SANTA MONICA COMMUNITY COLLEGE DISTRICT
BOARD OF TRUSTEES

REGULAR MEETING

TUESDAY,
APRIL 6, 2010

Santa Monica College
1900 Pico Boulevard
Santa Monica, California

5:30 p.m. – Closed Session
7:00 p.m. – Public Meeting
Board Room (Business Building Room 117)

The complete agenda may be accessed on the
Santa Monica College website:
http://www.smc.edu/admin/trustees/meetings/

Written requests for disability-related modifications or accommodations,
including for auxiliary aids or services that are needed in order to participate in
the Board meeting are to be directed to the Office of the
Superintendent/President as soon in advance of the meeting as possible.
PUBLIC PARTICIPATION
ADDRESSING THE BOARD OF TRUSTEES

Members of the public may address the Board of Trustees by oral presentation concerning any subject that lies within the jurisdiction of the Board of Trustees provided the requirements and procedures herein set forth are observed:

1. Individuals wishing to speak to the Board at a Board of Trustees meeting during Public Comments or regarding item(s) on the agenda must complete an information card with name, address, name of organization (if applicable) and the topic or item on which comment is to be made.

   Five minutes is allotted to each speaker per topic. If there are more than four speakers on any topic or item, the Board reserves the option of limiting the time for each speaker. A speaker’s time may not be transferred to another speaker.

   Each speaker is limited to one presentation per specific agenda item before the Board, and to one presentation per Board meeting on non-agenda items.

General Public Comments and Consent Agenda

• The card to speak during Public Comments or on a Consent Agenda item must be submitted to the recording secretary at the meeting before the Board reaches the Public Comments section in the agenda.

• Five minutes is allotted to each speaker per topic for general public comments or per item in the Consent Agenda. The speaker must adhere to the topic. Individuals wishing to speak during Public Comments or on a specific item on the Consent Agenda will be called upon during Public Comments.

Major Items of Business

• The card to speak during Major Items of Business must be submitted to the recording secretary at the meeting before the Board reaches that specific item in the Major Items of Business in the agenda.

• Five minutes is allotted to each speaker per item in Major Items of Business. The speaker must adhere to the topic. Individuals wishing to speak on a specific item in Major Items of Business will be called upon at the time that the Board reaches that item in the agenda.

   Exceptions: This time allotment does not apply to individuals who address the Board at the invitation or request of the Board or the Superintendent.

2. Any person who disrupts, disturbs, or otherwise impedes the orderly conduct of any meeting of the Board of Trustees by uttering loud, threatening, or abusive language or engaging in disorderly conduct shall, at the discretion of the presiding officer or majority of the Board, be requested to be orderly and silent and/or removed from the meeting.

No action may be taken on items of business not appearing on the agenda.

   Government Code Sections 54954.2, 54954.3, 54957.9
AGENDA

A meeting of the Board of Trustees of the Santa Monica Community College District will be held in the Santa Monica College Board Room (Business Building Room 117), 1900 Pico Boulevard, Santa Monica, California, on Tuesday, April 6, 2010.

5:30 p.m. – Closed Session
7:00 p.m. – Public Meeting

The agenda includes the following items: (Items for action - recommendations - are listed numerically; items for information are listed alphabetically).

I. ORGANIZATIONAL FUNCTIONS
   A Call to Order – 5:30 p.m.  
   B Roll Call  
   C Public Comments on Closed Session Items

II. CLOSED SESSION

CONFERENCE WITH LABOR NEGOTIATORS (Government Code Section 54957.6)  
Agency designated representatives: Marcia Wade, Vice-President, Human Resources  
Employee Organization: CSEA, Chapter 36

CONFERENCE WITH LABOR NEGOTIATORS (Government Code Section 54957.6)  
Agency designated representatives: Marcia Wade, Vice-President, Human Resources  
Employee Organization: Santa Monica College Faculty Association

CONFERENCE WITH LABOR NEGOTIATORS (Government Code Section 54957.6)  
Agency designated representatives: Marcia Wade, Vice-President, Human Resources  
Employee Organization: Santa Monica College Police Officers Association

PUBLIC EMPLOYEE DISCIPLINE/DISMISSAL/RELEASE (Government Code Section 54957)

REAL PROPERTY (Government Code Section 54956.8)  
Property Address: Santa Monica College Olympic Shuttle Lot/3400-3500 Airport Ave.  
Under Negotiation: Terms and Conditions of Land Swap with City of Santa Monica  
College Negotiators: Dr. Chui Tsang  
City of Santa Monica’s Representative: Rod Gould, City Manager

REAL PROPERTY (Government Code Section 54956.8)  
Property Address: 1510 Pico Boulevard, Santa Monica, CA 90405  
College Negotiators: Dr. Chui Tsang and Charlie Yen  
Property Representative: Grace Cheng Braun, WISE & Health Aging
III. **CLOSED SESSION** (continued)

REAL PROPERTY (Government Code Section 54956.8)
Property Address:  1516 Pico Boulevard, Santa Monica, CA 90405
College Negotiators:    Dr. Chui Tsang and Charlie Yen
Property Representative:   Robert Kronovet, Kronovet Realty Company

III. **PUBLIC SESSION - ORGANIZATIONAL FUNCTIONS** (Scheduled for 7:00 p.m.)
   D  Pledge of Allegiance
   E  Closed Session Report (if any)
   F  Public Comments

IV. **SUPERINTENDENT'S REPORT**
   •  Management Association Update
   •  Updates:
     –  State Budget
     –  Big Blue Bus
     –  AB 2297
     –  Institutional Flex Day – March 18, 2010
   •  Acknowledgements
     –  Earth Week honoring the Board of Trustees for visionary leadership and
       commitment to sustainability
     –  City of Santa Monica selected Charlie Yen as Human Relations Council “Hero”
       representing SMC

V. **ACADEMIC SENATE REPORT**

VI. **MAJOR ITEMS OF BUSINESS**

#1  Resolution in Support of the SMMUSD’s Quality Public Schools Preservation Act  8
G  Report:  Financial Aid Program  10
#2  Agreement for Architectural Services – Health/PE/Fitness/Dance and Central
    Plant Project  11
#3  Initial Collective Bargaining Proposals  14
#4  Board of Trustees Support for Nomination of Trustee Margaret Quiñones-Perez

RECOMMENDATION NO. 1

SUBJECT: RESOLUTION IN SUPPORT OF THE SMMUSD’s QUALITY PUBLIC SCHOOLS PRESERVATION ACT

SUBMITTED BY: Members of the Board of Trustees

REQUESTED ACTION: It is recommended that the Board of Trustees adopt the following resolution in support of the Santa Monica-Malibu Unified School District’s Quality Public Schools Preservation Act.

Whereas, the Santa Monica Community College District Board of Trustees encourages measures to support high quality educational programs for children in the community; and

Whereas, Santa Monica and Malibu students receive an exceptional education in our local public schools that prepares them for the 21st Century and provides the skills needed for college and today’s careers; and

Whereas, over 70 percent of local school funding comes from the State of California and the State’s budget crisis has already reduced education funding by an average of $10 million each year over the last two fiscal years from funds owed to Santa Monica and Malibu schools with additional education funding shortfalls from the State expected next year and for at least five years; and

Whereas, the SMMUSD projects that without additional sources of revenue, it will be forced to lay off up to 75 of 580 District teachers, increase class sizes by up to 30 percent, reduce the number of school instructional days, cut counselors and librarians, close school libraries, reduce programs in reading, writing, science, art and music; and

Whereas, the SMMUSD has and will continue to engage in a variety of efforts to generate additional funds for its education program, including advocating in the State Legislature, the creative use of surplus District real estate, local fundraising efforts and continuing funding agreements with the cities of Santa Monica and Malibu; and

Whereas, despite other efforts to generate additional funds, a local funding measure for SMMUSD schools is the only new revenue source that has the potential to provide immediate budget relief on a scale that would prevent serious harm to local public education; and

Whereas, these new revenues are critically necessary to help protect the high quality of our local schools and the strong academic that have resulted in rising test scores; and

Whereas, the Santa Monica-Malibu Unified School District Board of Education has voted to place a local funding measure, equaling $198 per parcel per year, with a senior citizen exemption, on a special May 25, 2010 all-mail election in order to offset a portion of the State funding loss and provide a minimum amount of stable financial support over the next five years, enabling the SMMUSD to prevent a serious decline in the quality of its schools; and
Whereas, despite the fact that this local funding measure will not alleviate the need to make some budget cuts for 2010-2011, these revenues are critically necessary to protect our community’s excellent schools, prevent widespread layoffs of teachers and other personnel, maintain reasonable class size, protect academic achievement in math, science, technology, arts, music, and reading programs, and sustain school libraries; and

Whereas, the measure requires an independent audit and review by an independent citizens’ oversight committee with annual public reports to ensure all funds are spent as promised; and

Whereas, by law, none of these local revenues can be taken away by the State, none of these funds can be spent on administrator salaries, and every dollar must be spent to support our local Santa Monica and Malibu schools.

Therefore be it resolved that the Santa Monica Community College District Board of Trustees supports the SMMUSD Local School Funding Measure A.
MAJOR ITEMS OF BUSINESS

INFORMATION ITEM G

SUBJECT: FINANCIAL AID AND SCHOLARSHIPS UPDATE

SUBMITTED BY: Superintendent/President

REPORT: Teresita Rodriguez, Vice-President, Enrollment Development, and Steve Myrow, Associate Dean of Financial Aid and Scholarships, present the following the Financial Aid and Scholarships update (full written report in Addendum A).

EXECUTIVE SUMMARY

This report is divided into five main sections. The first section is an overview of Financial Aid and Scholarships—which (historically) provides assistance to over 25% of SMC students. The second section looks at student demographics and financial aid awards. Section three addresses the substantial changes and improvements in the financial aid operation over the past five years. The fourth section looks at financial aid during the current economic recession. The final section addresses changes in financial aid for 2010 and beyond.

Overview

Financial Aid and Scholarships oversees 19 different aid programs and will provide over $30,000,000 of assistance in 2009-10. This aid not only helps students pay for fees, books, supplies, transportation, child care, and living expenses—it significantly contributes to student academic success.

Financial Aid Student Profile

Financial Aid students include every segment of the overall SMC population—including residents, non-residents, and international students (scholarships and occasional loans only). Average award packages have grown in recent years, with our highest need students now receiving grant packages of $7,000 to $8,000. Single (independent) students are now eligible for Pell Grants if their income is $19,000 or less.

Financial Aid at SMC: A Recent History

The Financial Aid Office has made substantial improvements in every aspect of its operation. The most obvious changes involve the early packaging of awards and the early delivery of grant checks to students. Over the past five years, SMC’s two largest aid programs—Pell Grants and Board of Governor Enrollment Fee Waivers—have grown dramatically in both the number of recipients and in total program dollars. In addition to noting the improvements in the delivery of aid, this section also looks at the many technological changes and electronic solutions which have helped in the processing of aid.

Economic Downturn

Financial Aid has seen a large increase in aid applicants over the past three years, with the number of federal aid applicants rising to over 20,000 in 2008-09 and 26,000 for 2009-10. The Financial Aid Office responded to these increases last year and set new high-marks for “total aid” in 2008-09—with $24,403,380. For 2009-10, Financial Aid will again set a new high-mark—with “total aid” anticipated to exceed $30,000,000.

Financial Aid Changes for 2010 and Beyond

As the Financial Aid Office looks to the future, two new changes in Federal Aid will take effect over the next 6 to 8 months. First, SMC will implement the new “Year Round Pell” provision—which will allow students in an accelerated program to receive up to two years worth of Pell Grant in a single year. The second change will be the move to the Direct Loan Program from the traditional bank guaranteed Stafford Loan Program. From a state aid perspective, there is concern that the Cal Grant B competitive grants will again face cuts in the upcoming budget negotiations. At SMC, Financial Aid and Information Management are working on “phase 2” of the financial aid software implementation—which will feature a new “self service portal.”
RECOMMENDATION NO. 2

SUBJECT: AGREEMENT FOR ARCHITECTURAL SERVICES – HEALTH/PE/FITNESS/DANCE AND CENTRAL PLANT PROJECT

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the contract with GENSLER for the programming, planning, design and construction administration of the Health/PE/Fitness/Dance and Central Plant project for $3,589,000 plus reimbursable expenses.

FUNDING SOURCE: Measure AA

SUMMARY: This project will create a new fitness complex on the location of the current PE Locker Room Building. The project also includes a new central plant facility to serve the entire campus.

When the main campus was being constructed in the 1950s, all junior college students were required to take physical education classes and SMC had significant open space dedicated to physical education and athletics. A large single level locker room building was constructed to accommodate all the students participating in these activities. The college continues to support a full Men’s and Women’s Athletic Program, and in the 1970s dance was added to the programs offered in the complex.

The current locker room building has only received a few updates over the last 52 years. The building systems are in poor condition and in need of immediate replacement.

A new building is planned to support the health, fitness, dance and athletic needs of future students and the community. It will be flexible enough to be adaptable to changing trends in fitness education. The plan will work the existing gymnasium building into a cohesive new complex with easy access to the campus and community. In addition to specialized labs and facilities, a number of general use classrooms will also be provided. These classrooms will be large enough to convert to exercise and fitness facilities should the need arise in the future.
Separately, as part of its sustainability planning, the college has been investigating the use of a central plant to provide chilled water for air-cooling in existing and future buildings. The plant will reduce energy usage through better operating efficiency and by reducing peak energy demand.

The chillers will only operate during off-peak hours and preferably at night when the outside air temperature is the coolest and electrical rates are the lowest. The chilled water will then be stored in thermal energy storage (TES) underground tanks and pumped out during the warmer times of the day. The objective of the plant is to produce the chilled water with the least amount of energy and cost possible, and to seamlessly meet the campus cooling loads.

The cooling plant will have several benefits to SMC. The energy efficiency of the chillers will be a big improvement over any existing air conditioning equipment on campus. The current method of cooling the campus buildings is a combination of air-cooled package units and air-cooled chillers. The new machines will be water-cooled centrifugal chillers and will have much better energy efficiency. The energy required to provide cooling will be reduced from 1.25kW/ton to 0.75kW/ton with the installation of the new central plant. The central plant chillers will last longer because they will start and stop less often. This is because they only come on once per day to charge the TES tank during peak design days, but during the cooler months they will often only operate a couple of times per month. The greatest wear on a chiller is when it is started, and reducing the number of “starts” will help extend the life of the chiller. The fully charged TES tank will last two weeks or more in the winter. The process of making chilled water off peak will reduce the campus electrical costs. The electrical demand charges will be lower, because the electrical demand during the day is not increased by the operation of the chillers. Electrical consumption is lower as well because the chillers are more efficient.

For best efficiency, a central plant must be in a central location on the campus. Since the college is unable to give up open space to construct a plant, it has been decided to incorporate the plant within the footprint of the Health, PE, Fitness and Dance complex.

Gensler is a global architecture, design and planning firm with specialized practice areas in both education and sports/recreation. The team of individuals working on this project has extensive sports experience including renovations of Dodger Stadium and the Los Angeles Memorial Coliseum as well as sports and recreation complexes at Pepperdine University, UCLA, Humboldt State, Loyola Marymount, Biola University and West LA College.

As the District’s master planning architect, Gensler has knowledge of the campus that will be invaluable in planning the extensive underground utility infrastructure necessary for the central plant.
The process to solicit architects began with mailings to 115 local firms, newspaper advertisements and web announcements. The District received 72 architect proposals, which is a record number. The initial submittals were screened and 24 firms were deemed qualified. Then a screening committee of faculty, classified staff and administrators selected four architects as finalists to be interviewed. The final selection panel consisted of faculty and staff from Kinesiology, Athletics, Dance and Facilities.

Local Economic Impact: This contract will have a significant impact on the local economy. The architectural and construction community has been severely impacted by the recent recession. Gensler has a major Santa Monica office and all architectural work on this project will be staffed locally.
MAJOR ITEMS OF BUSINESS

RECOMMENDATION NO. 3

SUBJECT: INITIAL COLLECTIVE BARGAINING PROPOSALS

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees receive the initial proposal from the Santa Monica College Faculty Association, sunshine the District’s initial proposal, and schedule a hearing to receive public comments prior to the adoption of the District’s initial proposal.

It is recommended that the Board of Trustees:

• Acknowledge receipt of the Santa Monica College Faculty Association’s initial collective bargaining proposal for a successor contract, effective August 1, 2010.
• Sunshine the District’s initial proposal for a successor contract with the Santa Monica College Faculty Association, effective August 1, 2010.
• Schedule a hearing on May 4, 2010 for the purpose of receiving public comments on the initial proposals and to consider adoption of the District’s initial proposal for a successor contract with the Santa Monica College Faculty Association, effective August 1, 2010.

COMMENT: The Santa Monica Community College District’s initial proposal for a successor collective bargaining agreement with the Santa Monica College Faculty Association is presented pursuant to Government Code Section 3547(a), Board Policy 3134, and Article 1 of the collective bargaining agreement between the SMCCD and the SMC Faculty Association.
March 16, 2010

Board of Trustees  
Santa Monica College  
1900 Pico Boulevard  
Santa Monica, CA 90405

Dear Members of the Board,

In order to comply with Section 3547 of the California Education Code and current PERB guidelines, the Faculty Association presents the following items for the 2010 contract negotiations, for the contract period beginning August, 2010.

1. Reorganization of contract form and correction of language for clarity; incorporation of all language settled upon since the prior contract, including but not limited to all Memoranda of Understanding

2. Compensation
   a. Adjustment and modification of all existing salary schedules for all faculty to incorporate across-the-board salary increases and equal pay for equal work provisions
   b. Increased reassigned time and compensation for all faculty performing leadership position, department chair and/or additional tasks and duties
   c. Adjustment and clarification of step and group advancement policies for all faculty
   d. Office hour compensation for all faculty during intersessions
   e. Expand the eligibility for part-time faculty to perform office hours

3. Benefits
   a. Enrollment of all part-time faculty into the California State Disability Insurance plan
   b. The inclusion of Social Security as an available retirement option to those part-time faculty who elect to participate in it

4. Assignment and Load
   a. Reduction in faculty loads, particularly in vocational, technology and other areas of inequity
   b. Increase and clarification of course load factors, particularly in vocational, technology and other areas of inequity
   c. Distance Education and Contract Education
d. Calendar
e. Inclusion of all reassigned time and stipends in the contract
f. Class size including but not limited to the definition and/or reduction in stated sizes
g. Expand eligibility provisions for Associate Faculty
h. First consideration to in-house applicants for full-time faculty positions
i. Library Faculty Leader Duties and Responsibilities

5. Professional Development
   a. Sabbaticals, fellowships, conference attendance and related professional activities
   b. Adjustment and clarification of the Peer Evaluation process and related forms
   c. Adjustment and clarification of the Student Evaluation process and related forms
   d. Ancillary Service Fund to compensate part-time faculty for their participation in shared governance and departmental activities and tasks

6. Working Conditions
   a. On-Campus Parking
   b. Academic Freedom
   c. Contracting out bargaining unit work
   d. Weingarten Rights
   e. Campus health and safety conditions

7. Leave
   a. Clarification, expansion and improvement of language and policies governing all leaves

8. Association Rights
   a. Increase District-paid reassigned time
   b. Increase Association office space
   c. Official Faculty Association participation in the Board of Trustees meetings

9. Any additional subjects within the scope of EERA.

We are looking forward to productive and mutually satisfying negotiations.

Sincerely,

Howard A. Stahl, Chief Negotiator

Mitra Moasses, President
Article 1: Agreement

Term of Agreement.
Proposal: The District proposes a 3-year term with no reopeners during each year of the term.

Article 5: Authorized Association Absences

Article 5.2
Proposal: The District proposes adjusting the language from submitting requests at least one week prior to the date of proposed absence to at least ten days in advance so that it is consistent with what is required of all faculty attending conferences.

Article 6: Faculty Assignment and Load

General
Proposal: The District proposes that language be clarified.

Article 6.1 – Duties of Assignment
Proposal: The District proposes that job description language be more specific and include job duties performed by instructional faculty, counselors, librarians, non-credit education faculty, and faculty leaders.

Article 6.2.2 – Work Week
Proposal: The District proposes that the impact of using a compressed calendar be explained in the calculation of minimum work hours per week in a regular college year for counselors, librarians and other non-instructional faculty.

Article 6.3 - Work Year
Proposal: The District proposes that a section be added that better defines the work week for Librarians and is more specific regarding student contact hours.

Article 6.4.1 – Office Hours
Proposal: The District proposes that English faculty also be required to spend one hour per week in the lab, the same as Math faculty. Currently this provision applies to Math faculty only.

Article 6.5.1 – Part-Time Faculty
Proposal: The District proposes amending language to reflect that Part-time faculty assignments may not exceed 67% of a full time assignment.

Article 6.6 – Associate Faculty
Proposal: The District proposes that the language in this section be clarified.

Article 6.6.2 – Associate Faculty Eligibility
Proposal: The District proposes that language be updated and eligibility be clarified pertaining to faculty teaching non-credit and credit courses.
Article 6.6.3 – Associate Faculty List
Proposal: The District proposes reducing the break in service from two or more Fall/Spring cycles to two consecutive semesters and that the Associate Faculty list shall be updated for each department by the Academic Affairs Office at the end of the 10th week of spring semester.

Article 6.6.6 (b) – Right of Assignment
Proposal: The District proposes that the language be revised to clarify Associate Faculty who teach in multiple disciplines in relation to bumping rights.

Article 6.6.7 – Associate Faculty Status Renewal
Proposal: The District proposes that base assignments be clarified by Lecture Hour Equivalent (LHE) and that the March 31st date be changed to “the end of 10th week of the spring semester” for consistency.
Proposal: The District proposes to clarify the process for termination of Associate Faculty Status.

Articles 6.14 – 6.16 Athletic Coach Assignments
Proposal: The District proposes reviewing the structure of hiring and payment practices of coaches and to measure faculty status based on performance, coaching ability and success or failure with their sport rather than by time of employment. Currently coaches who are removed from assignment are able to move into a Physical Education course when not hired to be the instructor for the class.
Proposal: The District proposes that some coaching assignments, such as Head Coach of Basketball, be designated as a management position.

Article 7: Evaluation

Articles 7.1, 7.2, 7.8, 7.9, and Appendices M, N, and O.
Proposal: The District proposes updating the evaluation procedures and forms for probationary and temporary contract faculty, tenured faculty and for part-time faculty to include process for evaluation of on-ground and on-line instruction.
Proposal: The District proposes to ensure evaluation process is consistent with applicable administrative regulations (AR 4115a, 4115b and 4120.4a) and incorporated into the collective bargaining agreement. Upon completion, abolish the aforementioned administrative regulations.
Proposal: The District proposes to negotiate a more effective evaluation process for non-credit faculty which will include the appropriate administrator.
Proposal: The District proposes to include an evaluation process for coaches.

Article 8: Salary and Placement

Article 8.1 – Salary Schedules
Proposal: The District proposes to update language.
**Article 9: Intersession, Assignments, Loads and Compensation**

**Article 9.5.3 – Examples, 9.5.4**
Proposal: The District proposes to update the example used for librarian to six weeks, 30 hours per week.

**Article 23.1, 23.2**
Proposal: The District proposes that the contents of this article be combined with Article 18: Safety, Health and Welfare and Working Conditions.
**Article 24: Team Teaching**

Article 24.5.1
Proposal: The District proposes to correct the LHE for Biol 21, 22, 23.

**Article 26: Intellectual Property**
Proposal: The District proposes to include language about Distance Education course shells.

**Appendices M, N, O: Administration Regulations 4115-a, 4115b, and 4120-4a**
Proposal: These appendices pertain to faculty evaluations, which is a negotiable issue. The District proposes to abolish these administrative regulations after incorporation into the Agreement.

**Appendix Q: Duties and Responsibilities of Department Chairs**
Proposal: The District proposes that descriptions be identified and/or updated for faculty leaders in DSPS and other student support programs.

*The District reserves the right to add additional items to its initial proposal.*
RECOMMENDATION NO. 4

SUBJECT: BOARD OF TRUSTEES SUPPORT FOR NOMINATION OF TRUSTEE MARGARET QUINONES-PEREZ TO THE ACCT BOARD OF DIRECTORS AND THE ACCT DIVERSITY COMMITTEE

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees send a letter of support for the nomination of Trustee Margaret Quiñones-Perez as a Director-at-Large to the Association of Community College Trustees (ACCT) Board of Directors and the ACCT Diversity Committee.

COMMENT: The ACCT Board of Directors establishes policies that supervise, control and direct the affairs of the Association within the limits of and consistent with bylaws and resolutions promulgated by the Senate. The mission of ACCT is Promoting Effective Board Governance through Education and Advocacy.

The Diversity Committee ensures leadership for the involvement of historically underrepresented diverse populations within the governance activities of ACCT. It promotes respect for and acceptance of diverse individuals and promotes awareness and educational opportunity for underrepresented populations.

This recommendation requests support for Trustee Quiñones-Perez’ nomination to both the ACCT Board of Directors and the ACCT Diversity Committee. However, she may serve in only one position.

ARTICLE 2200: PARTICIPATORY GOVERNANCE

BP 2240 Management Association

The Board recognizes the Santa Monica College Management Association as a professional organization chartered to promote the success and provide professional development of to all academic administrators, classified administrators and managers, and confidential staff. The goal is to assist and support managers and confidential employees in developing their skills to promote professional achievement and support student success. Through mentoring and professional development, the goal and objectives further the college's mission and vision statements. This provision does not confer any collective bargaining rights.

Formation and Membership

Members of the Management Association are comprised of academic administrators (Superintendent/President, Vice-Presidents, Associate Vice President, Deans, Associate Deans, Assistant Deans, Senior Director, Directors, and Assistant Directors and Project Managers and classified administrators, managers, and confidential employees.

The officers of the SMC Management Association are: president, vice-president-elect, a secretary and a treasurer. The officers are nominated by the managers at large and elected by a majority vote to serve a term of one year. Elections shall be held in May of each year for the following fiscal year.

Participation

The process of participatory governance shall be used for all professional matters on which managers have expertise and shall occur through the representation on collegewide committees exclusive of collective bargaining issues.

The appointment of managers and confidential employees to represent the Management Association on the District Planning and Advisory Council (DPAC) and its planning subcommittees shall be made by the Management Association after consultation with the Superintendent/President or designee.

The Management Association may present proposals to the Superintendent/President regarding policies, administrative regulations and procedures.

The Management Association may assume such responsibilities and perform such functions as may be requested by the Superintendent/President.

Reference: Government Code Section 3540.1 (c)

Adopted: 11/15/2004
ARTICLE 3400: ACADEMIC ADMINISTRATORS, CLASSIFIED ADMINISTRATORS AND MANAGERS, AND CONFIDENTIAL EMPLOYEES

BP 3410 Classified Confidential Employees

Classified confidential employees are those who are required to develop or represent management positions with respect to employer-employee relations or whose duties normally require access to confidential information that is used to contribute significantly to the development of management positions. The fact that an employee has access to confidential or sensitive information shall not in and of itself make the employee a confidential employee.

A determination whether a position is a confidential one shall be made by the Board of Trustees in accordance with applicable law and with the regulations of the California Public Employment Relations Board.

Confidential employees are not eligible for inclusion in a collective bargaining unit that represents the District’s classified non-confidential employees.

Classified confidential employees are employed in the same manner as the other members of the classified service. Employment shall be consistent with provisions of the District Merit System regarding employment of classified employees.

Reference: Government Code Section 3540.1 (c)

BP 3420 Classified Managers

Classified Managers are managers who are not employed as academic administrators. Classified managers have responsibilities for formulating District policies or administering District programs other than the educational programs of the District. Classified managers have responsibility to assign work to and direct other classified employees and have authority to hire, transfer, suspend, recall, promote, discharge, assign, or discipline them.

Classified managers are not eligible for inclusion in a collective bargaining unit that represents the District’s classified non-management employees.

Classified managers are employed in the same manner as the other members of the classified service. Employment shall be consistent with provisions of the District Merit System regarding employment of classified employees.

Reference: Government Code Section 3540.1 (g) and (m) Education Code Section 72411

BP 3430 Academic Administrators

Academic administrators are employed in supervisory or management positions to exercise direct responsibility for supervising the operation of or formulating policy regarding the instructional or student services programs of the District.

Academic administrators shall by employed by individual contracts which shall not exceed four years duration. Compensation shall be set by the Board of Trustees upon recommendation by the Superintendent/President. Academic administrators shall further be entitled to health and welfare benefits made available by action of the Board of Trustees upon recommendation by the Superintendent/President.

RECOMMENDATION NO. 7

SUBJECT: RESOLUTION FOR COMMUNITY COLLEGE MONTH

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees adopt the following resolution in recognition of Community College month.

WHEREAS, the month of April has been proclaimed National Community College Month in recognition of the vital role the nation’s community colleges play in providing broad access to higher education, serving nearly half of the nation’s college students; and

WHEREAS, Santa Monica College serves students with a broad array of educational services including transfer education, two-year degree programs, career preparation, basic skills education, continuing education and lifelong learning in a variety of delivery methods including on-line education; and

WHEREAS, Santa Monica College, as an institution of higher education, provides for the understanding and learning needed to foster a livable and sustainable world; and

WHEREAS, Santa Monica College provides for the formation of global citizenship through knowledge of people, customs, and cultures in regions of the world beyond one’s own; and

WHEREAS, Santa Monica College supports the diversity of its students, faculty and staff; and

WHEREAS, Santa Monica College enjoys a special partnership with business, industry and government that benefits the regional economy by providing educational opportunities for new and current employees; and

WHEREAS, Santa Monica College is devoted to positive community relations and is a rich resource for the community including cultural programming, educational and career counseling and special events; and

WHEREAS, Santa Monica College has demonstrated that daily it fulfills its vision based upon “Changing Lives in the Global Community through Excellence in Education;” and

WHEREAS, Santa Monica College realizes its success in providing educational, vocational and cultural opportunities to the college community because of the excellence of its faculty and staff, and

WHEREAS, Santa Monica College has been a proud part of this tradition since 1929, being a stellar institution of higher education; and

THEREFORE BE IT RESOLVED that the Santa Monica Community College District observe and celebrate National Community College Month during the month of April, 2010.

RECOMMENDATION NO. 8 APPROVAL OF MINUTES

Approval of the minutes of the following meeting of the Santa Monica Community College District Board of Trustees:

March 2, 2010 (Regular Board of Trustees Meeting)
CONSENT AGENDA: GRANTS AND CONTRACTS

RECOMMENDATION NO. 9  ACCEPTANCE OF GRANT

Requested Action: Approval/Ratification
Requested by: Michelle King, Acting Director, Small Business Development Center
Approved by: Jeff Shimizu, Vice President, Academic Affairs

Title of Grant: Entrepreneurship Career Pathways Project

Granting Agency: Chancellor’s Office California Community Colleges
Appropriated Funding: $35,000
Matching Funds: $0
Performance Period: January 1–June 30, 2010

Summary: The purpose of the new Career Pathways Project is to replace misconceptions about career technical education and increase awareness and aspirations to self-employment as a legitimate lifetime career path providing reliable living wages.

The initiative offers $35,000 for preparation and implementation of creative entrepreneurial education projects. The projects’ target audience is youth and young adults, ideally, those enrolled in feeder high schools and SMC, with special emphasis on minority populations. The activities aim to:

- Increase participant’s business management skills
- Revitalize interest in career technical education
- Develop bridges to enable ease of movement between high schools and community colleges

MEMORANDUM OF UNDERSTANDING BETWEEN
SMCCD AND SMC POLICE OFFICERS ASSOCIATION

Requested Action: Approval/Ratification
Approved by: Marcia Wade, Vice-President, Human Resources

1. This agreement is made and entered into the 26th day of February, 2010 between the Santa Monica Community College District and the Santa Monica College Police Officers Association ("SMCPOA").

2. In recognition of the establishment of the SMCPOA as the exclusive collective bargaining unit for community college police officers and community college police officer trainees of the Santa Monica College Police Department under the Educational Employment Relations Act, California Government Code Section 3540, et seq., District and the SMCPOA ("Parties") enter into this memorandum of understanding as an interim collective bargaining agreement pending the negotiation of a full agreement.

3. Pending completion of the initial collective bargaining agreement between the Parties, the Parties agree to, and incorporate herein by reference as though set forth in full, all terms and conditions set forth in the collective bargaining agreement ("Contract") between the District and California School Employees Association, SMC Chapter 36 ("CSEA") effective for the period beginning January 1, 2007. Whenever reference is made to CSEA in such Contract, it shall be deemed a reference to SMCPOA.

This agreement shall become effective upon ratification by the SMCPOA membership and the Santa Monica College Board of Trustees.
RECOMMENDATION NO. 14  MEMORANDUM OF UNDERSTANDING BETWEEN SMCCD AND CSEA CHAPTER 36, CESAR CHAVEZ DAY

Requested Action: Approval/Ratification  
Requested by: Bernie Rosenloecher, CSEA Chapter 36 President  
Approved by: Marcia Wade, Vice-President, Human Resources

This Memorandum of Understanding (“MOU”) is entered into by and between the Santa Monica Community College District (the “District”) and the California School Employees Association Chapter 36 (“CSEA”) as of this 3rd day of March 2010.

WHEREAS, Article 8 – Holidays -- of the collective bargaining agreement between the parties provides a list of paid holidays to be granted to bargaining unit employees;

WHEREAS, Article 8.1.1 further provides that the District provides one additional paid holiday to be called “Cesar Chavez Day” and that for eleven month employees, the Cesar Chavez Day holiday shall be the District flex day in May;

WHEREAS, the District moved the Flex Day from May to March in order to better meet the District’s academic mission; and

WHEREAS, the parties have met and conferred over the change;

NOW THEREFORE, in consideration of mutual agreements set forth herein, the parties agree as follows:

1. For eleven (11) month employees who were employed by the District on or before Cesar Chavez Day (March 31), the holiday shall be taken as a floating holiday between March 31st and December 31st of each year, with the exact date to be scheduled by mutual agreement between each 11-month employee and his or her immediate supervisor.

2. This Memorandum of Understanding shall expire upon ratification of a successor collective bargaining agreement.

3. This Memorandum of Understanding shall be subject to ratification by both parties.

COMMENT: The MOU was unanimously ratified with 97 votes on March 25, 2010.

RECOMMENDATION NO. 18    QUARTERLY POOL PAYMENT

Requested Action: Approval/Ratification
Requested by: Charlie Yen, Director, Contracts
Approved by: Robert Isomoto, Vice-President, Business and Administration

Payment To: City of Santa Monica
Amount: $157,868.68
For the Period: July 1, 2009 – December 31, 2009
Funding Source: 2009 – 2010 District General Fund
Comment: Under the terms of the Joint Use of Facilities Agreement with the City of Santa Monica, the District pays a pro rata share of maintenance and operation costs of the pool based on the number of hours the College uses the pool compared to the total hours of pool use by all parties.
19-A AMENDMENT TO AGREEMENT FOR ARCHITECTURAL SERVICES – AET PARKING STRUCTURE

Amend the agreement with Clive Wilkinson Architects for working drawings and construction administration for the Academy of Entertainment and Technology Parking Structure for $496,000 plus reimbursable expenses.

<table>
<thead>
<tr>
<th>Original Agreement</th>

<td>This Amendment</td>
<td>496,000</td>
</tr>
<tr>
<td>Total to Date</td>
<td>$6,046,000</td>
</tr>
</tbody>
</table>

Funding Source: Measure AA

Comment: The college is currently in the “design-development” process with the AET/KCRW project at the Stewart Street site. The AET/KCRW project will consist of 4 building projects plus site work:
- A new 430 space parking structure.
- A new addition to the AET building.
- A renovation of the existing AET building.
- A new building for KCRW.

The parking garage is the first project to be constructed due to the fact the other projects will be built on the current surface parking lot. The District originally planned to use an alternative building method, design-build, to build the structure. Clive Wilkinson Architects (CWA) has prepared preliminary drawings that would then be packaged into a request for proposals for design-build entities. The original reason for design-build was to save time and costs.

Due to the use of the newer Building Information Modeling (BIM) software on this project, the District was able to prepare more detailed preliminary plans for the structure more quickly and efficiently than anticipated. At this point, it would actually take more time for a new design-build group to get up to speed on the project.

The recommendation is to continue with Clive Wilkinson Architects and amend their contract to complete the working drawings and construction administration phase for the parking structure. The additional architectural fees to CWA will be less than those allocated to the design-build architect since CWA is already familiar with the project and already has all the documentation in their CAD systems.
CONSENT AGENDA: FACILITIES AND FISCAL

RECOMMENDATION NO. 19   FACILITIES (continued)

19-B AGREEMENT FOR CONSULTING SERVICES – SIGNAGE MASTER PLAN

Agreement with APCO Graphics Inc. for a Signage Master Plan for $36,500 plus reimbursable expenses.

Funding Source: Measure AA

Comment: The District currently lacks a plan for campus signage and in the past signs have been done on an individual building project basis with no consistency between buildings. Over the years, there have been comments from students and the community about the absence of wayfinding and informational signs on the campus. There have also been comments on the difficulty in identifying some of the satellite campus sites from the street.

The project team will visit the sites to become familiar with the architecture and character of the college. Vehicular and pedestrian traffic flow will be observed and studied. General locations for exterior directional signs will be identified. Site conditions and travel speed will be studied to determine optimal mounting heights, sign and letter size. The design team will meet with college staff including the marketing and graphics department to discuss the use of logos, typestyles, colors and finishes.

A plan will be developed with sign types and locations for the following signs:

- Vehicular Directional Signs
- Pedestrian Directional Signs
- Building Identification
- Entrance Identification
- Traffic Regulatory Signs
- Informational Signs
- Directories with Maps

The completed Signage Master Plan will be available to the District’s architects and contractors as a guide to use for new projects. In addition to new buildings, the District will use the sign plan to contract with APCO or other providers to install new signs as needed throughout the campus. Final design of the signs will conform to the overall college planned specifications.

To select this consultant, the District has been interviewing signage design firms for the last three years. Other design firms have been used on a limited basis for specific projects, but until now the District has not been able to find the right firm to do a master plan at a reasonable cost.
APCO has been providing sign solutions in the United States and throughout the world for over 40 years and has a proven track record of managing the most complex projects. They have extensive experience in designing signage plans for major colleges and universities as well as hospitals, government facilities, airports and corporate sites. Another advantage with APCO is they offer signage systems that can easily be changed. With all the new construction on campus over the next few years, a system is needed that can easily be changed or reconfigured by District staff if necessary.

This contract will not preclude using other signage designers as necessary in the future for specialty signage. Another design firm is currently working on an electronic sign for the Performing Arts Campus.

19-C AGREEMENT FOR ARCHITECTURAL SERVICES – DIGITAL LEARNING STUDIO

Agreement with Ralph Mechur Architects for planning, design and construction administration for the Digital Learning Studio for $4,500 plus reimbursable expenses.

Funding Source: US Department of Education Grant

Comment: Letters and Science room 152 has been selected as a site development location for a Digital Learning Studio as part of the Asian American and Pacific Islander Achievement project. The two-year pilot project is grant funded through the U.S. Department of Education's Asian American and Native American Pacific Islander Serving Institutions Program. AAPIA serves 300 students and is designed to increase the retention, graduation, and transfer rates of Asian American, Pacific Islander, and low-income students who have had significant challenges in their scholastic and personal experiences. This two-year pilot project includes six major components: 1) Assessment and Placement; 2) General Education and Academic Skills Development; 3) Student Support Services; 4) Asian Library Resources Development; 5) Empowering Learning through Smart Classroom Technology; and 6) Faculty Development.

The Digital Learning Studio is an environment that will be created to allow instructors and students the opportunity to use interactive technologies (SMART interactive boards, remote clickers and videoconferencing), employ collaborative seating arrangements and explore new pedagogical methods. The goal of the project will be to enhance student engagement and improve learning success for Basic Skills students.

This project was recently brought to Facilities and must be completed by mid-July to qualify for funding so a modified selection process was used. In November 2009, the process to solicit architects began with mailings to 115 local firms, newspaper advertisements and web announcements. The District received 72 architect proposals. Architects were screened and pre-qualified. This architect was selected from a group that had pre-qualified for a project of this type. Ralph Mechur is a Santa Monica based architect who is familiar with the needs of educational facilities.
CONSENT AGENDA: FACILITIES AND FISCAL

RECOMMENDATION NO. 19 FACILITIES (continued)

19-D AMENDMENT TO AGREEMENT FOR CONSULTING SERVICES – 2010 FACILITIES MASTER PLAN ENVIRONMENTAL IMPACT REPORT

Amend the agreement with Christopher A. Joseph & Associates for the completion of the 2010 Facilities Master Plan Environmental Impact Report for $70,000 plus reimbursable expenses.

| Original Agreement (Phase 1) | $ 90,000 |
| This Amendment (Phase 2)      |    $70,000 |
| Total to Date                 | $160,000 |

Funding Source: Measure U

Comment: This contract was broken into two phases since it would not be possible to estimate the cost for the completion of the Environmental Impact Report (EIR) until the master plan was nearly completed and the full scope of all the projects could be determined.

Christopher A. Joseph & Associates (CAJA) is currently under contract with SMC to provide environmental analyses services for the 2010 Facilities Master Plan Update. The existing contract with SMC (approved by the SMC Board of Trustees on July 7, 2008) was approved for a fee not to exceed $90,000, plus necessary reimbursable expenses. CAJA’s scope of services included reviewing and documenting the environmental baseline conditions within the SMC Campus System and providing environmental site constraints analyses services to assist SMC planning staff in formulating a Facilities Master Plan. CAJA has completed tasks associated with the services described above and has already initiated out of scope services associated with preparation of the Draft EIR. The Notice of Preparation (NOP) for the EIR was circulated for public review on September 24, 2009. Additionally, a partial screencheck Draft EIR has been submitted to the planning team for internal review, including air quality and noise modeling analyses.

The budget amendment increase covers time and materials associated with costs for completing the screencheck Draft EIR for administrative review and for future tasks associated with delivering a completed Final EIR to the Board of Trustees for approval.

Net Total: 0

Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

RECOMMENDATION NO. 21  BUDGET AUGMENTATION/(DECREASE)
Requested Action: Approval/Ratification
Requested by: Chris Bonvenuto, Director, Fiscal Services
Approved by: Robert G. Isomoto, Vice President, Business/Administration

The 2009-2010 Adopted Budget will be amended to reflect the following budget augmentations:

21-A BASIC SKILLS RE-APPROPRIATION 2009-10
Granting Agency: State of California
Appropriated Funding: $12,336
Matching Funds: None
Performance Period: January 1, 2009 - June 30, 2010
Summary: The District qualifies for an additional $12,336 in Basic Skills funding per the P1 report issued by the Chancellor’s Office.
Budget Augmentation: Revenue:
8000 State Revenue $12,336
Expenditures:
5000 Contracted Services $12,336

21-B BOARD FINANCIAL ASSISTANCE PROGRAM (BFAP)
Granting Agency: State of California
Appropriated Funding: $1,500
Matching Funds: None
Performance Period: July 1, 2009 – June 30, 2010
Summary: The District qualifies for an additional $1,500 in BFAP funding per the P1 report issued by the Chancellor’s Office.
Budget Augmentation: Revenue:
8000 State Revenue $1,500
Expenditures:
1000 Academic Salary $1,500

21-C COOPERATIVE AGENCIES RESOURCES FOR EDUCATION (CARE)
Granting Agency: State of California
Appropriated Funding: $132
Matching Funds: None
Performance Period: July 1, 2009 – June 30, 2010
Summary: The District qualifies for an additional $132 in CARE funding per the P1 report issued by the Chancellor’s Office.
Budget Augmentation: Revenue:
8000 State Revenue $132
Expenditures:
1000 Academic Salary $132
CONSENT AGENDA: FACILITIES AND FISCAL

RECOMMENDATION NO. 21  BUDGET AUGMENTATION/(DECREASE)  (continued)

21-D  EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)

Granting Agency: State of California
Appropriated Funding: $4,896
Matching Funds: None
Performance Period: July 1, 2009 – June 30, 2010
Summary: The District qualifies for an additional $4,896 in EOPS funding per
the PI report issued by the Chancellor's Office.

Budget Augmentation: Revenue:
8000 State Revenue $4,896
Expenditures:
7000 Student Aid $4,896

21-E  TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF)

Granting Agency: State of California
Appropriated Funding: $14,005
Matching Funds: None
Performance Period: July 1, 2009 – June 30, 2010
Summary: The district has an additional $14,005 in TANF funding per the
2009-10 First Principal Apportionment Report issued by the
Chancellor's Office.

Budget Augmentation: Revenue:
8140 TANF Revenue $14,005
Expenditures:
2190 Classified Other $8,178
3000 Benefits $5,827

The 2009-2010 Adopted Budget will be amended to reflect the following budget decreases:

21-F  CalWORKS

Granting Agency: State of California
Appropriated Funding: $(3,853)
Matching Funds: None
Performance Period: July 1, 2009 – June 30, 2010
Summary: The district has a decrease in funding of $3,853 in CalWORKS
funding per the 2009-10 First Principal Apportionment Report
issued by the Chancellor's Office.

Budget Augmentation: Revenue:
8620 Revenue $(3,853)

ADDENDUM A

SUBJECT: FINANCIAL AID AND SCHOLARSHIPS UPDATE

I. Introduction

Financial Aid and Scholarships oversees 19 different aid programs—with funding provided by federal, state, institutional, and private sources. While Financial Aid and Scholarships will provide close to $30,000,000 of assistance this year, the primary focus of the operation goes beyond the awarding and disbursing of aid. The true goal of the operation is helping students succeed in their academic endeavors. Financial aid is very important to the thousands of students that receive aid – assisting with paying for fees, books, and supplies, or helping cover transportation, child care, and living expenses. We also know, from an enrollment development perspective, that early notification of BOG Enrollment Fee Waiver awards and federal aid awards is often a factor in the decision to attend SMC.

This presentation will cover the status of Financial Aid at SMC over the past five years; will address the state of financial aid during the current economic downturn; and finally, will look at the anticipated changes in federal and state financial aid.

II. Financial Aid Student Profile

The size of the Financial Aid student population has grown in recent years. To date, 32.8% of all 2009-10 students have received some type of assistance. Five percent (5%) of those receiving aid are non-residents. Financial Aid students include all segments of the population, with California residents, non-California residents, and international students all receiving assistance. Students from most socio-economic segments receive financial aid—with an ever growing number of middle and upper-middle income families requesting help for their children. While international students do not qualify for grant aid, they do receive scholarships and, for those with family in the U.S. may qualify for loans as well. In addition, a look at the demographics of last year’s Pell Grant and BOG Fee Waiver Programs also reflects the diversity of the Financial Aid student population.
When looking at the non-BOG waiver payments (including grants, loans, and work study) the average “paid amount” to students has been increasing in the past few years—going from $3,116 in 2004-05 to $3,638 in 2008-09. For 2009-10 it will be close to $4,000. Many students, though, receive considerably more than these amounts—with current Pell awards up to $5,350, Cal Grant B awards up to $1,530, Federal Work Study awards beginning at $2,500, and first year “Subsidized” Stafford Loans at $3,500. SMC students with the greatest need actually receive a total grant package of $7,000 to $8,000—with Pell, Cal B, SEOG, and Academic Competitive Grants. The income threshold for Pell Grant eligibility has also been gradually increasing, with $19,000 as the current (approximate) limit for single independent students and $57,000 as the current (approximate) parental income limit for a dependent student in a two parent/two child household.
For non-residents, Pell and Stafford Loans are almost always applied to non-resident fees and books. For California residents, federal and state aid is more likely to be used (primarily) for books/supplies, room & board, and transportation expenses.

III. Status of Financial Aid at SMC – A Recent History

Over the past five years, the SMC Financial Aid Office has substantially improved its operation. Many of these changes—which include providing grants in winter sessions, using technology to help with aid program administration, attending to long-deferred regulatory and compliance matters, and improving communication with students—are addressed later in this section. However, the office’s primary, and most visible, contribution to student success is in the awarding and distributing of student aid.

In the past student awards and grant checks had not been processed on a timely basis—impacting, especially, low income students and others with limited resources. Therefore, in Spring 2005 the entire delivery system was redesigned, electronic solutions were created, and internal verification policies were modified—resulting in expedited awards beginning Fall 2005. Financial Aid then changed the long standing SMC policy of mailing the first fall checks in the third or fourth week of the term. With the help of Business Services in August of 2005, a new check delivery process was implemented—which led to SMC students getting Pell, SEOG, and Cal Grant checks by the first week (and usually by day #1) of the semester—for the first time in SMC history. (See tables below.)

<td>2690 grant checks / $1,426,440</td>
</tr>
</tbody>
</table>
In addition to highlighting the early delivery of checks to students, it is also instructive to look at the tremendous growth of SMC’s two largest aid programs over the past five years: the Federal Pell Grant and the Board of Governors (BOG) Enrollment Fee Waiver Program. The tables below factor in the recent increase of aid applicants, but also reflect the host of system changes, enhancements, and electronic solutions that have contributed to dramatic increases in both the Pell and BOG Fee Waiver Programs.

* As of 3/12/2010
** In Spring 2008, enrollment fees dropped from $26/unit to $20/unit

In addition to getting money into the hands of students early in the term, the Financial Aid Office changed much of the internal processing system—streamlining the application process, implementing electronic solutions, creating electronic applications, and improving service to students. Other changes include using federal policy to find additional funds for students (see “winter grants” below) or finding better ways to communicate with students.
The following list delineates some of the major accomplishments of the past five years:

- **Automated Satisfactory Academic Progress (SAP) Assessment System**
  In Summer 2005—with help from Information Management—the Financial Aid Office created an “automated” SAP assessment system. Previously, SAP (for the then 3000-4000 aid recipients) was assessed, manually, by six financial aid specialists. This system eliminates a vast amount of manual effort and provides a more accurate analysis of student’s SAP status.

- **Online Financial Aid Orientation**
  In Fall 2005, Financial Aid created an online orientation system which provides basic information about the student’s financial aid award.

- **Off-Campus Reading & Math Tutor Program / SMMUSD**
  In Spring 2006, the Financial Aid Office implemented an off-campus reading and math tutor program with Santa Monica Malibu Unified School District. (SMC is required, by Federal law to use a portion of Federal Work Study funds on reading and math tutor programs.)

- **Financial Aid Website Development**
  In Fall 2006, the Financial Aid website was re-designed to be a “full-service” website with downloadable documents, FAQs, a Financial Aid Handbook, and links to the Department of Education and California Aid agencies.

- **Pell Reconciliation System**
  In Fall 2006, the Pell Reconciliation System was designed and built—allowing the Financial Aid Office to reconcile the Pell Grant Program, electronically, quickly, on a monthly or weekly basis. Previously, reconciliation was a manual process and took some time to complete.

- **Winter Grant Awards**
  In Winter 2007, Financial Aid and Information Management created a system which allows winter term students to receive Pell, SEOG, ACG, Cal B, and Cal C Grants.

- **System Generated BOG Waiver Awards from FAFSA Applications (Auto-BOG)**
  In Spring 2007, Financial Aid and Information Management created a process where yearly BOG Waiver awards were generated at the time that SMC received the electronic record responses from the student’s federal aid application. Most students are informed by postcard or email of upcoming year BOG awards—by mid-spring.

- **Electronic Loan Submission System**
  In Spring 2007, Financial Aid implemented an electronic loan processing and submission system. This system allows SMC to submit loan requests electronically. It also allows students to complete promissory notes online.

- **Online BOG Fee Waiver System (E-BOG)**
  In Summer 2007, the on-line BOG Fee Waiver system was implemented. This allows students to apply for a BOG enrollment fee waiver electronically.

- **SMC Emergency Loan Program**
  In Fall 2007, with funding from Associated Students, the Financial Aid Office created a “short term” Emergency Loan Program.
• *Mobile & Wired Financial Aid Station (BOG-Mobile)*  
In Fall 2007, the Financial Aid Office created the BOG-Mobile—which is a mobile Financial Aid Station. The BOG-Mobile has two laptops and a small printer (all battery powered) that can roll to almost any outside location—on the main campus—and connect with SMC’s wireless system. Students can apply for BOG waivers and get help with their Federal Aid Applications at the BOG-Mobile.

• *Student Loan Default Prevention Plan*  
In Spring 2008, the Financial Aid Office began implementation of its Default Prevention Plan. This plan includes a financial literacy component for all loan applicants, annual loan default-prevention workshops for loan recipients and proactive contacts with delinquent borrowers.

• *Regent Financial Aid Software System: Phase I*  
In Spring 2009, the SMC Financial Aid Office implemented a new Financial Software System. This allowed SMC to dramatically improve its financial aid processing abilities—and our ability to communicate with student aid applicants. The new system permitted the elimination of all “paper” document request letters and award letters. Students could also, for the first time, submit their requested documents electronically.

• *Online Scholarship Application*  
In Fall 2009, a downloadable Scholarship Application was available for the first time from the Scholarships webpage.

• *Financial Aid Outreach*  
Beginning in Spring of 2005, Financial Aid significantly increased its outreach efforts—sending representatives to local high schools and community organizations. Financial Aid has also participated in the Latina/Latino Youth Conferences, the Black Student Conferences—and hosted *Cash for College* events at SMC every spring since 2005.

• *Financial Aid In-reach*  
Beginning in Spring 2005, Financial Aid also increased its “in-reach” efforts on campus—sending staff to Counseling 20 classes, using counselors (and other staff) to facilitate aid for special program participants, and placing clerks at both our satellite Financial Aid Office at AET and at our mobile Financial Aid Station (also known as the BOG-Mobile.) In addition, Financial Aid has been an important participant in the SMC Study Abroad Programs, processing both federal aid and Gilman scholarships to assist with participation costs.

**IV. Economic Downturn and SMC Financial Aid**

Financial aid offices are often aware of an economic downturn well before the government makes its formal declaration of a recession. That was certainly the case in Spring of 2008, as Financial Aid saw an marked increase in both student contacts and in the number of federal aid applications for the upcoming 2008-2009 school year. Indeed, as the year progressed, 2008-09 proved to be a very busy year for SMC Financial Aid—with over 20,000 federal aid applicants, over 5000 Pell recipients, over 14,000 students receiving aid, and over $24,000,000 of aid generated for SMC students.

2008-09, though, was only a precursor to the tsunami of applications and students that the national economic downturn would bring to SMC this year. As the chart below indicates, the number of federal aid applicants for 2009-10 has already exceeded the total for 2008-09 by almost 6,000 students. And looking back at 2007-08, SMC already has nearly 10,000 more applicants than the 16,171 from that year.
With more students applying for assistance, the office has responded with more awards—and more financial aid. The office is on track to pay 6,000 Pell awards in the 2009-10 school year, an increase of almost 1,000 Pell recipients over last year. More than 16,000 students have received some type of assistance—through March—and this number will rise over the next three months. In addition, Financial Aid has already set new high-marks for “total aid” and anticipates that it will exceed $30,000,000 this year. (See second table, below.)

**Professional Judgment**

In order to help the large number of aid applicants who have been impacted by the recession, Financial Aid has increasingly employed the use of “professional judgment.” As the Department of Education reminded financial aid administrators in April 2009, this is an effective mechanism to factor in drops of income, unusual expenses, and parent or student loss of employment. It also allows SMC to better gauge a family’s true ability to contribute to a student’s education and, ultimately, to provide a better aid package.
V. Financial Aid Changes for 2010 and Beyond

Federal financial aid programs are influenced by the political landscape in Washington, and as a result, we regularly see new policies and procedures, fund management rules, and changes in existing programs. For this year, we will see major changes in the Pell Grant Program and (quite likely) in the Stafford Loan Programs, as well. In addition, the Department of Education and IRS data bases will be linked—for the first time. On the State aid front, a significant change in the Cal Grant Program has been proposed. At SMC, we are moving toward implementing a new software tool which will help aid applicants better track their federal aid application, their awards, and their disbursements.

Year-Round Pell
A new Pell Grant regulation called "Year Round Pell" was recently enacted by Congress. It is geared toward students who are accelerating their academic program and actually allows Pell recipients to receive up to 200% of their regular yearly award—in one year.

At SMC and other community colleges it will primarily provide summer Pell Grants to students who had already received their yearly maximum Pell Grant award in the prior fall and spring terms. It will also allow incoming students to who are attending summer school to get a Pell Grant in summer.

Federal Direct Loan Program
In 2009, the Obama Administration announced its intent to move all Stafford Loans to the Direct Loan Program—citing potential savings of $60-90 billion over the next ten years. Predictably, the banks (who have made billions of dollars with student loan programs) intensified their lobbying campaign to keep bank offered student loan programs in existence after June 30, 2010. However, Congress approved a Student Aid bill, which included the move to Direct Loans, on March 25.

While SMC—and most other California Community Colleges—have participated only in the bank-run student loan programs, a transition to the Direct Loan Program is not expected to introduce any major problems—however SMC would need to create some new accounting and disbursement processes to accommodate Direct Loans.

IRS / FAFSA Data Retrieval Process
For years, the Department of Education has promised to deliver a link between the applicant’s FAFSA application and the student and/or parental information in the IRS data base. This would make verification of tax and income information much easier and, theoretically, shortening the processing time. Creating the connection between the two data bases (IRS and Department of Education) has taken several years—but recently became a reality.

While not all the issues have been resolved, new FAFSA applicants are now able to transfer over 2008 IRS tax information to their financial aid application. This is a beginning for the linking of IRS and FAFSA data bases and should make the verification of tax information easier for both applicants and schools.

Cal Grant B Competitive Awards
The Cal Grant B program has two types of awards. First, there are the "entitlement awards," which are geared toward recent high school graduates. In addition, there are the "competitive awards," which are granted to other applicants who are not recent high school graduates. While the "entitlement" Cal Grant B awards appears to be safe, the Governor and others have called for eliminating any new "competitive" Cal Grant B awards. For 2009-10, the "competitive" Cal Grant B grants were not cut. However, as California legislators and the Governor begin work on next year’s California Budget, there are renewed concerns over potential cuts or elimination of the "competitive" Cal Grant B awards.
Financial Aid Self Service Portal
Financial Aid and Information Management have been working on "Phase 2" of the Financial Aid software implementation which will provide aid applicants access to a Financial Aid Self-Service Portal. This will allow students to see if SMC has received their FAFSA application, which documents are needed to complete their file, the student’s award (once they have been packaged), and when their grants and loans have been disbursed.

VI. Conclusion

Financial Aid plays an important role in student services at Santa Monica College, annually providing aid to approximately 25% of the student population. For this year, the percentage will be even higher, as 16,000 students have already received aid from one or more of its 19 different aid programs. With 2009-10 total aid projected at over $30,000,000—the impact of Financial Aid's efforts for students and for the college, at large, is considerable.

As the college moves forward with its Master Plan and other initiatives, the Financial Aid Office continues to proactively seek strategies to meet student demand and help students succeed.
