IV. SUPERINTENDENT’S REPORT

Recognition:

- Superintendent/President Kathryn E. Jeffery introduced a new member of the educational community, Dr. Ben Drati, Superintendent of the Santa Monica-Malibu Unified School District.

- NAFSA 2017 Senator Paul Simon Award for Comprehensive Internalization: SMC has received a Senator Paul Simon Award for Comprehensive Internalization from NAFSA Association of International Educators, the world’s largest nonprofit international education and exchange association. This distinctive award from NAFSA is confirmation of Santa Monica College’s commitment to diversity at every level. The recipients of the 2017 Senator Paul Simon Awards for Campus Internationalization were recognized for “excellence in integrating international education throughout the facets of university and college campuses. SMC and other award recipients will be honored at an event in Washington D.C. during International Education Week in November.

- California Community Colleges Chancellor Eloy Ortiz Oakley congratulated the 14 California community colleges and community colleges districts that successfully competed for $25 million state awards for developing innovative programs to increase completion rates and make college more affordable. This year’s awards recognized California districts and colleges that help reduce the time it takes students to complete degrees and credentials, reduce the total cost of attendance for students, or do both. Santa Monica College was one of the 14 community colleges selected for an award and will receive $2 million.

- Third SMC short film accepted into the official competition of The American Pavilion Emerging Filmmaker Showcase at the 2017 Cannes Film Festival. Solidarity, CORA, and now . . . Spaghetti Romance (directed by Carrie Finklea). The Cannes Film Festival will take place May 17 - 28 and the Emerging Filmmaker Showcase will take place May 21-25, 2017 inside the American Pavilion.

- SMC won two national Paragon awards from the National Council of Marketing and Public Relations: Silver for a press kit folder, and bronze for the e-newsletter SMC in Focus. There were over 1,800 entries from over 270 U.S. community and technical colleges. The press kit folder was designed by Marketing senior designer Jonathan Ng, who also designed the look and feel of the newsletter.

- Amy Gaskin, SMC Alum, had two of her photos were selected for exhibition in the American Photographic Artists’ curated exhibition in Santa Monica on April 29, 2017. Nearly 1,000 images were submitted by photographers showing the personal side of their artistry. 100 were selected by esteemed curator, Elizabeth Avedon. After the exhibition, the images will rotate through some of the most creative advertising agencies in Los Angeles.
- David Nwaba, SMC Alum Awarded Two-Year Contract with L.A. Lakers: David attended SMC in 2012-2013. During that year, he was the Western States Conference South Division MVP and he was selected for the California Community College Men's Basketball Coaches Association (CCCMBCA) All State Team.

- Updates
  - Enrollment: Spring enrollment continues to improve. While enrollment remains down, the gap is closing. At opening day, spring enrollment trailed last year by 2.99%, at census the percentage was down to 2.75%, and as of this Board meeting is at 2.19% down. When analyzing the data, it appears that many of the initiatives, such as the “request a class” feature are paying off. Normally between opening day and census there is a significant drop, followed by a slight increase between census and final. Between opening day and census there is a loss of 10% less than in the previous year. And between census day and now, there is nearly a 54% increase over last year.

  - Malibu: The City of Malibu had its State of the City event last week, which was attended by members of SMC - Maral Heyler, Katharine Muller, Shari Davis, Nancy Greenstein, and Kathryn Jeffery. Dr. Ben Drati, Superintendent of SMMUSD, also attended. Katharine Muller represents Santa Monica College on the Malibu Chamber of Commerce. Don Girard shared a video of the property where SMC will be developing the Malibu Center. The video included the site of the Farmer’s Market which operates on Sundays, the library, Sheriff’s station, courthouse and the surf. Approval of the lease by the County is expected in May and hoped to break ground in the Fall 2017.

  - Bob Isomoto reported that the Department of Finance identified four additional building projects for state funding, including SMC’s Math/Science Building.

RECOMMENDATION NO. 2

SUBJECT: RESOLUTION: SEXUAL ASSAULT AWARENESS AND PREVENTION MONTH

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees adopt the following resolution in support of the goals and ideals of Sexual Assault Awareness and Prevention Month and, declaring April as “Sexual Assault Awareness Month” and April 26, 2017 as “Denim Day” at Santa Monica College.

WHEREAS, the United States Government has declared the month of April as “Sexual Assault Awareness Month” and Peace Over Violence has declared April 26, 2017 as “Denim Day” in Los Angeles County; and

WHEREAS, both events are intended to draw attention to the fact that rape and sexual assault remains a serious issue in our society; and

WHEREAS, harmful attitudes about rape and sexual assault allow these crimes to persist and allow victim/survivors to be re-victimized; and

WHEREAS, sexual assault affects women, men, and children of all racial, social, and religious, age, ethnic, ability, sexual orientation, and economic groups in the United States; and

WHEREAS, every two minutes, someone in America, is sexually assaulted, approximately 1-in-6 women are raped during their lifetime and youths under 18 account for about 44% of all reported; and

WHEREAS, according to the United States Department of Justice, all 18- to 24-year olds are at significant risk of sexual assault, whether they are in college or not; and

WHEREAS, female college students in that age range are about 5 times more likely to be sexually assault than the population at large, while non-students are about 6 times more likely; and

WHEREAS, for males between the ages of 18-24, the risk is higher among college students: men make up 17 percent of all college student victims, and about 4 percent of non-student victims; and,

WHEREAS, in addition to the immediate physical and emotional costs, sexual assault has associated consequences that may include post-traumatic stress disorder, substance abuse, depression, homelessness, eating disorders, and suicide; and

WHEREAS, all forms of sexual violence are unacceptable, whether committed by a stranger, family member, or acquaintance of the victim; and,

WHEREAS, “Sexual Assault Awareness Month” and “Denim Day” were also instituted to call attention to misconceptions and misinformation about rape and sexual assault, and the problem that many in society remain disturbingly uninformed with respect to issues of assault and, forcible rape; and
WHEREAS, “Sexual Assault Awareness Month” and “Denim Day” provides a special opportunity to educate the people of the United States about sexual violence and to encourage the prevention of sexual assault, the improved treatment of its victims, and the prosecution of its perpetrators; and,

Whereas, free, confidential help is available to all victims and survivors of sexual assault through such organizations as the Santa Monica rape Treatment Center, Peace Over Violence, and National Sexual Assault Online Hotline (RAINN), and more than 1,000 sexual assault service providers across the Nation;

WHEREAS, with proper education on the matter, there is compelling evidence that we can be successful in reducing incidents of this alarming and psychologically damaging crime; and

NOW, THEREFORE BE IT RESOLVED that Santa Monica Community College District does support the goals and ideals of “Sexual Assault Awareness Month,” and hereby proclaims the month of April 2017 as “Sexual Assault Awareness Month,” and designates April 26, 2017 as “Denim Day,” the District also:

• Recognizes that “Sexual Assault Awareness Month,” provides a special opportunity to educate the people of the United States about sexual violence, encourages the prevention of sexual assault, the improved treatment of its victims, and the prosecution of its perpetrators; and

• Recognizes national and community organizations and private-sector supporters and applauds their work in promoting awareness about sexual assault, providing information and treatment to its survivors, and increasing the number of successful prosecutions of its perpetrators; and educate persons in our community about the true impact of rape and sexual assault in Southern California: and

• Recognizes public safety, law enforcement, and health professionals and applauds their hard work and innovative strategies to increase the percentage of sexual assault cases that result in the prosecution and incarceration of its perpetrators, and

• Urges everyone to wear jeans on April 26, 2017 to help communicate the message that there is “no excuse and never an invitation to rape.”

INFORMATION ITEM 3

SUBJECT: STUDENT HEALTH AND WELLBEING SERVICES

SUBMITTED BY: Vice-President, Student Affairs

SUMMARY: Health and mental health services have become increasingly important to SMC’s student success and retention efforts. As reported in The Chronicle of Higher Education in March 2016, “students at community colleges are more likely than their peers at four-year institutions to be struggling with mental illnesses, but are less likely to have access to mental health services.” Furthermore, in a survey of more than 4,000 students at 10 community colleges across the country, it was reported that “about 50 percent of students reported having one or more mental health conditions” with depression and anxiety at the top of the list. It is therefore imperative to provide specialized support to SMC students to assist in their ability to succeed academically. Specialized mental health – and health -- support services include prevention efforts such as psychosocial, health and nutrition related workshops and trainings, and direct services, such as one-on-one health and mental health counseling, and crisis intervention. Faculty and staff must also be educated in order to identify those students who may be at-risk and effectively refer them to appropriate resources.

See Appendix A for complete report.
INFORMATION ITEM 4

SUBJECT: REPORT: WEB AND SOCIAL MEDIA EFFORTS AT SANTA MONICA COLLEGE

SUBMITTED BY: Senior Director, Government Relations/Institutional Communications

REPORT: Web and Social Media Manager Regina Ip provided a preview of the student-focused redesign of SMC's website, along with additional remarks on ongoing social media strategies. An additional report on Community and Academic Relations activities is included as Appendix B.

SUMMARY: The Web and Social Media Office is responsible for planning and implementing the content of Santa Monica College’s website, social media channels and overall digital marketing strategies. Web and Social Media supports the college mission by communicating through digital channels the merits of the college, promoting SMC’s open and affordable access to high-quality degrees and programs, and building the college’s brand and reputation as a leading transfer institution.

The office was renamed in October 2014 and reorganized to Government Relations and Institutional Communications, under Community and Academic Relations, to work closely with the Public Information Office and Marketing. Web and Social Media is part of the collaborative communication hub for Santa Monica College, as part of efforts to present a consistent and cohesive institutional voice for the campus.

Web and Social Media collaborates with its sister offices to feature its students, programs, departments, enrollment and events. This includes marketing engaging, fresh and relevant materials on the college website and social media channels. In addition, Web and Social Media is an advocate for accessibility to ensure compliance with federal Section 508 standards, which mandates that all digital communications be accessible.

Web and Social Media Stats at a Glance
  • 50 web requests a month, on average, in addition to internal projects and fixes.
  • 28K Facebook followers, 8.9K Twitter followers, 3.6K Instagram followers, and 1.2K Snapchat followers and 52K LinkedIn followers.
  • 6 workshop trainings and 30+ 1-on-1 trainings on web accessibility/SharePoint use.

Major Projects
  • Ask SMC! Virtual Assistance Tool lets students answer questions about SMC student services. Assisted Admissions/Counseling in content, design and implementation.
  • Canvas LMS: Implemented look and feel of interface and maintained backend.
  • Class Schedules: Improved accessibility and made responsive.
  • Counseling Policy and Procedures: Digitized guide for SMC counselors.
  • Mobile Upgrade: Made SMC website responsive and upgraded to 2013 version.
Current Project: Web Redesign
SMC is undergoing a basic redesign of its website in response to enrollment and evolving technology trends in higher education. The accessible redesign is student-focused, with emphasis on easy access to enrollment features, clear navigation, and personalized pages for stakeholders of the college. This is part of web efforts to update the current website by streamlining user-friendly information for students with simple, plain language and timely content with a clean, modernized look and feel.

Special Thanks
Web and social media efforts would not be possible without the tireless support of the following individuals:
  Don Girard – Governmental & Institutional Communications
  Kiersten Elliott, Marilyn Landau and Tiffany Ingro – Community and Academic Relations
  Ming-Yea Wei, Jonathan Ng, Charles Mark-Walker and Vivian Chu - Marketing

DISCUSSION ITEM 6

SUBJECT: BOARD OF TRUSTEES’ BUDGET OBJECTIVES AND PRINCIPLES

SUBMITTED BY: Chair and Vice-Chair, Board of Trustees

SUMMARY: The Board of Trustees reviewed and discussed updating Budget Objectives and Principles adopted on June 7, 2016 to reflect current budget realities and projections. There was agreement to maintain Principles A, D, E, F, G, H, J, and O. Further discussion will be continued at the next Board meeting on Principles B, C, I, K, L, M, N and P.

COMMENT: Santa Monica College is currently experiencing the “perfect fiscal storm” of years of declining enrollment coupled with unsustainable expenditure growth. In 2009-2010, the College served 22,545.99 credit FTES while the projection for 2016-2017 is that the College will serve approximately 20,500 credit FTES. This represents a decline in credit FTES over the last seven years of <9.1%>. During that same period of time our expenditures have increased from $132,288,713 in 2009-2010 to a projected $178,780,450 in 2016-2017; a 35.1% increase in expenditures. The College was able to mitigate these increases in expenditures by leveraging increases to the Non-resident Tuition rate and State Apportionment over that seven years period. However, the continued decline in enrollment coupled with the State’s directing the vast amount of new funding towards restricted programs rather than general apportionment has made it nearly impossible to manage the College’s budget. The “fixed Costs” for operating the District are currently increasing at a rate of approximately 4 percent per year.

Strategies to consider for reducing the District’s operating costs include:

• Using attrition to generate savings in personnel and benefit costs
• Leveraging the District’s other funds to relieve the general fund
• Reviewing all hires, purchases, and contracts

In the prior three fiscal years, the May Revision provided significant boosts in both one-time and on-going revenues. It does not look promising for this year as state general funds continue to trend below the Governor’s estimates. Additionally, there is uncertainty regarding the federal policies and the effect on California’s general fund revenues.

The 2017-18 budget year is pivotal; after years of increasing revenues, the District will be faced with decreasing revenues and increasing expenses. The District will be tasked to adjust expenditures accordingly while still providing sufficient programs and services to ensure student success and retaining Santa Monica College’s position as one of the premier community colleges in the state.
OBJECTIVES

1. Develop a budget plan that brings available ongoing revenues and expenditures into balance effective with the adoption budget for 2016-2017

2. Protect the College’s ongoing operation by maintaining a fund balance for the District of 7.5% or more going forward from 2016-2017.

The following budget principles have been developed in response to the changing environment, including enrollment trends and funding formulas.

PRINCIPLES

A. The College is committed to student access and success and service to the community.

B. Ensure that enrollment targets are consistent with the state-funded FTES cap, and, to the degree that they are the basis for revenue projections, can realistically be achieved within the fiscal limitations of the College.

C. Maintain course offerings that are responsive to student needs and consistent with the State priorities of student success, transfer, career technical, and basic skills education.

D. Programs will not be eliminated or reduced without careful review of program viability.

E. Establish and maintain an acceptable cost effective level of learning resources and student support services based on comparative performance data as determined by the College.

F. Develop and implement a variety of expenditure reduction strategies.

G. Expedite changes that may produce lower costs over time such as energy saving retrofits, alternative energy sources, reduction or consolidation of facility usage, etc.

H. Use staff attrition and/or existing vacancies as one means of reaching budget targets, where possible, or as an opportunity for reorganization to increase efficiency.

I. Seek to spread cost reductions strategically.

J. Budget planning should attempt to avoid future layoffs of permanent employees. If necessary, the District may seek salary freezes, furloughs, salary reductions, and other temporary or ongoing adjustments.

K. Continue to seek external sources of funding, such as grants, to support the College’s core missions, but avoid those with matching, management, or reporting requirements that demand significant college resources.
L. Develop a budget process that manages the growth of expenditures based on: analysis of program need (rather than historical allocations); realistic expectations of revenues; updated financial information; and performance measurements.

M. Review ongoing and future planning initiatives in terms of their long term advantages to the College in meeting public demand for classes and services, improving student success outcomes, or to provide new revenues. Modify, defer, or abandon as appropriate those for which the costs outweigh their potential for furthering the College’s core missions and goals.

N. Make effective use of the College’s established planning structures and processes to recommend specific actions to reach the stated objectives, following the principles listed above. The College President shall clarify how these recommendations will be evaluated and the timelines necessary to arrive at a set of final recommendations for any particular budget cycle.

O. Develop strategies to address employee health and benefit increases as well as future retiree health and pension liabilities.

P. Encourage the generation of revenue through entrepreneurial and asset management activity.

13-E  AMENDMENT TO AGREEMENT FOR ARCHITECTURAL AND ENGINEERING SERVICES – AIR CONDITIONING

Amendment to the agreement with P2S Engineering for Architectural and Engineering Services to include design and engineering services for complete heating, ventilating, and air conditioning systems for the Science West Wing and the Madison Music Building at the Performing Arts Center for an amount not to exceed $337,000 plus reimbursable expenses.

Funding Source: Measure AA, V, District Capital Funds

Comment: Due to the complaints about excessive heat and humidity in classrooms for the last few years, the District has studied the addition of air conditioning to permanent buildings that currently do not have cooling systems. As the Districts work through its master planning process with the passage of Measure V, several of those buildings may be demolished and replaced by newer facilities. However, two buildings, the Science West Wing and the Madison Music Building at the Performing Arts Center will not be involved with any new construction or renovation, so it is recommended that the District proceed with the design and engineering work to covert these buildings to be fully air conditioned.

Title of Grant: Zero Textbook Cost Degree – Planning Grant
Granting Agency: California Community Colleges Chancellor’s Office
Award Amount: $35,000
Matching Funds: $19,375
Performance Period: January 1, 2017 to September 30, 2017
Summary:
California Community Colleges Chancellor’s Office has awarded Santa Monica College a planning grant to explore the feasibility of developing and implementing zero textbook cost degrees – Z degrees – in Child Development/Early Childhood Education (ECE) and/or Computer Science, as well as General Education courses. This planning grant will help students to reduce the overall cost of education and decrease the time to complete degree programs.

SMC will use the planning grant funds to develop a high quality, well-rounded plan on development and implementation of the Z degree by (1) providing faculty with professional development and technical assistance to research the effective practices of other programs and assess the quality of existing Open Education Resources (OER) materials, (2) supporting course development costs and strengthening the college’s capacity to offer Z degrees. Through these activities, SMC will obtain the knowledge, resources, and skills necessary to move forward and effectively utilize with OER adaption. Our goal is to develop a degree model that can be expanded upon and/or incorporated into other Z degree pathways as they emerge.

Matching Funds: ($9,103) Amended Match $82,118 based on 25% of DHH allocation of $328,472.
Performance Period: July 1, 2016 – June 30, 2017

Summary: The CCCCO released P1 allocations on February 22, 2017, which were $39,638 lower than the adopted budget of $2,232,010.

The DSPS program provides support services, specialized instruction, and educational accommodations to students with disabilities so that they can participate as fully and benefit as equitably from the college experience as their non-disabled peers. The allocation formula is based on the number of prior fiscal year weighted student contacts.

Title of Grant:  Student Success and Support Program Credit (SSSP Credit)
Granting Agency:  California Community Colleges Chancellor’s Office
Augmentation Amount:  $1,450,012 (Amended Allocation $6,372,671)
Matching Funds:  $1,450,012 (Amended Match $6,372,671)
Performance Period:  July 1, 2016 – June 30, 2017
Summary:  The District qualified for an additional $1,450,012 in fiscal year 2016-2017 funding based on MIS data submitted to the Chancellor’s Office. SSSP funds are allocated for the sole purpose of providing the core services of orientation, assessment, counseling/advising/education planning; and other follow-up interventions for at risk students (as defined in Cal. Code Regs., tit. 5,§ 55525). SSSP funds are provided to supplement district expenditures for student support and may not supplant or take the place of other resources.

While SSSP Credit allocation for 2016-17 was based on several factors, one of these was the number of students provided core SSSP services in 2015-16. SMC was #1 among all other California Community Colleges in overall SSSP credit funding; #5 in headcount (n=34,432); #1 in providing Initial Orientation (n=16,497); #1 in Initial Assessment (25,342), #19 in Abbreviated education plans (11,676), #1 unduplicated Counseling contacts (n=27,624), #1 in Comprehensive education plans (14,486), #8 in At Risk Follow-Up services (n=3,662), and #1 in Other Follow-Up services (n=77,337).

Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

There will be a special meeting of the Santa Monica Community College District Board of Trustees on Tuesday, May 16, 2017 at 5:30 p.m. in the Santa Monica College Board Room, Business Building Room 117, 1900 Pico Boulevard, Santa Monica, California.
Introduction
Health and mental health services have become increasingly important to SMC’s student success and retention efforts. As reported in The Chronicle of Higher Education in March 2016, “students at community colleges are more likely than their peers at four-year institutions to be struggling with mental illnesses, but are less likely to have access to mental health services.” Furthermore, in a survey of more than 4,000 students at 10 community colleges across the country, it was reported that “about 50 percent of students reported having one or more mental health conditions” with depression and anxiety at the top of the list. It is therefore imperative to provide specialized support to SMC students to assist in their ability to succeed academically. Specialized mental health – and health -- support services include prevention efforts such as psychosocial, health and nutrition related workshops and trainings, and direct services, such as one-on-one health and mental health counseling, and crisis intervention. Faculty and staff must also be educated in order to identify those students who may be at-risk and effectively refer them to appropriate resources.

The Center for Wellness and Wellbeing

• **Overview of Staff and Services:**
The Center for Wellness & Wellbeing, formerly Psychological Services, provides short-term individual counseling, crisis intervention, and mental health workshops and trainings to SMC students, as well as training and consultation for SMC faculty and staff. CWW plays an integral role on the Crisis Prevention Team, and also provides a student internship program that trains SMC students to become peer educators. The decision to change the name of the Center was made in an effort to help decrease stigma related to mental health and mental illness, increase help-seeking behaviors amongst SMC students, and therefore, decrease the number of psychological crises on campus. CWW is currently staffed with two full-time faculty (i.e., one coordinator and one staff psychologist), one part-time faculty (one psychologist who works 18 hours per week), two full-time (40 hours per week) postdoctoral interns, and one full-time classified student services assistant. The postdoctoral interns are unlicensed psychologists who require, by law, a minimum of 4 hours per week of formal supervision by the full-time faculty, who are licensed psychologists.

• **Number of Students Served in 2015-16:**
During the 2015-2016 academic year, 2455 counseling appointments were scheduled, and 718 unduplicated, individual students received services (the number of appointments provided to each student ranged between 1 to 13 sessions). Outreach efforts (i.e., trainings, workshops, mental health awareness events) reached over 2000 more faculty, staff and students.

• **Workshops and Trainings:**
In order to reach a larger number of students than those who elect to pursue individual services within the CWW, psychosocial education is a crucial component of SMC’s mental health services. Mental health workshops offered to SMC students this past academic year included the following topics:
• Stress Management
• Talk Saves Lives: An Introduction to Suicide Prevention
• Myths and Facts about Addiction
• Is This Love? Building Healthier Relationships
• Test Anxiety
• Don’t Believe Everything You Think: How to Change Your Negative Thoughts
• Wired and Tired: How To Improve Your Sleep
• Control Your Anger Before It Controls You
• Introduction to Meditation
• Music and Mental Health: Using Music for Expression & Healing

Psychosocial education is also offered each semester to SMC students, faculty, managers and staff through Mental Health First Aid Training, QPR (Question, Persuade, Refer) Suicide Prevention Training, and Kognito’s online mental health simulated training program, At-Risk, which teaches users to identify warning signs and use communication skills to effectively refer at-risk students to appropriate on-campus resources.

• Mental Health First Aid:
Mental Health First Aid Training is an 8-hour course that is offered at least once per semester on two consecutive Fridays. The course gives the SMC community the skills to help someone who is developing a mental health problem or experiencing a mental health crisis. The evidence behind the program demonstrates that it builds on mental health literacy, helping individuals identify, understand, and respond to signs of mental illness. Over 175 members of the SMC community have participated in this training to date.

• QPR (Question, Persuade, Refer):
The mission of QPR is to save lives and reduce suicidal behaviors by providing innovative, practical and proven suicide prevention training. The philosophy behind this training is that quality education empowers all people, regardless of their background, to make a positive difference in the life of someone they know. SMC students who are trained in QPR learn how to recognize the warning signs of suicide and how to question, persuade, and refer someone to help. The QPR training is offered to students at least once each semester during the free hour.

• Kognito’s “At-Risk”:
SMC was an early adopter of Kognito’s suite of online mental health trainings featuring role-play simulations that prepare individuals to have real-life conversations with those suspected of having mental health issues. The simulated conversations are intended to inspire and inform, impact how people think and act, evoke empathy, and ultimately change lives. The online trainings provide trainees with the ability to practice conversations with emotionally-responsive virtual people. The suite of trainings include:
  o “At Risk” Training for Faculty and Staff
  o “At Risk” Training for Faculty and Staff: LGTBQ on Campus
  o “At Risk” Training for Faculty and Staff: Veterans on Campus
  o “At Risk” Training for Students (3 trainings: General, LGTBQ and Veterans)

• SAMHSA Suicide Prevention Grant:
In 2015-16, SMC was awarded a federal Suicide Prevention Grant from the Substance Abuse and Mental Health Services Administration (SAMHSA). Currently in the second year of funding, the grant has allowed the CWW to deliver suicide prevention activities campus wide, while raising awareness of mental health issues among students, faculty and staff. While the grant initiative engages the entire college community, it seeks to provide specific services and outreach for student groups most at-risk of suicide, including student veterans, students who identify as a sexual minority, and
students who are, or once were, in foster care. By the conclusion of the grant a Suicide Prevention Plan will be developed that includes a postvention plan. Grant objectives that are in process or have already been met include the development of a Peer Education program, suicide prevention training for the SMC community, in particular those who are on the front line (e.g., peers, faculty, counselors), and a campus-wide media campaign that will raise awareness of suicide warning signs, risk and protective factors, campus resources, and activities that promote mental health.

- Mental Health Trends, Observations and Responses:
  Demand for mental health services and the severity of students’ presenting issues have increased dramatically over the past few years. In order to more effectively meet the demand and limit the amount of time a student needs to wait before meeting with a clinician, walk-in hours have been increased from 3 to 5 hours each day. It was observed that if students needed to wait for a scheduled appointment, they were less likely to show up (i.e., more no-shows and cancellations the longer the student had to wait). By increasing the number of walk-in hours each day, the CWW has virtually eliminated the waitlist for services this semester (which usually ranges between 30 to 50 students) and decreased the number of no-shows and cancellations by 15%. The CWW has also increased the number of students seen by a clinician by nearly 50%. Because the Center has increased the number of students without increasing the number of staff, it was necessary to shorten the number of counseling sessions available to each student and increase referrals into the community. To help with this effort, strong partnerships have been developed with various Department of Mental Health agencies, some of whom have been willing to meet with SMC students in the CWW. These agencies include Edelman Westside Mental Health Center, Did Hirsch Mental Health Services, and the Exceptional Children’s Foundation.

  Additionally, the CWW has recently partnered with SMC’s Equity Initiative so that several Special Counseling programs now have part-time licensed psychologists or social workers working under the auspices of the Center. The special counseling programs who are receiving equity funded mental health support include the African American Collegian Center, the Latino Center, the Veterans Resource Center, and Guardian Scholars. DSPS also employs a part-time psychologist who is funded from their program. All mental health clinicians meet monthly to ensure consistency of services and are able to view case notes via Titanium, specialized mental health software. Similarly, the SMC’s Crisis Prevention Team recently hired a full-time, classified Case Management Coordinator who functions much like a social worker and reaches out to students who have been reported to the team, and provides them with support and resources.

The Health Services Center
- Overview of Staff and Services:
  The SMC Health Services Center is centrally located on the northeast corner of the Cayton Complex next to the Welcome Center. Student Health Services has a professional staff that includes a Medical Director, Dr. Brian Madden, one full time Faculty Coordinator, 2 full time Registered Nurses, 1 full time Nurse Practitioner, 1 part time Registered Nutritionist, and one full-time and one part-time Health Assistant. It is required that a medical physician ‘oversee’ the Student Health Center in order to purchase medications, obtain a laboratory permit, sanction policies and procedures, and give oversight to the RNP. Dr. Madden is a contracted physician from Providence St. John’s Medical Center. The Faculty Coordinator oversees the daily, short term & long term operation of the Student Health Services Center which includes:
Working with community agencies to bring specialized services to campus for the students. The Westside Family Health Center has been an invaluable resource providing gynecological services to our students, monthly Health Education workshops, and panel speakers for a variety of health-related services for students. Most recently, Westside Family Health Services worked collaboratively with Student Health and Associated Students giving informal and formal information sessions which promoted student registration for the Affordable Care Act insurance.

Coordinating free HIV testing by UCLA Venice Family Clinic.

Working collaboratively with Los Angeles County Public Health Department when any communicable illnesses may affect the campus community.

Ordering of immunizations given to students requesting them at a cost even fee. Most of these immunizations are requested by transfer and Nursing students.

Purchasing health education materials.

Soliciting reproductive supplies to distribute to students free of charge.

Collaborating with HR to administer TB tests to new employees and four year TB renewal for all District employees. According to the Ed Code, Student Health fees are only to be utilized for student health costs, therefore the District pays a nominal fee for TB tests administered to employees and new hires. Student Health Services works collaboratively with HR and Risk Management as a courtesy in administering this service the Campus Community.

Health Services Center Medical Staff
The addition of a Nurse Practitioner two years ago has promoted enhanced medical services for students with acute illnesses. The Nurse Practitioner is able to assess, diagnose, give treatment, prescribe and dispense medications to SMC students in just one visit. This valuable resource allows students to be seen and treated without having to leave campus. Student Health Services has a small supply of prescription medications that the RNP dispenses to students for $6. Most of these medications are antibiotics, medicated eye drops, etc. The Nurse Practitioner plays an integral part in updating the Nursing Staff on current medical updates and keeps close contact with the Medical Director regarding the cases she sees in Student Health Services. The Medical Director is always consulted whenever the need arises by all the RNs.

The Registered Nurses provide first aid, blood pressure & temperature monitoring, assessment and treatment of minor conditions which include colds, headaches, stomach flu, body ache complaints, administer immunizations, perform vision tests, refer students to appropriate community clinics/practitioners depending on their health insurance. More serious, acute illnesses are referred to the Nurse Practitioner for further assessment and treatment. International Students are required to obtain a referral from the RN prior to going to see a medical doctor as required by their health insurance carrier. Due to limited English understanding and unfamiliarity with Western Medicine & insurance procedures, the RNs spend a great deal of time carefully explaining the process to our International Students. A considerable amount of health education is also provided to students. Prevention of illness and health maintenance is a primary goal for our students. Additionally, the RNs work with Risk Management by providing assessment and basic first aid and referrals to injured SMC employees.
Furthermore, the RNs respond to campus emergencies and work collaboratively with SMC Campus Police in determining the need for paramedics on an individual basis. On occasion, students seek services for physiological complaints, i.e., upset stomach, headaches, heart palpitations, inability to sleep, weight loss/gain, but after thorough assessment, the student discloses confidential information that is clearly psychological. The RNs will assess the need for immediate medical intervention versus psychological intervention. The student’s wellbeing is of upmost importance and the RN will escort the student to the Center for Wellness & Wellbeing. Student Health Services works collaboratively with CWW for the wellbeing of all students.

The part time Nutritionist started one year ago and has been utilized by an overwhelming number of students. In addition to giving nutritional advisement to SMC students by appointment and on a walk-in basis, the Nutritionist serves as the preceptor for USC Graduate Student Nutrition Interns. This collaboration between USC, the SMC Life Science Department, and Student Health Services was initiated one year ago and has been very successful. The Nutritionist has given presentations to student clubs, Counseling 20 classes, and gives a monthly Lunch & Learn Workshop.

The Health Assistants are both clerical and medical support in Student Health Center. They are the first contact the students and staff have when utilizing services. They assist students in filling out the ‘intake form’ and validate that the student is enrolled and has paid the health fee for the current semester. Students requiring emergency intervention and first aid are not required to have health fees paid.

• Number of Students Served in 2015-16:
The total number of clients seen and serviced in Student Health Services varies daily from 40 to over 100 despite limited open hours. Student Health Services is open 50 hours per week. The total number of clients seen during the 2015-2016 academic year was 15,510, broken out as follows:
  o The RNs administered services to 8,175 clients
  o The RNP administered services to 1,558 students
  o The Nutritionist gave consults to 100 students, not including those who were advised during monthly workshops and classroom visits
  o The Health Assistants provided service to 5,677 students & staff (information, directions, band-aides, taking blood pressures, giving out community resources and information, etc.)

• Health Education Workshops, Presentations and Fairs:
Health education and outreach is an important component of SMC’s student health services. Health related workshops offered by community agencies to SMC’s students this past academic year have included the following topics:
  o SEX Yeah! STD Risk Reduction (LGBT inclusive)
  o Getting the Facts: Food Guidelines, My Plate and Food Labels
  o Getting Some Without Getting Something Else: Safer Sex for College Students
  o Interested in Sex, not Babies?
  o Sex & Sweet Talking’: What You Need to Know about Consent & Communication in the Bedroom
  o Nutrition Myths & Facts
  o Food Planning : Snacks, Meals & Recipes

Additionally, comprehensive health presentations are made by the Health Center Coordinator or Nurse Practitioner to most Couns 20 classes, and annually, the Student Health Center and Associated Students co-sponsor a Health & Wellness Fair that attracts over 30 local agencies and provides SMC students with a variety of resources for illness prevention, treatment updates, and information about local medical clinics.
Student success is SMC’s priority and Student Health Services is committed to advocate, inform and empower students toward illness prevention and treatment of acute illness. Students cannot learn when they are ill.

Moving Forward with Health and Wellbeing: Final Thoughts
Given the observed trends and increasing need for health and wellbeing services, and pending the imminent retirement of the Coordinator of the Health Services Center in summer 2017, it has been decided to re-organize these two areas under a single Director of Health and Wellbeing who will oversee all related services and programming, and report to the Senior Administrative Dean of Counseling, Retention and Student Wellness. This model will benefit student access to care and wellbeing. Many community agencies have reorganized their physical and mental health services under one roof to allow easier access for the clients, especially due to the continued stigma of ‘mental health’ needs. Students entering the Center for Health & Wellbeing will not be singled out as needing ‘psychological services.’ This re-organization will result in more coordinated health and wellbeing programming and a shared physical location. Hiring a Director who has expertise in health and wellbeing will further strengthen the services already being provided to SMC students, and will promote a more integrated and holistic approach to student wellness and wellbeing. This will result in more effective outreach, training and intervention efforts to help keep our college community healthy and safe.
APPENDIX B

INFORMATION ITEM 4

SUBJECT: COMMUNITY AND ACADEMIC RELATIONS DEPARTMENT: CONNECTED CAMPUS. CONNECTED COMMUNITY.

The creation of the Community and Academic Relations area fulfills a major reorganization approved in October 2014 to combine the Community Relations, Marketing, and Web & Social Media departments, as well as the Public Information Office into a coordinated administrative unit under the Government Relations and Institutional Communications umbrella.

Community & Academic Relations functions as the communication hub for Santa Monica College, presenting a consistent and cohesive voice for the institution via institutional publications, marketing campaigns, social media and traditional marketing strategies. We work to build external and internal relationships with the Santa Monica/Malibu community and campus community, respectively.

Community and Academic Relations supports the Santa Monica College mission by providing vital information to students, faculty, staff and community stakeholders to strengthen relationships and engage in brand-building efforts to meet enrollment targets.

Community and Academic Relations directly engages the public through programming (The SMC Associates and the General Advisory Board) and through the support of academic programs and college initiatives (Public Policy Institute and GRIT). The SMC Associates raises funds to foster and encourage scientific, literary, educational and artistic endeavors at Santa Monica College with the goal to Enrich, Inspire and Engage our students. The General Advisory Board is a community ambassador group who learns about SMC and shares information about the college with the Santa Monica Community.

Community and Academic Relations 2016-17: Summary in Numbers
Total events for the 2016-17 academic year:

**SMC ASSOCIATES**
The SMC Associates continues to fund activities across the spectrum of campus disciplines and interests through its membership dues and donations. In addition to a number of one-of-a-kind special events, nine Associates-sponsored speaker series are offered in Spring 2017 to enhance the academic experience for students. These events attract a diverse set of students across the college and enrich the campus culture. Below is a summary of the variety of lecture series that were offered during the past academic year 2016-17. *The attendance summary for each event appears below.*

**Distinguished Scientists**, the first lecture series instituted at SMC in 1999, is now in its 18th year. Speakers are identified in close collaboration with the faculty to ensure their relevance and value to the student audience. The college is able to attract speakers of very high caliber based on the series’ longevity and its roster of distinguished past presenters. This year has seen outstanding speakers on epigenetics, human influence on coral reefs, the study of earthquakes using space technology, sedimentology, and self-assembled nanomaterials.

**The Literary Lectures**, a series of readings and discussions on the craft of writing with Southern California authors, enjoys the broad support of the English Department, ESL and beyond, showcasing culturally diverse authors and engendering cross-discipline conversations.

**Global Connections Series**, created as the first step in the college’s Global Citizenship commitment, is now in its 10th year. Tom Schnabel, the host of KCRW’s Rhythm Planet, will lecture on Connecting the World through Music and there will be a film screening from Academy Award nominee and triple Sundance award-winning filmmaker, Arthur Dong, who will show his film *Hollywood Chinese.*

**Master Classes** are a unique opportunity for SMC students to work with renowned artists right on stage be it in voice, single instrument, or dance and movement. These programs are well received by the students who participate.

**Black History Series**, which started in spring 2015, has continued to be an exceptionally successful programming collaboration, which enriches the campus community. In spring 2017, two screenings of the interactive film event *Trial by Jury: The Case of the N-Word* engaged over 400 students and community members in respectful and insightful open discussion on a challenging and relevant topic.

**Women’s Empowerment Series** was introduced in spring 2016 and produced in collaboration with Associated Students, GRIT, Global Council, and the Alumni Association. A semester long series of lectures was created to go beyond the concept of “women’s history month”. Spring 2017 speakers include the body image advocate known for her role in the body positive movement, Jes Baker; street artist Padhia Avocado; as well as a showing of the film *Embrace.*

**Communication and Media Series**, new this academic year, has been a perfect example of faculty-inspired topics which supplement the classroom instruction with dynamic external professional speakers. CNN Money digital war room’s Assistant Managing Editor for Programming, Leezel Tanglao, will discuss the challenges and opportunities facing journalists in today’s digital world. Producer and writer, Barry Kibrick, Emmy award winning host and creator of the show “Between the Lines with Barry Kibrick”, will speak about his background in TV and radio.
**Special Events:** This year, the film *GENERATION STARTUP* will be shown and the SMC Business department and student Roteract Club will host an audience Q&A. Additionally, the Academy of Learning Innovation and Success will host a student photo exhibit entitled “A Day in the Life of SMC” which will be on display in the library the month of May. The front of the library will be the canvas to host the “Adopt a Square: Cover the grey” Art Contest. Students have been invited to adopt one of the squares in front of the library to transform it into a work of art, using chalk. Winners and prizes will be awarded at an exhibit on April 22nd.

The *Public Policy Institute* collaboration continues to be successful as the SMC Associates will be funding speakers and receptions for the fall and spring symposiums. The PPI events are always extremely well supported by students and the surrounding community because of their timely and intriguing subject matter and selected speakers.

**SMC GENERAL ADVISORY BOARD**

The SMC General Advisory Board continues to be active and experience growth in younger members from the local business and professional community, with their own set of networks and more active engagement style. Program presentations are guided by an executive committee that gives continuous feedback and suggestions. This year the GAB has decided to unite the annual Athletic Award ceremony with the SMC Scholarship Ceremony, which is sponsored by the SMC Foundation. Doing so not only saves district fiscal resources, but also increases the awareness level about this significant celebration of our student athletes. Collaborations are in the works once again with Associated Students to provide financial scholarships for the student athletes who are given the award as top male/top female athlete of the year.

**COMMUNITY EVENT PARTNERSHIPS**

**ENROLLMENT AND MARKETING COLLABORATIONS**

The past year provided many opportunities for collaboration and coordination between Enrollment Development and the Marketing team. Two full-day retreats were held to discuss how best to address enrollment concerns. Many thoughtful short-term and longer-term responses were discussed. Follow up meetings are held every two weeks as part of the Enrollment Barriers workgroup discussions, facilitated by Brenda Benson, Dean of Counseling and Retention.
The Community and Academic Relations office in collaboration with Web/Social Media and Marketing hope to continue to be perceived as an accessible source of information and support for both internal and external communities.
