Virtual meetings have been authorized by Executive Order N-25-20 issued by Governor Gavin Newsom and dated March 12, 2020, to reduce and minimize the risk of infection by “limiting attendance at public assemblies, conferences, or other mass events.” Zoom meetings will ensure public participation while at the same time complying with Governor’s Stay at Home executive order and Los Angeles County’s Safer at Home order.

Public participation can occur in one of two ways. Members of the public can submit written comments to be read during the public meeting or they may speak during the Zoom meeting. All public comments will be subject to the general rules set forth below.

RECOMMENDATION NO. 1 APPROVAL OF MINUTES
Approval of the minutes of the following meetings of the Santa Monica Community College District Board of Trustees:

CONSENT AGENDA: ANNUAL RECOMMENDATIONS (continued)

RECOMMENDATION NO. 2 DESTRUCTION OF CLASS 3 RECORDS
Requested Action: Approval
Approved by: Kathryn E. Jeffery, Superintendent/President

Teresita Rodriguez, Vice-President, Enrollment Development
Sherri Lee-Lewis, Vice-President, Human Resources

Approve the destruction of class 3 records (older than three years) stored for Admissions and Records, Financial Aid, Outreach, Assessment, EOP&S, Business Services, Human Resources and Personnel Commission.

Comment: This is an annual recommendation for class 3 records which are disposable records that have been maintained for at least three years. This classification includes such items as enrollment cards, add-drop cards, purchase orders, periodic reports, and attendance records. This also includes such items for the Human Resources and the Personnel Commission as recruitment and examination records for classified personnel. All data from these source documents has been recorded on a higher classification record that is stored.

Requested by: Kim Tran, Chief Director, Business Services
Approved by: Chris Bonvenuto, Vice-President, Business and Administration
Requested Action: Approval

In accordance with the provisions of Section 85201 of the Education Code, authorize the County Superintendent of Schools to make appropriate transfers necessary at the close of the fiscal year 2018-2019 to permit the payment of obligations of the district incurred during the year.

Comment: This action is a recurring practice of the County Superintendent of Schools which permits the processing of warrants and liabilities for the District during the closing of the financial records for the fiscal year.

Authorization of signatures of all academic and classified managers, classified confidential employees, and department chairs (see following lists) to approve invoices and payments on contracts for the Santa Monica Community College District for 2020-2021.

Comment: To comply with Education Code Sections 85232 and 85233 and the Los Angeles County Office of Education (LACOE), the Board of Trustees is required to authorize signatures of those persons who approve invoices and payments on contracts. The auditing system at LACOE reviews each phase of the payment process including the authorized signatures approved by the Board of Trustees.

New Courses

ANTHRO 11 Introduction to Primatology
This course will survey living nonhuman primates. We will explore the diversity of primates through the examination of their morphology, taxonomy, behavior and social organization within an evolutionary and ecological framework. The course will examine the history of the field, its development and modern theoretical studies. The course will also delve into primate conservation and the possible future directions of primatology research.

CS 73L Cybersecurity Literacy
Technology, through the use of cellphones, tablets, desktops and embedded systems, surrounds us everywhere and is a part of our daily life. With the ubiquity of device use, and global-scale data transfers, users are vulnerable to the temptations of cyber-criminals. In this course, students learn how to use technology safely. The course also introduces basic concepts of cybersecurity and explores careers in this field. This course is intended for any non-major student who wants to be a savvy user in the world today.

CS 87B Advanced Python Programming
This course builds on a first level course in Python exposing students to more advanced topics and applications to industry. Topics cover object-oriented programming, creating classes and using objects, web applications, and some common libraries and their functions used for data manipulation. Students may use either a PC (Windows) or a Mac (Linux) to complete their programming assignments.

GAME 10 Game Design Studio 1
This is a faculty-supervised studio course that will enable students to produce game prototypes for portfolio inclusion. Working in teams, students will develop original game design documents, turning them into physical prototypes for common tabletop game formats such as board games, card games, or dice games. Instruction will focus on iterative design, playtesting, and successful communication. Each team will develop multiple prototypes, and team members will assume different roles for each design.

IARC 20 Studio 2: Interior Architecture
A studio course which focuses on the development of context and precedent while designing interior architectural spaces and forms. Simple built environments are developed using design principles in context with spatial relationships, human interaction, and materiality. Emphasis is placed on the design process, human experience, and space planning. Visual and oral presentations are used in the development of a course portfolio.
IXD 480 Design for the Future
This course introduces the students to a set of emerging technologies, new interfaces and developing mediums which will shape the design landscape 5 to 10 years from now - focusing on machine learning, computer-mediated realities and immersive environments. The goal of the course is to help the students prepare for the jobs that might not even exist yet and to equip them with the tools and methodologies that will help them to quickly learn and adapt to the rapidly changing nature of digital design.

IXD 481 Independent Studies in Interaction Design
This course is for upper division students interested in doing an independent research project in the field of Interaction Design. NOTE: The student must receive approval from the Department Chair prior to enrolling in this course.

New Programs

Architecture (AS/Certificate of Achievement)
This program explores architecture through cultural, environmental, and social relevance while understanding and addressing critical issues facing the built environment. Innovative design, critical analysis, and communication skills are developed in drawing, writing, modeling, and collaboration. Students completing the AS degree may apply for transfer to a University program in Architecture, Interior Architecture, or Environmental Design or obtain an entry level position in the same fields. Note: in addition to meeting academic requirements for admittance into a university, Architecture Programs also require prospective students to submit a portfolio to review for admittance into the program. It is recommended that students make an appointment with counselors at the institution of their choice to inquire about requirements. After completion of this Architecture program, California students have the option to pursue a license in architecture through the NCARB internship process.

Architecture and Interior Design Digital Production (Certificate of Achievement)
This program provides students with practical knowledge using industry standard tools and techniques. Focus is on the skill necessary for communicating ideas and projects using a variety of technical skills including digital drafting, modeling, rendering, image enhancement, fabrication and the use of VR in the design industry. Students will be prepared to work in a wide range of design disciplines including, architecture, interior design, fixture and furnishing design, and 3D rendering firms.

Entry Level Business Information Assistant (Certificate of Achievement)
Companies in various industries require employees who have basic business information systems and bookkeeping skills and can effectively communicate and interact with customers at an entry level position.

Interior Architectural Design Fundamentals (Certificate of Achievement)
This program provides a series of foundation courses in Architecture and Interior Architectural Design. Students will gain a broad overview and acquire fundamental skills needed in the design profession. This would be the first of two tier stackable certificate program specializing in Interiors or Architectural Design.

Cultural Resource Management (Certificate of Achievement)
This certificate provides specific knowledge and practical experience to students who may pursue careers in Cultural Resource Management (CRM), Archaeology, Anthropology, Museum Studies, or Historic Preservation. CRM integrates the fields of Archaeology, Anthropology, and Historic Preservation to address the myriad of Federal, State, and local legislation aimed at protecting cultural resources. CRM is the fastest growing sub-discipline within archaeology and ensures that critical archaeological concerns are represented throughout project planning and construction.

Title of Grant: Higher Education Emergency Relief Fund – Institutional Portion
Granting Agency: United States Department of Education
Augmentation Amount: $6,096,756
Matching Funds: Not Applicable
Performance Period: May 10, 2020 - May 10, 2021
Summary:
The CARES Act establishes the Higher Education Emergency Relief Fund (HEERF) which includes funding to institutions of higher education to help cover any costs associated with significant changes to the delivery of instruction due to coronavirus, so long as such costs do not include payments to contractors for the provision of pre-enrollment recruitment activities, including marketing and advertising; endowments; or capital outlays associated with facilities related to athletics, sectarian instruction, or religious worship.
The CARES Act requires HEERF-Institutional Portion funds to be used on institutional costs incurred on or after March 13, 2020 for which the district has a reasoned basis for concluding that such costs have a clear nexus to significant changes to the delivery of instruction due to the coronavirus.
Santa Monica College will receive $6,096,756 and may use the funds to reimburse itself for costs related to refunds made to students for housing, food, or other services that the district could no longer provide, or for hardware, software, or internet connectivity that the district purchased on behalf of the students or provided to them.

Title of Grant: Public Housekeeping Training Organization (PHTO) Program
Granting Agency: The City of Santa Monica
Award Amount: $539,100 (not to exceed reimbursement amount)
Matching Funds: Not applicable
Performance Period: February 27, 2020 – February 27, 2023
Summary: The Santa Monica City Council adopted ordinance No. 2614 (CSS) in September 2019 to enhance the protection of hotel workers in the local hospitality industry. As part of the ordinance, the City of Santa Monica sought a Public Housekeeping Training Organization (PHTO) to develop and deliver a curriculum that effectively conveys the fundamentals of the new regulations to approximately 2,100 housekeepers affected. Santa Monica College’s Workforce Office submitted a proposal and was selected as the most qualified organization to perform on the scope of work required. SMC will work independently with the City’s 41 hotels to train, administer an examination, and issue a Public Housekeeping Certificate to each hotel housekeeper who has successfully completed the program. Reimbursement to SMC will be based on a fee per housekeeper using a sliding scale tied to the number of participants in the classroom. It is expected that the program will generate between $188,720 to $539,100 in fees to the college.

REQUESTED ACTION: It is recommended that the Board of Trustees approve a resolution adopting the Santa Monica College Art Complex Replacement Project Mitigation Monitoring and Reporting Program; adopting the Initial Study and proposed Mitigated Negative Declaration; approving the June 2020 Amendment to the Santa Monica College Career and Educational Facilities 2010 Master Plan; and approving the Santa Monica College Art Complex Replacement Project resolution.

WHEREAS, on January 17, 2017, the Board of Trustees approved the acquisition of the property at 2019 and 2023 14th Street (APN 4284-034-014 and APN 4284-034-004) in the City of Santa Monica with a total lot area of 43,400 square feet (approximately 1 acre) immediately south of SMC’s Parking Lot 6, 1410 Pico Boulevard (APN 4284-034-900); and

WHEREAS, the Santa Monica College Art Complex Replacement Project (“Project”) replaces the existing Art Complex on SMC’s Main Campus and the existing Ceramics art facility on SMC’s satellite Airport Arts Campus with a new 20,720 ASF (31,877 GSF) two-story facility on an approximately 1.65-acre site that consists of Parking Lot 6 and the two recently acquired parcels; and

WHEREAS, a community meeting concerning the proposed Project was hosted by representatives of Santa Monica College on May 10, 2018, with a community notification mailed to residential and commercial neighbors of the project, to Sunset Park and Pico Neighborhood organizations, and to the City of Santa Monica; and additional electronic notifications provided to the Pico Neighborhood Association and Friends of Sunset Park concerning the May 10th community meeting; and

WHEREAS, a Notice of Intent to Adopt the Initial Study and proposed Mitigated Negative Declaration for the Santa Monica College Art Complex Replacement Project (“Project”) was published in the Santa Monica Daily Press on April 30, 2020 in compliance with the California Environmental Quality Act (“CEQA”) and the Santa Monica College CEQA Guidelines, and was published as a courtesy notice in the Malibu Times on May 7, 2020; and

WHEREAS, the Notice of Intent and the Initial Study and proposed Mitigated Negative Declaration (SCH No. 2020040434) were filed with the State Clearinghouse on April 30, 2020; and

WHEREAS, the Initial Study and proposed Mitigated Negative Declaration were posted on the internet at www2.smc.edu/planning; and
WHEREAS, the Initial Study and proposed Mitigated Negative Declaration were made available for public comment for 30 days, beginning on April 30 and ending on May 29, 2020; and

WHEREAS, the Notice of Intent and Availability of the Initial Study and proposed Mitigated Negative Declaration were recorded for posting by the Los Angeles County Clerk on May 6, 2020; and

WHEREAS, a community meeting concerning the Initial Study and proposed Mitigated Negative Declaration was hosted by representatives of Santa Monica College on May 20, 2020, with a community notification mailed to residential and commercial neighbors of the project, to Sunset Park and Pico Neighborhood organizations, and to the City of Santa Monica; and additional electronic notifications provided to the Pico Neighborhood Association and Friends of Sunset Park concerning the May 20th community meeting; and

WHEREAS, on June 2, 2020, the Project was considered by the Board of Trustees for adoption, and the proposed Final Initial Study/Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program must be adopted prior to the contemplated approval of the Project; and

WHEREAS, members of the public were permitted to provide comments to the Board of Trustees prior to any action being taken on the Initial Study and proposed Mitigated Negative Declaration, proposed Facilities Master Plan Amendment, and proposed Project; and

WHEREAS, the Board of Trustees, acting in its capacity as the Lead Agency pursuant to State CEQA Guidelines Section 15051(a), has reviewed the Initial Study and proposed Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program and considered public and agency comments submitted in response to the Initial Study and Mitigated Negative Declaration;

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE SANTA MONICA COMMUNITY COLLEGE DISTRICT DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The Board of Trustees finds that the Initial Study identified certain potentially significant impacts with respect to Cultural Resources (Archaeological), Geology and Soils (Paleontology), Hazardous Materials (Soil Management Plan), Noise (Construction), Transportation (Construction Management Plan), Tribal Cultural Resources, Utilities and Service Systems (Water, Sewer), and Mandatory Findings of Significance, and that these impacts would be reduced to less than significant levels with the incorporation of mitigation measures imposed on the Project.

SECTION 2. Consistent with Public Resources Code Section 21081.6(a)(1), the Board of Trustees adopts the Santa Monica College Arts Complex Replacement Project Mitigation Monitoring and Reporting Program, which is included as Attachment A, to mitigate or avoid significant effects of the Project on the environment and ensure compliance during Project implementation.

SECTION 3. The Board of Trustees has reviewed and considered the Initial Study and proposed Mitigated Negative Declaration and the Mitigation Monitoring and Reporting Program, together with all comments received during the public review process, prior to acting on the amendment to the SMC Career and Educational Facilities 2010 Master Plan, and on the Project.
SECTION 4. The Board of Trustees finds, based on the whole record before it, including the Initial Study and proposed Mitigated Negative Declaration, and all written and oral comments received pertaining thereto, that with incorporation of the proposed mitigation measures there is no substantial evidence that the Project will have a significant effect on the environment, and that the Initial Study and proposed Mitigated Negative Declaration reflect the Santa Monica Community College District’s independent judgment and analysis. Therefore, the Board of Trustees hereby adopts the Mitigated Negative Declaration.

SECTION 5. An Amendment to the SMC Career and Educational Facilities Master Plan (2010 Update) to incorporate two parcels (APN 4284-034-014 and APN 4284-034-004) with a total lot area of approximately 43,400 square feet (approximately 1 acre) for the proposed construction and operation of the Santa Monica College Art Complex Replacement Project consisting of approximately 31,877 gross square feet (GSF) of floor area, which is included as Attachment B, is approved.

SECTION 6. The Santa Monica College Art Complex Replacement Project is approved. Based on the record of the proceedings, the Board of Trustees finds that the Project advances the mission of Santa Monica College by “[providing] a safe, inclusive, and dynamic learning environment that encourages personal and intellectual exploration—one that challenges and supports students in achieving their educational goals.” Further, the Project advances the College’s goals, including the following: “Continuously develop curricular programs, learning strategies, and services to meet the evolving needs of students and the community; … provide access to comprehensive student learning resources; [and] … apply sustainable practices to maintain and enhance the College’s facilities and infrastructure.”

SECTION 7. Consistent with Public Resources Code Section 21081.6(a)(2), the documents which constitute the record of proceedings for approving the amendment to the SMC Career and Educational Facilities 2010 Master Plan and this Project are located in the Business & Administration Offices at 1900 Pico Boulevard, Santa Monica, California. The custodian of these records is Mr. Christopher Bonvenuto, Vice President, Business & Administration for Santa Monica College.

Attachment A – Mitigation Monitoring and Reporting Program
Attachment B – June 2020 Amendment to the Santa Monica College Career and Educational Facilities 2010 Master Plan

Description

SMC is proposing to construct and operate a new Arts Complex replacing the existing 70-year old art studios and classrooms on the main campus and the ceramic kilns at the Airport Arts campus. The main campus facility has near the end of its useful life and the existing building systems, infrastructure, and space distribution no longer meet the needs of the program and limit instructional delivery. Additionally, integrating the Ceramics division with the other Art laboratory courses would improve collaboration, sharing of resources, and community access.

The new Arts Complex would support studio and workshop classes in Drawing, Design, Digital 2-D and 3-D Design and Printing, Watercolor, Acrylic Painting, Oil Painting, Sculpture, Glass Sculpture, Ceramics, and Printmaking. The complex would also include a large classroom supporting Art History, and additional informal teaching spaces and offices. The complex will be located on a 1.65-acre site, bounded by Pico Boulevard to the north, 14th Street to the west, and Bay Street to the south.

The replacement project would be 20,720 ASF (Assignable Square Feet), including 1,825 ASF of classroom space, 17,203 ASF of laboratory space, and 1,692 ASF of office space. The building is two stories, with a maximum height of 30 feet. The total size for the building, including corridors, restrooms, and storage, is 31,877 GSF (Gross Square Feet).
Parking at the facility is staff only, with approximately 20 parking spaces on site. Cars will both enter and exit from Pico Boulevard. A service and emergency gate will be available on 14th Street. Student and community parking will be in the parking structures half-a-block east, on the main SMC campus.

Drawings, illustrations, and photographs of a 3-D model of the proposed Project are available at www2.smc.edu/planning.

Public and Agency Comments

One State Agency, Caltrans, submitted a comment letter on the Proposed Project. Caltrans’ comment letter, dated May 25, 2020, acknowledges receipt of the Draft IS/MND and notes that Caltrans does not anticipate any significant adverse impacts to the State Highway System. Caltrans’s comment letter noted that the transportation of heavy construction equipment and/or materials which requires use of oversized-transport vehicles on State highways will need a Caltrans transportation permit and recommends that large size truck trips be limited to off-peak commute periods. The request to have large size trucks be limited to off-peak commute periods is incorporated as part of mitigation measure TR-1 (Construction Impact Mitigation Plan).

Public Outreach

On May 20, 2020, SMC organized and hosted a public outreach presentation and community meeting via a video-conference group meeting with members of the SMC project team and interested persons who reside in the neighborhood surrounding the Project Site. A summary of comments and issues raised pertaining to the Proposed Project’s environmental impact upon the surrounding community, along with District responses, is as follows:

Architectural Treatment of the South Facing Building Façade. Concerns were raised regarding the selection of architectural materials, building height, and thematic up-lighting of the proposed Art Complex’s south facing façade. Several comments requested public input on the design elements and suggested whether an art installation and/or living wall could be considered during the architectural planning process. Additional information pertaining to the architectural materials and design has been incorporated into Section 3.3 Project Description and Section 4.1, Aesthetics. Mitigation Measure AES-2 has been added in the Final IS/MND as follows:

Mitigation Measure AES-2: The District shall form a task force that includes Bay Street neighbors to determine architectural and site design solutions that address neighborhood concerns and consider suggestions to incorporate design elements such as a living wall, a stepped roof line, and transitional landscaping along the southerly fence line along Bay Street.

Nighttime lighting and illumination. Concerns were raised regarding the potential for light pollution and timing of lighting and illumination on the south façade of the proposed Art Complex structure and within the parking lot. For responses to these issues, additional clarifying information has been incorporated into Section 3.3 Project Description and Section 4.1, Aesthetics. Outdoor lighting within the exterior spaces including courtyards, pedestrian walkways, and parking lots will include low-level, directional lighting fixtures that shall be designed and installed to minimize light spillover onto adjacent properties. Specifically, the Proposed Project would comply with Section 1205.7 of the California Building Code, Campus Lighting for Parking Facilities and Primary Walkways at California State Universities, Colleges and Community Colleges. Section 1205.7 provides that lighting levels for open and covered parking facilities and primary campus walkways should be lit in accordance with their activity levels.
Notwithstanding the less than significant lighting impacts, the District has voluntarily agreed to engage a professional lighting consultant to prepare a lighting plan and engage with the neighbors to the south (along 14th Street and Bay Street) to develop a lighting plan that would address community concerns with respect to low-level lighting fixtures, reflectivity of light off of architectural façades, pole heights, and landscape elements. This is incorporated in the Final IS/MND as Mitigation Measure AES-1.

**Hours of Operation.** Concerns were raised regarding the hours of operation and level of activity that would occur during the evening hours. Responses to clarify the hours of operation are provided in Section 3.3 Project Description. The Proposed Project would be accessible to students and faculty during SMC’s regular operating hours of 6:00 a.m. to 11:00 p.m. Monday through Saturday on a year-round basis in accordance with program scheduling for the Fall, Winter, Spring and Summer quarters. After hours activities would be limited to janitorial maintenance activities, and site patrols by security and the Santa Monica College Police Department. Limited special events would be held on the Project Site on an intermittent and occasional basis.

**Operational Noise.** Concerns were raised regarding operational noise levels, including outdoor events, the use of public address systems, frequency of evening or after hour events, and noise from stationary mechanical heating and air conditioning and ventilation (HVAC) systems. For responses to these issues, additional clarifying information has been provided in Section 4.13, Noise. Based on the size of the courtyard and outdoor spaces provided within the Arts Complex site, it is conservatively anticipated that this area could accommodate up to 100 people in the outdoor plaza for casual outdoor gatherings based on occupiable space. For purposes of estimating noise from people congregating in these areas, reference noise levels of 65 dBA and 62 dBA for a male and a female speaking in a raised voice, respectively, were used to analyze noise from the use of these courtyard areas. The central courtyard area is designed to be north facing, towards Pico Boulevard, such that the building walls would attenuate and block sound from being directed into the residential neighborhood to the south. The building structure would block the line of sight between the outdoor gathering space and the residences and would provide a minimum sound attenuation of 20 dBA. Based on the ambient noise levels recorded in the surrounding area (See Table 4.11 Existing Ambient Daytime Noise Levels), the Proposed Project would not increase ambient noise levels by more than 5 dBA from the open space with full capacities. As such, noise from the outdoor common open space would be less than significant.

**Operational Air Quality Emissions.** Concerns were raised regarding operational air quality emissions and potential for odors associated with paints, fumes, solvents, and ceramic kilns. Additional information pertaining to operational air quality emissions has been provided in Section 4.3, Air Quality. Operational activities would involve the storage and use of certain art products and materials (such as paints and solvents) in small quantities. The storage and use of art supplies, such as paint, adhesives, and ceramic kilns would be similar to what is currently used on the Main Campus and at the Airport Arts Complex. Based on an SCAQMD records search, neither the Main Campus nor the Airport Arts Campus store or use materials in large enough quantity to be regulated by the SCAQMD. Materials with volatile organic compounds (VOCs) are generally regulated at the source (i.e., manufacturer), and point of sale in accordance with SCAQMD Rule 1113 (Architectural Coatings). The storage and use of art supplies and limited use of kilns is covered under Rule 219 – Equipment Not Requiring a Written Permit Pursuant to Regulation II. In addition, SCAQMD Rule 402 (Nuisance), and SCAQMD Best Available Control Technology Guidelines would limit potential objectionable odor impacts during the Proposed Project’s long-term operations phase. SCAQMD Rule 402 provides that a person shall not discharge from any source whatsoever such quantities of air contaminants or other material which cause injury, detriment, nuisance, or annoyance to any considerable number of persons or to the public, or which endanger the comfort, repose, health or safety of any such persons or the public, or which cause, or have a natural tendency to cause, injury or damage to business or property. With compliance with SCAQMD Rules 402, described above, potential objectionable odor impacts would be less than significant.
**Staging of Construction Equipment.** Concerns were raised regarding contractor parking and the staging of equipment and supplies during the construction process. Additional clarifying information regarding this issue has been provided in Section 3.3 Project Description, subsection G, Anticipated Construction Schedule. During construction, all contractors will be required to park on-site or in parking structure 4 located on the Main Campus. Construction equipment and staging areas will be provided on-site and in a designated off-site lot at the surface parking lot at the southwest corner of Pico Boulevard and 16th Street. No contractors or equipment will be allowed to park or be staged on the surrounding roadways including 14th Street, Bay Street or 16th Street.

**Litter and Smoking.** Concerns were raised regarding the potential for an increase in litter and off-campus smoking nuisances occurring within the residential neighborhood surrounding the proposed Art Complex Replacement Building. In a general response, SMC administrators acknowledged this potential impact and ensured that the SMC policy for the Main Campus would apply to the proposed Art Complex Replacement Building site. Additionally, SMC agreed to proactively work with residents and provide a method for communicating such issues if and when they occur so that SMCPD can respond accordingly. (See additional information provided in Section 15, Public Services (Police Services). SMCPD would increase patrols on the Project Site in accordance with the levels of programming and increased activity at the Arts Complex Replacement Building. Consistent with current SMC Policies and standard practice, SMCPD will also patrol the areas immediately surrounding the Arts Complex site to monitor and enforce nuisance activities, such as students parking within the preferential parking areas, and loitering in the neighborhood. Therefore, the Proposed Project impacts on police services would be less than significant.

In addition to the above issues, a response letter was received from the South Central Coastal Information Center (SCCIC) on May 5, 2020 after the Draft MND was published. The records search request confirmed that no historic or archaeological resources have been recorded within the Project Site and that no known archaeological resources occur within a ¼ mile radius of the Project Site. This information reaffirms the conclusions in the Draft MND and has been incorporated into Section 5, Cultural Resources, and Appendix I, Cultural Resources.

RECOMMENDATION NO. 32

SUBJECT: AUTHORIZATION TO COMMENCE THE PROCESS TO SELL REAL PROPERTY LOCATED AT 1825 PEARL STREET

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees authorize the Superintendent/President to commence the process to sell real property located at 1825 Pearl Street, Santa Monica.

COMMENT: In February 1998, the District purchased 1825 Pearl Street, Santa Monica, California, a 2,376 square foot 4 units apartment complex setting on a 6,158 square foot lot for $395,000 using Simon’s Trust fund. The complex was built in 1939 and consists of two buildings, with three one-story units in the front building and one unit in the rear building over the garages. There are three one-bedroom units and one two-bedroom unit. Each apartment has one bathroom. The complex currently has two tenant occupied units subject to the city’s rent control ordinance and two vacant units. The complex is in fair to poor condition and two of the units would require major repairs to be rented. It is estimated that necessary repairs would exceed $200,000.00.

In March of 2019, the District conducted an appraisal of the property. With the “as-is” condition, the value is one million three hundred thousand dollars ($1,300,000).

In the event the Board of Trustees authorizes proceeding with the sale of the property, a resolution will be presented for adoption in accordance with Education Code Section 81365 at its July meeting.

RECOMMENDATION NO. 33

SUBMITTED BY: Vice President, Business/Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve this resolution to allow for the prepayment of the District’s three (3) outstanding lease obligations. This resolution will allow staff to execute the required documentation for the prepayment at the targeted closing date of August 5, 2020.

FUNDING SOURCE: RDA Facilities Funds and other available District Funds

SUMMARY: The District currently has 3 separate lease-backed debt financings (Leases). The annual cost of these Leases is $2.65 million and is paid from the District’s general fund and parking revenues. By paying these Leases off early, the District will be able to reallocate the $2.65 million of annual Lease payments to the budget shortfall. The total amount required for repayment of the Leases is $12.6 million.

Primary source of the $12.6 million will come from $12.1 million of unencumbered funds in the District’s RDA Facilities Fund. The RDA Facilities Fund is funded with pass-through payments from the Santa Monica Redevelopment Agency (RDA) and its successor agency. Pass-through payments flow to all affected taxing agencies, including community college districts. Pass-through payments may be used as an offset (maximum 47.5%) or for facilities. The facilities portion of the pass-throughs make up the RDA Facilities Fund. Moneys in this fund may be used for land acquisition, facility construction, reconstruction, remodeling or deferred maintenance, including district or campus buildings or infrastructure (including parking, utilities, furniture, equipment, portables, operating and capital leases) and may also be used to pay or prepay lease payments for such uses.

The original purpose of the Leases was to provide funding for the following:

<table>
<thead>
<tr>
<th>LEASE</th>
<th>PURPOSE</th>
</tr>
</thead>
<tbody>
<tr>
<td>2010 COP Lease</td>
<td>Pico Parking Facility and District offices</td>
</tr>
<tr>
<td>2013 COP Lease</td>
<td>AET Building</td>
</tr>
<tr>
<td>2016 Lease</td>
<td>Equipment for Energy Efficiency Upgrades</td>
</tr>
</tbody>
</table>

Therefore, the RDA law allows for the prepayment of these 3 Leases.

The full amount of the $12.1 million in the RDA Facilities Fund will be applied to the $12.6 million required to pay off the Leases. This will require the District to only budget $500,000 for Leases in 2020-21.
RESOLUTION APPROVING THE PREPAYMENT AND DEFEASANCE OF CERTIFICATES OF PARTICIPATION, SERIES 2010B AND SERIES 2013A, AND 2016 LEASE WITH OPTION TO PURCHASE, AUTHORIZING THE EXECUTION AND DELIVERY OF ESCROW AGREEMENTS AND TERMINATION AGREEMENTS RELATED THERETO, AND ORDERING CERTAIN ACTIONS IN CONNECTION THEREWITH

WHEREAS, the Board of Trustees (the “Board”) of the Santa Monica Community College District (the “District”) is authorized pursuant to the Education Code of the State of California to provide for the execution and delivery of certificates of participation, which will evidence proportionate interests of the owners thereof in certain lease payments to be made by the District; and

WHEREAS, pursuant to Section 33607.5(a)(5) of the California Health and Safety Code, the District has determined that the use of proceeds of the debt instruments that were prepaid or refunded by the 2010 Certificates and the 2013 Certificates, and the use of the proceeds from the 2016 Lease were spent at the District campuses, sites or facilities that are: (a) within any of the former Downtown Redevelopment Project Area, the Earthquake Recovery Redevelopment Area, Ocean Park Redevelopment Project Area 1A, or Ocean Park Redevelopment Project Area 1B (each, a “Project Area”) of the former Santa Monica Redevelopment Agency (the “Redevelopment Agency”); (b) attended by students from any of the Project Areas; (c) attended by students generated by projects that are assisted directly by the Redevelopment Agency, or (d) determined by the Board to be of benefit to any of the Project Areas; and

WHEREAS, there have been presented to this meeting of the Board the following documents:

Proposed form of 2010 Escrow Agreement (the “2010 Escrow Agreement”), by and between the District and The Bank of New York Mellon Trust Company, N.A., as 2010 Trustee and Escrow Bank (the “2010 Trustee”);

NOW, THEREFORE, the Board of Trustees of Santa Monica Community College District, Los Angeles County, resolves as follows:

The Board hereby determines that the use of proceeds of the debt instruments that were prepaid or refunded by the 2010 Certificates and the 2013 Certificates, and the use of the proceeds from the 2016 Lease were spent at District campuses, sites or facilities that are: (a) within one or more of the Project Areas; (b) attended by students from any of the Project Areas; (c) attended by students generated by projects that are assisted directly by the Redevelopment Agency, or (d) were of benefit to one or more of the Project Area.

The Secretary of the Board or any member of the Board of the District is hereby authorized and directed to attest to the signature of any Authorized Officer whenever required or advisable for the transactions contemplated by this Resolution.

The Superintendent, the Vice President of Business and Administration, and each of their respective designees, are each hereby authorized and directed to execute and attest to such further documents, instruments, grant deeds, deeds of trust, continuing disclosure certificate and certificates as may be deemed necessary or advisable by Special Counsel in order to accomplish the purposes of this Resolution.

Whenever in this Resolution it shall be provided that a document be executed or attested by the Superintendent or the Vice President of Business and Administration, and if, at the time for execution or attestation of such document, such officer is not available for signature, it shall be sufficient for the purposes of this Resolution if (a) the Vice President of Business and Administration shall execute such document in the place of the Superintendent and (b) any other official designated by the Superintendent shall attest such document in place of the Vice President of Business and Administration, with the same effect.
The Board hereby confirms the appointment of Norton Rose Fulbright US LLP, as Special Counsel, based on a letter agreement with such firm.

Members of the District Board, District officials, administrators and staff, and their authorized deputies and designees, are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they may deem necessary or advisable in order to proceed with the prepayment and defeasance of the 2010 Certificates, the 2013 Certificates and the 2016 Lease and otherwise carry out, give effect to and comply with the terms and intent of this Resolution. Such actions as may have heretofore been taken by such officers, officials and staff are hereby ratified, confirmed and approved.

RECOMMENDATION NO. 36

SUBJECT: RESOLUTION DECLARING A FISCAL EMERGENCY AS A RESULT OF THE NOVEL CORONAVIRUS (COVID-19) GLOBAL PANDEMIC, FREEZING SALARIES AND IMPOSING FURLOUGHS FOR ALL MANAGEMENT AND CONFIDENTIAL PERSONNEL

SUBMITTED BY: Superintendent/President

ACTION REQUESTED: It is recommended that the Board of Trustees adopt the following resolution to declare a fiscal emergency as a result of the Novel Coronavirus (COVID-19) global pandemic, freezing salaries and imposing furloughs for all management and confidential personnel.

WHEREAS, on March 4, 2020, the Governor of California declared a State of Emergency due to the outbreak and spread of a novel coronavirus (COVID-19); and

WHEREAS, on March 4, 2020, the Board of Supervisors of the County of Los Angeles and the Department of Public Health declared a local and public health emergency in response to the increased spread of COVID-19 in the county; and

WHEREAS, on March 13, 2020, the City of Santa Monica issued a local emergency proclamation in response to the novel coronavirus (COVID-19) public health emergency, to enhance the City’s ability to access federal and state dollars for response; and

WHEREAS, on March 17, 2020, the Board of Trustees of the Santa Monica Community College District determined that emergency conditions existed within the District; and

WHEREAS, the COVID-19 global pandemic has reduced tax revenue of state and local governments through the United States; and

WHEREAS, on May 14, 2020, Governor Gavin Newsom released his revised budget for fiscal year 2020-2021; and

WHEREAS, the May revise proposes a substantial reduction in College funding, leading to an overall revenue gap of $21 million from earlier District projections; and”

WHEREAS, anticipating reducing funding, the District has identified over $6 million dollars in cost reductions; and

WHEREAS, after taking into the account these reductions, the District faces an operating deficit of over $24 million dollars, resulting in a negative fund balance; and

WHEREAS, because salary and benefit related costs represent over 90% of the District’s expenditures, closing the budget gap will require reducing its employment-related expenditures; and
WHEREAS, the Board of Trustees is committed to pursuing all cost saving strategies that avoid the layoff of District employees,

NOW, THEREFORE, the Board of Trustees of the Santa Monica Community College District resolves as follows:

1. Determines that the circumstances described in this Resolution constitute a fiscal emergency.

2. For purposes of this Resolution, Management and Confidential Personnel are defined as all unrepresented employees who are Classified Confidential Employees (BP 7240), Academic Administrators (BP 7250), and Classified Managers and Administrators (BP 7260).

3. In order to respond to the fiscal emergency, and in accordance with Education Code Sections 72400, 87801, and 88162, the Board of Trustees takes the following actions:
   a. Fixes the annual salaries for Management and Confidential Personnel as the annual salary in effect on June 30, 2020. No Management and Confidential Personnel shall receive a pay increase in any form, whether by step, column, or longevity increment, during the 2020-2021 fiscal year.
   b. Effective August 1, 2020, reduces the work hours and monthly pay of all Management and Confidential Personnel by imposing a two day per month furlough (which will be pro-rated for any such person working part-time) for the 2020-2021 fiscal year.

BP 2350 SPEAKERS

Persons may speak to the Board of Trustees either on an agenda item or on other matters of interest to the public that are within the subject matter jurisdiction of the Board.

Oral presentations relating to a matter on the agenda, including those on the consent agenda, shall be heard before a vote is called on the item.

Persons wishing to speak to matters not on the agenda shall do so at the time designated at the meeting for public comment.

This policy does not prohibit any employee from addressing a collective bargaining proposal pursuant to the public notice requirements of Government Code Section 3547 and the policies of this Board implementing that section.

Addressing the Board of Trustees

Regular Meetings of the Board of Trustees
Members of the public may address the Board of Trustees by oral presentation concerning any subject that lies within the jurisdiction of the Board of Trustees provided the requirements and procedures herein set forth are observed.

1. Individuals wishing to speak to the Board at a Board of Trustees meeting during Public Comments or regarding item(s) on the agenda must complete an information card with name, address, name of organization (if applicable), and the topic or agenda item on which comment is to be made.

No member of the public may speak without being recognized by the Chair of the Board.

Generally, each speaker may be allowed a maximum of three minutes per topic. If there are more than four speakers on any topic or item, the Board reserves the option of limiting the time for each speaker. Each speaker is limited to one presentation per specific agenda item before the Board and to one presentation per meeting on non-agenda matters. (See BP 2355 Decorum)
3. The Board of Trustees urges that charges and complaints against any District employee be submitted to the Board in writing. This allows the Board to more carefully examine the complaint and initiate an investigation when necessary. However, no one will be prevented from making a charge or complaint to the Board because they decline to do so in writing. If a complaint is made orally, the Board may request that the individual making the complaint provide additional information to facilitate an investigation. The Board may also afford the District employee, about whom a complaint is made, the opportunity to respond either orally or in writing at the same or subsequent meeting.
