Comment: The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for the budget adjustments that in the past would be done with an annual adjustment. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

RECOMMENDATION NO. 18  2006-2007 NONRESIDENT TUITION RATE

SUBMITTED BY: Interim Superintendent/President

RECOMMENDATION: The Board of Trustees adopt the rate of $155 per unit per semester for nonresident tuition for 2006-2007. This is the same nonresident tuition rate as 2005-06 and is below the statewide average rate of $160 per unit.

It is further recommended that the Board of Trustees adopt a $25 per semester unit capital outlay recovery surcharge to be charged to nonresident students who are both citizens and residents of a foreign country. This is the same capital outlay recovery surcharge as 2005-06.

BACKGROUND: Education Section 76140 authorizes districts to charge a nonresident tuition fee in the event it chooses to admit nonresident students. It also authorizes districts to charge a capital outlay recovery surcharge to nonresident students who are both citizens and residents of a foreign country so that the district may recover a prorata share of its capital outlay expenses.

RECOMMENDATION NO. 21  GENERAL COUNSEL TO THE BOARD OF TRUSTEES

SUBMITTED BY: Chair, Board of Trustees

RECOMMENDATION: The Board of Trustees will consider initiating a process to contract with legal counsel to provide general legal services to the Board of Trustees.

The Board of Trustees will discuss the types of services and information to be provided as part of the selection process, assign a subcommittee of the Board to oversee a Request for Proposals mindful of District protocols, and request that the subcommittee review the proposals to make a recommendation regarding the selection, if possible, for the February meeting.

BACKGROUND: Currently, SMC administrators select on behalf of the District a variety of attorneys for legal expertise and services. The Board does not have a designated attorney it can refer to for general legal advice and guidance. The Board is ultimately responsible for district policy and ensuring that there is compliance with all matters of law. A legal counsel reporting directly to the Board will provide the Board with coordinated legal oversight, perspective and direction in assuring that District policy is effectuated and legal obligations met. Typically, legal counsel will prepare, on a monthly or bimonthly basis, a report detailing cases, contracts and other legal issues, thereby, allowing the Board to follow the progress and costs.

Counsel to the Board can provide many services including Brown Act advice and a legal review of agendas assuring that noticing is appropriate and highlighting any potential legal issues. Other services can include reviewing closed session items, contracts, board policies with legal ramifications, and providing litigation and arbitration advice. The Board may want to begin by requesting that, as a first step, the counsel retained review all current legal services and costs presenting a report and recommendations to the Board regarding the District’s legal program.

FISCAL: The cost to the District will be considered in the review of the proposals.
