XIII. ADJOURNMENT
There will be a special meeting/study session of the Board of Trustees on Tuesday, July 26, 2016 at 5:30 p.m. in the Santa Monica College Board Room and Conference Center, Business Building Room 117, 1900 Pico Boulevard, Santa Monica, California.

The next regular meeting of the Santa Monica Community College District Board of Trustees will be held on Tuesday, August 2, 2016 at 7 p.m. (5:30 p.m. if there is a closed session) in the Santa Monica College Board Room and Conference Center, Business Building Room 117, 1900 Pico Boulevard, Santa Monica, California.

APPENDIX B 2016-2017 Annual Contracts and Consultants
VI. SUPERINTENDENT’S REPORT

- College Activities since Board of Trustees meeting in June 2016
  - Commencement 2016 with the largest graduating class of 5,000 students was well attended.
  - Celebrate America on June 25th had over 6,000 attendees
  - Fourth of July Parade featured the Emeritus College band on the second level of a double-decker bus. SMC was well represented with members of the Board, administration, staff and students.

- Enrollment: The college continues to experience a decrease in enrollment demand. Still 55 days away from the start of the fall semester, strategies in the areas outreach, marketing and scheduling are being implemented to increase enrollment.

- State Budget
  On Monday, June 27, 2016, Governor Jerry Brown signed SB 826, the 2016-17 Budget Act, and a number of trailer bills to implement the budget. Overall, the enacted State Budget focuses on investing more in education, supporting programs in fighting poverty and homelessness, and stays the course of increasing reserves and paying down debt. The economy has now finished its seventh year of expansion, two years longer than the average recovery. This budget prepares the next recession by increasing the Rainy Day Fund by $3.3B, to a total balance of $6.7B and limiting new ongoing spending obligations. Proposition 98 funding is expected to grow to $71.9B in 2016-17. This represents an increase of $24.6B or 52 % in five years.

  For the November election, the two propositions of the 17 on the ballot of most interest to the community colleges are:
  Prop 51, Kindergarten-Community College Public Education Facilities Bond
  Prop 55, California Children’s Education and Healthcare Protection Act.

- Continued Welcoming Events for the Superintendent/President were held at:
  - Business Department
  - Emeritus College

RECOMMENDATION NO. 1

SUBJECT: FIVE-YEAR CONSTRUCTION PLAN 2016-2017 THROUGH 2021-2022

SUBMITTED BY: Vice President, Business and Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the filing of the Five-Year Construction Plan, 2016-2017 through 2021-2022 with the State Chancellor's Office.

Five Year Plan Project Listing: See attached listing
Final Project Proposal (FPP): Art Complex

FUNDING SOURCE Local Bonds; State Capital Funds; District Capital Funds

COMMENT: The Five Year Construction Plan identifies all potential future projects, including those in which the State may be asked to provide funding. The District selects projects that are expected to have the greatest possibility of state funding to be developed into an IPP. If the state approves the IPP, then the project can be developed into an FPP the following year.

These projects follow the 1998 Facilities Master Plan and the Career and Educational Facilities Master Plan 2010 Update. A new 2016 master plan update process has begun as part of the District’s ongoing planning..

Math/Science Addition (Approved FPP): The proposed project would consolidate and increase laboratory capacity for Mathematics and Science programs by constructing a new building addition that will be connected to the existing Science building at Santa Monica College. The Mathematics department is one of the largest academic programs at Santa Monica College and is growing beyond what can be reasonably accommodated for students within existing facilities. Currently, Math and Science programs are forced to offer instruction in classrooms and laboratories located within a number of different buildings on campus, many of which are located across campus from each other. The proposed project would construct a 69,565 ASF addition to the existing Science building that will provide 15,815 ASF classroom lecture space, 41,387 ASF laboratory space, 8,069 ASF office space, 2,320 ASF library space, and 1,974 ASF of other support space. The new facility would result in consolidation of the Mathematics, Earth Science, Life Science, and Physical Science programs into a single complex. The project would include demolition of the existing Letters & Science building, Liberal Arts building, and Library Village/Math Complex Portables as a secondary effect. The state has approved this project and it is awaiting the passage November bond measure for funding.
Art Complex Replacement (Pending FPP): The Art Complex at Santa Monica College was originally constructed in 1952. Although the building had a minor renovation of space in 2002, the Art program is currently split between the main campus and satellite Airport site. The proposed project would construct a new building to replace the existing Art Complex and fine arts space at the Airport campus. Building systems, infrastructure and space distribution within the existing Art Complex at Santa Monica College no longer meets the needs of the program. A replacement building will allow the College to construct a functionally efficient building for the Art program and allow the program to function in a single location with dedicated space. The existing Art Complex will be demolished and fine arts space at the Airport Campus will be inactivated as a secondary effect of the proposed project.

RECOMMENDATION NO. 2

SUBJECT: RESOLUTION FOR THE ORDER OF BOND ELECTION UNDER SECTIONS 15100 AND 15120 OF THE EDUCATION CODE AND SPECIFICATION OF THE ELECTION ORDER

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following resolution calling for an election authorizing the issuance of general obligations bonds of the District at an election to be held November 8, 2016.

WHEREAS, Santa Monica Community College District (the “District”) offers local students the highest rate of transfers to four-year universities and preparation for skilled careers, and by repairing and upgrading classrooms and facilities, the District can continue to increase opportunities for local students to earn college credits, certifications and job skills at a reasonable price; and

WHEREAS, certain facilities of the District are outdated, deteriorating and require improvements and repairs such as upgrades in wiring/electrical systems and gas and sewer lines, meeting handicapped accessibility and earthquake safety requirements and fixing plumbing and leaky roofs; and

WHEREAS, the District wishes to provide additional funding for the improvement, construction, equipping and furnishing of District facilities, to ensure that students have modern, safe and efficient classrooms and indoor and outdoor laboratories and that they have access to technology necessary for them to compete for good careers; and

WHEREAS, in the judgment of the Board of Trustees of the District (the “Board”), it is advisable to call an election to submit to the electors of the District the question of whether bonds of the District shall be issued and sold for the purpose of funding the construction, reconstruction, rehabilitation and replacement of District facilities, including the furnishing or equipping of District facilities, or the acquisition or lease of real property for District facilities and paying costs incident thereto; and

WHEREAS, pursuant to the provisions of Proposition 39, adopted by the voters of the State of California (the “State”) on November 7, 2000 (“Proposition 39”), comprising Article XIII A, Section 1, paragraph (b) of the California Constitution (“Article XIII A”), the District may incur bonded indebtedness upon the vote of fifty-five percent (55%) or more of the qualified electors of the District voting on the proposition; and

WHEREAS, pursuant to California Education Code (“Education Code”) Section 15264 et seq. (the “Act”), the Board is specifically authorized, upon approval by two-thirds (2/3) of the members of the Board, to submit to the electorate of the District the question of whether bonds of the District shall be issued and sold for specified purposes pursuant to paragraph (3) of said subdivision (b) of Section 1 of Article XIII A and subdivision (b) of Section 18 of Article XVI of the California Constitution; and
WHEREAS, the Board desires to make certain findings to be applicable to the within election order and to establish compliance with Proposition 39 and the applicable requirements of the Education Code and the Elections Code of the State (the “Elections Code”), as further specified herein; and

WHEREAS, pursuant to Section 10403 et seq. of the Elections Code, the Board now deems it appropriate and necessary to request consolidation of the election authorized hereby (the “Election”) with any and all other elections to be held on November 8, 2016, and to request the Registrar of Voters (the “Registrar of Voters”) of the County of Los Angeles (the “County”) to perform certain election services for the District; and

WHEREAS, the proposed Bond Measure (defined below) to be considered at the Election includes requirements for strict accountability, including establishment of a Citizen’s Oversight Committee and independent annual financial and performance audits to insure all bond proceeds are used effectively and as promised, with no funds going towards administrator’s salaries or pensions;

NOW, THEREFORE, THE BOARD OF TRUSTEES OF SANTA MONICA COMMUNITY COLLEGE DISTRICT HEREBY RESOLVES, DETERMINES, AND ORDERS AS FOLLOWS:

Section 1. Call for Election. The Board hereby orders an election and submits to the electors of the District the question of whether general obligation bonds of the District shall be issued and sold in one or more series from time to time in the aggregate principal amount not to exceed $345,000,000 for the purpose of raising money for construction, reconstruction, rehabilitation and replacement of District facilities, including the furnishing or equipping of District facilities, or the acquisition or lease of real property for District facilities and paying costs incident thereto, as set forth more fully in a ballot proposition approved pursuant to Section 4 below.

Section 2. Order of Election. This Resolution shall stand as the order to the Registrar of Voters to call the Election within the boundaries of the District on November 8, 2016. The Registrar of Voters is hereby requested, pursuant to Section 5322 of the Education Code, to take all steps to call and hold the Election in accordance with law and these specifications.

Section 3. Election Date and Consolidation. The date of the Election shall be November 8, 2016, and the Election shall be held solely within the boundaries of the District. Pursuant to Section 15121 of the Education Code and Part 3 (commencing with Section 10400) of Division 10 of the Elections Code, the Board of Supervisors of the County is requested to order consolidation of the school bond election ordered herein with such other elections as may be held on the same day in the same territory or in territory that is in part the same.

Section 4. Purpose of Election; Ballot Proposition. The purpose of the Election shall be for the voters of the District to vote on a proposition, a full copy of which is attached hereto as Exhibit A (the “Bond Measure”), containing the question of whether the District shall issue the Bonds for the purposes stated therein, together with the accountability requirements of Article XIIIA and the requirements of Section 15272 of the Act. The Registrar of Voters is hereby requested to reprint Exhibit A hereof in its entirety in the voter information pamphlet to be distributed to voters. As required by Elections Code Section 13247, the abbreviated form of the Bond Measure to appear on the ballot appears below and is attached hereto as Exhibit B:
“SANTA MONICA COLLEGE CLASSROOM REPAIR, CAREER TRAINING, HIGHER EDUCATION ACCESS MEASURE. To improve local access to affordable higher education for high school graduates/ adults/ veterans; improve education/ career training in math, science, writing, arts, business; shall Santa Monica Community College District issue $345,000,000 in bonds at legal rates, with citizens oversight/ annual audits, to repair, upgrade, construct, modernize, equip facilities for technology, science/ biotech, college readiness; repair aging, leaky classrooms, remove asbestos, upgrade disabled access, seismic and campus safety?”

The District’s Superintendent/President, Vice President, Business/Administration (or any of their respective designees) is hereby authorized and directed to make any changes to the text of the proposition or its abbreviated form as required to comply with the intent of this Resolution, the requirements of election officials, and requirements of law.

Section 5. The Bonds. (i) The maturity of any bonds issued pursuant to the Bond Measure and under Chapter 1.5, Part 10, Division 1, Title 1 of the Education Code (commencing with Section 15264), as amended, and Article XIII A shall not exceed twenty-five (25) years and shall bear or accrete interest at a rate not to exceed the maximum legal interest rate per annum, and (ii) the maturity of any bonds issued pursuant to the Bond Measure and under Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, as amended, applicable provisions of the Education Code and Article XIII A of the California Constitution shall not exceed forty (40) years, or, in the case of bonds, the interest on which is compounded, twenty-five (25) years, and shall bear or accrete interest at a rate not to exceed the maximum legal interest rate per annum.

Section 6. Authority for Election. The authority for ordering the Election is contained in the Act, Article XIII A, Section 1, paragraph (b), subsection (3) of the California Constitution, and Section 53506 et seq. of the California Government Code. The authority for the specification of this election order is contained in Education Code Section 5322.

Section 7. School Facilities Projects. A list of the specific capital projects (the “Projects”) to be funded from the proceeds of the Bonds is set forth in Exhibit A (the “Project List”). As required by Article XIII A, the Board hereby certifies that it has evaluated safety, class-size reduction and information technology needs of the District in developing the list of capital projects set forth in Exhibit A. The District understands that the costs of administering the Election, managing construction projects and costs of issuance of the Bonds shall be lawful charges against proceeds of sale of the Bonds.

Section 8. Covenants of the Board Upon Approval of the Bonds by the Electorate. As required by Article XIII A and Section 15278 of the Act, if fifty-five percent (55%) or more of the voters of the District voting on the Bond Measure approve the Bond Measure, the Board shall:

(a) Use the bond proceeds only for the purposes of construction, reconstruction, rehabilitation, or replacement of District facilities, including the furnishing and equipping of District facilities, or the acquisition or lease of real property for District facilities, as specifically set forth in Exhibit A, and not for any other purpose, including teacher and administrator salaries/pensions and other District operating expenses;

(b) Conduct an annual, independent performance audit to ensure that the Bond proceeds have been expended only on the capital projects listed in Exhibit A until all of the Bond proceeds have been expended;

(c) Conduct an annual, independent financial audit of the proceeds from the sale of the Bonds until all of those proceeds have been expended for capital projects listed in Exhibit A;
(d) Establish and appoint members to an independent citizens’ oversight committee in accordance with Sections 15278, 15280, and 15282 of the Act, which may consist of some or all of the citizens’ oversight committee members currently sitting; and

(e) Limit the amount of bonds issued pursuant to the Bond Measure so that the tax rate on taxable property located within the District required to repay such bonds will not, based on the District’s reasonable expectations at the date of issuance, exceed $25 per $100,000 of assessed value.

Section 9. Delivery of this Resolution. The Secretary to this Board is hereby authorized and directed to send or hand-deliver a completed and certified copy of this Resolution to each of the Superintendent of Schools of the County, the Executive Officer-Clerk of the Board of Supervisors of the County and the Registrar of Voters no later than August 12, 2016.

Section 10. Tax Rate Statement; Ballot Arguments. Any one of the Superintendent/President of the District, the President of the Board, or their designees, is hereby authorized to execute the Tax Rate Statement attached hereto as Exhibit C and any other required documents and to perform all acts necessary to place the Bond Measure on the ballot. The Tax Rate Statement shall be delivered to the Registrar of Voters on or before August 12, 2016. Any member of the Board is hereby authorized to act as an author or signer to any ballot argument prepared in connection with the Election, including a rebuttal argument.

Section 11. Consolidation of Election; Election Services. Pursuant to Section 5303 of the Education Code and Section 10002 of the Elections Code, the Board of Supervisors is requested to permit the Registrar of Voters, or other appropriate officials of the County, to render all services necessary in connection with the Election including, but not limited to, publication of a Formal Notice of School Bond Election pursuant to Education Code Section 5363 and related law, the mailing of the sample ballot and tax rate statement (described in Section 9401 of the Elections Code), the opportunity to submit ballot arguments in connection with the Election, the canvassing and certification of the returns of the Election, and other ballot requirements pursuant to Education Code Section 15123, for which services the District agrees to reimburse the County as required by law.

Section 12. Reimbursement of Qualified Project Expenditures. The Board presently intends and reasonably expects to have tax-exempt obligations (the “Obligations”) issued on its behalf no later than 18 months of (i) the date of the expenditure of moneys, if any, made with respect to the Projects outlined in the Project List or (ii) the date upon which the Project for which expenditures are to be reimbursed is placed in service or abandoned, whichever is later (but in no event more than 3 years after the date the original expenditure of such moneys is paid), and to allocate an amount of the proceeds thereof not to exceed $10,000,000 to reimbursable expenditures in connection with the Projects, as may be qualified under the provisions of Section 1.150-2 of the Treasury Regulations of the Internal Revenue Service (the “Reimbursable Expenditures”). All of the Reimbursable Expenditures covered by this Section were paid not earlier than 60 days prior to the date of this Resolution or constitute preliminary expenditures within the meaning of Section 1.150-2 of the Treasury Regulations. The Board intends to allocate within 30 days after the date of issue of the Obligations, the proceeds therefrom to reimburse the District for the Reimbursable Expenditures. With respect to the proceeds of the Obligations allocated to reimburse the District for prior expenditures, the Board hereby covenants not to employ an abusive device under Treasury Regulation Section 1.148-10, including using within one year of the reimbursement allocation, the funds corresponding to the proceeds of the Obligations in a manner that results in the creation of replacement proceeds, as defined in Treasury Regulation Section 1.148-1, of the Obligations or another issue of tax-exempt obligations.
The above provisions are made solely for the purpose of establishing compliance with the requirements of said Section 1.150-2 of the Treasury Regulations. This provision does not bind the District or the Board to make any expenditure, incur any indebtedness, or proceed with the financing, acquisition or construction of the Projects.

Section 13. **Bond Counsel.** The Board hereby approves the retention of Norton Rose Fulbright US LLP as bond counsel in connection with the Election and subsequent issuances of bonds thereunder, pursuant to a contract to be entered into by the District.

Section 14. **Effective Date.** This Resolution shall take effect immediately upon its adoption.

PASSED AND ADOPTED by the Board of Trustees of the Santa Monica Community College District at a regular meeting thereof held on the 5th day of July, 2016, at Santa Monica, California, at which a quorum of the Board of Trustees was present and acting throughout, by the following vote.

SANTA MONICA COLLEGE CLASSROOM REPAIR, CAREER TRAINING, HIGHER EDUCATION ACCESS MEASURE. To improve local access to affordable higher education for high school graduates/ adults/ veterans; improve education/ career training in math, science, writing, arts, business; shall Santa Monica Community College District issue $345,000,000 in bonds at legal rates, with citizens oversight/ annual audits, to repair, upgrade, construct, modernize, equip facilities for technology, science/ biotech, college readiness; repair aging, leaky classrooms, remove asbestos, upgrade disabled access, seismic and campus safety?

PROJECT LIST

The Board of Trustees of the Santa Monica Community College District certifies that it has evaluated the District’s urgent and critical capital needs, including school and student safety issues, enrollment trends, class size reduction, overcrowding, energy efficiency and computer technology, seismic safety requirements, and aging, outdated or deteriorating school buildings in developing the scope of projects to be funded. In developing the scope of projects, the District has prioritized the key health and safety and sustainability needs so that the most critical school site needs are addressed. The Board conducted an evaluation at all District sites and received input in developing the scope of projects to be funded. In approving this Project List, the Board of Trustees determines that the District should:

Adhere to specific COMMUNITY ACCOUNTABILITY safeguards such as these:

(a) All bond expenditures are subject to review by a Citizens Oversight Committee which reports to the public, as provided in Education Code Section 15278 et seq.

(b) The District will involve faculty, staff and students in curriculum development at financed facilities throughout the life of the bond construction program.

(c) The District will provide an opportunity for input from community and neighborhood residents during the development of projects to be funded by this bond measure.

(d) The District will apply energy-saving and sustainability standards to all repairs and improvements.

(e) The District will enter into or extend Cooperative Use Agreements with the City of Santa Monica, the City of Malibu and the Santa Monica-Malibu Unified School District in order to make the most efficient use of bond funds whenever feasible.

The Project List includes the following types of projects:

All $345 million of bond proceeds will be spent within the Cities of Santa Monica and Malibu or at sites that share a boundary and are contiguous with the Cities of Santa Monica or Malibu.

None of the bond proceeds can be taken away by the State of California.

All projects funded by bond proceeds will be available for educational and public uses authorized in this Project List.
Replacement safety and modernization projects were identified by means of an independent facilities assessment. Replacement projects and projects to meet new educational needs have been presented to and approved by the District Board of Trustees and are included as priority items in the District’s Capital Improvement Plan on file with the State Chancellor’s Office.

The items proposed for financing in whole or in part with the proceeds of the District’s general obligation bonds include the following capital projects at any or all District facilities:

• provide facilities, classrooms and/or equipment for career education programs in such fields as nursing, computer technology, new media, early childhood education, business, graphic design and other occupations in more than 80 fields of study;

• development and implementation of facilities master plans and related requirements such as environmental impact reports and soils testing, architectural, engineering and similar planning costs;

• demolition of temporary and/or obsolete and unsafe facilities;

• installation and/or upgrading of emergency lighting, fire alarm and security systems;

• installation, upgrade or repair of roadways, walkways, grounds, parking lots and garages;

• entrance improvements; upgrade facilities to comply with Federal mandated Americans with Disabilities Act (ADA) handicap accessibility requirements and State of California seismic standards;

• signage for safety and public information;

• upgrade and/or construction of new and existing restrooms;

• installation, repair and/or replacement of heating, air conditioning and ventilation systems; upgrade of facilities for energy efficiency and to reduce fire risks;

• repair and replacement of worn-out and leaky roofs, windows, walls, doors and drinking fountains;

• installation of wiring and electrical systems to safely accommodate computers, technology and other electrical devices and needs;

• resurfacing or replacing hard courts, turf and irrigation systems and campus landscaping;

• building new and/or renovating existing athletic laboratories and lockers;

• upgrading or replacing inadequate libraries, and administrative spaces;

• installing interior and exterior painting and floor covering; installing covered walkways; construction of various forms of storage and support spaces;

• replacing water and sewer lines and other plumbing systems;

• financing/refinancing of real property leases; financing/refinancing of previously approved bond-financed projects;

• acquiring related furnishings and equipment for all renovation, improvement and/or new and existing construction project components;
• the relocation and/or acquisition of temporary facilities during the renovation, improvement and/or new construction of project components as necessary to maintain education programs in operation during construction;

• acquiring, refinancing and/or entering into arrangements for the use and/or joint use of real property for existing and future classrooms, student services, child care and/or other uses; making site improvements, building infrastructure and/or constructing additional facilities for the purpose of expanding instructional programs to meet future educational demands of District students.

SAFETY AND MODERNIZATION PROJECTS

Science and Math Extension. Santa Monica College is renowned for its science and allied health programs; however, the existing labs for Life, Physical and Earth Sciences are at capacity; also, the current facility for the Math Department consists of temporary trailers and lacks the infrastructure for smart classrooms or support for the use of modern technology for instructional use. Consolidating Math and Science programs into a new Science Extension building supports interdisciplinary interaction. The building extension would qualify for up to $40 million in State funding, which requires a local match. The building will contain an upgraded planetarium and a community lab for all ages, including a nutrition and culinary lab in support of the College’s nutrition program.

Replacement of Temporary Classrooms. Bond proceeds would be used to replace the 1994 temporary trailer Math Village classroom complex with permanent First Year Experience classrooms, student support study space and instructional support labs. These trailers were rushed into service following the 1994 Northridge Earthquake and have exceeded their time of usable service. Additionally, proceeds would be used to replace the 1984 modular English as a Second Language classroom building. This modular building lacks fire sprinklers, is poorly ventilated and has also exceeded its time of usable service.

Upgrading, Renovation or Replacement of Two 1950’s Buildings. The 1952 Liberal Arts building has the poorest Facility Condition Index rating on the College’s main campus, lacks fire sprinklers and does not have an elevator. The 1952 Letters & Science building has the second poorest Facility Condition Index rating on the main campus, and also lacks both fire sprinklers and an elevator.

Renovation of Business Building. The 1981 Business Building is overdue for renovation. The building houses a large number of computer classrooms and labs.

Replacement of Campus Police Station. The current police facility is antiquated and undersized. Applying bond proceeds to the replacement, construction, renovation and relocation of the campus police station and including a public space for community and neighborhood use will improve public and campus safety.

Upgrading, Renovation or Replacement of Art Building. An upgraded, renovated or newly constructed art structure will replace aging building systems and improve space distribution for the many disciplines within the Art Department. The College is eligible to receive up to $10 million in State funding for this project, which requires a local match.

Landscaping/ Water Conservation Improvements and Completing Pico Boulevard Frontage Improvements. Applying bond proceeds for landscaping improvements, including landscaping improvements to complete the main campus Pico Boulevard frontage, will improve water conservation through water reclamation and installation of drought resistant landscaping.
Completing Master Plan Improvements at the Santa Monica College Performing Arts Center Campus. Construction at the Performing Arts Center campus has proceeded in phases, in coordination with available funding. The first phase added the Broad Stage and the Edye Second Space theaters. The second phase has added an East Wing rehearsal hall and music performance labs. The final phase, to be funded from bond proceeds, will include an underground three-level parking structure to replace most of the existing surface parking, along with an above-ground art gallery and green-space plaza. The theaters at the Performing Arts Center are among the most heavily used theaters in Los Angeles County.

Designing and Installing an Outdoor Classroom. The design, construction, installation and improvement of a venue for outdoor plays and class lectures.

Converting Library Interiors. Conversion of existing Library floor space used for book stacks to construct and install additional student study areas, tutoring and collaborative learning spaces that will support student success.

Making Environmental Performance Improvements. Bond funds will be used to upgrade District facilities to achieve energy or resource use efficiency and water conservation and achieve sustainability for District operations.

Upgrading Technology Infrastructure. Bond proceeds will be applied to renovate, replace, upgrade, acquire, install and integrate major site, building and utility systems, equipment and related infrastructure, including lighting, electrical, wiring and related infrastructure for modern technology, classroom instructional technology, communications and security technology (including security cameras and monitoring systems), data, voice, public address and audio-visual communication, energy efficiency, management monitoring systems, networks, fixtures, controls and equipment, cable infrastructure, network expansion, wireless access points and other communications and administrative systems.

COMMUNITY JOINT USE PROJECTS

Providing for a Joint Use Project with the City of Santa Monica. The College will provide up to $20 million in bond funds for the expansion of the City of Santa Monica’s Memorial Park to accommodate soccer and/or other field sports for use by College students and the general public.

Providing for a Joint Use Project with the Santa Monica-Malibu Unified School District. The Johns Adams Middle School Auditorium, adjacent to the College’s main campus, has suffered earthquake damage and is no longer in service. The College will make available bond funds as needed to assist the School District in renovating or replacing the auditorium with a seating capacity of approximately 750, for joint use.

Providing for City of Malibu Infrastructure and Community Educational Facilities. The College will provide up to $25 million in funding enhancements to its instructional presence in Malibu in partnership with the City of Malibu.

ADDITIONAL CONDITIONS

The allocation of bond proceeds may be affected by the District’s receipt of State matching funds and the final costs of each project. In the absence of State matching funds, which the District will aggressively pursue to reduce the District’s share of the costs of the projects, the District may undertake fewer than all of the projects listed above. Some projects may be undertaken as joint use projects in cooperation with other local public or non-profit agencies.

Necessary site preparation/ restoration may occur in connection with new construction, renovation or remodeling, including ingress and egress, removing, replacing or installing irrigation, storm drain, and utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the costs of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein.
NO ADMINISTRATOR SALARIES. PROCEEDS FROM THE SALE OF THE BONDS AUTHORIZED BY THIS PROPOSITION SHALL BE USED ONLY FOR THE ACQUISITION, CONSTRUCTION, RECONSTRUCTION, REHABILITATION, OR REPLACEMENT OF DISTRICT FACILITIES, INCLUDING THE FURNISHING AND EQUIPPING OF FACILITIES, AND NOT FOR ANY OTHER PURPOSE, INCLUDING TEACHER AND ADMINISTRATOR SALARIES OR PENSIONS OR OTHER OPERATING EXPENSES.

FISCAL ACCOUNTABILITY. THE EXPENDITURE OF BOND MONEY ON THESE PROJECTS IS SUBJECT TO STRINGENT FINANCIAL ACCOUNTABILITY REQUIREMENTS. BY LAW, PERFORMANCE AND FINANCIAL AUDITS WILL BE PERFORMED ANNUALLY, AND ALL BOND EXPENDITURES WILL BE MONITORED BY AN INDEPENDENT CITIZENS’ OVERSIGHT COMMITTEE (EDUCATION CODE SECTION 15278 ET SEQ.) TO ENSURE THAT FUNDS ARE SPENT AS PROMISED AND SPECIFIED. THE CITIZENS’ OVERSIGHT COMMITTEE MUST INCLUDE, AMONG OTHERS, REPRESENTATIVES OF A BONA FIDE TAXPAYERS ASSOCIATION, A BUSINESS ORGANIZATION AND A SENIOR CITIZENS ORGANIZATION. NO DISTRICT EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS’ OVERSIGHT COMMITTEE.

SHORT FORM OF BOND MEASURE

SANTA MONICA COLLEGE CLASSROOM REPAIR, CAREER TRAINING, HIGHER EDUCATION ACCESS MEASURE. To improve local access to affordable higher education for high school graduates/ adults/ veterans; improve education/ career training in math, science, writing, arts, business; shall Santa Monica Community College District issue $345,000,000 in bonds at legal rates, with citizens oversight/ annual audits, to repair, upgrade, construct, modernize, equip facilities for technology, science/ biotech, college readiness; repair aging, leaky classrooms, remove asbestos, upgrade disabled access, seismic and campus safety?
EXHIBIT C

TAX RATE STATEMENT CONCERNING MEASURE __
TAX RATE STATEMENT
REGARDING PROPOSED
$345,000,000
SANTA MONICA COMMUNITY COLLEGE DISTRICT
GENERAL OBLIGATION BONDS

An election will be held in Santa Monica Community College District (the “District”) on November 8, 2016, for the purpose of submitting to the electors of the District the question of issuing bonds of the District in the principal amount of $345 million. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the District. The following information regarding tax rates is given to comply with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is $18 per $100,000 of assessed valuation of all property to be taxed in the year 2019-20.

2. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the last sale of the bonds and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is $25 per $100,000 of assessed valuation of all property to be taxed in the year 2025-26.

3. The best estimate from official sources of the highest tax rate that would be required to be levied to fund the bond issue and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is $25 per $100,000 of assessed valuation of all property to be taxed in the year 2021-22.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates. The actual timing of sales of the bonds and the amount to be sold at any time will be governed by the needs of the District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the District as determined in the assessment and the equalization process. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.

The District estimates, based on current assumptions, that total debt service on the bonds would be $722,483,675.
INFORMATION ITEM 3

SUBJECT: GRANTS OFFICE ANNUAL REPORT, 2015-2016

SUBMITTED BY: Vice-President, Academic Affairs

SUMMARY: In 2015-2016, SMC managed nearly $5 million in grant funds through 28 grant projects funded by local, state, and federal organizations, both public and private, all of which were supportive of College’s mission, goals, institutional learning outcomes, and/or strategic initiatives and aligned with the priorities of the Board of Trustees. This included 13 new awards, valued at nearly $2.4 million in additional revenue, with more than $930,000 to benefit 2015-2016 directly. Each of these awards reflects innovation across campus, including an oral history project organized by the History and Film departments to share the perspective of Korean Americans during the Los Angeles Riots building around the story of an SMC student who was the only Korean American to die during the Riots and a new partnership with NASA to provide additional applied learning experiences for SMC’s STEM students. The following graphs provide an historical comparison with past years’ successes:

SUBJECT: SECOND READING AND APPROVAL: BOARD POLICY SECTION 1000 – BYLAWS OF THE BOARD

BP 1210, POWERS AND RESPONSIBILITIES
BP 1220, BOARD OF TRUSTEES POLICIES
BP 1280, EVALUATION OF THE SUPERINTENDENT/PRESIDENT

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a second reading of and approve revised Board Policies in Section 1000 – Bylaws of the Board of Trustees:

BP 1210, Powers and Responsibilities
BP 1220, Board of Trustees Policies
BP 1280, Evaluation of the Superintendent/President

COMMENT: Board Policies 1210 and 1220: The College’s accrediting agency, ACCJC, has revised the standards that guide the college’s self-evaluation report, developed as part of the process of its accreditation reaffirmation. Some of those changes, reviewed in conjunction with board policies, resulted in the identification of needed revisions to board policies.

- Board Policy 1210 Powers and Responsibilities: Changes to the wording of Standard IV.C.5 asks whether the college’s governing board establishes policies consistent with the college mission “to ensure the quality, integrity, and improvement of student learning programs and services and the resources to support them.” The proposed revision to BP 1210 addresses that question.

- Board Policy 1220, Board of Trustees Policies: ACCJC has also added emphasis on tying the college’s policies and processes to the college’s mission. The change to BP 1220, Board of Trustees Policies, confirms that polices are developed and implemented in accordance with the college’s Vision, Mission, Supporting Goals and Institutional Learning Outcomes.

Board Policy 1280, Evaluation of the Superintendent/President: The proposed revision (delete date of June 1st) to bring the policy in line with the current Superintendent’s contract.

Section 1000 – Bylaws of the Board of Trustees

BP 1210     Powers and Responsibilities

The Board of Trustees of the Santa Monica Community College District derives its powers from the Constitution of the State of California (Article IX; Section 14), and laws enacted by the Legislature of the State of California (Education Code).

The Board of Trustees has the Power(s) and Responsibility:

1. to determine the educational program of the Santa Monica Community College District and to ensure the quality, integrity, and improvement of student learning programs and services and the resources necessary to support them.

2. to hire, evaluate and terminate the Superintendent/President.

3. to make rules and regulations for the operation of the District; generally it delegates that authority to the Superintendent/President, retaining the right to review rules and regulations for harmony with Board of Trustees policies.

4. to call or cause to call the elections for certain purposes among the voters of the District.

5. to hold and convey property for the use and benefit of the District.

6. to impose the authorization of eminent domain.

7. to contract for goods and services necessary for the operation of the District.

8. to be fiscally independent from the County Department of Education for the purpose of processing payroll, retirement and payment of expenditures, or of causing special assessments to be levied on property within the District.

9. to fix and prescribe duties to be performed by employees of the District.

10. to establish its own procedures.

11. to sue and be sued.

12. to appraise and review its actions and policies.

Section 1000 – Bylaws of the Board of Trustees

BP 1220  Board of Trustees Policies

The Board of Trustees shall be the policy-making body of the Santa Monica Community College District and shall establish general policies governing the operations of the college in accordance with its Vision, Mission, Supporting Goals, and Institutional Learning Outcomes. Implicit in the adoption of policies is the understanding that the Superintendent/President is delegated the authority to carry them out. The policies adopted by the Board of Trustees are consistent with the provisions of the law, but do not encompass all laws relating to the District’s activities.

The Board of Trustees shall determine the general scope and nature of the operation of the District, but shall not make specific administrative regulations, unless:

1. law requires the Board of Trustees to do so, or
2. a particular matter is of such magnitude that the Superintendent/President should not bear the responsibility alone and needs specific action of the Board of Trustees on such matter.

The Board of Trustees shall seek the recommendation of the Superintendent/President prior to adopting, amending, repealing, or suspending any policy. The formal adoption of policies shall be recorded in the minutes of the Board of Trustees. Only those written statements so adopted and so recorded shall be regarded as official Board policy.

The bylaws and the policies of the Board of Trustees shall be subject to adoption, amendment, or repeal only upon the affirmative vote of four or more members of the Board of Trustees at a meeting held subsequent to a meeting in which the proposed amendment has been submitted in writing. However, revisions of a technical nature that do not affect the intent of the bylaws may be adopted, amended, or repealed at a meeting in which the proposal has been submitted in writing.

The bylaws and the policies of the Board of Trustees shall be subject to temporary suspension upon the affirmative vote of four or more members of the Board of Trustees.

The Board of Trustees does not adopt administrative regulations unless specifically required to do so by law, or unless requested to do so by the Superintendent/President. Adoption and amendment of such adopted regulations shall be by the same procedure as that specified for policies.

The Board of Trustees reserves the right to review and direct revisions of administrative regulations should they, in the judgment of the Board, be inconsistent with the policies adopted by the Board.

BP 1280 Evaluation of the Superintendent/President

The Board of Trustees shall hold an annual evaluation of the Superintendent/President by June 1st each year at a special meeting scheduled on a mutually agreed upon date.

Each member of the Board will individually rate the Superintendent’s performance on the following criteria:

Standard Leadership Criteria
- Educational Advancement and Quality
- Fiscal Health and Internal Operations
- Community and Government Relations (Local/State/National)
- Facilities and Sustainability
- Partnership with the Board of Trustees

Annual Performance Criteria

The performance criteria will be drawn each year from goals and priorities identified by the Board of Trustees.

Title of Grant: Scholarships in Science, Technology, Engineering, and Mathematics (S-STEM)
Granting Agency: National Science Foundation
Award Amount: $649,718
Matching Funds: Not applicable
Performance Period: July 1, 2016 – June 30, 2020
Summary: Through the STEM Scholars Program, Santa Monica College will increase the number of community college students pursuing advanced degrees/careers in STEM, while increasing institutional capacity to support low-income, traditionally underrepresented students enrolled in STEM programs. This project will utilize a multidisciplinary approach to address the unique academic and student support needs of community college students, while providing an average of 36 scholarships per year for a total of 144 scholarships during the next four years.

Title of Grant:  Enrollment Growth and Retention/Attrition Reduction for Associate Degree Nursing
Granting Agency:  California Community Colleges Chancellor’s Office/Workforce and Economic Development Division
Augmentation Amount:  $154,000
Matching Funds:  N/A
Performance Period:  July 1, 2016 – June 30, 2017

Summary:  These funds will help sustain and enhance institutional capacity to serve 10 additional nursing students beyond the current base of 30 students and to improve student retention and completion in the Nursing Program.  For more than a decade, Santa Monica College has been the recipient of Enrollment Growth and Retention funding, which has allowed the College’s Nursing Program to develop and implement an array of student success interventions to support student success.  This new funding will help continue many of these interventions and support new activities, including curriculum review and revision and the use of effective teaching and learning practices.

Title of Grant: Assessment, Remediation, and Retention for Associate Degree (RN) Nursing Programs
Granting Agency: California Community Colleges Chancellor’s Office/Workforce and Economic Development Division
Augmentation Amount: $114,000
Matching Funds: N/A
Performance Period: July 1, 2016 – June 30, 2017

Summary: These funds will support the Nursing Program’s ongoing efforts to improve student success and achieve a retention rate that meets or exceeds state goals. While the program has struggled in the past to achieve an 85 percent retention and on-time completion rate, the program has seen significant improvements since it implemented a merit based multi-criteria selection strategy and other retention activities. This funding will continue to support many of these activities, while further promoting student success by engaging faculty in a comprehensive review and revision of the Nursing Program curriculum, an activity which the program believes will strengthen the teaching and learning environment.

Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

22-B AWARD OF CONTRACT

Provider:  TourCoach Charter and Tours
Amount:  $139,290.81
Funding Source:  General Fund Transportation Budget
Summary:  Renewal of Bid 1314003SF Shuttle Transportation Services (year 3); 128 days for evening shuttle route and airport arts shuttle route and 7 days for PAC shuttle route if needed (includes 3% increase to current rates)

22-C AWARD OF PURCHASE ORDERS

Establish purchase orders and authorize payments to all vendors upon delivery and acceptance of services or goods ordered. The amount includes payments related to bond construction projects. All purchases and payments are made in accordance with Education Code requirements and allocated to approved budgets. Lists of vendors on file in the Purchasing Department.

May 1 – 31, 2016  $ 107,929,729.19

22-D AWARD OF COMPETITIVE CONTRACTS

The annual award of competitive contracts bid through various state and local agencies allows SMC to leverage buying power through strategic sourcing and achieved commodity and service savings as well as reduce administrative cost. These indirect (MRO) contracts are targeted to the products and services which SMC routinely purchases. Leveraging the aggregate buying power and strategic sourcing is a process that moves SMC away from numerous individual procurements to a broader aggregate approach, allowing SMC to achieve savings ranging from 20 to 65 percent.

XII. BOARD COMMENTS

XIII. ADJOURNMENT – 10:18 p.m.

The meeting was adjourned in memory of Evelyn Alvarado, SMC student-athlete who was on the Woman’s Track Team.

There will be a special meeting/study session of the Board of Trustees on Tuesday, July 26, 2016 at 5:30 p.m. in the Santa Monica College Board Room and Conference Center, Business Building Room 117, 1900 Pico Boulevard, Santa Monica, California.

The next regular meeting of the Santa Monica Community College District Board of Trustees will be held on Tuesday, August 2, 2016 at 7 p.m. (5:30 p.m. if there is a closed session) in the Santa Monica College Board Room, Business Building Room 117, 1900 Pico Boulevard, Santa Monica, California.

The agenda for the next meeting will include the following:

Major Items of Business
- Board Goals and Priorities, 2016-2017
- Report: Workforce and Economic Development

Information
- Distance Education Report
- Minutes of Citizens’ Bond Oversight Committee Meeting, July 20, 2016
APPENDIX A

SUBJECT: GRANTS OFFICE ANNUAL REPORT, 2015-2016

Overview

In 2015-2016, SMC managed nearly $5 million in grant funds through 28 grant projects funded by local, state, and federal organizations, both public and private, all of which were supportive of College's mission, goals, institutional learning outcomes, and/or strategic initiatives and aligned with the priorities of the Board of Trustees. This included 13 new awards, valued at nearly $2.4 million in additional revenue, with more than $930,000 to benefit 2015-2016 directly. Each of these awards reflects innovation across campus, including an oral history project organized by the History and Film departments to share the perspective of Korean Americans during the Los Angeles Riots building around the story of an SMC student who was the only Korean American to die during the Riots and a new partnership with NASA to provide additional applied learning experiences for SMC’s STEM students. The following graphs provide an historical comparison with past years’ successes:

Figure 1: Grants Awarded/Submitted Since 2009-2010

Figure 2: Grant Award Totals Cumulative/Single Year Impact Since 2009-2010

Grants by Funding Source
Of the 29 proposals submitted to support Santa Monica College’s mission during the 2015-2016 academic year, 24 were submitted by the College, while three proposals were submitted by other organizations and included Santa Monica College as a collaborative partner, including a successful proposal submitted by Stanford University to the U.S. Department of Education’s Institute of Education Sciences. The majority of these grants were written and submitted by the Grants Office in collaboration with the programs and departments that will manage and implement them. However, the Office of Workforce and Economic Development was instrumental in securing a new grant award from JP Morgan Chase in partnership with Los Angeles City College and in support of the LA HI-TECH program. These grants were also developed with significant support from the Santa Monica College Foundation, specifically the 13 private grants, which supported the cost of a prospect research database that can be used to identify potential funding sources. The following graph provides an overview of grants submitted and awarded by funding source:

**Figure 3: Grants Submitted/Awarded by Funding Type (2015-2016)**

### Success Rate

The success of the Grants Office can be measured in many different manners, including such outputs as number of grants submitted, the number of grants awarded, the amount of funding awarded, and the number of grants awarded that directly support student, faculty, program, and institutional needs and priorities. In addition, success can be measured by the number of grants awarded compared to the number of grants submitted – the success rate – although success is dependent on many factors, including quality of the proposal, quality of the proposed project, fiscal factors, geographic interests, previous history with the funding source, reputation of the institution, among other factors. Consistently high success rates generally mean that an institution pursued only those grants for which it knew it had a high likelihood of receiving (particularly for public grants) and/or there was a significant investment of time during the grant planning process to research the prospect and develop a mutually beneficial relationship (for private grants). While each of these decisions can have a positive impact on the overall success rate, they can also hinder creativity, reduce the total number of proposals submitted, and place a greater value on success and security than on opportunity and risk. Finding an appropriate balance is ideal, particularly if time is not a limiting factor.

In 2015-2016, of the 29 proposals submitted by or on behalf of the college, 13 were funded, yielding a success rate of 44.83 percent. This rate is lower than in years past, largely because 13 of the 29 proposals submitted were to private foundations/corporations with which the College had limited, if any, previous interactions. However, each of these negative responses is an opportunity to follow-up with the funding entity, learn more about its priorities and interests, and raise awareness of the College’s mission, program, services, and students. The following chart provides an overview of the success rate by source of funding.
Significant Accomplishments

- Santa Monica College submitted more grants to support a single academic year than in any previous year and submitted more private grants to support a single academic year than in any previous year in large part due to additional grant writing support funded in part by the Santa Monica College Foundation;
- Santa Monica College received its first ever grant from CalHumanities to fund a unique faculty driven project that directly connects students with the culture and history of the local community;
- SMC also received its first grant award from the U.S. Department of Health and Human Services/Substance Abuse and Mental Health Services Administration grant to promote student, faculty, and staff wellness;
- The College was selected to participate in the California Community College Pathway to Law School Initiative;
- The Office of Workforce and Economic Development helped secure a significant private grant from JP Morgan Chase (the first for the College) through its work with the LA HI-TECH project; and
- The College, through the Santa Monica College Foundation, reconnected fiscally with Providence St. John’s Health Center through a gift for the Guardian Scholars Program.

Alignment with Institutional Mission, Goals, Initiatives, and Outcomes

The Grants Office is diligent in its efforts to ensure that all grant-funded projects work to achieve the college’s mission, as well as one or more of SMC’s strategic initiatives, institutional learning outcomes, and supporting goals. The following table provides a breakdown of grants submitted and awarded to support the 2015-2016 academic year and their relation to institutional goals and objectives. Many of these grants support more than one outcome, and thus the total adds to more than the number of awards.

**Alignment with Board of Trustees Priorities**

Each grant submitted in support of 2015-2016 supports at least one of the Goals and Priorities of the SMC Board of Trustees as established in 2014-2015, the year during which nearly all of these grants were written and submitted. The following table provides an overview of this alignment, identifying the Board Priority with which each grant most closely aligns, although some grants align with multiple priorities, particularly those that foster student equity or CTE program development in an innovative manner.

The submission of these grants in direct support of institutional learning outcomes, supporting goals, and strategic initiatives also helped the college’s Board of Trustees achieve its 10th Priority, to pursue and obtain appropriate external funding. The following list provides a summary of all active grant-funded projects, both new and continuing, for 2015-2016 and how they relate to the Board of Trustee’s Goals and Priorities. It should be noted that many of these grants support more than one of these outcomes; however, for the purposes of this report, projects are listed under their primary area of emphasis.

**Board Goal: Educational Advancement and Quality**

**Board Priority #1: Support a culture of evidence that fosters the use of rigorous methodology to monitor and improve institutional effectiveness and student progress.**

- NEW for 2015-2016 – Institute of Education Sciences ($46,484, U.S. Department of Education through a subcontract with Stanford University): SMC will partner with Stanford University to research the efficacy of Success Navigator. Maral Hyeler is the grant lead.

**Board Priority #2:** Institutionalize initiatives that are effective in reducing the student equity gap, improving basic skills mastery in mathematics and English by, for example, deepening outreach into high schools and expanding Summer JAMS and First Year Experience to include the development of pathways to transfer.

**Student Success/Special Populations—Low Income, First Generation Students**

- NEW for 2015-2016 - Pico Promise ($166,347 – City of Santa Monica): This project is an expansion of the former Pico Partnership on the Move Program that was previously funded by the City of Santa Monica’s Community Development Grants Program. The Pico Promise program offers instructional and student support assistance to low-income students from the Santa Monica-Malibu School District, specifically the Pico Neighborhood, so that they may achieve their academic and/or career goals. Audrey Sandoval served as the grant’s Project Manager. (This project also supports the Board’s third Goal, Community and Government Relationships, Priority #14, to strengthen and expand programs and partnerships that serve SMMUSD students.)

**Innovative Programs that Support Student Success/Special Populations—Foster Youth**
• **NEW for 2015-2016** – Providence St. John’s Health Center ($15,000): This grant will support targeted mental health services, including wellness workshops and one-on-one counseling, for students participating in the Guardian Scholars Program, which provides instructional and student support services to students who are or once were in foster care. Debra Locke is the program coordinator.

• Guardian Scholars Implementation Grant ($48,000 – Stuart Foundation via subcontract award from Loyola Marymount University): SMC is collaborating with Loyola Marymount University and the University of California, Los Angeles, to develop and implement a Guardian Scholars Program. The Guardian Scholars program will support students who are or once were in foster care. Debra Locke is the program coordinator.

• Guardian Scholars Program ($20,000 – S. Mark Taper Foundation): Santa Monica College received its first S. Mark Taper Foundation grant to expand and enhance the capacity of the Guardian Scholars Program to provide instructional and student support services to students who are or once were in foster care. Debra Locke is the program coordinator.

• Guardian Scholars Program (Sidney Stern Memorial Trust: These funds have helped to expand and enhance the capacity of the Guardian Scholars Program to provide instructional and student support services to students who are or once were in foster care. The SMC Foundation received these funds on behalf of the College. No new funding was offered in 2015-2016; instead the College is continuing to spend down these funds. Debra Locke is the program coordinator.

**Student Equity/Special Populations – Science, Technology, Engineering, and Mathematics (STEM)**

• **NEW for 2015-2016** – Minority College Curriculum Improvement Program ($250,000 – NASA): This is Santa Monica College’s third NASA-funded grant to support STEM teaching and learning at Santa Monica College. This three-year grant award will strengthen STEM curriculum through an interdisciplinary approach that addresses challenges to access, skill development, persistence/completion, and employment in STEM occupations, particularly as they relate to the NASA mission and goals. This project will involve multiple hands-on learning experiences for students through partnerships with UCLA, University of Southern California, Jet Propulsion Laboratory, and Arizona State University.

• **NEW for 2015-2016**—STEM Scholarship Program ($25,000 – Edison Corporate Contributions, awarded to the Santa Monica College Foundation): These funds provide financial assistance to students participating in the Science and Research Initiative. Melanie Bocanegra works in collaboration with STEM faculty to distribute these funds via the Santa Monica College Foundation.

• HSI STEM and Articulation Program Grant ($1,133,015 – U.S. Department of Education and delivered in collaboration with the University of California, Los Angeles): The purpose of this grant is to promote STEM degrees and careers among Latino and other underrepresented student populations in STEM, including underrepresented minority students, but also women and low-income, first generation students in general. This will be accomplished through the SMC/UCLA Science and Research Initiative, which includes an array of student support and instructional services, such as counseling, advising, transfer planning, mentoring, and increased involved in applied learning activities. Melanie Bocanegra serves as Project Director. (This five-year grant award ends September 30, 2016, although a new STEM proposal to the U.S. Department of Education is pending.)
• STEM Resources Grant ($20,000 – Kenneth T. and Eileen Norris Foundation awarded to the Santa Monica College Foundation): These funds will buy math and science textbooks that low-income students may check-out and use during the semester to help reduce the total cost of education. Melanie Bocanegra is working with the Santa Monica College Foundation to carry out this project. (This grant was awarded in 2014-2015, but the College is still spending down the award.)

**Political Science/Law**

• **NEW for 2015-2016** – Community College Pathway to Law School Initiative (State Bar of California): Santa Monica College was selected to participate in a statewide initiative that will develop a pathway from community college to law school for low-income students traditionally underrepresented in the law profession. Through this pathway, students who successfully complete the pathway at the community college will receive guaranteed admission to one of the participating law schools. This project focuses on diversifying the legal profession and includes new curriculum development, student support, and outreach services. Edna Chavarry is working with Vicenta Arrizon from Counseling and Christina Gabler from Political Science.

**Basic Skill Improvement**

• Adult Education and Family Literacy Act Funding ($246,655, California Department of Education): This renewable project will strengthen existing non-credit ESL and English Literacy Civics programming through the addition of tutoring and counseling, increased use of technology, and development of vocational ESL classes. SMC will work to build a non-credit ESL program that feeds into for-credit coursework and provides opportunities for non-native English language learners to obtain the skills they need to pursue postsecondary education.

**Student Success/Special Populations—High School Outreach/College Prep and Access**

• Upward Bound ($250,000 – U.S. Dept. of Education): This TRIO grant targets low-income, potential first generation college students from Venice and Crenshaw high schools, providing academic assistance, college planning and assistance, and counseling/mentoring support. The Project Manager for Upward Bound is Bonita Cooper.

• Student Support Services (U.S. Dept. of Education): Funding for this award cycle ended September 30, 2015. Unfortunately, Santa Monica College was not granted a new award, and thus this program ended at the end of Fall Semester 2015. Students in the program were successfully transitioned to other college student support programs, such as the Latino Center, the Black Collegians Center, EOPS/Guardian Scholars, and others.

**Board Priority #3: Strengthen and promote workforce/career technical programs and pathways, such as EMERGE and the rebranding of the Academy of Entertainment and Technology, and improve CTE completion rates.**

**Multidisciplinary CTE Initiatives**

• SB1070 Career Technical Education Pathways Program ($48,000, California Community Colleges Chancellor’s Office): The intent of the SB1070 grant to continue, expand, and regionalize the best practices achieved thus far by the Career Technical Education Pathways Program. The Chancellor’s Office agreed to fund two grants in Los Angeles County, and Santa Monica College partnered with Rio Hondo College (and 7 other colleges) to submit an application on behalf of the nine “Ring Colleges” located outside of the LACCD. The nine “Ring Colleges” have shared information from their SB70 collaborative/CTE Transitions efforts and selected key talent to guide the consortium in the development of a steering committee in order to develop a two-year plan to implement sustainable policies/practices on a regional landscape. This project is managed by the Office of Workforce and Economic Development, although Rio Hondo College is the fiscal agent for the funding from the CCCCO.
• Career Technical Education Enhancement Fund ($452,316, California Community Colleges Chancellor's Office): The purpose of the CTE Enhancement Fund is to develop, enhance, retool, and expand quality CTE offerings that build upon existing community college capacity to respond to regional labor market needs. These funds are provided by the Chancellor’s Office through a pass-through with Rancho Santiago Community College District.

Health Sciences (including Nursing and Allied Health)

• NEW for 2015-2016—Enrollment Growth for ADN to RN Programs ($106,787 – California Community Colleges Chancellor’s Office): The purpose of this grant is to increase student enrollment in SMC’s Nursing Program by 10 students and improve student retention rates through an array of instructional and student support services. Ida Danzey is the Project Director.

• NEW for 2015-2016 – Assessment, Remediation, and Retention Grant for ADN to RN Programs ($114,000 – California Community Colleges Chancellor’s Office): This funding from the Chancellor’s Office was awarded to implement new programming and/or maintain existing programming in support of Nursing student success, including tutoring, counseling, skill development activities, and professional development for faculty. Ida Danzey is the Project Director.

ICTE

• NEW for 2015-2016 – JP Morgan Chase ($50,000): This grant award in partnership with Los Angeles City College will fund student support services at high schools participating in the West Hub of the LA HI-TECH grant. The Office of Workforce and Economic Development facilitated this opportunity and will manage this three-year grant award totaling $150,000.

• California Career Pathways Trust ($673,750 – California Department of Education): Santa Monica College is working in collaboration with Pasadena City College as the fiscal agent to implement the LA HI-TECH grant. This project will develop a robust career pathway in ICTE and expand SMC’s opportunities for collaboration with local and regional high schools, specifically in the area of ICTE. Frank Dawson is the program administrator.

Sustainable Technologies

• NEW for 2015-2016 – Prop 39 Program Improvement Fund ($9,048 – California Energy Commission): The purpose of this project is to strengthen SMC’s Solar PV Installation Program through the purchase of new equipment to stimulate real world work experiences and the provision of training to complement the for-credit curriculum, including 1) LEED Green Associate Certification training (including faculty pay and student assistance to help cover the cost of exam fees and materials); and 2) Living Building Challenge, which is a green building rating that far exceeds the goals set by the USGBC through their LEED Rating System. Vicki Drake is the project lead.

• Prop 39 Program Improvement Fund ($6,263 – California Energy Commission): The purpose of this project is to strengthen SMC’s Solar PV Installation Program through the purchase of new equipment to enhance safety and increase relevance to workplace standards. Vicki Drake is the project lead.
• Advanced Technological Education Program ($67,303 – National Science Foundation): Through this project, SMC will further the development and enhancement of the Solar PV Installation Program by addressing gaps that are preventing students from completing the program and obtaining employment in the field. Specifically, these gaps include insufficient knowledge of math and science upon entry to the program and limited work-based learning experiences prior to completion. SMC will develop contextualized math and science modules to support the content courses and expand the availability of work-based learning opportunities through internships and other partnerships with industry. High school outreach and increased awareness of career opportunities in this industry are also key components. Stuart Cooley is the Principal Investigator, while Steve Paik is Co-Principal Investigator.

Early Childhood Education/Education

• Early Start Pathway ($452,034 – Los Angeles Universal Preschool): The purpose of this project is to develop/deliver a 2+2+2 program in Early Childhood Education in partnership with SMMUSD and CSU Dominguez Hills with the intent to increase the number of qualified early childhood education professionals with a baccalaureate degree. Laura Manson is the principal investigator on this project. (This long-standing partnership with LAUP will end on June 30, 2016.)

• Child Development Training Consortium Grant ($7,500 – state funded): This ongoing project provides tuition, books, mentoring, and professional development activities for ECE students. Laura Manson serves as the lead.

Board Priority #4: Support I3 and other innovative practices that address student need and increase student success.

Innovation through Faculty/Staff/Student Professional Development and Training

• NEW for 2015-2016 – Campus-Based Suicide Prevention Project ($102,000 – U.S. Department of Health and Human Services/Substance Abuse & Mental Health Services Administration): This multi-year federally funded initiative builds upon previous college efforts to develop and deliver mental health prevention and early intervention services to support students campus-wide, targeting specifically students who are underserved and/or at-risk of mental illness, including veterans, disabled students, African American, low-income, and first generation. Sandra Rowe is the Project Director with support from Todd Adamson as Project Manager.

• Title V Developing Hispanic Serving Institutions Grant ($649,859 – U.S. Department of Education): The purpose of this project is to develop a Teaching and Learning Center at SMC that will foster and support the use of best practices in both student support and instructional delivery across campus through an array of professional development activities. This project previously supported the Board priority to “promote professional development activities for all classified and academic staff, including adjunct faculty.” Edna Chavarry is the Project Manager of this five year grant.
Board Goal: Community and Government Relationships

Board Priority #12: Foster community and government relationships and partnerships in fulfillment of SMC’s vision and mission.

Cultural Heritage
- **NEW for 2015-2016** – Community Stories Program ($10,000 – CalHumanities): This project will build upon Santa Monica College’s personal connection with the Los Angeles Riots and the Korean American community to develop an oral history/film project that shares the Korean American experience and perspective during the Los Angeles Riots. The only Korean American to die during the Riots was a Santa Monica College student. This project will tell his story, as well as the stories of many others who were present during that time. Professor Sang Chi from the History Department is working with Walt Louie in the Design Technology Department to develop and implement this program.

Community Connections
- **NEW for 2015-2016** – Community Stories Program ($1,000 – Wells Fargo): This grant provided $1,000 in recognition of the good work that the Alumni Program is carrying out to connect Santa Monica College’s students, faculty, and programs with its alumni and community advocates. The grant itself does not have specific goals and outcomes, but is included here to recognize both the efforts of the Alumni Program and the support of Wells Fargo.

CONSENT AGENDA: ANNUAL RECOMMENDATIONS

RECOMMENDATION NO. 8 2016-2017 ANNUAL CONTRACTS AND CONSULTANTS (continued)

8-B COMMUNITY AND CONTRACT EDUCATION

Requested by: Patricia Ramos, Dean, Workforce and Development
Approved by: Georgia Lorenz, Vice-President, Academic Affairs

The contracts are needed to support infrastructure needs (e.g., the program’s web-based registration system and off-site locations) as well as content providers (e.g., Institute for Reading Development). For the contracts where no dollar amount is indicated (#1-#9), the amount is based on a percentage of the enrollment fees generated.

Funding Source: Contracts for Community and Contract Education (C&CE) are fully-funded by revenues generated through class enrollments.
