INFORMATION ITEM F  REPORT FROM CITIZENS’ BOND OVERSIGHT COMMITTEE

Following is a report to the Board of Trustees from Graham Pope, Chair of the Citizens’ Oversight Committee, summarizing the Committee’s meeting held on October 16, 2002.

- The purchase of the BAE site prompted a revision to the original Master Plan which was distributed to the Committee members. The development of the original Master Plan invited community input in the form of 40 town hall meetings. The Update has been circulated to members of the community via the General Advisory Board and Associates.

- Two primary motivations in planning new facilities and remodeling existing facilities are to create open/green space and to decrease congestion on main campus.

- Measure U funds will be used for the Literacy Center at 14th and Pico, Main Stage, Liberal Arts Replacement Building, Remodel of the Art complex, and reconverting Library Village to classrooms and offices. SMC occupancy of the BAE (British Aerospace Engineering Systems) facility will be in 2004 at the earliest.

- Future facility improvements include a new annex to the Science Building to house science and math, demolition of Letters and Science Building, new Student Services Building, move Bookstore to Drescher Hall. These projects will extend beyond 2007. Each new building, except the Main Stage, will include underground parking as much as possible.

- Every effort will be made to maximize Measure U funds by finding alternate funding (matching funds, state bond money, grants, earthquake redevelopment funds).

- The Committee was reminded that its major purpose is to ensure that the funds are being properly allocated and expended and that there are appropriate controls over projects and costs.

- Construction of the parking structure and swimming pool is complete. In progress is the entrance at 17th Street which will be finished for the winter session and the remodel of the Library. No measure U funds are being used for these projects.

- Review of Measure U Contracts
  
  - So far, the Board of Trustees has approved property purchases and contracts for related services that total $47.6 million. All projects meet the requirements of Measure U. Payments will be extended over a year.

  - The $25 million from initial offering is sitting in the County Treasury in Fund 71. Warrants are written against that account and are processed through the County to the vendor as a direct payment. There have been no payments made yet.

  - BAE will be paid out of next issue in spring or summer 2003.
