RECOMMENDATION NO. 17  2005-2006 NONRESIDENT TUITION RATE

It is recommended that for 2005-2006 the Board of Trustees adopt the rate of $155 per unit per semester for nonresident tuition based on a rate not more than the District’s base and not less than the statewide base, effective summer session, 2005.

It is further recommended that the Board of Trustees adopt a $25 per semester unit capital outlay recovery surcharge for nonresident tuition to be charged to nonresident students who are both citizens and residents of a foreign country, effective summer session 2005.

Comment: Education Section 76140 authorizes districts to charge a nonresident tuition fee in the event it chooses to admit nonresident students. It also authorizes districts to charge a capital outlay recovery surcharge to nonresident students who are both citizens and residents of a foreign country so that the district may recover a prorata share of its capital outlay expenses.

This is an increase of $6 per unit per semester for nonresident tuition and $3 per semester unit capital outlay recovery surcharge. The District’s base is $175 per unit, and the statewide base is $151 per unit. There was no increase for 2004-2005 because of the strong U.S. dollar; however, that is not the case this year. A five percent increase in tuition over the two-year period is unlikely to impact enrollment. However, the District will continue to monitor enrollment projections due to ongoing restrictive visa policies now in place.

BOARD POLICY

RECOMMENDATION NO. 20 SECOND READING AND APPROVAL
GENERAL DISTRICT, SECTION 2250, DISTRICT
PLANNING AND ADVISORY COUNCIL

It is recommended that the Board of Trustees conduct a second reading and approve Proposed Board Policy Section 2250, District Planning and Advisory Council.

ARTICLE 2200: PARTICIPATORY GOVERNANCE

BP 2250 District Planning and Advisory Council

The Board of Trustees establishes the District Planning and Advisory Council. The Board recognizes the Council as the body primarily responsible for making recommendations to the Superintendent/President on all matters that are not otherwise the primary responsibility of the Academic Senate (BP 2210), Classified Senate (BP 2220), Associated Students (BP 2230) or the Management Association (BP 2240) or within the scope of collective bargaining. Issues include, but are not limited to, District budget, facilities, human resources, instruction, student services and technology planning. Discussion of these issues by the Council will not supplant the collective bargaining process.

The District Planning and Advisory Council shall comprise representatives of the faculty (Academic Senate and Faculty Association), classified staff (Classified Senate and CSEA), students (Associated Students) and management (Administration/Management Association), who shall mutually agree upon the numbers, privileges, and obligations of Council members. The District Planning and Advisory Council shall establish its own procedures in conformity with the law.

Comment: This policy has been developed in response to the recommendation of the Accreditation Team regarding institutional planning and governance. Consensus was reached on this proposed policy by the Governance Structure Work Group at its meeting on November 30, 2004 and the proposed policy was presented to the Board for a first reading on December 6th. Revisions based on input from constituencies have been suggested for the second reading.
