SMC's Psychological Services will work closely with other groups on campus to raise awareness and acceptance of mental health issues and concerns and thus reduce stigma and discrimination associated with such issues. Significant activities will include year round training for faculty and staff through departmental workshops, brown bag lunches, and flex day trainings; the development of a peer-facilitated support group; and increased communication and coordination among on campus and community groups.</td>

The College is currently looking into a more automated parking enforcement system, so the decal printing service may not be needed in a long run. Because SMC has already established both the technical and the operational process, it is recommended that the college keep the current practice until it migrates to a more modern approach to address the needs.</td>
