RECOMMENDATION NO. 17

RESOLUTION FIXING THE EMPLOYER’S CONTRIBUTION
UNDER THE PUBLIC EMPLOYEES’ MEDICAL AND
HOSPITAL CARE ACT

WHEREAS, (1) Government Code Section 22825.6 provides that a local agency contracting under the Public Employees’ Medical and Hospital Care Act shall fix the amount of the employers’ contribution at an amount not less than the amount required under Section 22825 of the Act, and

WHEREAS, (2) Santa Monica Community College District, hereinafter referred to as Public Agency is a local agency contracting under the Act for participation by members of the classified and academic units;

WHEREAS, (3) Santa Monica Community College District, hereinafter referred to as Public Agency is a local agency contracting under the Act for participation by members of the Special Districts hereinafter referred to as the Board of Trustees and the Personnel Commission; now, therefore be it

RESOLVED, (4) That the employer’s contribution for each employee who is a member of and each annuitant who retired from employment which would be covered by the above identified recognized employee organization enrolled in PERS health benefits plans shall be as follows:

$353.50 per month tenthly ($294.58 per month twelfthly), effective August 1, 2001

and that the contribution shall be in addition to those amounts contributed by the Public Agency for administrative fees and to the Contingency Reserve Fund.

Comment: The base medical benefit amount is to be increased annually in accordance with the benefits article in the contract agreements with CSEA and the SMC Faculty Association, and by Board Resolution covering the Special Districts.

RECOMMENDATION NO. 18

YEAR-END APPROPRIATIONS TRANSFER

In accordance with the provisions of Section 85201 of the Education Code, the County Superintendent of Schools is authorized to make appropriate transfers necessary at the close of the fiscal year 2000-2001 to permit the payment of obligations of the district incurred during the year.

Comment: This action is a recurring practice of the County Superintendent of Schools which permits the processing of warrants and liabilities for the District during the closing of the financial records for the fiscal year.
CONSENT AGENDA: BUSINESS AND ADMINISTRATION ANNUAL RECOMMENDATIONS

RECOMMENDATION NO. 19 GANN LIMIT, 2001-2002

The 2001-2002 Gann Limit for the Santa Monica Community College District is $92,583,185 and the 2001-2002 Appropriation Subject to Limitation is $71,895,154.

Comment: The Gann Limit figures are based on the prior year limit amended by a State formula. The Appropriation Subject to Limitation is based on estimates presented in the Tentative budget for 2001-2002.

The Gann Limit is the maximum amount of tax driven revenues that may be budgeted by law. The Appropriation Subject to Limitation is the amount of tax driven revenues that are expected to be available for budget purposes. These tax revenues include state and local levied taxes. Because Santa Monica College has historically been a low revenue district, and because community colleges have not been funded at a rate which would keep pace with the growth and price inflator factors found in the Gann Limit, the appropriation amount is significantly below the Gann Limit.

RECOMMENDATION NO. 20 AUTHORIZATION TO TRANSFER FUNDS FOR 2001-2002

Thomas J. Donner, Executive Vice President, Business and Administration, is authorized to make cash loans between district funds whenever such transfers are needed to cover cash flow and to permit payment of obligations. The amount of any individual transfer to any fund shall not exceed $3,000,000.

These authorized transfers are temporary in nature, to be accounted for as loans between funds, and are not to be treated as income or as a contribution from one fund to another.

Any transfers made during the year shall be repaid by no later than fiscal year end. Any transfers within 120 days of year-end may be repaid next year, provided any such intended carry-over is reported to the Board.

A report of transfers made each month is to be provided to the Board in the following month or earlier. Transfers are to be in accordance with legal requirements.

This action and written authorization by the person herein designated may be used by the County Office of Education to permit transfers and repayments.

Comment: This annual authorization allows the District to move money between funds to meet cash flow needs.
CONSENT AGENDA: BUSINESS AND ADMINISTRATION ANNUAL RECOMMENDATIONS

2000-2001 Adopted Budget

This column is for reference only. It reflects the budget that was adopted in September 2000. Please remember budget augmentations, decreases and transfers have changed these numbers throughout the year.

2000-2001 Projected

The projected revenues for 2000-2001 are based on the first principal apportionment calculation received from the Chancellor’s Office in February 2001. Actual revenues at year-end will be different because they will reflect the second principal apportionment calculation, which we will receive in June. After the fiscal year closes, the Chancellor’s Office is still gathering data and revising revenue figures. The final revision to 2000-2001 income is received in February 2002. Most revenues are based on actual receipts through May 17, 2001, plus a projection of anticipated revenues during the last six weeks of the fiscal year.

The expenditure projections include all raises given during the 2000-2001 fiscal year. Expenditure projections are based on actual expenditures and encumbrances through May 17, 2001, plus a projection of anticipated expenditures through June 30, 2001.

The 2000-2001 projections reflect a 5.9% reserve in the ending balance. This may change; hopefully increase, when the fiscal year closes.

2001-2002 Tentative Budget

Revenue projections for the 2001-2002 Tentative Budget reflect the Governor’s Budget May Revise. Included is a 3.87% Cost of Living Adjustment (COLA). Although, 3% growth is included in the Governor’s May Revise, no growth has been included in our Tentative Budget. This budget provides Santa Monica College with the opportunity to forecast a zero growth budget and observe the affect no growth would have on our educational program. All on-going State revenues have been budgeted, but the Governor’s May Revise does not provide for any additional funding in Partnership for Excellence, Instructional Equipment and Library Materials or Scheduled Maintenance and Special Repairs.

Other revenue projections for 2001-2002 reflect 2000-2001 projected actuals. The only new State revenue is the energy crisis funding to help offset rising utility costs. State revenue projections will be revised when the State budget is approved. The non-resident tuition is estimated at the lesser of prior years budget or actual. Any additional revenue is dedicated to achieving the State goal of a 5% ending balance.
The expenditure projections reflect the hiring of 23 new faculty positions, 12 of which are funded through Partnership for Excellence on-going funds. No salary increases for faculty or management are included in the Tentative Budget. The classified contract, which provides for COLA starting January 2002, has been included to honor our collective bargaining agreement. Appropriate step column and longevity increases have been included for all employees. Insurance premium increases and utility increases of 50% on gas and electric are reflected in the budget.

To balance the Tentative Budget we have reduced the equipment and site improvement line items. The budget also reflects a 10% vacancy rate in classified positions. The rate was 16% for fiscal year 2000-2001. Even with these reductions we are projecting an ending balance of zero.

The Restricted General Fund reflects those grants that are ongoing. The major decrease is due to the Governor not funding a one-time block grant for instructional equipment and technology. The Restricted General Fund Budget will be increased as new grants are received and accepted.

The other funds reflect current year projections carried forward into fiscal year 2001-2002. Minor modifications have been made to reflect the information already received and it is anticipated that more modifications will be made as the funding for these special areas becomes clearer throughout the year.

If you have any questions about the Tentative Budget please contact Tom Donner or Cheryl Miller.
