Report from Closed Session

Board Chair Herbert Roney reported that the Board of Trustees unanimously passed the following resolution in closed session:

Whereas, the members of the Board of Trustees of Santa Monica College are aware of resolutions of no confidence in the leadership of the Superintendent/ President approved in elections sponsored by organizations representing faculty and classified employees;

Whereas, the College is facing a revenue crisis of a magnitude beyond any in the history of the institution, including the shortfalls of the early 1990’s, and this crisis is the result of shortages in funding from the state;

Whereas, the members of the Board of Trustees value the opinions, recommendations and collaboration of the representative organizations in advancing the mission of a truly outstanding college;

Whereas, the resolutions of no confidence arise in the context of Board decisions taken in response to the budget crisis;

Whereas, the Board has formulated policies and directions for all the major actions related to the administration of the College during this crisis, and the Superintendent/President has reliably implemented Board policies and directions;

Whereas, the members of the Board of Trustees are committed to maintaining the institutional stability of Santa Monica College, particularly as the College goes through challenging times;

Therefore, be it resolved that the Board of Trustees has confidence in the leadership of the Superintendent/President.

Be it further resolved that the Board of Trustees calls upon the College administration, the Academic Senate, the Classified Senate, the Faculty Association and CSEA to continue to collaborate in good faith and mutual respect as the College community struggles through this most difficult period.

RECOMMENDATION NO. 23-A  EMERGENCY RESOLUTION FOR EMERGENCY ROADWAY AND SITE IMPROVEMENTS, CENTINELA PROPERTY SITE

The Board of Trustees hereby unanimously resolves that an emergency exists because of the lack of an emergency roadway for access to the site located at 3171 Centinela Ave. wherein certain alterations, work, or improvements are necessary to permit the use of the facility or to avoid danger to life or property, as described below:

Design and construction of vehicular/roadway access from Centinela, safety modifications to the parking lots and utility relocation. The estimated cost is not to exceed $971,420 plus reimbursable expenses.

The Board of Trustees will make contracts on behalf of the District for the performance of labor and furnishing of materials or supplies for the purpose without advertising for or inviting bids.

Funding Source: COP/BAE Purchase/Improvements

Comment: The former vehicular/roadway access for this site was on Airport Avenue through property controlled by the City of Santa Monica. This roadway is no longer appropriate for property access for general use or by emergency vehicles. Public Contract Code §20654 authorizes the Board of Trustees to take this emergency action.

RECOMMENDATION NO. 23-B  AGREEMENT FOR EMERGENCY ROADWAY AND SITE IMPROVEMENTS, CENTINELA PROPERTY SITE

It is recommended that the Board of Trustees authorize the District to enter into an agreement with G. B. COOKE, INC. for the installation of vehicular/roadway access from Centinela, safety modifications to the parking lots and utility relocation associated with Centinela Property in the amount not to exceed $971,420, plus reimbursable expenses

INFORMATION ITEM D  CSEA PROPOSAL ON THE EFFECTS AND IMPACT OF LAYOFFS

The California Schools Employees Association Chapter 36 submitted the following proposal on the effects of layoff/reductions for lack of work/lack of funds.

The District will hold a public hearing and adopt its initial proposal at the Board of Trustees meeting on August 4, 2003.
Proposal
Effects of Layoff/Reductions For Lack of Work/Lack of Funds

Retention of Bargaining Unit Rights to Employment Opportunities

The District shall not contract out or transfer work of the bargaining unit to certificated employees, volunteers, prisoners, confidential, management, student, short term, limited term or substitute employees (by any other title). The District shall discontinue use of such employees and/or contractors in classrooms/departments/offices or any other district facility where bargaining unit employees have been laid off or reduced in hours/work year.

If work within the bargaining is to be redirected to other bargaining unit employees due to a “lack of funds” lay off then the District and CSEA shall meet with affected employees who may perform the additional duties prior to the commencement of negotiating work load issues.

The District shall release all probationary, temporary, short term, limited term and substitute employees (by any other title) before it lays off employees or reduces bargaining unit positions. Information on cost savings shall be provided to CSEA.

Any and all positions vacated subsequent to the implementation of this lay off period shall be considered as viable bargaining unit positions and shall be offered to impacted unit members based on seniority.

Notice of Decision to Lay-off Bargaining Unit Employees

Unit members affected by lay-off shall receive no less than a full 30 day notice with each occurrence of lay-off affecting him/her. No less than a 30 day period shall be afforded to each unit member bumped as a result of another unit member’s election to exercise bumping rights which affect his/her right to remain in his/her position. The notice period shall begin no earlier than adoption of the resolution by the Board of Trustees at a public Trustees’ meeting.

CSEA shall be provided written notice prior to any instance of contact by District, and or its’ agent with unit members for the purpose of the provision of notification of impending lay-off or abolishment of a position.

Unit Members Rights

In the event current classifications are retitled, any unit member who was an incumbent under the former classification shall be grandfathered into the retitled position. All rights to seniority and re-employment, etc. shall be bridged over into the new class.
Laid off employees who take a voluntary demotion into a different class shall remain on the reemployment list to preserve return rights and shall be returned to his/her former class immediately in the event a vacancies occurs.

Laid off employees who are rehired within the 39 months shall have all contractual rights and benefits bridged as though the employee had never been laid off.

Unit members who elect to exercise bumping rights shall be returned to his/her former class at compensation, benefits closest to those of the position he/she lost as a result of lay-off.

Upon a bargaining unit member exercises bumping rights to a position in a lower salary range, he/she shall receive the next lower dollar amount below his/her present rate of pay on the salary schedule. If that amount is more than a 5% decrease, the employee shall be placed at the highest step of the lower salary range.

A bargaining unit member who exercises bumping rights in lieu of lay off shall be eligible for a step advancement and longevity increment based on the employee's continuous service.

Laid off employees may volunteer to transfer in lieu of lay-off into a position with comparable wages, hours, and working conditions or take a demotion into a lower classification for which they have not worked if the position is vacant and if they meet minimum qualifications.

Unit members who elect to exercise bumping rights may be placed in vacant positions that have similar minimum requirements to his/her former classification based on his/her seniority.

INFORMATION ITEM E

REPORT FROM CITIZENS' BOND OVERSIGHT COMMITTEE

Following is a report to the Board of Trustees from Graham Pope, Chair of the Citizens' Oversight Committee, summarizing the Committee's meeting held on April 30, 2003

The following reports were distributed to the Committee and discussed:

Internal Control Environment Report
There are a number of checks and balances, including authorization by the Board of Trustees. All expenditures go through the County of Los Angeles.

Audit Statement (as of June 30, 2002)
The letter from the Auditor states that there were no funds expended by the District from Measure U during the first year, 2001-02. There were projects that that could have been covered, but expenditures were not charged back to the bond. Alternate funding possibilities are considered because there are more projects than bond funds.

The auditors will return in May to start the District audit. Their review and report on the expenditure of bond funds as a separate fund will be part of the total audit report.

Project List and Timeline
All projects on the list were identified in Measure U. The project list is based on priority of need and priority of constructability. The report shows changes in reallocations and priority since the last report submitted to the Committee. In some cases, a project is higher priority because outside funding is available or Measure U funding has been reduced; in other cases a project is a lower priority because obtaining an alternate source(s) of funding is a priority. Campus perimeter projects are included in 6, 10, 11, 12, 13, and 14. Of $160 million, about $17 million has been expended for projects in the first nine projects.

In response to a question about bonds funds drawing interest, only $25 million of the bonds have been sold. The proceeds are held by the County and invested in the County pool, which earns interest at the short-term U.S. Treasury rate. The rest of the bond authorization will be sold only as needed for Measure U projects.

Tentative Schedule of Meetings, 2003-2004
