**ADDENDUM A:** Community Relations and Government Relations
IV. SUPERINTENDENT’S REPORT

- Recognition
  - Men’s Basketball Team: Coach Jerome Jenkins and three members of the team—Deshawn Stevens, AJ Harris and Everett Brown—named to the Men’s Basketball Western State Conference First-Team

- Updates:
  - Spring Semester 2011 Opening Week: Communication with students, faculty and staff was greatly increased before the start of the spring semester regarding parking, busses, and classes. Effective management of the traffic on Pico Blvd. made a huge impact on the entire traffic flow. There were a few complaints from neighbors, so, in the future, communications with the neighbors will be expanded. Also, students will be encouraged to use the off-site locations.

  - Board of Trustees Study Session – February 15, 2011: The Board discussed its Budget Objectives and Principles, and a draft incorporating the Board’s suggestions was shared with DPAC and the Budget Planning Subcommittee. The Budget Planning Subcommittee’s discussion resulted in two recommendations forwarded to DPAC. There were several motions and suggestions made by DPAC that were forwarded to the Superintendent/President, completing the cycle of consultation and input. The Superintendent/President considered the recommendations and suggestions forwarded by DPAC and submitted his recommendation which is included in the agenda (see Recommendation No. 1).

  - State Budget: It is day 51 since Governor Brown has called the extraordinary session to deal with the State budget crisis, and it is expected that the conference committee will finish up work this week and move to a budget vote on the floor of both houses soon after. Ten more days remain until March 10, which is the drop dead date to give election officials enough time to prepare for a June 7th special election.

    Last week the Legislative Analyst Office (LAO) issued a letter outlining additional options for reducing the state budget by another $13.5 billion. It was essentially an all cuts budget. Included in these options, was an additional reduction of $685 million for the community colleges, which would mean that community colleges would be cut over $1 billion for the next fiscal year. Santa Monica College revenues would be reduced by $15.3 million and would lose approximately 9,865 students. This scenario would be a disaster and would come with an increased workload reduction, further downsizing SMC.

  - Institutional Flex Day – March 17, 2011: The theme of Flex Day is community service and global thinking and will include guest speaker Jeff Borden, panels, interactive discussions/workshops, lunch and a community service resource fair.

INFORMATION ITEM G

SUBJECT: SANTA MONICA COLLEGE AND SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT COLLABORATIONS – SPRING 2011 UPDATE

SUBMITTED BY: Superintendent/President

SUMMARY:
The Santa Monica-Malibu Educational Collaborative was developed in 2007. The collaborative meets monthly to provide SMC and SMMUSD administrators and staff an opportunity to develop partnerships, work together on sharing resources, as well as execute the objectives of the Memorandum of Understanding (MOU) which the two districts entered into in May 2007. Following are the key elements of the MOU.

1. The establishment of a Pre-K-14 Collaborative to ensure curricular articulation in English Language Arts and Mathematics and future collaboration in other disciplines.
2. The offering of college curriculum and courses at both the college and high school campuses based on identified individual school site needs in both core and elective programs;
3. The provision of summer program for high school students through concurrent and dual enrollment;
4. The shared use of facilities that benefits both districts in terms of classroom and athletic spaces;
5. The collaboration and articulation of career and technical educational programs between the school district and the college district;
6. The development and anticipated implementation of the High School Transfer Academy (a middle college model) which provides the high school 11th and subsequently 12th grade students the opportunity to participate in the collegiate curriculum which will enable students to complete high school curriculum to meet graduation requirements as well as the transfer curriculum at Santa Monica College; and the Early College High School Program to be offered to the SMMUSD students from grades 9 through 12.

Along with collaborating on the objectives of the MOU, the group works to enhance existing programs, create new opportunities for students, as well as offer professional development opportunities for the counselors and staff through various CTE grants.

Dual Enrollment and SMMUSD

The Dual Enrollment Program offers high school students an opportunity to take college-level courses at their high schools. The project manager works with SMMUSD high schools to ensure that the program supports their needs. The program provides outreach material, enrollment services and a program orientation to all participating students in addition to supporting SMC instructors who teach at these high schools. Currently the program is offering three courses at Santa Monica High School and one course at Malibu High School. These specific courses are outlined as follows:
Matriculation and Enrollment Priorities

The Enrollment Management workgroup is currently reviewing student success in relation to completion of the college matriculation process (application, assessment, orientation, and counseling). A recommendation will be forwarded to the Board of Trustees this Spring on an updated enrollment priority policy for new and continuing students.

SMMUSD Young Collegians Program

The goal of the program is to offer Santa Monica and Malibu high school students the opportunity to obtain a high school diploma and accrue college units simultaneously. The targeted population is comprised of students who have traditionally been underrepresented in postsecondary education, students who have not had access to the academic preparation needed to meet college readiness standards, students for whom the cost of college is prohibitive, students of color, English Language Learners, and first-generation college attendees.

As a cohort, the Young Collegians participate in concurrent enrollment classes at SMC during the summer and are given the opportunity to individually take additional classes in the fall and spring semesters. The aim of the program is for a Young Collegian to successfully complete at least 14 SMC college units by the time they graduate from high school. The summer courses that the Young Collegians participate in are:

- Year 1 - Speech 5, Interpersonal Communication and Counseling 1, Developing Skills
- Year 2 - Music 36, History of Rock Music and Library 1, Library Research Methods
- Year 3 - CIS 4, Introduction to Computers, Business Applications and Communication 1, Survey of Mass Media Communications

Along with the SMC summer classes, the Young Collegians are also expected to attend student success workshops, which provide tutoring opportunities, team building exercises, career exploration, presentations from inspirational speakers, in addition to computer workshops.

During the school year, the group is brought together once a month for additional student success workshops that are designed to provide additional skills that reinforce their high school curriculum. These workshops support the techniques that the Young Collegians learn during the summer and continue to provide them with study skills tools, career exploration exercises, college readiness discussions and strategies, college tours and one-on-one conferences.

This is a very exciting year for the Young Collegians program. The hard work of Cohort 1 has paid off and all 15 students will be graduating high school and will have at least 14 college credits on their SMC transcripts. The students have all applied to at least one four-year school and Young Collegians who choose to attend SMC as a full time student will be awarded $500 dollars by the SMC Foundation. Their success will be celebrated at a banquet on June 9, 2011.
The second cohort has seventeen students who started the program in summer 2009. As the years pass the program is gaining interest and the cohorts are getting larger. Cohort 3 has 34 students who started the program last summer, and it is anticipated that Cohort 4 will have over 40 students starting the program summer 2011.

**Career Technical Education and SMMUSD**

Fall Counselor Day took place on November 19, 2010 with over 65 SMMUSD and LAUSD counselors in attendance. The agenda covered an in depth look at CTE programs at the college as well as introductions to online and print resources that are available to counselors who are working with trying to determine their future paths. The Spring Counselor Day is planned for April 8, 2011. The counselors from the high schools will be given the opportunity to have a firsthand account of the steps that are required of a new student who will be enrolling at SMC and will be given a brief overview of the many student support services at the college. New CTE programs approved during the fall semester will also be presented to the counselors.

Workforce and Economic Development through its Career Technical Education (CTE) grant is one of the sponsors of the 2011 SMC Latina/o Youth Conference. The conference is set for March 26, 2011, with a Career Technical Education emphasis, inviting junior/senior SAMOHI, other local high school and SMC students to attend.

CTE in collaboration with Tech Prep and BSI is presenting a Professional Development Day on March 25, 2011 presented by Michele Serros, an SMC alumnus. Ms. Serros was hailed as one of Newsweek’s “Women to Watch for the New Century.” She is also the author of Honey Blonde Chica, Chicana Falsa, and How to Be a Chicana Role Model. Michele was a featured contributor for the Los Angeles Times children’s fiction section and was a writer for The George Lopez Show. Ms. Serros will talk about the foundation that needs to be laid to support students in career pathways for the 21st century. The presentation will take place on Friday, March 25, 2011.

CTE collaborated with the SMMUSD “Connect for Success, a transition program from middle to high school, and the Young Collegians Program that took place on Tuesdays and Thursdays in July 2010. There were four sessions consisting of two days, three hours of activities. The first day involved the introduction to career pathways and technical careers available at SMC with an emphasis on sustainable careers and a tour of the SMC Sustainable House and CTE departments. The second day involved an online preview of the “Who Do U Want 2 Be” website at the computer lab, career assessment testing with results discussion, and a tour of SMC’s Nursing Lab and Simulation classroom for a total of 226 students.

CTE established a new collaboration with the Boys and Girls Club of Santa Monica and the Community Corporation of Santa Monica. SMC CTE assisted and presented CTE Pathway assessments and orientation sessions to the first two cohorts of the Youth Empowerment Group in the club sites at John Adams Middle School, Lincoln Middle School, Lincoln Main site, the Centinela Avenue and the Pacific Apartments, which took place in March, June, and December 2010. The presentations consisted of one-hour activities involving the introduction to the career technical programs available at SMC and Who Do U Want 2 Be initiative. There were 215 at-risk 7th and 8th grade youth that participated.

In the Fall 2010, CTE in collaboration with the SMC Small Business Development Center counseled and trained Santa Monica High School students in the ROP SAGE program in building small business acumen in preparation for the Spring 2011 business plan competition.
Santa Monica College- Malibu Program

The Malibu site at Webster Elementary School is gaining interest and the word is getting out to the Malibu residents that SMC is in their neighborhood. City residents were made aware of the program through a marketing campaign with a flyer mailed to all Malibu residents and displayed at local city vendors. Comments are very positive and interested individuals are excited to see SMC in Malibu. The SMMUSD school staff and district staff have been very supportive and accommodating of the program. The classes are held in portable rooms at the east end of the Webster campus. Individual calls were made to each registered student to ensure that students were aware of the location of classes prior to the start of the semester. The specific courses offered at Malibu are outlined below.

Fall 2010
- Art 30A, Watercolors
- English 1, Reading and Composition
- Envrn 7 /Geography 7, Intro to Environmental Studies
- History 11, History of the US through Reconstruction
- Math 54, Elementary Statistics

Spring 2011
- Anthropology 2, Cultural Anthropology
- Art 30A/B, Watercolors
- ESL 973, Intermediate, Idioms, Prepositions and Vocabulary
- Photography 1, Introduction to Photography
- Pol Sci 1, National and California Government
- Psych 1, General Psychology

Early Assessment Program

The Santa Monica College Student Success committee, Assessment Center, Outreach and Recruitment, and SMMUSD partnered to create an Early Assessment Program (EAP). The purpose of EAP is to help students understand and prepare for the SMC placement test. Recent research has pointed to a need for colleges to more explicitly communicate to incoming students the importance of the assessment test. This lack of information regarding placement exams leads many students to not prepare for placement tests and thus perform poorly. This lack of preparation has serious consequences for a student’s educational future. Students from SMMUSD high schools and SMC feeder high schools will be given an opportunity to participate in a series of workshops designed to get students prepared to take the assessment test at SMC. The first workshop will give students a general idea of what to expect on the test and expose them to some resources to help them study. Workshop two will be a math review workshop for students who would like more directed assistance on how to study for the math portion of the test. Workshop three will be the actual assessment test with a diagnostic portion. Students will get a score on the assessment test as well as some pointers on what to study to improve their test score. A second assessment review session for math will be offered to those students who feel they did not do well on the math portion.

SUBJECT: COMMUNITY RELATIONS AND GOVERNMENT RELATIONS

SUBMITTED BY: Superintendent/President

SUMMARY:

The Office of Public Programs and Community Relations is an accessible source of information, community linkages, community members to serve on various departmental advisory boards, and funding support through the SMC Associates. A report on Community Relations for the 2010-11 year is included in Addendum A.

Santa Monica College has a long history of state legislation sponsorship and advancement. Such efforts have been focused on achieving symmetry for community colleges with regard to the other two branches of public higher education, and parity within the 72 districts of the community college system. A report on past, recent, and proposed legislation is included in Addendum A.
RECOMMENDATION NO. 1

SUBJECT: ADOPTION OF STRATEGIC BUDGET PLAN ELEMENTS – OBJECTIVES AND PRINCIPLES

SUBMITTED BY: Superintendent/President

RECOMMENDATION: It is recommended that the Board of Trustees adopt the following Strategic Budget Plan Elements – Objectives and Principles.

COMMENT: The Strategic Budget Plan Elements – Objectives and Principles were originally adopted by the Board of Trustees in April, 2007 and reaffirmed in June, 2009. They were updated for the Board’s review and discussion at its Study Session on February 15, 2011. The following draft that incorporates the Board’s comments and suggestions has been shared with DPAC and the Budget Planning Subcommittee.

Santa Monica Community College District

**Strategic Budget Plan Elements**
As of February 16, 2011

**Objectives**

1. Develop a budget plan that brings available ongoing revenues and expenditures into balance effective with the adoption budget for 2012-2013.

2. Going forward from the 2011-2012 budget maintain benchmarks that will help guide budget decisions for the College.

3. Protect the College’s ongoing operation by maintaining a fund balance that equals one month of salary for the District of 7.5% or more going forward from 2011-2012.

As it works to accomplish these objectives, the College will do so consistent with the following set of principles. These principles are intended to influence the decision making and budget development process. Some may be considered shorter term, meaning the next two to three budget cycles, while others will have an impact beyond the immediate circumstance.

**Principles**

A. The College is committed to student access and success and service to the community.

B. Ensure that enrollment targets are consistent with the state-funded FTES cap, and, to the degree that they are the basis for revenue projections, can realistically be achieved within the fiscal limitations of the College.

C. Maintain course offerings that are responsive to student needs and consistent with the State priorities of transfer, career technical, and basic skills education.

D. Programs will not be eliminated or reduced without careful review.

E. Establish and maintain an acceptable cost effective level of learning resources and student support services based on comparative performance data as determined by the College.

F. Develop expenditure reduction strategies that are spread across a variety of budget categories.

G. Expedite changes that may produce lower costs over time such as energy saving retrofits, alternative energy sources, reduction or consolidation of facility usage, etc.

H. Where possible and practicable, use staff attrition and/or existing vacancies as one means of reaching budget targets.

I. To avoid layoffs of permanent employees, seek salary freezes, furloughs, salary reductions, and other adjustments.
J. Assure that all employee groups share in cost reductions and solicit from each group suggestions on ways to distribute reductions within the group.

K. Continue to seek external sources of funding, such as grants, to support the College's core missions, but avoid those with matching, management, or reporting requirements that demand significant college resources.

L. Establish priorities for Unrestricted General Fund support of activities or programs outside of the core mission of the College.

M. Develop a budget process that manages the growth of expenditures based on: analysis of program need (rather than historical allocations); realistic expectations of revenues; updated market information; and performance measurements.

N. In light of the current State-imposed funding reductions, review ongoing and future planning initiatives in terms of their long term advantages to the College in meeting public demand for services, improving student success outcomes, or to provide new revenues. Modify, defer, or abandon as appropriate those for which the costs outweigh their potential for furthering the College's core missions and goals.

O. Make effective use of the College's established planning structures and processes to recommend specific actions to reach the stated objectives, following the principles listed above. The College President shall clarify how these recommendations will be evaluated and the timelines necessary to arrive at a set of final recommendations for any particular budget cycle.

P. Benchmarks will be used as a guide to inform the decision-making process.

Reviewed/discussed by Board of Trustees: 2/15/2011
Objectives

1. Develop a budget plan that brings available ongoing revenues and expenditures into balance effective with the adoption budget for 2012-2013.

2. Going forward from the 2011-2012 budget maintain benchmarks that will help guide budget decisions for the College.

1. Develop a budget plan guided by benchmarks that brings available ongoing revenue and expenditures into balance, effective with the adoption budget for 2013-2014.

2. Protect the College’s ongoing operation by maintaining a fund balance that equals one month of salary for the District of 7.5% or more going forward from 2011-2012.

As it works to accomplish these objectives, the College will do so consistent with the following set of principles. These principles are intended to influence the decision-making and budget development process. Some may be considered shorter term, meaning the next two to three budget cycles, while others will have an impact beyond the immediate circumstance.

RECOMMENDATION NO. 2

SUBJECT: SMCCD INITIAL COLLECTIVE BARGAINING PROPOSAL TO THE SMCCD POLICE OFFICERS ASSOCIATION (SMCCDPOA)

SUBMITTED BY: Superintendent/President

RECOMMENDATION: It is recommended that the Board of Trustees present the Santa Monica Community College District initial collective bargaining proposal to the Santa Monica Community College District Police Officers Association (SMCCDPOA).

Pursuant to Section 3547(a) of the Government Code, Board Policy 3134 and the establishment of the Santa Monica Community College District Police Officers Association (SMCCDPOA), the District proposes the following for a collective bargaining agreement with the SMCCDPOA and that a public hearing be held at the next regular Board of Trustees meeting for the public to have an opportunity to comment on this proposal prior to commencing negotiations. The District reserves the right to add items to this initial proposal.

Article 1 – Agreement, Designation of Parties and Length of Agreement
Article 2 – Recognition
Article 3 – Hours of Employment
Article 4 – Performance Evaluation

MAJOR ITEMS OF BUSINESS

RECOMMENDATION NO. 3

SUBJECT: SMCCD POLICE OFFICERS ASSOCIATION INITIAL COLLECTIVE BARGAINING PROPOSAL

SUBMITTED BY: Superintendent/President

RECOMMENDATION: It is recommended that the Board of Trustees acknowledge receipt of the Santa Monica Community College District Police Officers Association (SMCCDPOA) initial collective bargaining proposal.

COMMENT: The SMCCDPOA requests the following items to be discussed at the bargaining table.

2. District paying employee’s contribution towards PERS
3. Donning/Doffing on duty
4. Exclusive parking in rear of station
5. Class A uniform or equivalent annually
6. Provide increase in uniform allowance
7. Adding Police Officer Bill of Rights (POBOR) language in contract
8. Increase in pay totaling 4% over life of agreement
9. Updating the locker room
10. No contracting out POA work for any event using college facilities where security is needed
11. Add dispatching to college officer duties
12. Establish a POA office in the squad room
13. Maintain all other benefits currently enjoyed; no changes in benefits

A public hearing will be held at the next regular Board of Trustees meeting for the public to have an opportunity to comment on this proposal prior to commencing negotiations.

RECOMMENDATION NO. 5  INCREASE IN CONTRACT FEE FOR ONLINE CURRICULUM DEVELOPMENT

Requested Action: Approval/Ratification
Requested by: Katharine Muller, Dean, External Programs
Approved by: Jeff Shimizu, Vice President, Academic Affairs

Provider: Governet, provider of CurricUNET to SMC for online curriculum and program development and maintenance

Amount of Contract:

- $28,000  Increase for year one (July 2, 2010-July 1, 2011)
- $3,000  Increase for year two (July 2, 2011-July 1, 2012)
- $3,000  Increase for year three (July 2, 2012-July 1, 2013)
- $34,000  Total increase
- $70,500  Original amount of contract
- $104,500  Total of amount of amended contract

Term of Contract: July 1, 2010 - July 1, 2013 (renewable after a three-year period)

Funding Source: District Budget (savings generated by renegotiated contract with eCollege, see Recommendation No. 14, Board of Trustees agenda, June 1, 2010)

Summary: The proposed contract was presented to and approved by the Board of Trustees on June 1, 2010. The contract fee has since increased by a one-time program review module and support fee of $28,000; and $3000 for support of the program review module for contract years two and three thereafter – a total increase of $34,000 from the originally approved amount of $70,500. The Academic Senate Joint S/ILO Committee recommends that the college purchase the CurricUNET Program Review module as an addition to the CurricUNET curriculum module. This cost effective solution will support institutional planning by providing an on-line template to facilitate creation and ongoing historical documentation of both the six-year program review and annual updates in a format that links to data resources as well as curriculum and SLO documentation. These capabilities will significantly enhance progress toward compliance with statewide outcomes assessment and accreditation standards.

Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

INFORMATION ITEM H

SUBJECT: COMMUNITY RELATIONS AND GOVERNMENT RELATIONS

Community Relations 2010-2011

Coming up on its 30\textsuperscript{th} year of unbroken college support the SMC \textit{Associates} continues to fund activities across the spectrum of campus disciplines and interests:

For the second year (with plans for a third in 2011-2012), the \textit{Associates} has funded a collaboration between the SMC \textit{Art Department} and the Otis Art Institute as the institutions come together to present cutting-edge voices in the art world at the Broad Stage; Underwriting exhibit-related speakers in the college Art Gallery is another way in which the \textit{Associates} has supported the Art Department.

This year the \textit{Associates} provided substantial support for the 2011-2012 Master Classes at the Broad Stage for artists such as Lynn Harrell and Lee Ritenour, programs of the Broad Stage. They will be sponsoring the Mother’s Day weekend concert that combines the talents of the SMC Music and Dance Departments in two public Broad Stage performances with a playful “Food” theme, expressed in both movement and music.

On May 1\textsuperscript{st}, in a significant partnership with KCRW, the \textit{Associates} will be offering “Global Street Food”, a weekend morning program also at the Broad Stage with food show host Evan Kleiman and guest chefs, and the opportunity for the audience to sample food from on-site food trucks after the program.

Five speaker series have consistently been funded by the SMC \textit{Associates} and continue strong to enrich the campus experience of a wide spectrum of students:

- \textit{Distinguished Scientists}, the first speaker series instituted at SMC and now finishing an amazing 11\textsuperscript{th} year, still well-attended with richly varied presentations of physical, life, and earth scientists drawn from all over the West. A very popular program “How the Environment Causes Obesity and What We Can Do About It” started off the series in the fall with lively discussion and a full house.
- \textit{Literary Lectures}, an impressive line-up of writers includes the recent Poet Laureate of California; This series now enjoys the broad support of the English Department and beyond since it has been very successful in showcasing culturally rich and diverse authors.
- \textit{Global Connections}, created as the first step in the college’s Global Citizenship commitment is now in its fourth year and in 2010-2011 features prominent speakers on the Israeli-Palestine conflict, the new social enterprise model for doing business, disaster relief in Haiti, global earthquake forecasting, the conflict in Sudan;
- \textit{Masters of Dance} gives SMC dance students the opportunity to participate in master classes led by experts from the many worlds of dance.
- \textit{Semi-annual U C Press Lecture} brings to the campus experts in a variety of fields whose work has been published by the university press. Members of the U C Press Associates in Southern California are invited to these presentations.
In close collaboration with the City of Santa Monica for the fourth year, the college will be a prominent partner in the S M Airport Art Walk in March, featuring mentored college art students at work as well as the ever-popular SMC ceramics arts studio demonstrations.

In another active sharing of resources and venues with the SMMUSD, an SMC Youth Soccer Tournament is being planned to be hosted at the college in the late summer for invited local school and community soccer clubs.

*The SMC General Advisory Board* is actively growing while the average age of the membership is declining. We have been able to bring on younger business and professional members of the community with their own set of networks and more active engagement styles. This year some GAB members also hosted international students in their homes for the Thanksgiving holiday, a program that will continue next year with the active support and involvement of the International Education Center.

A very well-received breakfast meeting this winter allowed the members to experience the SMC Digital Learning Studio; as a result of that event and subsequent word of mouth from GAB members we were asked to offer an additional demonstration to several outside groups of educators from both public and private institutions (SMMUSD, Wildwood School, LA Police Orientation Preparation Program/LA Police Academy Magnet School, SPARK).

To encourage community service involvement for our SMC faculty and staff, we are creating a community resource fair at the Spring 2011 Flex Day in March, inviting a number of diverse organizations to attend. While they will be there to offer volunteer opportunities and other information, the agencies in turn will also have an opportunity to learn more about the college.

A growing number of campus departments and groups are finding their own enrichment programs opening up more and more occasions for collaboration with the Office of Public Programs and Community Relations. The office is perceived as an accessible source of information, community linkages, community members to serve on various departmental advisory boards, and funding support (through the *SMC Associates*).
Santa Monica College and State Legislation

Following a short summary of enacted and currently proposed state legislation advanced or sponsored by Santa Monica College. These acts are largely in response to issues related to the 1978 Prop 13 shifting of community college funding from the local to the state level. Such legislation from Santa Monica College is infrequent; the current activity is unusual in that regard.

1987 – “Free Flow” – AB 2061 (Hayden) and SB 1416 (Beverly). Both acts allow students to attend any college in the state regardless of the District in which they reside, effective January 1, 1988. The senate bill was first introduced in 1985, but met with strong resistance from LACCD. At that time, 25,000 Los Angeles students were attending colleges in other districts, while only 6,000 “suburban” students were attending Los Angeles colleges. SMC served Los Angeles students by contract with LACCD. Renewal of the contract was often contentious and sometimes disadvantageous to SMC. Free flow and the reforms enacted by AB 1725 in 1988 furthered the effort to position community colleges as a component of the state’s higher education system.

1993 – “Parking Fees” – SB 889 (Rosenthal). This act specifically allows Santa Monica College to raise parking fees to a maximum of $60 per semester (up from a maximum of $40) and not to exceed the cost of constructing on-campus parking. Pasadena City College had previously received legislative authority for this purpose.

1998 – “Parking Fees” – AB 2812 (Committee on Higher Education). Among many items addressed in this 1998 omnibus act is a clean-up of the parking exceptions granted to Pasadena CC, SMC, Glendale CC, and others. New language allows any community college to raise parking fees to the level necessary to fund on-campus parking facilities if the college had a parking shortage more severe than the state-wide average and a cost of land more expensive than the state-wide average.

2004 – “Equalization” – Adopted State Budget. This was the first of three consecutive state budgets that addresses the unequal per FTES funding among community college districts stemming from the effects of Prop 13. (A 1985 Los Angeles Times article on the inequity noted that LACCD received $2,599 for every FTES, compared with $2,132 at El Camino College and $2,052 at Santa Monica College.) SMC received $4.6 million additional in ongoing funding as a result of equalization, with most of the funds starting in 2004-05 and the rest in 2005-06.

2008 – “Alcohol Beverages” – AB 3071 (Committee on Governmental Organization). This act addresses the regulation of alcoholic beverages on public premises. One provision of this act extends to Santa Monica College and other qualifying community colleges an ability to accommodate the use and sale of alcoholic beverages pursuant to a license or permit obtained for special events.

2009 – “Nonresident Capital Fees” – AB 947 (Brownley). This act permits community college districts to charge all nonresident students an additional fee based on the District’s prior year capital outlay by deleting the condition that the nonresident be a citizen and resident of a foreign country. The act provides SMC with additional capital funds to provide for equipment purchases, deferred maintenance, and other capital needs.

2010 – “Nonresident Tuition” – AB 2297 (Brownley). This act authorizes the governing board of community college districts to adopt a nonresident tuition fee that is no greater than the average of the nonresident tuition fees of public community colleges of no less than twelve states with comparable cost of living. This act provides SMC with needed flexibility in setting nonresident tuition fees to meet general fund operating costs.
2011 (Introduced) – “Extension Credit Programs” – AB 515 (Brownley). This proposed legislation would authorize the governing board of a community college district to establish and maintain an extension program offering credit courses. Such authority would not require the approval of the board of governors. The bill would state the intent of the legislature in enacting the bill, to include providing local communities additional flexibility to meet community needs in areas such as advanced technology and workforce development; providing members of the public access to credit programs offered under contracted arrangements with other agencies and companies; addressing existing limitations in access to extension programs due to geographical distance or time of travel; augmenting use of local community college facilities authorized by community investments in local elections subsequent to the passage of Proposition 39 in 2001; and providing other benefits, both tangible and intangible.
