IV. SUPERINTENDENT'S REPORT

Management Association Update/Classified Staff Recognition Award: SMC Management Association President Al DeSalles presented the Classified Staff Recognition Award for December to nightshift custodian Leonard Magur, who has worked at the college for about 12 years.

Senate Bill 361: Vice President of Academic Affairs Jeff Shimizu reported that recent landmark state legislation (Senate Bill 361), which is a comprehensive reform of community college funding formulas, would have resulted in a reduction in SMC's base funding had there not been a "grandfather" clause that ensured SMC and six other similarly affected districts that their base funding would not be reduced from what it would have been under the previous funding formula. However, he noted that the college's Academy of Entertainment & Technology has qualified as a "center" under the new funding formula, which provides for a higher "foundation grant" base under the new funding formula as long as the academy maintains a certain enrollment level.

V. PRESENTATIONS AND BOARD DISCUSSION

- CCLC Conference: Rob Rader provided a brief summary of activities at the CCLC conference in November.

- Vocational Education: The Board heard a report from representatives of an ad hoc task force from the Academic Senate Joint Occupational Education Committee, which is recommending the college consider establishing one or more of the following new vocational programs: telecommunications technician, automotive service technician or mechanic, pharmaceutical technician, and emergency medical technician. The recommendation comes after members of the task force reviewed the results of an environmental scan on trends in careers with high job growth, industry job training needs, and more. The college will continue to explore the possibility of establishing these recommended programs, as well as others.

The California minimum wage will increase January 1, 2007 to $7.50 per hour; to $8.00 per hour effective January 1, 2008. The last salary survey conducted by the Office of Human Resources was in 1999. 9-B REDUCTION OF RETENTION AMOUNT – MUSIC AND PERFORMING ARTS COMPLEX, MADISON

Reduce the retention amount held from FTR INTERNATIONAL, INC. for the New Music and Performing Arts Complex, Madison Campus project from 10 percent to 5 percent of the contract amount.

Funding Source: Measure S, U

Comment: The public contract code gives the District the option of reducing the retention amount held from the contractor when the project is 50 percent completed. The District holds back 10 percent from all payments made to the contractor to pay for claims or disputes with subcontractors. The retention amount is reduced to 5 percent at 50 percent completion of the project and to 0 when the project is complete.

9-C AGREEMENT FOR ARCHITECTURAL SERVICES – BUNDY WEST BUILDING TUTORING CENTER

Agreement with tBP ARCHITECTS for the Bundy West Building Tutoring Center for $162,300 plus reimbursable expenses.

9-E   AGREEMENT FOR ARCHITECTURAL SERVICES – SHUTTLE REPLACEMENT PARKING LOT

Agreement with NAC Architecture for the Shuttle Replacement Parking Lot for $56,350 plus reimbursable expenses.

Funding Source: Measure U

Comment: The property at 2909 Exposition Blvd. will need minor renovation in order to accommodate the replacement shuttle parking lot. Due to the need to open the lot as soon as possible, address access requirements and outreach efforts with the neighbors, the architectural contracts need to be prepared before the holidays so architectural work can commence as soon as the sale is completed. The architectural contracts will not be executed until the property is sold to the District.

9-F   AMENDMENT TO AGREEMENT FOR CONSULTING SERVICES – BUNDY CAMPUS MASTER PLAN

Amend the agreement with CHRISTOPHER JOESPW & ASSOCIATES for the Bundy Campus Master Plan Environmental Impact Report to increase by $53,000 plus reimbursable expenses.

Funding Source: Measure U

Comment: A contract extension required because the project has passed its original contract completion date. The project took longer than expected because of the additional traffic and related environmental studies that were needed.

9-G   AGREEMENT FOR CONSULTING SERVICES – ENVIRONMENTAL SURVEYS

Agreement with HAZARD MANAGEMENT CONSULTANTS for environmental consulting not to exceed $5,000 plus reimbursable expenses.

RESOLUTION IN SUPPORT OF THE DREAM ACT

WHEREAS, the DREAM (Development, Relief and Education for Alien Minors) Act was introduced in 2003 and re-introduced last year in the U.S. Congress;

WHEREAS, the DREAM Act would permit certain immigrant students who have grown up in the United States to apply for temporary legal status and eventually obtain permanent status and become eligible for citizenship if they attend college or serve in the United States military;

WHEREAS, the DREAM Act would eliminate a federal provision that penalizes states that provide in-state tuition without regard to immigration status;

WHEREAS, the DREAM Act would have a life-changing impact on students who qualify, dramatically increasing their future earnings and human capital while significantly reducing criminal justice and social services costs to taxpayers;

WHEREAS, the Dream Act recognizes that students who have graduated from a state high school should be able to pay in-state fees at public universities and colleges;

WHEREAS, California is one of ten states that provides in-state college and university fees to be paid by students who have been educated in a California high school for three years, graduated from a California school and met college admission standards;

WHEREAS, the Santa Monica Community College Board of Trustees recognizes that the investment made in these students’ college education will be repaid through a stronger economy;

WHEREAS, denying these hard-working students the opportunity to enter the American workforce sends all immigrant students a contradictory message about the importance of graduating from high school and results in a waste of human potential and of an investment the states have already made into their K-12 and college educations;

THEREFORE, BE IT RESOLVED that the Santa Monica Community College District Board of Trustees feels that it is important for this district to continue encouraging students, regardless of immigration status, to strive to gain a higher education; and

BE IT FURTHER RESOLVED, that the Santa Monica Community College District Board of Trustees encourages all California and U.S. Senators and Representatives to fully support legislation to enact the federal Dream Act in the coming legislative session.

WHEREAS California Government Code Section 4217.10 to 4217.18, authorizes the District Board of Trustees to enter into an Energy Service Contract for the implementation of energy related improvements if the District Board of Trustees finds that it is in the best interest of the District to enter into such Energy Service Contract and that the anticipated cost to District for thermal or electrical energy or conservation services provided by the energy conservation facility under the contract will be less than the anticipated marginal cost to the District of thermal, electrical, or other energy that would have been consumed by the District in absence of those purchases; and

WHEREAS The cost to the District for the Energy Service Contract by and between the District and Chevron Energy Solutions for the implementation of certain energy measures for thermal or electrical energy or conservation services will be less than the anticipated marginal cost to the District of thermal, electrical, or other energy that would have been consumed by the District in absence of the implementation of the improvements under the Energy Service Contract.
