VI. SUPERINTENDENT’S REPORT

- SMC Chemistry Boot Camp Wins Statewide Diversity Award: SMC’s STEM Science and Research Initiative “Chemistry Boot Camp” intensive faculty-led workshops which led to unprecedented success for African-American and Latino students in an introductory general chemistry class won a Dr. John W. Rice Diversity and Equity Award. SMC received the award at a ceremony held Tuesday, July 19, 2016 at the Crocker Art Museum in Sacramento. The Board recognized Chemistry professors Roman Ferede and Muriel Walker Waugh, Counselor Sherri Bradford and Associate Dean Melanie Bocanegra for the program’s success. The two other college recipients of the Rice Award were the Family Engagement Institute (Foothill College), and the Veterans Education and Transition Services Program (Saddleback College).

- Santa Monica Film Festival: Among the 13-14 short films presented at the Santa Monica Film Festival on July 23rd were two SMC student films – CORA and Like a Rolling Stone, both of which won awards in several categories. Professor Sal Carrasco was acknowledged for his efforts in training of students.

- Emeritus College Forum: Associate Dean, Emeritus College Gita Runkle reported on the Emeritus College Forum held the previous week where presentations were made on facilities including cleanliness, repairs and maintenance of the Emeritus building, and emergency safety tips. The 250 Club luncheon, an annual event to recognize donors who give $250 or more, was held on July 21st.

- Fall 2016

  - Enrollment Update: The statewide trend of the enrollment decline continues. At SMC enrollment for fall 2016 continues to trail by 1 percent at same time last year. Efforts to improve enrollment include helping students to get into classes, removing enrollment barriers, looking at ways to simplify the enrollment process, and targeting new markets. International and non-resident applications are down 7 percent.

  - Opening (Flex) Day – August 25, 2016: There will be a variety of activities starting with networking at 8:30 a.m., the opening flex day program at 9 a.m. to be followed by workshops and lunch. The theme is “Go SMC, the Spot for Excellent Education.”

  - VIP Welcome Day – August 26, 2016: This is the largest event held on campus with over 2,500 students and representatives of all departments participating. The Board was invited to celebrate and welcome incoming students.

RECOMMENDATION NO. 1

SUBJECT: BOARD OF TRUSTEES GOALS AND PRIORITIES, 2016-2019

SUBMITTED BY: Chair, Board of Trustees

REQUESTED ACTION: It is recommended that the Board of Trustees review, revise as necessary and approve the final Board of Trustees Goals and Priorities, 2016-2019:

BOARD OF TRUSTEES GOALS AND PRIORITIES, 2016-2019

Educational Advancement and Quality

1. Use evidence and rigorous methodology to improve institutional effectiveness and student progress and success. Include metrics that report student engagement, campus environment, and collegiality.

2. Institutionalize and scale up proven initiatives that increase student success and reduce the student equity gap. Focus on improving throughput for basic skills students and successfully moving more basic skills students into college-level mathematics and English; For example, but not limited to: implement multiple measures, pathways, and models of acceleration. Improve performance and completion rates, especially for African-American, Latino/a, and other groups of students identified in the student equity plan.

3. Continue to support and hire a diverse, outstanding, and innovative full-time and adjunct faculty that demonstrates a commitment to student success, engagement and equity. Implement a plan to ensure the college progresses over time toward increasing the percentage and net number of full time faculty. Report annually on college progress, including impact on adjunct faculty.

4. Strengthen, promote and expand enrollment in existing workforce/career technical programs, develop guided pathways and improve CTE completion and placement rates. Pursue opportunities to offer new industry-valued CTE programs through regional partnerships.

5. Continue work on the Center for Media & Design. For example, but not limited to: build relationships with industry partners; continue to develop and innovate the academic and career tech programs; work with KCRW on joint projects and expanded opportunities for student learning; and prepare for the completion and launch of the new campus.

6. Continue to develop and operationalize the baccalaureate degree offering in Interaction Design, including a comprehensive recruitment plan.

7. Support research-based innovations and transformative technologies that increase student success, equity, and institutional effectiveness.

8. Assess and focus on solutions to barriers related to students’ financial resources that negatively impact student success. For example, but not limited to: increase financial literacy; support faculty adoption of open educational resources and other efforts to reduce the high cost of textbooks; work with partner agencies to address food and housing insecurity; address the costs of participating in commencement; and strive to provide more jobs for students on campus.
9. Assess and focus on solutions to barriers related to students’ personal circumstances that may negatively impact student success. For example, but not limited to: develop resources and protocols for better assisting students with mental health challenges, AB 540 students, LBGT students, foster youth, veterans, and other special student populations with common challenges; and offer professional development for faculty and staff on protocols for serving these students and students in distress.

Fiscal Health and Internal Operations

10. Successfully complete the 2016 Accreditation Team Visit and follow up as necessary.

11. Ensure the financial health of the College through enrollment management and development, revenue-generation, cost control, and restructuring, as necessary. Pursue and obtain appropriate external funding.

12. Build and maintain a reserve sufficient to protect against anticipated and unforeseen circumstances.

13. Continue to implement the plan to safeguard post-retirement employee benefits, and develop and implement a plan to fund increasing PERS, STRS, and other benefit obligations.

Community and Government Relationships

14. Strengthen community and government relationships and partnerships in fulfillment of SMC’s vision and mission.

15. Support Emeritus Campus through consistent facility maintenance and continue to promote academic programs.

16. Continue to work with the City of Santa Monica and the SMMUSD to increase the reach and effectiveness of the Cradle to Career Initiative and the Education Collaborative. For example, but not limited to: hold an annual joint meeting with the Board of Education; and strengthen and expand programs, pathways, concurrent-dual enrollment and other partnerships that serve local students and increase college-readiness and success.

17. Develop a legislative strategy to work with legislators and allies in Sacramento and Washington, D.C. to improve policies and funding as needed.

Facilities and Sustainability

18. Update and improve maintenance of current facilities, including air conditioning.

19. Maintain progress on all SMC security, technology infrastructure, and facilities construction projects as described in the SMC construction plan.

   http://www.smcbondprogram.com/

20. Continue to promote and support the use of more sustainable modes of transportation for students and staff

21. Secure funding and begin the next phase of construction and facilities upgrades.

RECOMMENDATION NO. 2

SUBJECT: PUBLIC HEARING AND ADOPTION OF EDUCATION PROTECTION ACCOUNT (EPA-PROP 30) FUNDING AND EXPENDITURES – TO REFLECT THE REVISED AMOUNT IDENTIFIED IN THE SECOND PRINCIPAL APPORTIONMENT (P2)

SUBMITTED BY: Vice-President, Business and Administration

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a public hearing to receive comments on the Santa Monica Community College District’s Education Protection Account (Proposition 30) Funding and Expenditures and to approve the plan to expend the Education Protection Account (EPA) funds of $16,715,978 on instructional salaries.

SUMMARY: Proposition 30, The Schools and Local Public Safety Protection Act of 2012 passed in November 2012. This proposition temporarily raises the sales and use tax by .25 cents for four years and raises the income tax rate for high income earners ($250,000 for individuals and $500,000 for couples) for seven years to provide continuing funding for local school districts and community colleges. EPA is created in the General Fund to receive and disburse these temporary tax revenues.

Districts have sole authority to determine how the moneys received from the EPA are spent, provided that the governing board makes these spending determinations in open session of a public meeting of the governing board. Each entity receiving funds must annually publish on its Internet web site an accounting of how much money was received from the EPA and how that money was spent. Additionally, the annual independent financial and compliance audit required of community colleges shall ascertain and verify whether the funds provided from the EPA have been properly disbursed and expended as required by law. Expenses incurred to comply with these additional audit requirements may be paid from the EPA.

This recommendation is submitted to comply with the Chancellor’s Office and with Proposition 30 provisions requiring the governing board to make the spending determination in an open session of a public meeting of the governing board. The estimated EPA funds that our District will receive decreased from $16,894,391 to $16,715,978 as of P2 and the entire amount will be spent on instructional salaries. The EPA funds are NOT additional funds but rather are components of the “computational revenue” calculations.

SUBJECT: WORKFORCE AND ECONOMIC DEVELOPMENT

SUBMITTED BY: Vice-President, Academic Affairs

SUMMARY: The Office of Workforce & Economic Development (W&ED) secures and administers grants and contracts for Career Technical Education (CTE) programs such as Perkins IV, California Career Pathways Trust, and CTE Enhancement Funds (EF), aimed at improving and expanding CTE programs. These and other revenue sources continue to fund equipment purchases, curricular improvements, academic support, and professional development. Economic Development contracts enable Santa Monica College (SMC) to directly serve small business and industry. W&ED delivers career training through Community Education in addition to offering the local community low cost, not-for credit courses and life-long learning opportunities.

The increased accountability at the federal and state level in terms of regional alignment and program outcomes calls for a reimagining of Career Technical Education. As such, The Office of Workforce & Economic Development has dedicated many activities this year to working with faculty leaders and administrators across divisions to develop a deeper understanding of the interrelationship between business competitiveness, regional workforce needs, and student success across the occupational fields offered at SMC. As a result, career pathway development is now fully underway at SMC.

Reimagining Career Technical Education (CTE) is fundamentally about providing equitable opportunities to all students including career pathways which are responsive to local business needs that students can pursue with multiple entry and exit points. Targeted efforts to communicate the benefits of CTE educational attainment involves multiple stakeholders.

RECOMMENDATION NO. 4

SUBJECT: DONATION OF BROADCAST STATION KJRW

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees authorize the Superintendent/President to accept on behalf of the Santa Monica Community College District the donation of Broadcast Station KJRW 101.3 FM, Los Osos-Baywood Park; and to execute a transfer ownership agreement and other ancillary agreements with EDB VV License LLC and El Dorado Broadcasters LLC, both under management by Frontier Radio Management Inc.

COMMENT: A donor is gifting to the District’s Radio Station KCRW with a full service frequency station signal near San Luis Obispo. The value of the donation will be determined by an independent and qualified appraisal. The District will provide the donor with a donation receipt for the value of the donated assets as determined by the appraiser in accordance with IRS regulations.

The frequency, at 101.3 FM, covers the area from where KCRW’s Santa Barbara signal drops off at Santa Maria and continues up through Cambria, California. The acquisition of this frequency will extend KCRW’s reach from Orange County to the Central Coast.

Plans are for this new station to stream KCRW’s Eclectic24, a 24-hour music stream, which is likely to resonate with the college population in the surrounding region. KCRW will either assume the current lease for the transmitting tower or will enter into a new lease. Funds for the lease will come from the KCRW Foundation.

SUBJECT: FIRST READING: COLLEGE AND CAREER ACCESS PATHWAYS, A DUAL ENROLLMENT PARTNERSHIP AGREEMENT, 2016-2019

SUBMITTED BY: Vice-President, Academic Affairs
Vice-President, Enrollment Development

REQUESTED ACTION: Board of Trustees conducted a first reading of a resolution regarding College and Career Access Pathways, A Dual Enrollment Partnership Agreement, 2016-2019. The complete text of the resolution is available at the following link for Los Angeles Unified School District, Palisades Charter School District and Santa Monica-Malibu Unified School District.

http://www.smc.edu/ACG/Documents/Board%20of%20Trustees%20Meetings/Board_of_Trustees_Meetings/2016/CCAP-Agreements.pdf

SUMMARY: With the passage of Assembly Bill No. 288 the governing board of a community college district can enter into a College and Career Access Pathways (CCAP) partnership with the governing board of a school district with the goal of developing seamless pathways from high school to community college for career technical education or preparation for transfer. As a condition of, and before adopting, a CCAP partnership agreement, the governing board of each district, at an open public meeting must present the CCAP agreement as an informational item and then vote on the agreement at a subsequent board meeting. The agreement will give SMC new Dual Enrollment options by eliminating policy barriers, such as the ability to close courses at high school campuses during the regular school day and to offer remedial math and English classes.

RECOMMENDATION NO. 6

SUBJECT: RESOLUTION IN SUPPORT OF THE CITY OF SANTA MONICA ADVISORY MEASURE AND TRANSACTIONS AND USE TAX MEASURE ON THE NOVEMBER 8, 2016 BALLOT

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following resolution in support of the City of Santa Monica Advisory Measure and Transactions and Use Tax Measure on the November 8, 2016 Ballot:

WHEREAS, the City Council of the City of Santa Monica has placed a Transactions and Use Tax Measure (“TUT Measure”) on the November 8, 2016 ballot that would authorize a one-half (1/2) percent increase to the TUT in accordance with state law; and

WHEREAS, the City Council has placed a companion advisory measure on the ballot that would allow voters to express their preference on the expenditure of funds for public school programs and affordable housing, if the TUT Measure passes; and

WHEREAS, increased funding for local public schools would allow the Santa Monica community to strengthen its efforts to support educational advancement for youth within the community; and

WHEREAS, a lack of available funding limits local public schools’ ability to adequately invest in key educational priorities such as attracting and retaining high-quality teachers, expanding access to preschools, assisting at-risk students, improving school technology, enhancing instruction in arts, music, math, and science, and upkeep and maintenance of school facilities and classrooms; and

WHEREAS, 50 percent of Santa Monica High School seniors have begun or will begin their higher education at Santa Monica College, and improvements made possible by adequate funding of the educational pathway of local youth help to improve student outcomes in college; and

WHEREAS, residents depend upon the City to continue to protect their quality of life and effectuate community priorities, but with the loss of redevelopment funds, the City must seek other resources; and

WHEREAS, increased funding for affordable housing would allow the City of Santa Monica to continue its efforts to address the housing needs of low-income seniors, veterans, working families, and people with disabilities; and

WHEREAS, affordable housing addresses a great need in Santa Monica, where the 2015 median market rent for a two-bedroom apartment was nearly four times greater than what a low-income family can afford; and

WHEREAS, Santa Monica College is the third largest employer in Santa Monica and having an adequate local supply of affordable housing contributes to Santa Monica College’s ability to attract and maintain a qualified workforce; and

WHEREAS, an increase in the TUT would increase revenues for the City of Santa Monica and the City Council could allocate those increased funds toward public education and affordable housing;
NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE SANTA MONICA COMMUNITY COLLEGE DISTRICT HEREBY RESOLVES AS FOLLOWS:

The Santa Monica Community College Board of Trustees endorses and supports the City of Santa Monica’s Advisory Measure and the TUT Measure on the November 8, 2016 ballot, in order to maintain and improve Santa Monica community services, including education of Santa Monica children and students, school repair and improvement, support for preservation of affordable housing, reducing homelessness, and other general services, raising approximately $16 million annually, until ended by the voters.

RECOMMENDATION NO. 16 AUTHORIZATION OF SIGNATURES, 2016-2017
Requested by: Christopher Bonvenuto Chief Director, Business Services
Approved by: Robert Isomoto, Vice President of Business and Administration
Requested Action: Approval/Ratification

Authorization of the following classified managers to approve invoices and payments on contracts for the Santa Monica Community College District for 2016-2017.

   Rupinder Bhatia, Director, Management Information Services
   Rudy Henry, Warehouse and Mail Services Supervisor
   Cindy Palamino, Project Manager, Equity Initiatives

Comment: To comply with Education Code Sections 85232 and 85233 and the Los Angeles County Office of Education (LACOE), the Board of Trustees is required to authorize signatures of those persons who approve invoices and payments on contracts. The auditing system at LACOE reviews each phase of the payment process including the authorized signatures approved by the Board.

   Education Code Section 85233 states: “No order on the funds of any district shall be approved by the county superintendent of schools unless the signatures are on file in the Superintendent’s Office and he/she is satisfied that the signatures on the order are those of persons authorized to sign the order.”

17-F  CORRECTION: GEOLABS-WESTLAKE VILLAGE
Correction to the hourly rates for Geolabs-Westlake Village, approved at the July 5, 2016 Board of Trustees meeting. Correct rates should be $91 to $173 per hour, Special Tests $30 to $4,000 per test and up to $550 per report.

17-G  OWNER CONTROLLED INSURANCE PROGRAM– INFORMATION TECHNOLOGY RELOCATION
Approve payment of final cost of the Owner Controlled Insurance Program (OCIP) for the Information Technology Relocation project through the Alliance of Schools for Cooperative Insurance Programs (ASCIP) for the amount of $61,767.

Funding Source: Measure AA

Comment: The District provided insurance for this project in lieu of contractor provided insurance. The final close out billing represents 2.70% of the difference between the initial Hard Cost Value of the project and final hard cost value.

17-H  SANTA MONICA TWO-WAY TRAVEL PROJECT FOR PENNSYLVANIA AVENUE – CENTER FOR MEDIA AND DESIGN CAMPUS
Enter into an arrangement with the City of Santa Monica to convert Pennsylvania Avenue into a two-way street. The District’s portion of the total cost of the project is $17,000.

Funding Source: Measure AA

Comment: Pennsylvania is the cross street for SMC’s Center for Media and Design campus and will become the entry and exit point for vehicle parking at the campus. The new configuration will allow students to arrive at the campus either from Stewart Street or 26th Street.

17-I  POOL PAYMENTS UNDER JOINT USE FACILITIES AGREEMENT
Payment to: City of Santa Monica
Amount: $76,141.24
Period: April 1, 2016 – June 30, 2016 (3 months)
Comment: Under the terms of the Joint Use of Facilities Agreement with the City of Santa Monica, the District pays a pro rata share of maintenance and operation costs of the pool based on the number of hours the College uses the pool compared to the total hours of pool use by all parties. College paid the City of Santa Monica $78,527.27 for the same period last year.

Recommendation No. 18  Acceptance of Grants and Budget Augmentation

Requested Action: Approval/Ratification
Requested by: Georgia Lorenz, Vice President, Academic Affairs
Christopher M. Bonvenuto, Chief Director, Business Services
Approved by: Bob Isomoto, Vice President, Business and Administration

Title of Grant: BASIC SKILLS
Granting Agency: State of California
Augmentation Amount: $5,040 (Amended Allocation $351,560)
Matching Funds: $0
Performance Period: July 1, 2015 – June 30, 2016
Summary: The purpose of Basic Skills funding is to improve outcomes of students who enter college needing at least one course in English as a Second Language (ESL) or basic skills: English reading, English writing, and mathematics. The Chancellor’s Office has issued the P2 Apportionment report (06/23/16), on the basis of total Full Time Equivalent Data (FTES) submitted by the college 320 report, which has resulted in a change in the 2015-2016 funding level for Basic Skills.

Adult Education and Family Literacy Act
Granting Agency: California Department of Education (Pass through for U.S. Department of Education)
Augmentation Amount: $246,655
Matching Funds: NA
Performance Period: July 1, 2016 – June 30, 2017

Summary: Santa Monica College (SMC) has received Adult Education and Family Literacy Act (AEFLA) funding to strengthen the college’s non-credit English as a Second Language (ESL) Program and improve student outcomes, including transition from non-credit ESL to for-credit coursework. With these funds, SMC will develop and implement a state-recognized assessment system that will help faculty and students monitor student progress and offer counseling support to ensure that students have access to the resources they need to be successful. SMC will also explore options to increase the use of technology, including distance learning, to deliver non-credit ESL coursework. Lastly, the college will work with its community partners to explore options for offering Vocational English as a Second Language (VESL) classes in west Los Angeles County.

Title of Grant: Adult Education Block Grant (AEBG)
Granting Agency: California Community College Chancellor’s Office
Award Amount: $375,000
Matching Funds: Not applicable
Performance Period: July 1, 2016 – June 30, 2017
Summary: This funding is provided to implement AB86 and AB104 plans for program year 2016-2017. The first priority will be to grow the consortium footprint in the community. Program growth and expansion at consortium member institutions will enable the regional system of adult education to gain necessary visibility and garner a larger pool of potential students. In addition, the application of alignment and acceleration strategies and extending current data collection and sharing capacity will increase the ability of adult learners to fully access and leverage community resources towards achievement of educational and job attainment goals.

Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

4. **ELECTION OF CHAIR AND VICE-CHAIR, 2016-2018**
   Action was not taken due to lack of quorum.

5. **INTRODUCTION OF REAPPOINTED AND NEW MEMBERS**

   The SMCCD Board of Trustees reappointed Jeffery Graham and Katherine Reuter for two-year term and appointed SMC Associated Student Zavanna Negron for a one-year-term.

6. **REPORTS and DISCUSSION**

   I. **SMC BOND RESOLUTION UPDATE**
   Don Girard, discussed the SMC Board’s approval of a resolution to place a $345M classroom repair and career training measure on the November Ballot. The measure would address the college’s critical facility needs to serve the students of its communities at its current capacity. Most prominently, it will allow SMC to upgrade two classroom buildings on the main campus built in the 1950s; replace temporary trailers from 1984 and 1992 which serve as classrooms; replace or rebuild the Art complex; remodel the aging business building; and would qualify SMC for up to $50
million in matching state funds to assist with the completion of the Art complex and the addition of a new science wing to meet the needs of a growing STEM program. It will also allow SMC to repair classrooms, remove asbestos, and bring facilities up to current seismic, accessibility and safety standards. He further reported that the Santa Monica City Council unanimously endorsed SMC’s proposed bond measure at its June 28, 2016 meeting.

II. SMC Bond Construction Projects Update: Emil Zordilla, updated the committee on the bond constructions projects:

• **Center for Media and Design:** The project is progressing as planned with construction for the building at 85% complete. The interior classrooms/instructor facilities are at 75% complete. Date of completion is schedule for end of 2016/first quarter of 2017.

• **East Wing Performing Arts Center:** The Performing Arts Center – East Wing was formerly the Madison Elementary School. The District has done several renovations to the campus and has recently added the Broad Stage and Edye 2nd Space as part of a Performing Arts Center. The project is on track to be completed by the end of 2016/first quarter of 2017.

• **Health/P.E./Fitness/Central Plant:** Construction is focused on the mechanical/electrical and the interior of the building. The central plant loop is progressing as planned and construction is to be completed early 2017.

• **Financial Aid Relocation:** The financial aid offices were successfully relocated and are currently occupied.

• **Student Services Building:** The student services building contract was awarded to Bernard Bros., as the lowest bidder, and preliminary work is being completed so that the foundation can be poured. The project has a completion date of 2018.

• **Malibu Campus:** The project has been approved by all the state agencies. The project will commence, after construction is completed by the City of Malibu for the Waste Water Maintenance system. Project is to be completed end of 2018.

• **Early Childhood Education Center:** The plans have been submitted to the Division of State Architects (DSA) and construction is to commence May 2017. The project is to be completed end of 2018.

Workforce & Economic Development (W&ED)
The Office of Workforce & Economic Development secures and administers grants and contracts for Career Technical Education (CTE) programs such as Perkins IV, California Career Pathways Trust, and CTE Enhancement Funds (EF), aimed at improving and expanding CTE programs. These and other revenue sources continue to fund equipment purchases, curricular improvements, academic support, and professional development. Workforce Development delivers career training through Community Services in addition to offering our local community low cost not-for credit courses and life-long learning opportunities. Economic Development contracts enable SMC to directly serve small business and industry.

Year in Review
The increased accountability at the federal and state level in terms of regional alignment and program outcomes that result in students earning high skills and high wages in growth industry sectors, demands a reimagining of Career Technical Education. As such, The Office of Workforce & Economic Development has devoted many activities this year to working with faculty leaders and administrators across divisions to develop a deeper understanding of the interrelationships between business competitiveness, regional workforce needs, and student success across occupational fields accessible through SMC. As a result, the implementation of career pathway development is now fully underway at SMC.

Reauthorization of WIOA, Perkins, and the new Strong Workforce Program
Undoubtedly, the most significant development for Career Technical Education is the impending reauthorization of Perkins (V) making its way through Congress, and the new Strong Workforce Program budget ($200 million) recently signed by Governor Brown. The alignment of these two programs with the 2014 Workforce Innovation and Opportunity Act (WIOA) is unprecedented. The new and impending federal and state legislation will increase funding and accountability for CTE at community colleges that has not been seen before. The new laws require alignment across industry and education sectors as well as increased performance outcomes for SMC institutionally using common performance metrics (yet to be determined). New funds will require Santa Monica College to:

A) Increase the number of students in quality career technical education courses, programs, and pathways that will achieve successful workforce outcomes.

B) Increase the number of quality career technical education courses, programs, and pathways that lead to successful workforce outcomes, or invest in new or emerging occupations.

Strong Workforce Program
The new state program focuses on “student success with workforce outcomes”, and provides broad authority for colleges to expend resources in line with a plan to meet the LA region’s middle-skills gap. The final trailer bill language does not explicitly articulate what these funds can be spent on. However, some broad areas that these funds focus on include efforts to increase the number of students in quality CTE programs, or invest in new or emerging CTE programs likely to lead to successful workforce outcomes. Activities could include funding: low ratio student-to-instructor courses as required by standard safety settings; high cost equipment and consumables; minor improvements to facilities; professional development, including cost to certify instructors to teach and backfill so that instructor can attend the training; regional labor demand analysis; work-based learning and job placement support; student internships; curriculum development and instructional redesign; new program start-up cost; employer and
workforce partner engagements that result in internships and job placement investments. Guidance is expected to be released in July, 2016. Funding is expected for approximately four years assuming the large-scale program is successful.

Reimagining Career Technical Education
Reimagining Career Technical Education is fundamentally about developing focused career pathways in tandem with high wage- high growth industry partners. The Pathways should emphasize knowledge/skills/abilities achievement, provide a process for students to demonstrate what they have learned, and offer equitable opportunities to all students. Communicating the benefits of CTE educational attainment, and creation of career pathways students can pursue with multiple entry and exit points involves the efforts of multiple stakeholders. New student success outcomes and accountability for CTE that will be forthcoming with the Strong Workforce Program and Perkins (V) are not entirely new to SMC. W&ED and CTE program leaders have been preparing, for several years, with various new funding sources such as CA Career Pathways Trust (CPPT) commonly known as LA HI-TECH, Perkins, and the CTE Enhancement Funds. Campus initiatives that have been piloted in recent years (such as EMERGE, Promo Pathway, and LA HI-TECH) have prepared SMC well for what is to come in terms of student success outcomes, innovation, and accountability. Leveraging current funding and relationships (LA HI-TECH and CTE EF) is a priority. Faculty and staff have been carefully reviewing labor market data and student completion data to determine new career pathways to support and develop, all of which will be made easier with the CCCCO’s Data Unlocked Initiative and tools such as LaunchBoard 2.0. SMC will be expected to analyze the quality of CTE programs, program enrollments, student success rates, and job placements. Program investments should be made in response to their momentum points.

Professional Development for CTE Faculty and Career Pathway Development
W&ED facilitated professional development to hundreds of faculty this past year. Collaboration with other SMC offices and programs was key to the success. These offices included the Center for Teaching Excellence, Institutional Research, Outreach and Recruitment and Counseling (among others). Such collaborations organized by W&ED provided support to our CTE Chairs, CTE faculty, English, Math, and Counseling faculty. CTE in various departments have worked closely with other community colleges to strengthen programming in the region. CTE program leaders have partnered with high schools colleagues to build pathways from Samohi, Palisades, Venice, Crenshaw, and other LAUSD schools. We arranged every aspect of these activities that have provided technical assistance and industry expertise to faculty. Improving the quality of courses certificates and degrees that prepare students with the knowledge and skills that lead to employment is an overarching student success outcome. Over the past year and across numerous disciplines faculty have been:

- Reviewing or developing competencies.
- Identifying target populations and their "entry" points.
- Exploring and developing educational options that are modularized, accelerated, and contextualized - including delivery models that provide flexible scheduling, nights and weekends (like Promo Pathway).
- Developing private and public partnerships leading to comprehensive wrap-around services that remove educational and employment barriers.

High School, Community and Business Engagement: LA HI-TECH
High school dual enrollment continues to expand as do community outreach opportunities with the LA HI-TECH Regional Consortia grant. SMC has completed year two of the five-year grant. As a leader of this eight college, 30 high school, employer and community consortia, there is much to celebrate. In year two, SMC worked closely with high school partners to coordinate and increase the number of LA HI-TECH dual enrollment courses that are offered in schools. LA HI-TECH dual enrollment courses have been offered at six area high schools which include; Santa Monica High School, Malibu High School, Beverly Hills High School, Crenshaw High School, Palisades Charter High School, and Venice High School.
During year One (2014-15) of the grant, SMC offered one Media course at Palisades Charter High School and two at Venice High School, enrolling 107 dual enrollment students through this project. In 2015-16, courses in Business, Computer Science, Counseling, Graphic Design, and Media were offered, enrolling 383 students. Of these students, 75 have completed two or more dual enrollment classes within an ICTE pathway in 2015-16.

2014-15: Total of 3 sections offered through LA HI-TECH dual enrollment - Media 1
2015-16: Total of 25 sections offered through LA HI-TECH dual enrollment:

- Graphic Design 18 (3 sections)
- Graphic Design 64 (1 section)
- Media 1 (4 sections)
- Media 20 (3 sections)
- Media 10 (1 section)
- Media 2 (1 section)
- Counseling 19 (3 sections)
- Counseling 1 (1 section)
- Counseling 13 (2 sections)
- Computer Science 3 (4 sections)
- Computer Science 15 (1 section)
- Business 63 (1 section)

**Westside Partnership**

The Westside Partnership Initiative came together as a joint effort between LA HI-TECH West Hub partners Santa Monica College and West Los Angeles College, to deepen collaboration and connect Westside schools and students to the tech industry and community based organizations on the Westside. The initiative has garnered interest and the commitment of elected officials, community members, industry, and businesses to provide access and opportunities that will help in producing a skilled, innovative, local, and diverse workforce. We are convening small gatherings of partners that will enhance effectiveness and direct action of the Westside Partnership. The over arching goal of this partnership with external stakeholders is to commit collectively to invest resources and efforts that lead to successful student outcomes, particularly in ICTE occupational fields. The intended outcomes include increased work-based learning opportunities, professional development for faculty, human and capital investments that benefit students on the Westside of Los Angeles enrolled in ICTE disciplines. SMC has worked closely with the Santa Monica Chamber and Bixel Exchange – Los Angeles Area Chamber of Commerce and other partners to provide work-based learning opportunities to students in our K-14 pathways.

SMC is partnering with high tech giants and small businesses to create the workforce needed. These include Amazon Web Services (AWS) and SAP who are global leaders in the cloud computing services sector. SMC faculty, LAUSD, and AWS have worked together in skills mapping and have developed new curriculum and courses. CSIS faculty leaders are co-creating a new pathway in Cloud Computing. W&ED received a corporate grant from JP Morgan Chase ($150,000 over 3 years) to hire a dedicated counselor and expand services at all high schools in the West Hub of the LA HI-TECH Consortia.

**Aligning Policies and Trends affecting CTE and W&ED**

Identifying and engaging employers in priority industry sectors have long been expected of CTE programs and across workforce and economic development programming. However, now there will be significant funding through the Strong Workforce Program and much higher accountability for student workforce outcomes. W&ED has actively represented the District’s interests at federal, state and local convening’s. Additionally, the department has convened stakeholders, facilitated collection of data, and begun asset mapping for all CTE programs. Assisting faculty in identifying state and local policies to expedite new and improved programs (such as low unit certificates and new emerging occupations) remains a priority. Several W&ED administrators participated in Dual Enrollment Policy development in
15-16 and aligned dual enrollment and CCPT program development with Title 5 and AB288. Some of the outcomes of this regional project are reflected in a new CCCCCO dual enrollment handbook.

Regional Collaboration
New funding is expected to improve student success outcomes at an institutional and regional level. Regional collaborations pose a challenge for SMC and other local community colleges in the local area because currently, there is no formal entity that exists to bring all required partners together to create regional workforce alignment. Governance and advisory structures are currently being established, and SMC is well represented at the CEO, CIO, CSSO, and CTE Dean levels. SMC is required to participate in activities to be eligible for the regional share of the Strong Workforce and WIOA funding. These activities may include:

- Engaging stakeholders at the local, regional and state levels and agree to a shared vision with role and responsibilities clearly defined and formalized.
- Provide leadership of Career Pathway programs and offer opportunities for skill builders to complete certificates and degrees.
- Offer classes in career pathway aligned with other postsecondary institutions; provide students with work-based learning opportunities in and outside of the classroom.
- Provide seamless transition between postsecondary institutions through transfer options in the career pathway.
- Collaborate regionally to maximize resource allocation and transferability across.

STRATEGIC PROGRAM AREAS
OFFICE OF WORKFORCE & ECONOMIC DEVELOPMENT

1. **CTE**: Grant funded (Perkins IV, CPPT-LA HI-TECH, SB1070 private and public sources including philanthropic partners)
2. **Workforce**: Fee-based Open Enrollment (Community Education)
3. **Economic Development**: Contract Training (ETP, WIOA-ETPL)

**CTE**
The Office of Workforce & Economic Development administers five (5) CTE grants for a total of $3,500,648. They include Perkins IV, CA Career Pathways Trust (LA HI-TECH), JP Morgan Chase (LA HI-TECH Student Services), CTE Enhancement Funds (Strong Workforce Program), and SB 1070

**ECONOMIC DEVELOPMENT & PROFESSIONAL TRAINING**
The California Community College System aligns economic development with the objectives of workforce development in order to fully recognize the region’s potential in supporting business growth, job retention and creation, the cornerstone metrics of economic development. Resources and programming dedicated to these outcomes support the generation of a vibrant, local job market for SMC’s broad student base and career pathways.

**Employment Training Panel (ETP)**
SMC’s ETP contract of $749,128 was successfully executed and as a result was awarded a nearly $1,000,000.00 (one million) contract for the period of July 1, 2016 through December 31, 2017. Using these funds, SMC administers customized training programs that off-set the high cost of employee-based training employers would otherwise be forced to finance, to develop and maintain a high-performance workforce. SMC has provided significant, quantifiable contributions in the area of corporate training in the Los Angeles region via CA State’s ETP Program. Highlights include:
• More than 2,000 employees have received instruction from our expert trainers from 14-16.
• Our employers have represented industries from the Manufacturing, Warehousing & Logistics, Clean-Tech, Telecommunications, and Construction sectors.
• Collectively, our Corporate Training Program has provided over 50,000 hours of training to incumbent employees.
• Employer clients have included Mission Foods, PRL Glass & Aluminum, Ramona’s Foods, PVH (Van Heusen Ties), Classic Distributing Inc., Brothers Deserts, Egge, and others.

Based on employer client surveys, our corporate training courses, and their learning outcomes, have positively impacted local economic development metrics (business growth, job retention and creation), in a multitude of ways, including but not limited to:
• Increasing employee productivity by up-skilling incumbent workforces.
• Creating more efficient and effective systems of operation.
• Boosting employee morale, loyalty and longevity.
• Identifying and reducing waste.
• Developing leadership qualities among existing employees.

ETP employer training provided the opportunity for 5 SMC employees and/or faculty to provide their expertise within the context of the corporate training platform, simultaneously building the SMC brand as a premier provider of industry-based educational programming.

The economic development initiative has an overarching goal of increasing alliances to meet institutional objectives through employer partner engagement. These objectives include the development of programming to supplement credit-based education for SMC students. SMC W&ED has created working relationships with 10 new companies, from the manufacturing and logistics industries, whose leadership and industry knowledge can be leveraged to support employer engagement objectives for the institution. These partnerships also open the doors to revenue generating opportunities through contract education. SMC’s W&ED was able to leverage an ETP subsidized partnership with the Hospitality Training Academy into a broader Vocational ESL (Hospitality) program which has grossed $26,000 for FY 2016 and is expected grow in FY 2017.

Small Business & Entrepreneurial Support Services (SCORE & SMC Partnership)
Since September 2015, SMC has been collaborating with the Los Angeles Chapter of SCORE to provide innovative, tech-related entrepreneurial workshops to entrepreneurs and the local business community.

This program has been:
• Endorsed and promoted by SMC’s Business Department.
• Attended by SMC faculty, and provided supplemental instruction and potential extra credit to over 50 SMC students.
• Attended by over 120 area entrepreneurs and small business owners.
• Acknowledged by SCORE who named Santa Monica College “Partner of the Year” for 2015.

WORKFORCE DEVELOPMENT

Community Education
Increasing revenues to support Community Ed operations while also supporting the overarching W&ED goals remains a priority. Collaborating with community partners, Community Education has engaged the Marina Del Rey JVS WorkSource Center to promote SMC’s ETPL offering. The department organized and co-hosted, with the Marina Del Rey JVS WorkSource Center, several job-training opportunities. Community Education also worked closely with several other local job training centers to inform their case-workers of the resources and training available through SMC.
ETPL – Eligible Training Provider List ETPL – Eligible Training Provider List
2015-2016

ETPL revenues increased from approximately $15,000 for 2014-15 to $70,000 in 2015/16. Since completing the initial application process during the 2013-14 fiscal year, the Community Education Department has managed the operational infrastructure of the SMC ETPL. After gaining the approved provider status, the department has worked to effectively monitor and respond to the market demands for short-term career training. During the 2015-16 fiscal year the SMC ETPL course offering was expanded upon and five new courses were added to the approved list. SMC now has a total of 20 courses included in the ETPL, seventeen (17) not-for-credit courses, and three (3) for credit courses.

Contract Education 2015-2016
$236,000 TOTAL

Contract Ed has continued to grow with credit and not-for-credit contracts serving local and international clients that include Promo Pathway Program, Para Los Niños (PLN), New Directions, Teknisk Silkeborg Gymnasium, and Hong Kong Community College.
