APPENDIX A: 2013-2014 Quarterly Budget Report and 311Q
V. **SUPERINTENDENT’S REPORT**

- 2013 Southern California Convention of the Journalism Association of Community Colleges (JACC) held at Cal State Fullerton, October 11-12, 2013. About 360 students from 26 community college journalism programs attended the convention. Students participated in several on-the-spot writing and photography contests and attended workshops throughout the two-day event. The results of the publications contest recognizing top work from last year were also announced. Certificates were presented to the Corsair students who won a total of 20 awards.

- SMC’s *Solidarity* Wins Best Drama at San Diego Film Festival: The first film to come out of SMC’s new film production program “Solidarity”, written and directed by SMC student Dustin Brown and co-starring SMC student Mantas Valantiejus, won Best Dramatic Short at the San Diego Film Festival held October 2-6, 2013. Professor Salvador Carrasco is the instructor of the Film 33 class that produces these original short films. Drew Davis is the production coordinator. “Solidarity” received partial support from the SMC Foundation. Certificates were presented to the SMC students.

- Beijing Dance Festival, September 2013: SMC Global Motion performed at the 15th Beijing International Tourism Festival (BITF) in Beijing. BITF is the top dance festival in China and is regarded as the number one of the top ten influential festivals presented by International Festivals and Event Association (IFEA). Participants from all over the world have performed at these festivals. Of thousands of applicants, SMC Global Motion is one of the few applicants to be selected to perform. Students presented diverse world dance styles and interacted with master teachers and students from different cultures over a period of nine days. Students also had the opportunity to develop deeper cross-cultural understanding of key world cultures. 21 students and 3 faculty members attended the festival. A short video and photo presentation of SMC students who participated in the festival was presented.

- Master Plan for Education 2013-2014 Update: The college basically completed all of the 2012-2013 institutional objectives. There are nine objectives for 2013-2014, two of which are based on strategic initiatives GRIT and I^3. Four are related to Program Review recommendations, four are related to the Academic Senate Objectives and seven are related to the Board’s Goals and Priorities.

- Santa Monica College participated in the Great Shake Out on October 17, 2013. Overall, the event went very well with almost 100 percent participation. It provided an opportunity for the college to test the Singlewire and Blackboard Connect Ed emergency notification systems.

RECOMMENDATION NO. 1

SUBJECT: RESOLUTION: VETERANS AWARENESS WEEK

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following resolution in support of Veterans Awareness Week, November 10-16, 2013.

WHEREAS, the United States Congress has declared the second week of November as National Veterans Awareness Week since 2000 to emphasize the need to develop educational programs regarding the contributions of veterans to the country; and

WHEREAS, the United States Department of Veterans Affairs, as well as many other education-focused organizations have produced educator’s guides, which advocate multiple ways to recognize veterans and teach youth about veterans; and

WHEREAS, many veterans continue to serve their country in public schools and colleges as teachers, classified professionals, and other school employees providing valuable instructional and support services to the schools and students of Santa Monica College; and

WHEREAS, the veterans on staff deserve recognition for their continued service to the future of our country and education and safety of the students of Santa Monica College; and

WHEREAS, the veterans on staff can best provide a meaningful personal connection between the students of the Santa Monica College, Armed Forces veterans and service to our country;

THEREFORE, BE IT RESOLVED, that the Santa Monica Community College District Board of Trustees declares the week of November 10–16, 2013, as Veterans Awareness Week at Santa Monica College; and

BE IT FURTHER RESOLVED, that the Santa Monica Community College District hereby recognizes and wishes to honor the continued contributions and sacrifices of the Armed Forces veterans, especially those serving as teachers, classified professionals, and employees at Santa Monica College; and

BE IT FURTHER RESOLVED, that the Santa Monica Community College District encourages the development of a program utilizing Armed Forces veterans on staff to educate the students of Santa Monica College about the sacrifices and contributions of the Armed Forces veterans.

SUBJECT: APPOINTMENT OF PERSONNEL COMMISSIONER

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees reappoint Joy Abbott to the SMC Personnel Commission for a three-year term that commences December 1, 2013 and expires November 30, 2016.

SUMMARY: The process of filling a position on the Personnel Commission requires that two members be appointed by Board of Trustees; two members be appointed by the classified employees of the District; and the fifth member is appointed by the four appointed commissioners. The Board of Trustees advertised the vacancy created by the expiration of Joy Abbott’s term, reviewed applications received and is reappointing Ms. Abbott to the Personnel Commission. The Personnel Commission’s appointee Dolores Press has decided not to seek another term as a Personnel Commissioner. Therefore, the Personnel Commission is currently recruiting to fill that vacancy.

#### RECOMMENDATION NO. 3

**SUBJECT:** AMENDMENT TO AGREEMENT WITH BLACKBOARD CONNECT ED

**SUBMITTED BY:** Vice-President, Enrollment Development

**REQUESTED ACTION:** It is recommended that the Board of Trustees approve an amendment to the agreement with Blackboard ConnectEd for communication services for an amount not to exceed $60,000 for unlimited messaging for 36,000 recipients (including support fee), which brings the total two-year contract total to $113,000.

**FUNDING SOURCE:** 2013-2014 District Budget/Enrollment Development

**SUMMARY:** This is an amendment to the annual agreement with Blackboard ConnectEd that enables staff to record, schedule, send, and track thousands of voice and text messages. The service has enhanced enrollment management communication, providing opportunities to improve outreach and retention services through targeted messages, by telephone, to students. The system also serves as the District emergency communication system. The events of June 7, 2013 marked the first time the District fully used the capabilities; however, the volume of calls exceeded the allocation of 154,000 prepaid message units by well over 400,000 messages, resulting in overage costs in excess of $70,000. The college has negotiated an unlimited plan for $56,500 annually, which was previously unavailable given the more transient nature of the community college population. Blackboard has agreed to retroactively offer that plan to SMC for the 2012-2013 year, thus minimizing the overage costs for the June 7th incident. This will allow periodic testing of the system which is not possible without the unlimited plan. The $60,000 requested for approval is the difference between the original limited contract and the new unlimited plan for both 2012-2013 and 2013-2014.

INFORMATION ITEM 5

SUBJECT: SMC FOUNDATION UPDATE

SUBMITTED BY: Senior Director Institutional Advancement/ SMC Foundation Director

STUDENT SUCCESS AND THE FUTURE WORK FORCE

The Santa Monica College Foundation, in consultation with Santa Monica College, has approved a plan to significantly expand the fundraising efforts of the SMC Foundation. The purpose is to benefit SMC student success initiatives, professional development programs, and other SMC support programs. The effort is driven by the SMC Foundation’s desire to make a meaningful contribution to the urgent societal need to increase the number of college graduates and to assist the overall well-being of SMC.

The effort is designed to be a partnership, with the impetus for the partnership coming from the SMC Foundation. Resources are proposed to come both from the SMC Foundation, including the use of reserves, and from the College, as in-kind support during the current year, then as direct funding in future years, if merited by results. The plan establishes benchmarks and identifies the personnel needs for each strategic focus.

This report provides a brief history of the SMC Foundation, an update on current efforts, and additional details regarding the proposed plan.

HISTORICAL CONTEXT

The Santa Monica College Foundation, a California nonprofit public benefit corporation, was founded in 1956.

To provide perspective, Santa Monica College at the time was a program of the Santa Monica-Malibu Unified School District (SMMUSD), governed by the Board of Education. (The College did not become a separate district until 1970 and did not have a separately elected Board of Trustees until 1982.) The College had just moved its academic instruction to the new campus on Pico Boulevard, in 1952.

Tuition was free, and the Board of Education had the authority to raise local property taxes to adequately fund instructional, support, and community service programs.

The plan and original purpose of the Santa Monica College Foundation was to provide scholarship monies for students who had completed their studies at SMC to help them with their expenses at a transfer college. By the 1970s, though, the Foundation’s mission had grown to include providing scholarships for students while at SMC.

(On a side note, it wasn’t until 1982 that the Board of Education established a foundation for the K-12 program. The Santa Monica-Malibu Education Foundation was created after the passage of Proposition 13 in 1978 and the loss of local taxing authority. The purpose of the Santa Monica-Malibu Foundation has been specifically to enhance and supplement the curriculum of the school district.)
In 1994, Santa Monica College hired the first full-time director of institutional advancement to serve as the executive director of the Santa Monica College Foundation. As of June 30, 1994, the SMC Foundation had assets of $2,160,185.

A program to encourage planned gifts for Emeritus College was also begun in 1994. In 1997, the SMC Associates program was folded into the SMC Foundation. A capital campaign to fund the construction of the Madison Theater was begun around 1998; and the Chairs of Excellence program was begun in 2000, along with a new fundraising initiative, the President’s Circle. These programs helped expand the mission of the SMC Foundation to include institutional support as well as student scholarships. In 2006, the Madison Theater project was spun off and a separate foundation was established for the program; and in 2009, the SMC Board of Trustees approved the transfer of the David Simon estate bequest funds to the SMC Foundation.

As of June 30, 2013, the SMC Foundation had assets of approximately $20,300,000. Most of these assets are restricted.

**CONTRIBUTIONS THIS PAST YEAR AND RECENT YEARS**

The past two years have seen an increase in contributions, due in large part to an $807,500 gift for student scholarships from the Estate of Peggy Bergmann in 2012 and a $1.025 million gift in support of online education from Conrad Lee Klein and Joan Dempsey Klein in 2013. Contributions for the current year exceeded goal.

Besides revenues from contributions and grants, ongoing revenues for the SMC Foundation come from interest and dividends from the assets under management and also from an annual transfer in from Santa Monica College’s general fund to fund the Director and Associate Director positions. One-time revenues for the Foundation can include use of reserves, including recognition and use of gains on investments.

**SCHOLARSHIPS AND PROGRAM SERVICES**

Most of the funds available from contributions and grants are restricted for program services and scholarships. The SMC Foundation awarded 792 scholarships totaling about $660,000 this past year. Other program expenses include distribution of funds to Emeritus College, the SMC Associates, the Margin of Excellence program, the Chair of Excellence program, the Department Innovation Program, Athletics, the Dale Ride Internship, student relief, and other department programs. FY 2013 activity includes the partial funding of Winter 2013 by the Associated Students.

**A DEVELOPMENT PLAN FOR FY 2013-14 AND BEYOND**

Over the last few months, beginning with a Foundation Board retreat this past February and including many hours of Board explorations and calculations, the Foundation has developed a plan that increases the fundraising potential of the Foundation with the intent to provide a rich educational environment for Santa Monica College students. This plan supports the Board of Trustees priority #10 for the District to pursue and obtain appropriate external funding.
As has been the practice of the Foundation, these resources will augment programs at the College, and are not intended to supplant existing funding.

The plan identifies the personnel needed for a program four to six times the scale of the current program, over a timeline of seven years—a horizon long enough to establish ongoing efforts in the areas of major gifts, annual giving, corporate giving, other foundations, and planned giving.

The Foundation Board earlier this month approved the use of more than $300,000 of reserve funds for the first year funding of this increased effort. The total revenue sources of $1.6 million includes the continuing use of funds from SMC for the executive director and associate director positions, $200,000 new of in-kind services provided by the College, and $316,000 new absorbed by the SMC Foundation’s reserves to balance the $1.6 million operating budget.

Professional management and staffing requirements are central to achieving the fundraising goals. New systems have either been employed or are in development for (i) financial control of costs and revenues, (ii) sorting of funding opportunities, (iii) managing endowments, and (iv) communicating periodically with the SMC Foundation’s various publics.

The SMC Foundation staff at this time includes Vanessa Butler, Executive Director, with responsibilities for major gifts and other foundations; Lizzy Moore, Vice President of Strategic Partnerships, with responsibilities for major gifts and corporate programs; Saundra Barsoum, Director, Annual Fund, with responsibilities for major gifts, SMC Associates, and President’s Circle; and Chip Potts, Associate Director and Chief Financial Officer.

STRATEGIES

The following strategies will be employed to achieve the funding outcomes.

• **MAJOR GIFTS—NAMING OF NEW BUILDINGS and PROGRAMS**

Five major buildings are scheduled to open in the next four years, including two buildings at the Academy campus, an east wing at the Performing Arts Campus, and the Student Services and Physical Education/Dance buildings on the main campus. These are strong candidates for naming opportunities. In addition there are new and expanded programs such as First Year Experience, Center for Teaching Excellence, EMERGE, Promo Pathways, Emeritus, Film, Public Policy, and more that are likely to attract donor interest. The SMC Foundation will develop collateral materials for presentation to affluent individuals and corporations for potential naming of buildings and programs. Major Gifts requires a personal approach with the potential giver. The Foundation plans to source affluent individuals through board affiliation and known leaders in the community.

The SMC Foundation recently used philanthropic analytic software to review the giving potential of its existing donors, with results that appear to validate the feasibility of this approach.

• **FOUNDATIONS and PLANNED GIVING**

The Foundation intends to mail its first year-end appeal tied to planned giving, to inform the community that SMC supports a planned giving platform.

In addition, the Foundation, in partnership with the College’s Grants Office, closed a first grant with the Parsons Foundation for SMC’s Veterans program. The adopted 2013-14 plan includes increased grant applications covering EMERGE, Promo Pathways, First Year Experience, GRIT, and Technology. The plan includes a researcher and additional grant writer to work with SMC’s Grants Office. The goal is to reach out to 100 regional foundations.

• **BOARD OF DIRECTOR DEVELOPMENT**

The SMC Foundation has re-worked its bylaws and intends to bring on 30 new board members over the next two years and up to 100 over the next five years. The SMC Foundation is currently at nine voting members now. Current giving levels are at $1,000 per Board member. Under the new bylaws, the nominating committee will set levels for board donations.
ANNUAL GIVING

Both the President’s Circle and SMC Associates programs are vital to allowing broad participation in the activities of the SMC Foundation, and core to successful funding outcomes.

A fall campaign and a spring campaign will emphasize new levels of giving from $100 up to $10,000 this year and will be supported through a telemarketing effort. If possible, the campaigns will be timed to allow for on-air radio support from the College’s radio station. Other activities being planned include opportunities to interact with members of the SMC faculty and program staff, possibly through dinners at Board members’ homes.

Evolving Issues

A number of issues, most of which have counterparts in the College’s ongoing activities, were identified in the SMC Foundation’s recent planning discussions. Staff has prepared preliminary notes on each of these, and will also be interacting with SMC staff as solutions are proposed. One issue is communications, including the broad issue of defining and communicating who SMC is to the community at large. Another is segmentation, tailoring appeals and language to patrons in meaningful ways. A third is enhanced public relations, including a higher profile of the President’s office and of SMC faculty and programs. SMC as a successful and innovative institution has much to offer in the public dialogue about efforts to improve student outcomes. Among other things, a public relations effort can embrace social media, place importance on visuals and mini-stories, establish a regular communications vehicle to philanthropists and other foundations, and can establish a national presence for the institution. The SMC Foundation will be a vital partner in the ongoing work of the College to establish an integrated communications team. Fourthly, the SMC Foundation must improve data, both in collection, evaluation, and activity. Lastly, the SMC Foundation must move beyond traditional media, to establish itself in social media, mobile communications, and electronic media.

Conclusion

New beginnings are a time of great optimism. On behalf of the members of the SMC Foundation Board of Directors, staff wishes to extend great appreciation for the support of Santa Monica College in this planning effort, and looks forward to many exciting days ahead.

SUBJECT: SANTA MONICA COLLEGE AND SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT COLLABORATIONS – FALL 2013 UPDATE

SUBMITTED BY: Vice-President, Academic Affairs

SUMMARY: The Santa Monica-Malibu Educational Collaborative was developed in 2007 as an outgrowth of the Memorandum of Understanding (MOU) entered into by the two districts. The initial purpose of the Collaborative was to develop partnerships, share resources, and execute the objectives of the MOU. The Collaborative meets 8 – 10 times a year and, over time, has expanded its scope and participation. Recognizing that other agencies and institutions work with many of the students Collaborative programs are targeting, and that a collective effort would have a stronger impact, the Collaborative has expanded membership. In addition to members representing multiple areas and responsibilities of SMC and SMMUSD, representatives of local agencies providing out of school support (Boys & Girls Club, Police Activities League [PAL], Virginia Avenue Park and others), upper division institutions (Cal State Northridge), and the City have been participating in the Collaborative for several years.

Thus, when the City of Santa Monica embarked on the Cradle to Career Initiative (c2c) and assessed existing work groups, the Collaborative was identified as the logical group to assume c2c leadership for addressing college readiness and career training for the 16-24 year age group. While the Collaborative remains a strong vehicle for facilitating collaborations between SMC and SMMUSD, it has become a larger and stronger network of entities helping to weave a civic net of support and services that is the goal of c2c. It should be noted that although c2c is focused solely on Santa Monica students and residents, the initial MOU encompasses the SMMUSD District and collaborations between the two districts also include efforts in Malibu. Collaborative discussions and participation have also extended to programs impacting students outside of SMMUSD boundaries.

Specific collaborative efforts and programs between SMC and SMMUSD are described in more detail below.

Young Collegians

For the past six years the Young Collegians program has been motivating and guiding students from SMMUSD to see college as a viable option. As a cohort, the Young Collegians participate in concurrent enrollment classes at SMC for three summers after their freshman year. The aim of the program is for a Young Collegian to successfully complete at least 14 SMC college units by the time they graduate from high school. Along with the college courses the students attend student success workshops during the summer and the school year.
During the past six years the program has been offered to six cohorts. Four of these cohorts have completed the three summers required for the program and two cohorts are continuing to participate in the program. The seventh cohort will be recruited during the spring semester. The six cohorts account for 138 students. Out of these students, 67 have already graduated from high school and 64 or 95 percent of them are attending a college or university. The three students who are not enrolled in college are working; the coordinator is in contact with these students and is hopeful that they will pursue higher education in the near future.

In addition, the overall success rate of the Young Collegians in the SMC classes has been 85 percent with a retention rate of 95 percent. This high success and retention rate can be attributed to the continuous support that is provided by the program throughout the summer. The goal of the program is to create an environment that is encouraging and work with each Young Collegian on helping them reach their true potential.

The program coordinators are continuously exploring new ways of reaching these students and helping them navigate their education. For the coming summer they are planning on formalizing the student success workshop curriculum and creating handbooks for the three cohorts that focus on college readiness, career exploration and study skills.

Below is the ethnic breakdown of all the students the program has served.

**Career Technical Education and SMMUSD**

Bi-annual Counselor Days took place on April 19, 2013 and October 18, 2013 with over 55 SMMUSD and LAUSD counselors in attendance. SMMUSD counselors use this day as part of their professional development training. The agenda covered an update of the new CTE programs at the college, online and print resources that are available to counselors as career pathway tools, college testing and assessments, as well as SMC support services.

CTE launched Career Coach, a web-based tool that markets careers and programs to students by providing valuable information on how wages, trends, and careers connect to education and training, including a professional resume builder component. The tool was demonstrated during Spring 2013 at the SAMOHI Career Day, SMC/SMMUSD Education Collaborative, SAMOHI counselors professional training, Santa Monica Chamber of Commerce Education Subcommittee, Boys and Girls Club education staff, and Virginia Avenue Park education staff. Presentations also were made at Summer JAMS, and plans for the Fall include Olympic High School students and SAMOHI/Malibu counselors.
CTE partnered with SparkLA in providing Mentorship opportunities to CTE faculty at SMC in Fall 2013. SparkLA partners with schools and workplaces to match underserved 7th and 8th graders with mentors working in career fields aligned with the students’ strengths and interests. There were 50 John Adams Middle School Students selected for this project. Students are paired with a faculty member in their area of interest and through weekly meetings, they learn about the field and development of a project. The Mentorship includes weekly two-hour meetings for 10 weeks during the Fall term. There were eight CTE faculty members that applied and one was selected. This effort will be continued to include all SMC faculty for the Spring 2014 term.

CTE gave technical support to the Young Collegians summer program for cohorts 4, 5 and 6. There were 71 students participating in the summer program. CTE presentations were made on Career Planning and Exploration including career presentations and field trip to UCLA's Kinesiology Department.

**Early Childhood Education Career Pathway Project**

Beginning Fall 2014, the Early Childhood Education Department will implement a career pathway in Early Childhood Development with SMMUSD. Dual Enrollment ECE courses, workshops, fieldtrips and support services will be provided. In addition, the Workforce Initiative Grant will support textbooks, school supplies and the instructional costs for the program.

**Santa Monica College- Malibu Satellite Site**

The Malibu site at Webster Elementary School is gaining interest and the word is getting out to Malibu residents that SMC is in their neighborhood. Comments are very positive and interested individuals are excited to see SMC in Malibu. The SMMUSD school staff and district staff have been very supportive and accommodating of the program. The classes are held in portable rooms at the east end of the Webster campus. The coordinator of the program varies the courses offered at the site to ensure that a variety of courses are available to the community. The specific courses offered at Malibu the past three semesters are outlined below.

**Fall 2012**
- History 10- Ethnicity and the American Culture
- Nutrition 1- Introduction to Nutrition Science
- Philosophy 5- Contemporary Moral Conflicts
- Theater Arts 41- Acting I

**Spring 2013**
- Art 20A- Drawing I
- Biology 15N- Marine Biology (non-laboratory)
- Communication Studies 11- Elements of Public Speaking

**Fall 2013**
- Geology 1- Introduction to Physical Geology
- Media 10- Survey of Mass Media Communications
- Sociology 1- Introduction to Sociology
Dual Enrollment and SMMUSD

The Dual Enrollment Program offers high school students an opportunity to take college-level courses at their high schools. The administrator works with SMMUSD high schools to ensure that the program supports their needs. The program provides outreach material, enrollment services and a program orientation to all participating students in addition to supporting SMC instructors who teach at these high schools. For the past two years the program has offered Guitar and Jazz Band at Santa Monica High School and a Chamber Choir course at Malibu High School.

During the Spring 2014 semester the Dual Enrollment program will be considering a pilot accelerated math program for SMMUSD students by offering Dual Enrollment math classes at their high school. The goal of the program is to encourage prospective SMC students to partake in math classes during their senior year to help them maintain proficiency in math.

SMC Pledge

The focus of SMC Pledge is to streamline the transition from high school to college for SMMUSD students. The program requires graduating seniors who are planning on attending SMC to enroll in Counseling 11-Orientation to Higher Education after school during the spring semester of their senior year as well as complete the SMC online orientation and take the math and English assessment tests. The expectation is that if a student successfully completes the two classes and the matriculation process, they will improve their success at SMC. Spring 2012 the program enrolled 65 students, but in Spring 2013 the program only enrolled 19 students. This decrease in enrollment can be attributed to the enrollment fee that was added to the course in Spring 2013. The coordinator of the program is considering changes to the program and is working with the high school counselors to improve enrollment for this coming year.

RECOMMENDATION NO. 7

SUBJECT: FIRST READING – REVISED BOARD POLICY SECTION 2250 – DISTRICT PLANNING AND ADVISORY COUNCIL

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a first reading of revised Board Policy Section 2250 – District Planning and Advisory Council.

ARTICLE 2200: PARTICIPATORY GOVERNANCE

BP 2250 District Planning and Advisory Council

The Board of Trustees establishes the District Planning and Advisory Council. The Board recognizes the Council as the body primarily responsible for making recommendations to the Superintendent/President on matters that are not otherwise the primary responsibility of the Academic Senate (BP 2210), Classified Staff (BP 2220), Associated Students (BP 2230) or the Management Association (BP 2240). Issues include, but are not limited to, District budget, facilities, human resources, instruction, student services and technology planning. Discussion of these issues by the Council will not supplant the collective bargaining process.

DPAC is the College’s primary planning body and coordinates institutional planning. It is the responsibility of DPAC to develop the annual Master Plan for Education Update and oversee the long-term planning efforts of reviewing the Vision, Mission, Values, and Goals, assessing the College’s planning process, and developing new Strategic Initiatives every five years.

The District Planning and Advisory Council shall comprise representatives of the faculty (Academic Senate and Faculty Association), classified staff (CSEA Chapter 36), students (Associated Students) and management (Administration/Management Association), who shall mutually agree upon the numbers, privileges, and obligations of Council members. The District Planning and Advisory Council shall establish its own procedures in conformity with the law.

Adopted: 1/10/2005
Revised 5/4/2009

SUMMARY: The revision to Board Policy 2250, District Planning and Advisory Council, is proposed so that it includes a reference to DPAC’s responsibility for institutional planning and development of the Master Plan for Education.

RECOMMENDATION NO. 8 APPROVAL OF MINUTES

Approval of the minutes of the following meeting of the Santa Monica Community College District Board of Trustees:

October 1, 2013 (Regular Board of Trustees Meeting)
CONSENT AGENDA:  GRANTS AND CONTRACTS

RECOMMENDATION NO. 9  SUBCONTRACTUAL AGREEMENT WITH THE REGENTS OF THE UNIVERSITY OF CALIFORNIA

Requested Action: Approval/Ratification
Reviewed by: Melanie Bocanegra, Director of STEM Initiatives
Approved by: Jeff Shimizu, Vice President, Academic Affairs

Subcontractor: The Regents of the University of California
Contract Amount: $386,566
Funding Source: U.S. Department of Education/HSI STEM and Articulation Grant
(Note: This is year three of a five-year grant)

Summary: University of California, Los Angeles (UCLA), will serve as the university cooperative partner in Santa Monica College’s HSI STEM and Articulation Cooperative Grant. The purpose of this cooperative project is to increase the number of community college students, particularly students traditionally underrepresented in STEM, who transfer to a baccalaureate program in a STEM discipline. SMC and UCLA, specifically the Center for Community College Partnerships and the Undergraduate Research Center, will work together to achieve this goal. As part of this partnership, UCLA will be responsible for the following:

- Provide technical assistance to student support and instructional personnel at SMC as the college strengthens its STEM programming, expands student services to support STEM students, and develops outreach materials to attract students to STEM career pathways;
- Collaborate with SMC STEM faculty to develop Introduction to Research (Science 10) and Research Techniques/Methods courses to prepare students for field research;
- Assist with the implementation of STEM career days and Summer Science and Research Initiative Orientations at SMC and UCLA;
- Participate on grant advisory teams and attend biannual STEM instructional retreats;
- Provide outreach to local schools, encouraging students to pursue careers in STEM;
- Recruit and organize UCLA students to serve as peer mentors for SMC students enrolled in the SMC/UCLA Science and Research Initiative program (183) during the academic year;
- Provide a week-long Summer Bridge Program (Summer Intensive Transfer Experience) at UCLA for SMC students enrolled in the SMC/UCLA Science and Research Initiative; and
- Establish a Summer Research Program at UCLA for students who successfully complete the SMC/UCLA Science and Research Initiative program and SMC STEM coursework. 12-16 SMC SRI students will participate in a paid 10-week residential research internship program at UCLA.

Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

SMC Bond Construction Projects Update

- The parking lot at the Bundy campus was completed.
- The Information Technology Relocation project is in progress. It is a two-story extension to the Media Center that consolidates all technology functions into one area.
- The Board of Trustees approved a contractor in September for the Academy of Entertainment and Technology (AET) project which includes the renovation of the existing building, a new building for KCRW and a parking structure. Construction has started and will take approximately two years.
- Two projects are currently awaiting DSA approval – East Wing at the Performing Arts Center and the Health/PE/Fitness/Dance Center.
- Malibu Campus: The District is proceeding with a design which connects to the new Malibu sewer system. The District will be submitting the project to the City if Malibu next week.
• The College is working with the City of Santa Monica on the Early Childhood Development/Childcare project to be located at the Civic Center.

• Student Services Building: Morris Architects was hired to design the new Student Services Building. The design will allow more flexibility inside the building to respond to changes in student services needs. A conceptual design will probably be ready to present to the Board of Trustees in December 2013.
