XI.  **BOARD COMMENTS AND REQUESTS**

XII.  **ADJOURNMENT**

The next regular meeting of the Santa Monica Community College District Board of Trustees will be held on **Tuesday, November 7, 2017** at 7 p.m. (5:30 p.m. if there is a closed session) in the Santa Monica College Board Room and Conference Center, Business Building Room 117, 1900 Pico Boulevard, Santa Monica, California.
IV. SUPERINTENDENT’S REPORT – Dr. Kathryn E. Jeffery

- Updates
  - Fall enrollment trails behind last fall by 3.15 percent. Academic Affairs continues to add classes where there is demand and capacity, including the addition of 15 late-start classes. There are 352 late-start classes, excluding nursing. For Winter and Spring 2018, enrollment dates will be released earlier and enrollment will begin in November instead of December.
  - Dr. Jeffery commended Chief of Police Johnnie Adams for exceeding the Campus Police fundraising goal for Breast Cancer Awareness.
  - Master Plan for Education Update, 2017-2018: Santa Monica College is in its 20th year of adopting a Master Plan for Education. Each year, the Master Plan for Education is reviewed and updated. Every five years, the College looks at its long-term strategic planning process which includes a review of the Vision, Mission and Goals statements as well as identification of long-term strategic initiatives. Last year, the college engaged the Collaborative Brain Trustee to facilitate the strategic planning process which resulted in six strategic initiatives for 2017-2022.

In preparation for formulating institutional objectives for 2017-2018, DPAC reviewed the following planning documents:
  - Program Review 2017 Planning Summary
  - Institutional Effectiveness Committee Observations in 2016-2017
  - Accreditation Recommendations
  - Strategic Planning and Facilitation Summary/Strategic Initiatives 2017-2022
  - Board of Trustees Core Priorities, 2017-2018
  - Academic Senate Objectives, 2017-2018
  - Technology Objectives, 2017-2018

The 2017-2018 Master Plan for Education update includes documentation of DPAC’s evaluation of the responses to the 2016-2017 institutional objectives, categorizing each as Completed, Substantially Completed, Addressed, or Not Addressed. 93% of the fifteen 2016-2017 institutional objectives were determined to be Completed.

One of the Institutional Objectives for 2017-2018 is for the College to evaluate its planning processes. DPAC will start the discussion at its next meeting.

INFORMATION ITEM NO. 1-A

SUBJECT: UPDATE: DEFERRED ACTION FOR CHILDHOOD ARRIVALS (DACA)

SUBMITTED BY: Superintendent/President

BACKGROUND: DACA is a program established by President Barack Obama in 2012 that grants a form of temporary protection from deportation known as “deferred action” to undocumented immigrants who came to the United States before the age of 16, have resided in the United States since 2007 and meet other requirements. The Trump administration rescinded the program which leaves Congress with a six-month window to possibly save the program.

Santa Monica College continues to protect values that are important to its students, faculty, staff and the Santa Monica community. Values that include treating one another with mutual respect, dignity, trust and fairness, regardless of immigration status, ethnicity, socio-economic status, religion, disability or sexual orientation. Santa Monica College continues to offer equity and access to an excellent education to all students.

Legal Support
Since December 13, 2016 SMC, the Equity Committee, Center for Teaching Excellence served as the host site for the on-campus DACA Renewal Processing Event for eligible SMC students. Multiple “Know Your Rights Workshops” on issues regarding immigration status were held for students and college staff. On September 19, 2017, SMC, the Equity Committee, and the Center for Teaching Excellence again became the host site for on-campus DACA Renewal Processing Event for eligible SMC students and expanded services to staff, SMMUSD students and Santa Monica residents to renew their status, with attorneys offering their services pro bono. This service will continue through October 3rd. The non-profit, Public Counsel, continues to provide pro bono service to any eligible Dreamer. Since December 13th, SMC has provided DACA renewal services to approximately 60 SMC students.

Funding Support
Santa Monica College Foundation established a scholarship fund to provide immediate assistance to SMC’s students who are Dreamers faced with the unforeseen, advanced financial burden to re-apply for DACA by October 5th. The application fee is $495 plus the mailing costs totaling $505 per student. With the Trump Administration’s announcement to end DACA, the reapplication process was fast-tracked, placing an unreasonable financial burden on our students. 100% of the proceeds will directly benefit SMC Dreamer Students who are legally in the United States under DACA (Deferred Action for Childhood Arrivals). The scholarship program will be administered in partnership with the Center for Teaching Excellence.

http://www.smc.edu/StudentServices/PsychologicalServices/Pages/Social-Justice-Resources.aspx
Within one week, the SMC community raised the $15,000 match, totaling $31,000 to support our DREAMERS.

SMC & SMMUSD
Due to the combined action of the Center for Teaching Excellence and the Foundation, SMC extended its support services for DACA students to SMMUSD partners. A separate, similar site was created and funds continue to come in. To date, $6,500 has been raised.

SMC and City of Santa Monica
The City of Santa Monica learned about SMC’s swift action to support its Dreamers. Again the team quickly pivoted to establish a third portal for the residence of Santa Monica to leverage. During the September 26th monthly meeting, the Santa Monica City Council approved $25,000 in matching funds to the SMC Foundation to serve non-student residence.

Community Outreach
On September 19th, joining civic leaders Mayor Ted Winterer, SMPD Chief Jacqueline Seabrooks, SMPD Interim Chief Ken Semko, and SMMUSD Assistant Superintendent Dr. Mark Kelly, SMC Vice President Mike Tuitasi participated in a DACA workshop as part of an immigration series with Legal Aid Foundation of Los Angeles (LAFLA) and the Coalition for Humane Rights Los Angeles (CHIRLA) hosted a meeting at Virginia Park.

Undocumented Ally Training Program
The Undocumented Ally Program is a network of Santa Monica College faculty, staff and managers that are committed to providing support, education and understanding to SMC undocumented students. Trained Allies attend a 3-hour training that covers pertinent laws and public policy, available support resources, how to be an ally and mentor, and how to create inclusive and safe environments for undocumented students. The training also includes a student panel of current SMC undocumented students to share their lived experiences. Thus far there have been two trainings, allowing 44 Allies to be trained. There are additional trainings planned for October 6th and January 12th. In addition, individual departments have asked for trainings for their whole staff, such as Admissions & Records, Financial Aid and the Student Life Office.

RECOMMENDATION NO. 1-B

SUBJECT: RESOLUTION IN SUPPORT OF CODIFYING DACA INTO FEDERAL LAW

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following resolution in support of Codifying DACA into Federal Law.

WHEREAS, On September 5, 2017, the Trump Administration ordered an end to the program known as Deferred Action for Childhood Arrivals, or DACA, and the Administration has urged Congress to identify a replacement within six months before the Administration phases out DACA’s protections. The outcome will determine the legal status and ultimate fate of approximately 800,000 immigrants, known as “Dreamers”, who were brought into the United States as children and who are eligible - under the existing DACA program - to apply for temporary residency in the United States; and

WHEREAS, in an act of faith and trust in America’s promise of opportunity and the historical legal principle of not punishing children for the actions of their parents and/or guardians, “Dreamers” gave their names, addresses and telephone numbers to the United States Government to participate in the DACA program; and

WHEREAS, the callous decision by the Trump Administration to end the Deferred Action on Childhood Arrivals (DACA) program is antithetical to American values and abandons the promise made to over 800,000 individuals pursuing the American Dream.

WHEREAS, the average DACA recipient immigrated to the United States when they were six years old and has spent the majority of their life living in the U.S.;

WHEREAS, the DACA Program has offered the opportunity for hundreds of thousands of Americans to reach their educational goals regardless of their immigration status;

WHEREAS, this shortsighted political calculation of ending DACA inhibits the aspirations of 222,795 Californians including the 72,000 estimated to be California community college students; and

WHEREAS, our vision for California’s community colleges is to provide access to a quality public higher education for all Californians, and as the largest public system of higher education in the U.S., we take great pride in being the pathway to opportunity for Californians of all backgrounds.

WHEREAS, a study of DACA recipients by the University of California, San Diego, found that the incomes of those participating in the program increased by 45%;
WHEREAS, a recent analysis by the CATO Institute found that the U.S. economy could be reduced by $215 billion, and the federal government would lose $60 billion in tax revenues with the elimination of DACA;

WHEREAS, DACA recipients are ineligible for federally funded financial aid programs such as subsidized loans, grants, scholarships or work study, subsidies provided by the Affordable Care Act, Medicaid, food stamps or cash assistance despite paying income, sales, and other taxes;

WHEREAS, seventy percent of DACA recipients are in school and 92% of them identify DACA as permitting them to pursue educational opportunities they previously unavailable;

WHEREAS, to qualify for DACA eligible applicants must not have committed a felony or significant misdemeanor, have been brought into the country under the age of 16, have lived continuously in the United States since 2007 and have to be either currently in school, have graduated from high school or have been honorably discharged from the U.S. armed forces;

WHEREAS, President Trump has put the educational goals and career aspirations of hundreds of thousands of Californians on hold and their future and America’s economy at risk; and

WHEREAS, we remain steadfast in our commitment to educational opportunity and will stand with “Dreamers” to protect quality public community colleges for all Californians;

BE IT RESOLVED, that the Santa Monica Community College District Board of Trustees hereby urges the Congress of the United States, and our State and local leaders - in keeping with the highest and best traditions of our pluralistic constitutional democracy - to acknowledge and accept the moral imperative of relieving these victims of circumstance from the fear of deportation, and to provide our nation’s “Dreamers” with continued relief from deportation, and a path to permanent citizenship; and

BE IT FURTHER RESOLVED, that the Santa Monica Community College District Board of Trustees urges Congressional members to uphold California values, and to fill the leadership void created by President Trump’s decision, and to codify protections contained within the Deferred Action for Childhood Arrivals Program that will permit thousands of California “Dreamers” to achieve their highest potential.

SUMMARY: The Board of Trustees will conduct a public hearing, adopt a resolution and approve an energy services contract with Compass Energy Solutions in accordance with California Government Code Section 4217.10-4217.18 for the purpose of designing, supplying and installing the following energy conservation and alternative energy measures:

- Interior high-efficiency lighting retrofit will provide more consistent and better lighting on the campus and parking structures. The new LED lighting will also enhance safety. There will be an increase in bulb life expectancy and a decrease in maintenance and inventory. Estimated savings are over $165,776 per year.
This project is part of the District’s ongoing efforts to conserve energy. California Government Code Section 4217.10 to 4217.18, authorizes the Board of Trustees to enter into an Energy Service Contract for the implementation of energy related improvements. Compass Energy Solutions is an energy services company that will provide the District with “turn-key” operations that include evaluation, design, engineering, project management, construction, and rebate redemptions for the energy conservation projects. Compass Energy Solutions is highly recommended by other community colleges in the State of California for its performance, timely project delivery, and quality results. Compass has recently worked with College of the Canyons, Santa Barbara City College, Mt. San Jacinto College, Victor Valley College and Palomar College.

Compass Energy Solutions has completed various energy saving projects for the District including the EMS upgrade, lighting retrofits, and lab exhaust modifications. All projects were all completed on time and within budget.

RECOMMENDATION NO. 2-B

SUBJECT: RESOLUTION FOR ENERGY SERVICES CONTRACT

RESOLUTION: WHEREAS, California Government Code Section 4217.10 to 4217.18, authorizes the Board of Trustees to enter into an Energy Services Contract for the implementation of energy related improvements if the Board of Trustees finds that it is in the best interest of the College to enter into such Energy Service Contract and that the anticipated cost to the College for thermal or electrical energy or conservation services provided by the energy conservation projects under the contract will be less than the anticipated marginal cost to the College of thermal, electrical, or other energy that would have been consumed by the College in absence of those purchases; and

Now, therefore, the Board of Trustees adopts the following resolution:

“The Board of Trustees finds that (1) it is in the best interest of Santa Monica College to enter into an Energy Service Contract with Compass Energy Solutions for the implementation of certain energy related improvements to College facilities, and (2) the anticipated cost to College for thermal or electrical energy or conservation services provided by the energy conservation projects under the contract will be less than the anticipated marginal cost to the College of thermal, electrical, or other energy that would have been consumed by the College in absence of those purchases. Therefore, the Board of Trustees hereby authorizes the Superintendent/President to execute the Energy Service Contract by and between Santa Monica Community College and Compass Energy Solutions Company for the implementation of certain energy related improvements to College facilities in accordance with these findings and California Government Code Section 4217.10 to 4217.18.”

RECOMMENDATION NO. 2-C

SUBJECT: ENERGY SERVICES AGREEMENT WITH COMPASS ENERGY SOLUTIONS

REQUESTED ACTION: It is recommended that the Board of Trustees authorize the District to enter into an Energy Services Contract with Compass Energy Solutions in the amount of $1,908,199 for the following services:

- Interior high-efficiency lighting retrofit will provide more consistent and better lighting on the campus and parking structures. The new LED lighting will also enhance safety. There will be an increase in bulb life expectancy and a decrease in maintenance and inventory. Estimated savings are over $165,776 per year.

FUNDING SOURCE: $1,531,791 from the fiscal year 2016-17, 2017-18 Prop 39 State Clean Energy Funds, $248,664 from the Utility Incentives, and $127,744 from the District Capital Funds

COMMENT: A Request for Qualifications of Energy Service Company (ESCO) was conducted and two companies submitted proposals. Compass Energy solutions was the most qualified and determined to be the best value for Santa Monica College.

Buildings included in this lighting retrofit project are Business, Student Activities, Cayton Center, Drescher Hall, Library, Humanities and Social Science, Art Complex, Parking Structure 3 and 4, Theater Arts, and Center for Media and Design (Building D).

RECOMMENDATION NO. 3

SUBJECT: AGREEMENT FOR ARCHITECTURAL SERVICES – MATH/SCIENCE ADDITION

SUBMITTED BY: Vice President Business and Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the contract with CANNONDESIGN for planning, design, and construction administration of the Math/Science Addition project for $7,130,750 plus $170,227 in reimbursable expenses.

SUMMARY: The original Physical and Life Science building was completed in 1999 and due to the popularity of our science programs the labs are operating at capacity. The Math Department is operating out of temporary trailers constructed after the 1994 Northridge Earthquake, without proper technology or lab space. Consolidating Math and Science, plus Earth Sciences into a new complex allows for interdisciplinary interaction. The project will also include a new Planetarium that will be available for school and community presentations. This project has been in planning since 2007 and awaiting state funding which was finally approved with the passage of a statewide bond in November 2016. Approximately 40% of the project will be covered by state funds.

Architectural Services will include the planning, architectural design, preparation of bid and construction documents, approval of plans by the Division of State Architect, and construction oversight for the proposed new building.

On July 5, 2017, a request for qualifications for architectural and engineering services was sent out. On August 1, 2017, eighteen firms responded and submitted qualifications statements. The statements were evaluated by twelve members of the evaluation committee which included: math and science faculty, staff from academic affairs, facilities planning, facilities maintenance and the program management consultant firm. Four firms were shortlisted for interviews and the interview took place September 13, 2017. The four firms were CannonDesign, Lionakis, CO Architects and HGA. The interview committee consisted of the Superintendent/President Dr. Kathryn E. Jeffery, Executive Vice President Elaine Polacheck, the Vice President of Business/Administration Bob Isomoto, Dean of Academic Affairs Erica LeBlanc, and the Program Management consultant Gustavo Ripalda. The committee recommended CannonDesign as the firm that best fits the project needs.
CannonDesign is a global integrated design firm with core markets in education and health/science. They have designed lab facilities for John Hopkins, Yale, UC San Diego, CSU Northridge, Loma Linda, and Cal Tech as well as numerous corporate and hospital laboratories. The team includes Research Facilities Design laboratory design consultants that has experience with over 80 community college lab facilities including 48 in California.

INFORMATION ITEM 4

SUBJECT: REPORT: MINIMUM WAGE

SUBMITTED BY: Vice-President, Human Resources

SUMMARY:

The Board approved incremental adjustments of the Santa Monica College Minimum Wage to be on the same schedule as the State of California Minimum Wage at its December 2016 meeting. The Los Angeles County Office of Education, which manages the District’s Human Resources Information Systems (HRIS) and payroll systems, recommended incremental adjustments to ensure compliance with the California Minimum Wage schedule.

The City of Santa Monica implemented a Minimum Wage Ordinance that provides for a schedule that is more aggressive than the State of California’s Minimum Wage schedule. This is the difference being questioned by the Student Trustee. Effective July 1, 2017 the City’s minimum wage schedule for employers with 26 or more employees is:

<table>
<thead>
<tr>
<th>Date</th>
<th>Wage</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1, 2017</td>
<td>$10.50/hour</td>
</tr>
<tr>
<td>January 1, 2018</td>
<td>$11.00</td>
</tr>
<tr>
<td>January 1, 2019</td>
<td>$12.00</td>
</tr>
<tr>
<td>January 1, 2020</td>
<td>$13.00</td>
</tr>
<tr>
<td>January 1, 2021</td>
<td>$14.00</td>
</tr>
<tr>
<td>January 1, 2022</td>
<td>$15.00</td>
</tr>
</tbody>
</table>

The number of student employees processed monthly is shown in the Human Resources section of the Consent Agenda. Student employees are categorized as College Student Assistant (Student Help) or College Work-Study Student Assistant. In September, there were 121 College Student Assistants and 140 College Work-Study Student Assistants. The number of student workers is based on available funding and varies from month to month.

COMMENT: During the Board of Trustees meeting in August, Student Trustee Chase Matthews asked why the District could not provide the same minimum wage as the City of Santa Monica. To review the complete City of Santa Monica ordinance, please click on the following link: https://beta.smgov.net/strategic-goals/inclusive-diverse-community/minimum-wage-ordinance.
There are three funding sources for student workers: the District Unrestricted General Fund (01.0) balance that includes money for ill leave hours and federal work-study match dollars; Grant money for student help/tutors; and, Federal Work-Study allocations for work-study students. Last fiscal year, there were 809 student workers and the District spent $1,686,000 for these workers. Student employees are typically assigned 10-20 hours per week. Based on best practices, there is no mixing of work-study funding and student employee funding. Student worker assignments continue until funding is exhausted. The amount paid to student employees is a Board policy issue.

For this 2017-2018 fiscal year, the budget for Student Workers is $2,089,000. If the District continues to pay along California Minimum Wage requirements, the District will provide approximately 240 hours per student if it has the same number of student workers paid last year (809). If the decision is made to pay in accordance to minimum wage rates of the City of Santa Monica, the accelerated increase in minimum pay rates would result in a reduction of approximately 11% of funded hours or approximately 215 hours per student if the District employs the same number of student workers paid last year (809). In essence, the reduction of hours being funded would mean fewer hours per student or a reduction in the number of student workers.

*A recommendation on the minimum wage will be presented to the Board at its December meeting.*

RECOMMENDATION NO. 10 CONTRACT FOR BUSINESS ENGAGEMENT, MARKETING AND COMMUNICATION

Requested Action: Approval/Ratification
Requested by: Patricia G. Ramos, Dean - Workforce & Economic Development
Approved by: Georgia Lorenz, Vice President, Academic Affairs

Provider: Southern California Leadership Council
Service: Business Engagement, Marketing, and Communication
Period: October 1, 2017 through December 31, 2018
Amount: $495,000 total
Funding Source: Strong Workforce Regional Share

Summary: The California Community College Chancellor’s office in response to SB830/AB1602, the Strong Workforce Program, prompted regional projects by the Los Angeles/Orange County Regional Consortia to address development of their local workforce needs. Santa Monica College, in accordance to the regional planning of the consortia, is leading a marketing and communications plan to local employers and industry leaders to engage with the programmatic needs of the region’s community colleges.

The Southern California Leadership Council (SCLC) is a well-established policy and industry leader engaged in broad advocacy through its board members comprised of three previous California Governors and a wide array of top Southern California business executives. SCLC will be contracted to undertake business engagement and marketing and communication activities described below:

Develop and manage business/employer partnerships with industry firms within Southern California to identify their specific labor needs and better connect them to relevant community colleges to fill those immediate and near-term talent needs/gaps.

Develop an industry outreach model to identify and secure commitments for students to be placed in work based learning experiences that provide introduction, insight, or hands one experience to ensure students are qualified and competitive for in-demand occupations

Cultivate and deliver analytically-based, region-specific economic intelligence to community colleges to inform regional career education programs, degrees, certificates and credentials that are aligned to the prevailing economic trends, to more knowledgably and proficiently train students and jobseekers for and connect them to the skilled workforce, occupations and careers of the 21\textsuperscript{st} century.

RECOMMENDATION NO. 11 CONTRACT FOR REGIONAL INDUSTRY COUNCIL

Requested Action: Approval/Ratification
Requested by: Patricia G. Ramos, Dean - Workforce & Economic Development
Approved by: Georgia Lorenz, Vice President, Academic Affairs

Provider: Los Angeles Chamber of Commerce
Service: Regional Industry Council
Period: October 1, 2017 through December 31, 2018
Amount: $300,000 total
Funding Source: Strong Workforce Regional Share

Summary: Stemming from the Los Angeles Community Colleges transition to a regional implementation of the Strong Workforce program - in partnership with the Los Angeles and Orange County Regional Consortia, LA/OC Center of Excellence, the Los Angeles Economic Development Corporation (LAEDC) and the Southern California Leadership Network - the Los Angeles Area Chamber of Commerce (L.A. Chamber) and its partners are working together to initiate the Center for a Competitive Workforce. The Center for a Competitive Workforce, a public-private partnership dedicated to producing and sharing applied research, economic intelligence and labor market information. Additionally, the partnership will support the development of six regional industry councils which will be responsible for validating labor market data; advising colleges of the necessary occupational skills and workforce education performance objectives; and informing regional model curriculum and program design for regional adoption, program development and modification.

Comment: Amendment No. 7 provides for architectural and engineering services for design and documentation for the re-paving, re-striping and re-grading of Parking Lot 1 including paving to meet fire lane requirements, and for parking and striping to be ADA compliant. Also includes NPEDES general permit for Storm Water discharge and Addendum to State Water Pollution and Prevention Plan and submit to the Water Board and to obtain DSA permitting. The pavement in Parking Lot 1 is well beyond its useful life and recent construction in the area has contributed to its further decline. The project will include the complete replacement of the pavement. The work is scheduled to be done in Summer of 2018 so it will be ready for the completion of Student Services in Winter of 2019.

Comment: Amendment No. 10 provides for professional design and consulting services for an appeal of a US Green Building Counsel review of the LEED ratings for this project. We expect to be successful in the appeal. The $800 is an appeal fee.

16-J  AMENDMENT TO AGREEMENT FOR ENGINEERING SERVICES – AET CAMPUS & PARKING STRUCTURE
Amendment to agreement with P2S ENGINEERING for engineering services for building commissioning on the AET Campus & Parking Structure project for $17,800 plus $1,200 in reimbursable expenses.

Funding Source: Measure AA

Comment: This amendment is required to address an extended project completion date and additional scope items, such as the generator, that have been added to the list of systems to be commissioned. Building commissioning is a process to assure by verification and documentation that the building’s mechanical systems perform as intended in the design and in accordance with operational need. This includes the integration of the system with other building systems such as security and sustainability.

RECOMMENDATION NO. 17 ACCEPTANCE OF GRANTS AND BUDGET AUGMENTATION

Requested Action: Approval/Ratification
Requested by: Georgia Lorenz, Vice President, Academic Affairs
Reviewed by: Christopher M. Bonvenuto, Chief Director, Business Services
Approved by: Bob Isomoto, Vice President, Business and Administration

Title of Grant: Physical Plant and Instructional Support
Granting Agency: California Community Colleges Chancellor’s Office
Augmentation Amount: -$132,423 (Amended Allocation $1,321,564)
Matching Funds: Not applicable
Performance Period: July 1, 2017 – June 30, 2019 (2 Years)

Summary: In demonstration of their support for California Community College students, Legislative Leaders and the Governor are providing $30 million in assistance to Dreamers that are California Community College students in response to the recent decision to rescind the Deferred Action for Childhood Arrivals program. To help support this additional funding in financial aid, $7 million will be shifted from the Physical Plant and Instructional Support program allocation identified in the 2017-18 Budget Act. For Santa Monica College, Physical Plant and Instructional Support’s funding is reduced from $1,453,987 to $1,321,564.

Comment:  The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.
