RECOMMENDATION NO. 1  APPROVAL OF MINUTES

It is recommended that the minutes from the following meetings of the Santa Monica Community College District Board of Trustees be approved:

July 7, 2004 (Regular Meeting)

July 16-17, 2004 (Board Retreat)

Action taken in Closed Session

The Board of Trustees met in closed session for the purpose of conducting the evaluation of the Superintendent/President. Following the evaluation, the Board approved the following amendments to the agreement between the Santa Monica Community College District and Piedad F. Robertson, Superintendent/President, effective January 1, 2005:

EXTENSION OF CONTRACT
The District hereby renews the Superintendent's contract for a period of four (4) years, beginning on the first day of January, 2005, and terminating on the 31st day of December, 2008.

COMPENSATION
The current contract provides for a deferred compensation plan with a base of $50,000 and up to seven annual payments of $25,000 each June, starting June 30, 2001 (Board action 7/15/2000). There are three annual payments of $25,000 each yet to be paid.

In lieu of these deferred compensation payments, it is recommended that the $25,000 be paid as regular compensation. Therefore, the 2004-05 annual salary of the Superintendent/President shall be increased by $25,000 in lieu of the annual deferred compensation, effective for three years (2004-05, 2005-06, and 2006-07). The revised annual salary shall be $203,846. Future deferred compensation payments will be discontinued.

V. SUPERINTENDENT'S REPORT

- The State budget has been signed by the Governor; a trailer bill is being put through the legislature which includes an increase of community college tuition to $26 per unit. It will be two to three weeks before SMC will know its final 2004-05 budget allocation from state funds, but the college lost nearly $600,000 in Partnership for Excellence money.

- Introduction of Katharine Muller, Management Association President, 2004-05

- The recent "Relay for Life" fundraiser for the American Cancer Society, held for the third year at SMC, raised a record $150,000.

- Opening Day for the fall 2004 semester will be held on August 27th. A schedule for the day’s activities is being developed and will be available mid-month.

- On enrollment, Vice President of Academic Affairs Randal Lawson reported that registration at this time is 42 percent ahead of figures for fall 2002 and 48 percent ahead of where the college stood at the same time in 2003.

- Dr. Robertson reported that she recently had an "extremely productive meeting" with faculty leaders on the governance issue that marked the beginning of a campuswide discussion of the issue.

2-A CONTINUING AND COMMUNITY EDUCATION PROGRAM, 2004-05

(1) Facilities for off-campus Community Services classes for Summer 2004 (June 1–August 13, 2004) and Fall 2004 (August 30, to December 21, 2004). Payment per class session is authorized as stated on the list.

Funding Source: 2004-2005 District Budget/Community Services

Comment: The list of facilities is on file in the Office of Planning and Development and in the Office of Continuing Education.

(2) Seminars/courses for Santa Monica College Continuing and Community Education Program for Fall 2004.

Funding Source: All costs will be covered by the registration fees charged.

Comment: The Continuing and Community Education Program offers not-for-credit, fee-based classes that are classified under two categories and have two very distinct purposes: 1) to meet the interests of the community and 2) to promote continuing professional training and enrichment.

In the past several months, the program has enhanced its offerings by adding greater variety and depth in the courses offered, thus solidifying the relationship of the college with the community. The program is expanding its course offerings geared to the personal interests of individuals in the community with added emphasis on the development of courses and certificate programs for individuals in the workforce who are seeking to broaden/enhance/update their skills in their current profession or explore professional development in new areas.

The program is currently undergoing the approval process to become an authorized provider of Continuing Education Units (CEUs) through the International Association of Continuing Education and Training. A few of the new professional development courses to be added in the fall include a series of Medical Billing courses, expanded offerings for individuals interested in obtaining their real estate license and Tax Preparer Certification classes. The program has also expanded its offerings for children and youth, with classes such as the Learning Adventures’ series of reading and literacy classes, a wider range of recreational and physical fitness classes, as well as new music, art and literature classes.

The list of seminars and courses is on file in Office of Planning and Development and in the Office of Continuing Education.

Pursuant to Section 18, Article XVI and Section 1, Article XIII A of the Constitution of the State, the foregoing Bond Measure shall become effective upon the favorable vote of no less than 55% of those qualified voters voting on the proposition.

Section 4. Consolidation of Bond Election; Services of County. Pursuant to Section 1258 of the Education Code, the Superintendent/President of the District is hereby authorized to contract with the Registrar, who is hereby requested and authorized to perform such duties as may be required by law, necessary or useful, or customary and appropriate in the conduct of said Bond Election, including the consolidation of the Bond Election with the general election within the territory of the District being conducted on the Election Date.

The precincts, polling places for said precincts in the County, and persons appointed and designated to serve as election officers for said Bond Election will be those determined, designated, and appointed pursuant to state law by the Registrar of Voters. The County is hereby requested to tally and canvass the returns of the election, in accordance with Section 10411 of the Elections Code. The District agrees to reimburse the County for all services related to the Bond Election, such services to include the publication of the Formal Notice and a Tax Rate Statement (described in Section 9401 of the Elections Code) pursuant to the terms of 5363 of the Education Code and Section 12112 of the Elections Code.

Section 5. Approval of Project List; Accountability Safeguards. The District has heretofore caused to be prepared a master facilities plan (the “Master Plan”) to evaluate and address capital improvement needs of the District that may be met through the issuance of the Bonds. From the Master Plan, certain projects (the “Projects”) have been selected and identified on Exhibit A hereto, which is incorporated herein by this reference, and are hereby certified by this Board as the Project List (the “Project List”) for funding, either in whole or in part, with the proceeds of the Bonds. This certification of the Project List shall not be interpreted by and does not constitute an official approval of any listed project for CEQA or other purposes, but only as a statement of present intention of this Board. Furthermore, the listing of a capital improvement on the Project List does not imply any particular prioritization among such improvements, which remains the province of the Board by subsequent action. Notwithstanding the foregoing, only
those acquisitions and other capital improvements included on the Project List may be funded, in
whole or in part, with the proceeds of the Bonds. The costs of particular Project components
included in the Master Plan and which form the basis for the Project List are estimates only and
not final cost statements. Additional moneys may be obtained for listed Projects, in
supplementation of the Bond proceeds, from any lawful source of moneys.

The Board hereby confirms that it has, in the development of the Project List appended
hereto, evaluated and taken into consideration safety, class size reduction and information
technology needs.

Pursuant to Section 15278 et seq. of the Education Code, within 60 days following the
certification by this Board of the official results of the Bond Election by the County, this Board is
required to appoint a Citizens Oversight Committee (the “Committee”) to insure the District’s
compliance with the foregoing restrictions and to perform the duties established under the
Education Code for such committees. If and when the official results of the Bond Election are
certified by this Board to the effect that more than 55% of the qualified voters at the Bond
Election voted to approve the Bond Proposition, then this Board shall hereby appoint the existing
Citizen’s Oversight Committee for the District’s General Obligation Bonds, Election of 2002, to
serve as the Committee without any further action necessary. To assist the Committee in its
statutory obligations, the District shall cause to be conducted an annual independent
performance audit and an annual independent financial audit on the expenditure of Bond
proceeds; the audits shall be performed under contract with appropriate persons or firms as shall
be subsequently brought for approval before this Board. The financial audit may be consolidated
with the annual audit of the District’s financial statement and may be performed by the same
accounting firm, without further approval by this Board.

The results of the annual audits performed hereunder shall be reported to the Board and
to the Committee at least annually, and more often, if the Board shall so direct.

Section 6. No Administrators’ or Professors’ Salaries to Be Paid from Bond Proceeds.
In accordance with Prop 39, the Board hereby confirms that no administrators’ or professors’
salaries shall be paid or reimbursed, in whole or in part, from Bond proceeds, nor shall such
proceeds be used to pay any other operating expenses of the District. Notwithstanding the
foregoing, costs of administering the Bond Election and costs of issuance of the Bonds shall be
lawful charges against Bond proceeds.

Section 7. Other Terms of the Bonds. Terms of each series of Bonds issued
following the Bond Election shall be established at the time of sale thereof, based on then-
prevailing market conditions. The Bonds shall bear or accrete interest at rates not to exceed
the legal maximum, presently being 12% per annum, and shall mature and be paid at various dates
no later than 40 years following their date of issuance. The Bonds may be sold at a premium or
discount consistent with law and shall be sold pursuant to negotiated sale.

Section 8. Delivery of Order of Election. The Clerk of this Board of Trustees of the
District is hereby directed to deliver, no later than Friday, August 6, 2004, which is a date no less
than 88 days prior to the date of the Bond Election, one certified copy of this Resolution to the
Registrar, together with the Tax Rate Statement to be prepared by the District’s Underwriter
(appointed below) and executed by the Superintendent/President of the District, and shall file a
certified copy hereof with the Clerk of the Board of Supervisors of the County.
Section 9. Ballot Arguments. The members of the Board, or any one member or group thereof, are hereby authorized, but not directed, to file a formal Argument in Favor of the Bond Measure given above, with the Registrar within the time limits established for such arguments by the Registrar.

Section 10. Retention of Consultants. The District hereby confirms the hiring of consultants to provide for special services in connection with the proposed issue(s) of Bonds which may be authorized at the Election, to wit, the investment banking firm of RBC Dain Rauscher Inc., as Underwriter to the District (the “Underwriter”), and the law firm of Fulbright & Jaworski L.L.P., as Bond Counsel to the District (“Bond Counsel”), upon conditions as may be set forth in fee agreements heretofore negotiated and executed on behalf of the District by the Superintendent/President. Payments of the fees and expenses of the Underwriter and Bond Counsel shall be paid from the proceeds of the Bonds of the District which may be authorized following a successful Bond Election, and not otherwise, unless this Board shall take further action.

Section 11. Reimbursement of Qualified Project Expenditures. The Board presently intends and reasonably expects to have tax-exempt obligations (the “Obligations”) issued on its behalf within 18 months of the date of the expenditure of moneys on the Projects outlined in the foregoing Bond Measure or the date upon which a Project is placed in service or abandoned, whichever is later (but in no event more than 3 years after the date the original expenditure of such moneys is paid), and to allocate an amount not to exceed $10,000,000 of the proceeds thereof to the reimbursable expenditures in connection with the Project, as may be qualified under the provisions of Section 1.150-2 of the Treasury Regulations of the Internal Revenue Service (the "Reimbursable Expenditures"). All of the Reimbursable Expenditures covered by this Resolution were paid not earlier than 60 days prior to the date of this Resolution. The Board intends to allocate within 30 days after the date of issue of the Obligations the proceeds therefrom to reimburse the District for the Reimbursable Expenditures. With respect to the proceeds of the Obligations allocated to reimburse the District for prior expenditures, the Board hereby covenants not to employ an abusive device under Treasury Regulation Section 1.148-10, including using within one year of the reimbursement allocation, the funds corresponding to the proceeds of the Obligations in a manner that results in the creation of replacement proceeds, as defined in Treasury Regulation Section 1.148-1, of the Obligations or another issuer of tax-exempt obligations.

The above provision is made solely for the purpose of establishing compliance with the requirements of said Section 1.150-2 of the Treasury Regulations. This provision does not bind the District or the Board to make any expenditure, incur any indebtedness, or proceed with the financing, acquisition or construction of the Project.

Section 12. Ratification. All actions heretofore taken by the officers, or their respective designees, employees and agents of the Board and the District in connection with the financing of the Project are hereby ratified and confirmed. The officers and their designees, the employees and agents of the Board and the District are hereby authorized to take any and all actions in connection with the financing of the Project and as may be necessary and consistent with the purposes of this Resolution.

Section 13. Authorization of Further Acts. The members of this Board, the Superintendent/President, any assistant thereto, and all other staff or officers of the District are hereby authorized and directed, individually and collectively, to do any and all things necessary or advisable in order to effectuate the purposes of this Resolution.

Section 14. Effective Date. This Resolution shall take effect immediately upon its adoption by 2/3 of the members of the Board.
EXHIBIT “A”

PROJECT LIST

All $175 million of Bond proceeds will be spent in the Cities of Santa Monica and Malibu or at sites that share a boundary and are contiguous with the Cities of Santa Monica or Malibu.

None of the Bond proceeds can be taken away by the State of California.

All projects funded by bond proceeds will be available for authorized educational and public uses.

The District intends to make the most efficient use of Bond proceeds available as a result of this authorization by, among other things, entering into partnership agreements of various sorts with other public agencies whenever feasible (“Cooperative Agreements”). These public agencies would be expected to contribute real property, planning, site preparation, easements, management or other assets to some of the below-listed Projects that will give taxpayers more for their money. The District has identified a minimum of $100 million of Bond proceeds proposed to be dedicated to capital projects to be done under Cooperative Agreements.

This amount includes no less than $75 million of Bond proceeds proposed to be dedicated for capital Projects to be done under Cooperative Agreements within or adjacent to the city limits of the City of Santa Monica. The District intends to make the most efficient use of Bond proceeds by other means if a partnership agreement for a listed Project is not feasible, in order to assure the District’s ability to achieve the educational and public benefits of this Bond Measure.

This amount also includes no less than $25 million of Bond proceeds to be dedicated for capital Projects to be done under Cooperative Agreements within or adjacent to the city limits of the City of Malibu.

The Project List proposed for financing in whole or in part with the proceeds of the District’s general obligation bonds includes the following capital Projects at any or all District facilities: development and implementation of facilities master plans and related requirements such as environmental impact reports and soils testing; demolition of temporary and/or obsolete facilities; installation and/or upgrading of emergency lighting, fire alarm, and security systems; roadways, walkways, grounds, parking lots and garages, and entrance improvements; signage for safety and public information; modernization and/or construction of new restrooms; financing/refinancing of real property acquisition and improvements; acquiring related furnishings and equipment for all modernization, renovation, improvement, and/or new construction Project components; the relocation and/or acquisition of temporary facilities during the modernization, renovation, improvement and/or new construction of Project components as necessary to maintain educational programs in operation during construction; acquiring and/or refinancing real property for future classroom, student service, child care and/or other uses; and acquiring land including but not limited to contiguous parcels, making site improvements, building infrastructure and/or constructing additional facilities thereon, for the purpose of expanding instructional programs to meet future educational demands of District students.

Specific Projects include:

• Site acquisition and improvements in the District for field space, especially women’s soccer, in order to make available a complete offering of District-provided programs in Health, Fitness, and Physical Education.

• Site acquisition and improvements in Malibu for instructional facility of no more than 25,000 assignable square feet and field space.

• Retrofit existing District fields or other fields available to the District for year-round usage.
• Replacement or renovation of Health, Fitness, and Physical Education Building.

• Improvements to provide instructional facilities for Natural History, Natural Geography and Marine Biology programs to be offered by the District at sites which are at or adjacent to the coastline.

• Improvements to provide instructional resources in Life Sciences and, if feasible, an Arboretum.

• Improvements to provide childcare and an Early Childhood Development lab facility.

• Construction of a new Children’s Outdoor Fitness Park adjacent to the District’s existing track and stadium as a teaching resource for the College’s Early Childhood Development and Education programs.

• Replacement of earthquake-destroyed tennis courts.

• New Music and Performing Arts Complex to support new University of California admission requirements.

• Upgrades to existing and future District facilities, including Projects done under Cooperative Agreements, for energy efficiency and to meet modern sustainability practices.

• New Career Opportunity Center to support programs in emerging technologies and to compete for State and Federal grants.

• Acquisition of energy-efficient shuttle busses, construction of improvements to shuttle stops and park-and-ride facilities in order to reduce student traffic adjacent to various educational campuses operated by the District.

• Satellite campus parking facilities and roadway improvements.

Accountability to Community

All bond expenditures are subject to review by a Citizens Oversight Committee which reports to the public, as provided in Education Code Section 15278 et seq.

Bond Proceeds will not be used to purchase residential property.

The District will not unilaterally override City of Santa Monica or City of Malibu land use authority for any Projects done under the Cooperative Agreements within the city limits of the City of Santa Monica or the City of Malibu.

The District will involve faculty, staff, and students in curriculum development throughout the life of the bond measure program.

The District will conduct a neighborhood assessment of need as part of the program design of the Career Opportunity Center Project.

The District will conduct a comprehensive assessment of program need prior to making improvements in Malibu for an instructional facility and field space.

The District will provide an opportunity for input from community and neighborhood residents during the development of Projects to be funded by this bond measure.

THE SANTA MONICA COMMUNITY COLLEGE
DISTRICT EXPRESSING ITS INTENTION TO
DEVELOP COOPERATIVE AGREEMENTS WITH THE
CITY OF MALIBU ON THE EXPENDITURE OF
GENERAL OBLIGATION BOND PROCEEDS

WHEREAS, the Santa Monica Community College District (the “District”), by action of its Board of Trustees (the “Board”) taken immediately prior to the consideration of this Resolution has called for an election on November 2, 2004 (the “Election”) among its qualified voters for the authorization for issuance of up to $175 million in general obligation bonds (the “Bonds”); and

WHEREAS, the Project List approved in conjunction with the call for the Election contemplates that the District will work jointly with the City of Malibu to meet the educational needs of the residents of the City who may wish to use facilities of the District (collectively, the “Malibu Partnership Projects”); and

WHEREAS, proceeds of the Bonds in the amount of $25 million have been identified for use on Malibu Partnership Projects; and

WHEREAS, the Board now wishes to express its intentions as to the nature of the Malibu Partnership Projects and its relationship with the City of Malibu;

NOW, THEREFORE, the Board of Trustees of the Santa Monica Community College District does hereby resolve and determine as follows:

Section 1. Recitals. The foregoing recitals are true and correct.

Section 2. District Goals for Malibu Partnership Projects. The development of the Malibu Partnership Projects without the participation of the City of Malibu would prevent the efficient expenditure of Bond proceeds on needed educational facilities for the District to be located within city limits. It is the intention of this Board, on behalf of the District, to create a framework within which the City of Malibu may meet its environmental concerns for any District project, satisfy certain community interests and still satisfy unmet educational needs of residents. The District confirms that it has identified no less than $25 million of Bond proceeds, if approved by the voters at the Election, for the Malibu Partnership Projects and announces its intention to work with City staff and elected officials to identify appropriate properties and agree upon project parameters prior to the expenditure thereof.

Section 3. Staff Direction re Continued Liaison with City of Malibu. The staff of the District, and in particular, the Superintendent/President and the Executive Vice President, Business and Operations, are directed to continue their discussions with representatives of the City of Malibu, with the goal of agreeing upon a partnership structure under which the District and the City of Malibu can work together to construct, improve and equip the Malibu Partnership Projects. In this regard, staff may employ and use real estate counsel, Bond Counsel and other consultants, as necessary or advisable, in order to document a partnership framework between the two public agencies. The efforts of District staff in this direction prior to the date of this Resolution are hereby ratified and confirmed by the Board.
Section 4. **Board Consideration of Final Documentation.** Following preparation and agreement in concept between the staffs of the District and the City of Malibu, District staff is directed to bring an agreement to this Board for consideration and approval, in such form as they may deem appropriate, whether as a memorandum of understanding, a letter agreement, an agreement to form a joint exercise of powers authority, or otherwise. It is the intention of this Board to consider such a document on a date prior to the conduct of the Election.

Section 5. **Effective Date.** This Resolution shall take effect immediately upon its adoption.

WHEREAS, proceeds of the Bonds in the amount of $75 million have been identified for potential use on Santa Monica Partnership Projects; and

WHEREAS, the City has identified five proposed projects listed on the District’s Project List prepared for the purposes of the Election (the "Project List") as comprising possible Santa Monica Partnership Projects, and the City Council of the City of Santa Monica, by unanimous vote, has directed its staff to further explore partnership arrangements with the District for that purpose; and

NOW, THEREFORE, the Board of Trustees of the Santa Monica Community College District does hereby resolve and determine as follows:

Section 1. Recitals. The foregoing recitals are true and correct.

Section 2. District Goals for Santa Monica Partnership Projects. The development of the Santa Monica Partnership Projects without the participation of the City of Santa Monica and/or the participation of other public agencies could prevent the efficient expenditure of Bond proceeds on needed educational facilities for the District to be located within or immediately adjacent to the City limits. It is the intention of this Board, on behalf of the District, to create a framework within which the City of Santa Monica may meet its environmental concerns for any District project developed as a Santa Monica Partnership Project, satisfy certain community interests and still satisfy unmet educational needs of residents.

Section 3. Staff Direction re Continued Liaison with City of Santa Monica. The staff of the District, and in particular, the Superintendent/President and the Executive Vice President, Business and Operations, are directed to continue their discussions with representatives of the City of Santa Monica, with the goal of agreeing upon a partnership structure under which the District and the City of Santa Monica can work together to construct, improve and equip any or all of the Santa Monica Partnership Projects. In this regard, staff may employ and use real estate counsel, Bond Counsel and other consultants, as necessary or advisable, in order to document a partnership framework between the two public agencies. The efforts of District staff in this direction prior to the date of this Resolution are hereby ratified and confirmed by the Board.

Section 4. Board Consideration of Final Documentation. Following preparation and agreement in concept between the staffs of the District and the City of Santa Monica, District staff is directed to bring an agreement to this Board for consideration and approval, in such form as they may deem appropriate, whether as a memorandum of understanding, a letter agreement, an agreement to form a joint exercise of powers authority, or otherwise. It is the intention of this Board to consider such a document on a date prior to the conduct of the Election.
