of applicants by the end of July compared to 2008. Enrollment is up in all segments of student populations – local, out-of-state and international. The college has implemented a system to notify students of the increased fees, from $20 to $26 per unit, as mandated by the state. SMC is busy gearing up for the fall semester, with an increased number of campus tours and increased activity in counseling.

- Salzburg Global Seminar/Pacific Institute: SMC continues to “build capacity” in its global citizenship initiative, this summer sending 11 employees to the Salzburg Global Seminar in Austria and six employees to the Pacifica Institute-sponsored trip to Turkey. In Salzburg, it became clear that SMC is a leader in this area. Many at the seminar noted how much the college has accomplished in the three years since it launched the initiative. The college has received a federal two-year grant of more than $160,000 so that it can continue its efforts in this area.

Comment:

The District had increased radio advertising beginning in 2004-05, in order to recover from the effects of the course offering reductions of 2003-04. The District achieved full recovery in 2008-09. The above budget returns District radio advertising to the 2002-03 level (with an adjustment for inflation). As a two-year college, Santa Monica College must recruit at least half of its total number of students every year in order to maintain a stable student population. Three-fourths of the units attempted by SMC students are taken by students under 25 years of age. KROQ and KPWR are number 1 and number 2 in the appropriate demographics. Radio is able to specifically target this age group and can reach the necessary number of people needed for SMC to sustain its offering.

The radio advertising budget in 2006-07 was $640,000; in 2007-08 was $610,000; and in 2008-09 was $610,000 (reductions were made in other media in order to maintain radio advertising at this level). Based on direction from the Superintendent/President, the proposed budget for 2009-10 presented at the June Board meeting was $475,000 (a reduction of 22%). Based on direction from the June Board meeting, the proposed budget for 2009-10 is $400,000 (a reduction of about 35%). The proposed budget is roughly equivalent to the radio budget for 2002-03, the final year of the District's long growth cycle beginning in 1995-96, adjusted for comparable buying power (that is, for inflation).

The proposed budget is believed sufficient to meet the District's needs at this time to maintain enrollment, which is now the highest ever in District history. However, it is possible that the State will continue to raise student per unit fees, given the large increases at CSU and UC, and the continuing State revenue shortfalls. Any large increase in student fees will present a significant challenge to the District with respect to maintaining enrollment, and the District may need to adjust its strategy accordingly.

During 2009-10, SMC will develop messages aimed at strengthening and developing Santa Monica College’s brand recognition, especially with regard to its service to community, and to communicate with students regarding availability of services and changes in conditions affecting their success.

13-E  AMENDMENT #2 TO AGREEMENT FOR ARCHITECTURAL SERVICES – CORSAIR FIELD RENOVATION

Amend the agreement with CO ARCHITECTS for the Corsair Field Renovation project for $40,300 plus reimbursable expenses.

- Original Contract $320,000
- Amendment #1 194,000
- Amendment #2 40,300
- Total to Date $554,300

Comment: The original contract for the architect was titled “Corsair Field Renovation” which included a new artificial field surface, track, lighting and gymnasium bleachers. The bleachers are the last part to be completed and are currently under construction. Amendment #1, previously approved by the Board, included additional work to break out the field lighting into a separate drawing package because it required Division of State Architect (DSA) approval, and to increase the scope of the gymnasium package to include fire sprinklers and fire alarm upgrades as required by DSA. Amendment #2 is for additional structural analysis required by DSA for hanging of the fire sprinkler pipes and the connection of the bleachers to the building structure. In addition, once work commenced it was discovered that parts of the Gymnasium floor would need to be replaced.

Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

3. **APPROVAL OF MINUTES – April 22, 2009**

   Motion was made by Paul Leoni and seconded by Clarence Chapman to approve the minutes of April 22, 2009). *Unanimously approved, with one abstention (Bruce Sultan)*

4. **REAPPOINTED AND NEW MEMBERS**

   At its meeting on July 7, 2009, the SMCCD Board of Trustees appointed the following members to the Citizens’ Bond Oversight Committee, for a two-year term, 2009-11:

   Deborah Arvesen (incumbent) – Local community (Sunset Park), local business*
   Clarence Chapman (previous member) – Taxpayer’s organization, local community (Malibu)
   Paul Leoni (incumbent) – Local business*
   Bruce Sultan – Local business, SMC support organization (Associates)

   *Reappointed for a second two-year term, 2009-2010
   Note: The SMC Associated Students will appoint a student representative in September.
5. **ELECTION OF OFFICERS**

Sylvia Rose was re-elected Chair for a one-year term (2009-10). Bruce Sultan was elected Vice-Chair for a two-year term (2009-2011).

6. **REPORTS and DISCUSSION**

Proposition 39 General Obligation Bonds Financial and Performance Audits, Chris Bonvenuto, Director of Fiscal Services, provided information in response to a question at the last meeting related to the presentation of the Financial and Performance Audits. He explained that the first issuance of Measure S bonds on May 1, 2005 was in the amount of $58,000,000. A refunding of those bonds resulted in a gross savings to the taxpayers in the amount of approximately $10,000,000 by lowering interest rates and shortening maturity periods. The District was able to bring in $8.5 million more during the refunding, which was placed back into funds for Measure S projects. Unfortunately, the Attorney General for the State of California has since ruled that this type of refunding is no longer an option for the California Municipal Bond market in the future.

**Bond Sales/Expense Report**

- The District will be looking into issuing $11 of Measure U bonds and the first issue of Measure AA bonds in January, 2010.
- Measure U and S budgets and expenditure reports were included with the agenda.
- Pie charts depicting Measure U and S budgets were distributed.
- Measure AA projects will be initiated using Measure S funds, to be reimbursed.
- $460,000 of Measure U funds and $6.1 Measure S funds were expended during the last quarter.

**Project Update**

- Most Measure U projects are completed. The major project in progress is the Student Services Building which will be completed in 2013.
- Measure S projects include the Bundy driveway which is close to completion; parking, grounds and equipment for the Student Services Building; and on-going energy efficient projects.
- Measure AA projects over the next six to eight years include a central plant (part of the energy efficiency programs); relocation of Information Technology to the south end of the Library; a Media and Technology complex at the Academy of Entertainment and Technology (including radio station KCRW, communications department and a parking structure); replacement of Health, Fitness, Physical Education building; remodel of Drescher Hall (east end of third floor, and first floor to include bookstore and classrooms); replacement of Math and Science extension building; seismic upgrade at Madison and Corsair Stadium; Career Opportunity Center; Malibu Center; Business and Facilities Infrastructure; Master Planning; and on-going energy efficiency projects.
- The property at Pico Blvd. and 14th Street is being used as a temporary lot for parking displaced by construction.
• It was reported that the Santa Monica City Council took action on Tuesday, July 14, 2009 that puts Santa Monica College at risk of losing the lot at Exposition and Olympic to the Expo Authority to be used as a maintenance facility. The proposal approved by the City Council did not include compensation to the college for the property. It was established that this would be a loss to the college and that the City should assist in finding an appropriate replacement. This is property acquired with bond funds, so the use has to fit within the legal requirements as defined in the bond measure.

Chair Sylvia Rose asked if members of the Citizens’ Bond Oversight Committee (as citizens) could do anything to influence the City’s decision. Don Girard responded that he would keep members informed on this topic and let them know what they can do.

8. **SCHEDULE OF MEETINGS, 2009-2010**
