INFORMATION ITEM G

SUBJECT: REPORT: SMCCD ACTUARIAL STUDY OF RETIREE HEALTH LIABILITIES

SUBMITTED BY: Superintendent/President

SUMMARY: Santa Monica Community College District engaged Total Compensation Systems, Inc. (TCS) to analyze liabilities associated with its current retiree health program as of June 30, 2011 (the valuation date). The numbers in this report are based on the assumption that they will first be used to determine accounting entries for the fiscal year ending June 30, 2011. If the report will first be used for a different fiscal year, the numbers will need to be adjusted accordingly.

This report does not reflect any cash benefits paid unless the retiree is required to provide proof that the cash benefits are used to reimburse the retiree’s cost of health benefits. Costs and liabilities attributable to cash benefits paid to retirees are reportable under Governmental Accounting Standards Board (GASB) Standards 25/27.

This actuarial study is intended to serve the following purposes:

• To provide information to enable Santa Monica Community College District to manage the costs and liabilities associated with its retiree health benefits.

• To provide information to enable Santa Monica Community College District to communicate the financial implications of retiree health benefits to internal financial staff, the Board, employee groups and other affected parties.

• To provide information needed to comply with Governmental Accounting Standards Board Accounting Standards 43 and 45 related to “other postemployment benefits” (OPEB’s)

This actuarial report includes several estimates for Santa Monica Community College District’s retiree health program.

INFORMATION ITEM H

SUBJECT: INFORMATION TECHNOLOGY RELOCATION PROJECT UPDATE

SUBMITTED BY: Superintendent/President

SUMMARY: Morris Architects will present an update on the planning and design of the Information Technology Relocation project. The project is designed to consolidate campus technology resources in one location and provide the proper infrastructure for future growth.

The Information Technology department was relocated into its current space in Drescher Hall immediately following the 1994 Northridge Earthquake. The previous space, in the old Science building was declared to be unsafe. The space they now occupy was originally designed as faculty offices and a tutoring center. The space was quickly reconfigured but never had the proper infrastructure for data processing equipment. Further growth has strained electrical and cooling systems. The current computer server room has no fire protection system.

The plan is to consolidate the campus media and technology resources in one location including the IT department, networking, telecommunications, media and faculty/staff computer training resources. A new building will be built on the current location of the Library Village temporary buildings (just south of the Media Center). The building will connect to the current Media Center and the Media Center will be reconfigured as part of the project.

INFORMATION ITEM I

SUBJECT: TRANSFER PROGRAM

SUBMITTED BY: Superintendent/President

SUMMARY: The presentation on the SMC Transfer Program by Dan Nannini, Transfer Center Faculty Leader, will provide some of the most recent transfer statistics, along with some analysis on how the state budget crisis might affect the transfer in the future, particularly for SMC students wanting to attend the UC and CSU.

SMC continues to be the number one transfer institution to the University of California. SMC transferred 1,008 students in 2010-11, with the next community college transferring 699 students. UCLA continues to be the favorite destination, with 505 students transferring there. SMC transferred the most Hispanic and African-American students to the University of California in 2010-11, sending 117 Hispanic students and 25 African-American students.

The University of California reduced freshman admission in 2010-11, but increased transfer spots by 500. The University of California continued Transfer Admission Guarantees (TAG) online for 2012. Whereas last year, students could apply for unlimited TAG’s, the UC restricted the number to one TAG for 2012. For 2011 admission, 609 SMC students submitted 2,185 TAG’s. In 2012, 665 students submitted one TAG each.

The CSU system returned to a bit of normalcy in 2010-11, by admitting transfer students in Spring 2011, for a total of 56,959 students. In 2009-10, CSU admitted 37,647, mainly because they did not accept any transfers in Spring 2010 due to budget cuts. SMC transferred 780 students in 2009-10, and transferred 1054 students in 2010-11, with most of our student attending CSU Northridge. For the CSU, in 2009-10, SMC sent 55 African-Americans and 177 Mexican-American and other Latinos. In 2010-11, SMC sent 66 African-Americans and 271 Mexican-Americans and other Latinos.

Progress continues with the implementation of SB 1440, the Student Achievement Transfer Reform Act. This bill guarantees a place for a CCC transfer student in the CSU system if the student earns a Associate of Arts in for transfer (AA-T) or Science (AS-T) at a California community college with a 2.0 GPA. The AA-T or AS-T degree consists of 60 CSU transferable semester units and completion of either the CSU GE or IGETC and a minimum of 18 units in the major. SMC has one AS-T approved in Mathematics by the CCC Chancellors Office. Although Dan Nannini no longer serves on the SB 1440 Implementation and Oversight Committee, he was invited to offer testimony to Senator Alex Padilla, the author of SB 1440, in July 2011, offering suggestions to improve the implementation of SB 1440. SMC faculty continues discussing AA-T and AS-T degrees for future consideration by the Chancellor’s Office.

SMC transferred 168 students to USC in Fall 2011, while the second place institution sent 62 students. SMC also sent the most to Loyola Marymount University.
SMC offered 52 transfer related workshops this Fall 2011, with the following titles:

- How to Transfer to CSU’s
- How to Transfer to UC’s
- Best Schools for Business and Economics
- How to Transfer to Elite Private Universities
- How to Complete the UC and CSU Application
- How to Write the UC Personal Statement
- Using the Web for Transfer Information-Secret Websites

The College Fair, held twice a year, continues be one of the largest in the state, if not the largest, hosting more than 130 institutions. The representatives from those institution that travel to most fairs up and down the state, say the SMC Fair is the largest that they see, and by far, the most well attended.

In addition, there are four-year representatives visiting the campus on a regular basis, meeting with students individually or in workshops. UCLA, Irvine, Berkeley, LMU, USC, Northridge, Dominguez Hills, CSULA are the “regulars”, with unique visits from institutions like the City University of London, University of Queensland, Australia, and the Massachusetts College of Art and Design.

The backbone of a healthy transfer culture is articulation. Complete, detailed and up-to-date articulation agreements allow students to take courses that will ‘count’. Our Articulation Officer, Estela Narrie, has created and updates articulation agreements with online degree programs, international universities, 17 out-of-state institutions, 35 private California universities, 9 UC’s and 23 CSU’s. These articulation efforts give students and counselors the confidence and assurance that they are taking what they need to transfer and graduate in a timely manner.
RECOMMENDATION NO. 1

SUBJECT: RESOLUTION IN SUPPORT OF SENATE CONSTITUTIONAL AMENDMENT (SCA) 5

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following resolution in support of Senate Constitutional Amendment (SCA) 5 sponsored by Senator Joe Simitian to reduce the two-thirds vote requirement on parcel taxes to 55 percent.

WHEREAS, Senate Constitutional Amendment 65 (SCA 5 – Simitian), which reduces the two-thirds vote requirement on parcel taxes, will be acted on by the California State Legislature; and

WHEREAS, reductions in the state General Fund revenue have led to reduced school funding; and

WHEREAS, state General Fund revenue is unstable and erratic, which results in unpredictable funding levels for school districts and county offices of education; and

WHEREAS, parcel tax revenue can provide a stable, predictable source of school revenue; and

WHEREAS, passage of SCA 5 will empower local voters to invest in their schools based on the needs of their communities by requiring a tough, but fair, 55 percent vote to pass local parcel taxes, while protecting taxpayers and homeowners with accountability provisions that will ensure that funds generated from parcel taxes are not wasted or mismanaged; and

WHEREAS, revenue from parcel taxes can be spent according to local priorities and are not subject to state control; and

WHEREAS, the two-thirds vote requirements results in minority rule by requiring two “yes” votes to cancel out one “no” vote; and

WHEREAS, passage of SCA 5 will allow local voters to decide to make investments in their neighborhood schools and community colleges in addition to state funding;

THEREFORE, BE IT RESOLVED that the Santa Monica Community College District Board of Trustees strongly urges the California State Legislature to support and adopt SCA 5.

The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.
