APPENDIX A: SMC In-District Enrollment Report
V. SUPERINTENDENT’S REPORT

• Budget Update
  The State has announced its allocation of funds among the community colleges for two programs centered on student services and student success. SMC will receive $3,022,977 of funding through the Student Success and Support Program (SSSP) – this program replaces Matriculation funding that SMC has received in past years – and $1,089,834 of funding through a new and related Student Equity categorical program. SSSP funds will be used to fully implement core services of orientation, assessment, counseling, and other planning services; and Student Equity funds will be used to ensure equal opportunities and to promote student success for all students, regardless of race, gender, age, disability, or economic circumstances. In announcing the results, Chief Director of Business Services Chris Bonvenuto noted that the new criteria for allocating funds is slightly less favorable for SMC than the prior criteria based solely on FTES and head count.

• Master Plan for Education 2014-2015 Update
  The Master Plan for Education is revised extensively every five years as part of the long-term strategic planning process. The first formal Master Plan for Education was adopted in 1997. As reported by Interim Executive Vice President Jeff Shimizu, the current update includes documentation of the District Planning and Advisory Council’s evaluation of the responses to the 2013-2014 institutional objectives – 100 percent of the nine 2013-2014 institutional objectives were either completed (67 percent) or substantially completed (33 percent). The 2014-2015 update includes ten new institutional objectives.

• Bachelor’s Degree
  Under a pioneer pilot program signed into law by Governor Jerry Brown, 15 community colleges will be permitted to offer bachelor’s degrees in fields which meet local workforce needs. However, duplicating degrees offered at the University of California or California State University would not be allowed under the bill (SB 850. SMC’s Academic Affairs in collaboration with the Joint Academic Senate Committees on Curriculum and Career Technical Education will be exploring options for the College to propose bachelor’s degrees in fields that meet the criteria set forth under the law.

RECOMMENDATION NO. 1

SUBJECT: ISSUANCE AND SALE OF SANTA MONICA COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, 2008 ELECTION, 2014 SERIES B, IN AN AGGREGATE PRINCIPAL AND DENOMINATIONAL AMOUNT NOT TO EXCEED $145,000,000, CERTAIN OF WHICH ARE PROPOSED TO BE ISSUED IN THE FORM OF CAPITAL APPRECIATION BONDS AND CONVERTIBLE CAPITAL APPRECIATION BONDS PROVIDING FOR THE COMPOUNDING OF INTEREST, AND APPROVING CERTAIN OTHER MATTERS RELATING TO THE BONDS

SUBMITTED BY: Vice-President, Business/Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the resolution to authorize issuance and sale of the Santa Monica Community College District General Obligation Bonds, 2008 Election, 2014 Series B.

SUMMARY: The District is planning to issue $145,000,000 from 2008 Election (Measure AA) for the Media and Technology Complex–Academy Site, PE/Health/Fitness Dance building, Information Technology relocation, Environmental Performance-Central Plant, Madison East Wing seismic upgrade, Fire Alarm and Security System, Replacement Math and Science Extension building, and Student Services building.

AB182 requires that when a district issues bonds that allow for the compounding of interest, including, but not limited to, capital appreciation bonds, the resolution shall be publicly noticed on at least two consecutive meeting agendas, first as an information item and second as an action item. The resolution was previously considered as an information item at the Board of Trustee’s September 2nd meeting and now is considered as an action item.

INFORMATION ITEM 2

SUBJECT: SANTA MONICA COLLEGE IN-DISTRICT ENROLLMENT REPORT

SUBMITTED BY: Vice-President, Enrollment Development

EXECUTIVE SUMMARY: The purpose of this report (see Appendix A) is to describe the enrollment trends and special activities with respect to students attending SMC from within the Santa Monica Community College District boundaries. The special programs described within this report include programs across the divisions of Academic Affairs, Enrollment Development, and Student Affairs.

Annually, approximately 2,000 graduates of SMMUSD high schools attend SMC. Roughly 85% of those students attended Santa Monica High School prior to enrolling at the College. About 19% of those students participate in special counseling programs. In 2012-13, over 44% received some form of financial aid, 1.7% of the students worked on campus, and SMMUSD students were the recipients of $20,000 in scholarships over the last three years.

The student success data below shows that their course success rates virtually mirror that of the general population of the college and their degree/certificate completion rates are proportionate to the enrollment rates.

Participation in High School Concurrent Programs has grown significantly, especially in both High School Concurrent Enrollment (high school students taking regular SMC courses at SMC), as well as Dual Enrollment (high school students taking SMC courses at their high school).

The student success data for the participants of the Pico Promise Transfer Academy show higher success and retention rates when compared to the overall population. The overall success rate for Pico Promise students was 77% compared to the college wide 67% rate. The overall retention rate for Pico Promise students was 88% compared to the college wide 82%. All PPTA students have a one year education plan and 86% of the students completed at least two courses from their educational plans during the Spring 2014 term, which means they are making progress toward their transfer goal. Sixty-nine percent of the students who were eligible to transfer are transferring to a four year university. Ninety-one percent of the students met with a career counselor and 89% met with a wellness counselor. Most students met with an academic counselor at least three times during the Spring 2014 term. Counselors assisted students in securing state or federal aid to help students cover educational expenses, as 89% of the program students received financial aid.

Priority consideration is given to SMMUSD students applying for admission to the Summer Jams and First Year Experience Programs. Both programs are relatively new and preliminary data indicates higher success rates for participants, but data is still being collected and analyzed.

Overall, Santa Monica College has a strong commitment to serving local students and enjoys a strong partnership with the City of Santa Monica to meet the needs of the local community.

RECOMMENDATION NO. 5 APPROVAL OF MINUTES

Approval of the minutes of the following meetings of the Santa Monica Community College District Board of Trustees:

September 2, 2014 (Regular Board of Trustees Meeting)
CONSENT AGENDA: GRANTS AND CONTRACTS

RECOMMENDATION NO. 6 CONTRACT WITH THE REGENTS OF THE UNIVERSITY OF CALIFORNIA

Requested Action: Approval/Ratification
Reviewed by: Melanie Bocanegra, Director of STEM Initiatives
Approved by: Georgia Lorenz, Vice President, Academic Affairs

Subcontractor: The Regents of the University of California

Contract Amount: $373,865

Performance Period: October 1, 2014 – September 30, 2015 (fourth year)

Funding Source: U.S. Department of Education/HSI STEM and Articulation Grant

Summary: Note: This is year four of a five year grant. The University of California, Los Angeles, will serve as the university cooperative partner in Santa Monica College’s HSI STEM and Articulation Cooperative Grant. The purpose of this cooperative project is to increase the number of community college students, particularly students traditionally underrepresented in STEM, who transfer to a baccalaureate program in a STEM discipline. As part of this partnership, UCLA will be responsible for the following:

• Provide technical assistance to student support and instructional personnel at SMC as the college strengthens its STEM programming, expand student services to support STEM students, and develop outreach materials to attract students to STEM career pathways
• Collaborate with SMC STEM faculty to develop new research method courses to prepare students for field research
• Assist with the implementation of STEM career days and a Summer STEM Orientation at SMC
• Participate on grant advisory teams and attend biannual STEM instructional retreats
• Report on outreach activities conducted by Society for the Advancement of Chicano and Native American Scientists and Citylabs
• Recruit and organize UCLA students to serve as peer mentors for SMC students newly enrolled in the SMC/UCLA Science and Research Initiative during the academic year
• Provide a week long Summer Bridge Program (Summer Intensive Transfer Experience) at UCLA for SMC students enrolled in the SMC/UCLA Science and Research Initiative; and
• Establish a Summer Research Program at UCLA for students who successfully complete the SMC/UCLA Science and Research Initiative program and SMC STEM coursework. 12-16 SRI students will participate in a paid 10-week residential research internship program at UCLA.
CONSENT AGENDA:  GRANTS AND CONTRACTS

RECOMMENDATION NO. 7  EXTENSION OF CONTRACT PERIOD FOR ENERGY MONITORING SYSTEM

Requested Action: Approval/Ratification
Reviewed by: Genevieve Bertone, Director, Sustainability
Approved by: Georgia Lorenz, Vice President, Academic Affairs

Title of Vendor: Sunbelt Controls
Funding Source: HSI STEM and Articulation Grant
Award Amount: $52,000
Performance Period: July 1, 2014 – June 30, 2015

(Contract period Extended from January - June 2014 as approved on February 4, 2014. No additional amount awarded)

Summary: Sunbelt Controls will augment the current District software to provide an Energy Monitoring System (EMS) that will chart the energy consumption at the Science Building and the Center for Environmental and Urban Studies. The dashboard will translate energy consumption into environmental data. The augmented software will have a student portal that will be used for student assignments in unit conversions, metrics and power measurements. Students, particularly those in science classes, will be able to interact with the data to investigate how dashboard measures were created, allowing them to understand the real world applications of scientific data and draw connections between concepts reviewed in the classroom and their own lives.

ESTABLISH - DUE TO CLASSIFICATION CONSOLIDATION

The Personnel Commission completed its extensive study of academic and administrative secretary classifications. The outcome is that the two secretary classifications were consolidated to the higher level Administrative Assistant I classification. The secretary classifications are being abolished and incumbents in the secretary positions will be converted to administrative assistant I.

RECOMMENDATION NO. 14 RESOLUTION FOR ASSIGNMENT OF DELINQUENT TAX RECEIVABLES TO THE CALIFORNIA STATEWIDE DELINQUENT TAX FINANCE AUTHORITY

Requested by: Chris Bonvenuto, Chief Director, Business Services
Approved by: Robert Isomoto, Vice President of Business and Administration
Requested Action: Approval/Ratification

It is recommended that the Board of Trustees approve the following resolution to authorize the assignment of delinquent tax receivables to the California Statewide Delinquent Finance Authority for fiscal years ending June 30, 2014, 2015 and 2016, and authorize the execution and delivery of related documents and actions.

SUMMARY: The California Statewide Delinquent Tax Finance Authority consists of 93 K-14 Districts, including 12 Community College Districts, that have joined together to assign and sell delinquent taxes and assessments, as allowed under Government Code Section 6516.6, at an 10.0% premium. Since 2002 the District has received $511,517 in unrestricted revenue by participating in the California Statewide Delinquent Tax Finance Authority JPA.

WHEREAS, under Section 6516.6(b) of the Government Code of the State of California (the “Law”), a school district, community college district or other local educational agency is authorized to sell and assign to a joint powers authority any or all of its right, title, and interest in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables that have been levied by it or on its behalf for collection on the secured, unsecured, or supplemental property tax rolls, in accordance with such terms and conditions as are set forth in an agreement with the joint powers authority; and

WHEREAS, the California Statewide Delinquent Tax Finance Authority (the “Authority”) has been formed as a joint powers authority for the purpose of purchasing delinquent ad valorem property taxes in accordance with Section 6516.6 of the Law upon terms and conditions which are acceptable to local educational agencies in Los Angeles County; and

WHEREAS, under the Law the amount of property tax receipts to be reported in a fiscal year for revenue limit purposes is equal to 100% of the local educational agency’s allocable share of the taxes distributed to it for the fiscal year, and any additional amounts will not be reported and will be provided directly to the local educational agency; and
WHEREAS, the Board has previously adopted its resolutions approving the participation by the Santa Monica Community College District (the “District”) in the delinquent tax finance program of the Authority with respect to prior fiscal years; and

WHEREAS, the Authority has requested the District to consider selling it certain delinquent tax receivables arising with respect to the fiscal years ending June 30 in each of the years 2014, 2015 and 2016 (collectively, the “Tax Receivables”), at a purchase price which is at least equal to 110.0% of the amount of Tax Receivables; and

WHEREAS, in order to provide funding for the purchase of the Tax Receivables, the Authority has made arrangements to issue and sell a certificate of participation for each fiscal year to a designee of Tower Capital Management, LLC, a Delaware limited liability company; and

WHEREAS, the Governing Board of the District (the “Board”) wishes to take its action at this time approving the sale of the Tax Receivables to the Authority, and approving related documents and actions;

NOW, THEREFORE, BE IT RESOLVED by the Governing Board of the Santa Monica Community College District as follows:

Section 1. Sale of Tax Receivables to Authority. The Board hereby approves and authorizes the sale of the Tax Receivables to the Authority, at a purchase price at least equal to 110.0% of the amount of Tax Receivables.

Section 2. Approval of Purchase and Sale Agreements. The sale of Tax Receivables shall be accomplished under a Purchase and Sale Agreement (the “Purchase and Sale Agreement”) between the District and the Authority, in substantially the form executed by the District in connection with previous sales of tax receivables to the Authority.

The Purchase and Sale Agreement is hereby approved in substantially the form on file with the Clerk of the Board, together with any changes therein or modifications thereof approved by the Superintendent/President of the District (the “Authorized Officer”). The Authorized Officer is authorized and directed to execute and deliver each such Purchase and Sale Agreement on behalf of the District, and the execution and delivery of each such Purchase and Sale Agreement by the Authorized Officer shall be conclusive evidence of the approval of any such changes and modifications. The Board hereby authorizes the delivery and performance of the Purchase and Sale Agreements.

Section 3. Official Actions. The Authorized Officer and any and all other officers of the District are hereby authorized and directed, for and in the name and on behalf of the District, to do any and all things and take any and all actions, including execution and delivery of any and all assignments, certificates, requisitions, agreements, notices, consents, instruments of conveyance, warrants and other documents, which they, or any of them, may deem necessary or advisable in order to consummate the sale of the Tax Receivables to the Authority and the other transactions described herein. Whenever in this resolution any officer of the District is authorized to execute or countersign any document or take any action, such execution, countersigning or action may be taken on behalf of such officer by any person designated by such officer to act on his or her behalf in the case such officer is absent or unavailable.

RESOLUTION OF THE BOARD OF TRUSTEES OF THE SANTA MONICA COMMUNITY COLLEGE DISTRICT OF ITS INTENTION TO DEDICATE BY LEASE AGREEMENT TO VERIZON WIRELESS PERMISSION TO INSTALL, OWN, OPERATE, AND MAINTAIN A CELL SITE ON THE ROOF OF DRESCHER HALL

Requested by: Charlie Yen, Director, Contracts
Approved by: Robert Isomoto, Vice President of Business and Administration
Requested Action: Approval/Ratification

It is recommended that the Board of Trustees approve the following resolution of its intention to dedicate property to Verizon Wireless to install, own, operate and maintain a cell site on the roof of Drescher Hall; and sets November 5, 2014, at 7:00 p.m., as the date and time for a public hearing on the matter.

SUMMARY: This resolution provides the Board of Trustees ability to enter into long-term lease of District’s property. Education Code section 81310 et seq. authorizes the Governing Board of the District to make such dedication after a properly noticed public hearing, if approved by a two-thirds vote of all its members.

WHEREAS, Verizon Wireless, a provider for cellular services, has requested that the Santa Monica Community College District dedicate a portion of real property over certain District-owned property to install, own, operate, and maintain a cell site on the roof of Drescher Hall, more specifically described in Exhibit A; and,

WHEREAS, such dedication is in the best interest of the District; and,

WHEREAS, Education Code section 81310 et seq. authorizes the Governing Board of the District to make such dedication after a properly noticed public hearing, if approved by a two-thirds vote of all its members; and,

WHEREAS, a public hearing on the question of such dedication will be held at the regularly scheduled Board of Trustees meeting on November 5, 2014, at 7:00 p.m.

NOW, THEREFORE, BE IT RESOLVED, the Board of Trustees of Santa Monica Community College District adopts this resolution of its intention to dedicate the property as described in Exhibit A to Verizon Wireless to install, own, operate and maintain a cell site on the roof of Drescher Hall; and sets November 5, 2014, at 7:00 pm, as the date and time for a public hearing on the matter.

BE IT FURTHER RESOLVED, that the Superintendent/President or his/her designee is hereby authorized and requested to take all steps necessary to provide for proper notice of the hearing.

Exhibit A

Premises: (i) a thirty-one-foot, six-inch (31’6”) by eleven-foot, two-inch (11’2”) portion of space containing approximately three hundred fifty-two (352) square feet of space and (ii) a forty-one-foot, six-inch (41’6”) by ten-foot, nine-inch (10’9”) portion of space containing approximately four hundred forty-six (446) square feet of space, all on the roof (Items (i) and (ii) collectively, the “Rooftop Space”) of the Drescher Hall building located at 1900 Pico Blvd., Santa Monica, Los Angeles County, California.

Santa Monica College
In-District Enrollment Report

Executive Summary

The purpose of this report is to describe the enrollment trends and special activities with respect to students attending SMC from within the Santa Monica Community College District boundaries. The special programs described within this report include programs across the divisions of Academic Affairs, Enrollment Development, and Student Affairs.

Annually, approximately 2,000 graduates of SMMUSD high schools attend SMC. Roughly 85% of those students attended Santa Monica High School prior to enrolling at the College. About 19% of those students participate in special counseling programs. In 2012-13, over 44% received some form of financial aid, 1.7% of the students worked on campus, and SMMUSD students were the recipients of $20,000 in scholarships over the last three years.

The student success data below shows that their course success rates virtually mirror that of the general population of the college and their degree/certificate completion rates are proportionate to the enrollment rates.

Participation in High School Concurrent Programs has grown significantly, especially in both High School Concurrent Enrollment (high school students taking regular SMC courses at SMC), as well as Dual Enrollment (high school students taking SMC courses at their high school).

The student success data for the participants of the Pico Promise Transfer Academy show higher success and retention rates when compared to the overall population. The overall success rate for Pico Promise students was 77% compared to the college wide 67% rate. The overall retention rate for Pico Promise students was 88% compared to the college wide 82%. All PPTA students have a one year education plan and 86% of the students completed at least two courses from their educational plans during the Spring 2014 term, which means they are making progress toward their transfer goal. Sixty-nine percent of the students who were eligible to transfer are transferring to a four year university. Ninety-one percent of the students met with a career counselor and 89% met with a wellness counselor. Most students met with an academic counselor at least three times during the Spring 2014 term. Counselors assisted students in securing state or federal aid to help students cover educational expenses, as 89% of the program students received financial aid.

Priority consideration is given to SMMUSD students applying for admission to the Summer Jams and First Year Experience Programs. Both programs are relatively new and preliminary data indicates higher success rates for participants, but data is still being collected and analyzed.

Overall, Santa Monica College has a strong commitment to serving local students and enjoys a strong partnership with the City of Santa Monica to meet the needs of the local community. Santa Monica High School graduates from almost every residential block in Santa Monica attend Santa Monica College, as illustrated below.

Part 2: High School Concurrent Programs

Young Collegians

The Young Collegians program was developed in 2008 by the Santa Monica-Malibu Educational Collaborative. The goal of the program is to offer Santa Monica and Malibu high school students the opportunity to obtain a high school diploma and accrue college units simultaneously. The targeted population is comprised of students who have traditionally been underrepresented in postsecondary education, students who have not had access to the academic preparation needed to meet college readiness standards, students for whom the cost of college is prohibitive, students of color, English Language Learners, and first generation college attendees.

As a cohort, the Young Collegians participate in concurrent enrollment classes at SMC during the summer and are given the opportunity to individually take additional classes in the fall and spring semesters. The aim of the program is for a Young Collegian to successfully complete at least 14 SMC college units by the time they graduate from high school. The summer courses that the Young Collegians participate in are:

Year 1 - Communications Studies 35, Interpersonal Communication and Counseling 1, Developing Learning Skills
Year 2 - Music 36, History of Rock Music and Library 1, Library Research Methods
Year 3 - CIS 4, Introduction to Computers, Business Applications and Media Studies 1, Survey of Mass Media Communications

Along with the SMC summer classes, the Young Collegians are also expected to attend student success workshops, which provide tutoring opportunities, team building exercises, career exploration, presentations from inspirational speakers, in addition to computer workshops.

During the school year the group is brought together once a month for additional student success workshops which are designed to provide additional skills that reinforce their high school curriculum. These workshops support the techniques that the Young Collegians learn during the summer and continue to provide them with study skills tools, career exploration exercises, college readiness discussions and strategies, college tours and one-on-one conferences.

Dual Enrollment

The Dual Enrollment Program offers high school students an opportunity to take college-level courses at their high schools. The project manager works with SMMUSD high schools to ensure that the program supports their needs. The program provides outreach material, enrollment services and a program orientation to all participating students in addition to supporting SMC instructors who teach at these high schools.

**High School Concurrent Enrollment**

The High School Concurrent Enrollment Program offers high school students an opportunity to take SMC regular course offerings at the SMC campus while still in high school. The data shows that the highest enrollment is seen over the summer terms, that many students are taking more than one class, and that participation has grown over 70% from Summer 2012 to Summer 2014.

Part 3: Special Programs

The Pico Promise Transfer Academy

The Pico Promise Transfer Academy (PPTA) began in July of 2011. The PPTA program replaced the former Pico Partnership on the Move, which ran from 2007 – 2011, with a more targeted focus. PPTA is a joint partnership between Santa Monica College and the City of Santa Monica. The Pico Promise Transfer Academy is designed to meet the needs of the underserved, under-represented youth living in close proximity to the College. The program assists and motivates residents of the Pico neighborhood to transfer to a four year college or university to complete a bachelor’s degree. The Pico Promise Transfer Academy was funded to serve 50 students. Services offered through the program include academic counseling, career counseling, wellness counseling, supplemental instruction, early enrollment, financial aid assistance, and book voucher assistance. Participation in all program services is mandatory for students. Students remain in the program until they transfer or otherwise opt out.

The PPTA program incorporated input from the City of Santa Monica and community stakeholders. The overall input from the City of Santa Monica was that we should address the needs of students while focusing on our strengths as an institution. The decision was made to scale the program back and focus on SMC’s transfer function. The program fulfills the needs identified by the City of Santa Monica to create educational support programs that prepare students for college and provide employment opportunities.

The program aims to increase the number of Pico neighborhood residents with baccalaureate degrees. This is accomplished by helping students persist in college. Services are also provided to all students to help them with their transition to college. Special attention is paid to first generation college students entering college. The program also helps students who come in academically underprepared for college level work by providing academic support. Students in the program take advantage of a comprehensive set of services that assist underrepresented youth. Counselors provide assistance with major and career decisions.

The Pico Partnership on the Move program was co-sponsored by the City of Santa Monica from July 1, 2007 to June 30, 2011. During the funding cycle, the District received $151,444 per year of funding from the City of Santa Monica. The District funded $523,308 of the program. The total yearly program budget was $674,752. The City of Santa Monica funded 22% of the total cost of the program during the last funding cycle.
