ANNUAL RECOMMENDATIONS: BUSINESS AND ADMINISTRATION

RECOMMENDATION NO. 24  RESOLUTION FIXING THE EMPLOYER'S CONTRIBUTION UNDER THE PUBLIC EMPLOYEES' MEDICAL AND HOSPITAL CARE ACT

It is recommended that the Board of Trustees adopt the following resolution:

WHEREAS, (1) Government Code Section 22825.6 provides that a local agency contracting under the Public Employees' Medical and Hospital Care Act shall fix the amount of the employers' contribution at an amount not less than the amount required under Section 22825 of the Act, and

WHEREAS, (2) Santa Monica Community College District, hereinafter referred to as Public Agency is a local agency contracting under the Act for participation by members of the classified and academic units;

WHEREAS, (3) Santa Monica Community College District, hereinafter referred to as Public Agency is a local agency contracting under the Act for participation by members of the Special Districts hereinafter referred to as the Board of Trustees and the Personnel Commission; now, therefore be it

RESOLVED, (4) That the employer's contribution for each employee who is a member of and each annuitant who retired from employment which would be covered by the above identified recognized employee organization enrolled in PERS health benefits plans shall be as follows:

$331.00 per month tenthly ($276.17 per month twelfthly), effective August 1, 2000

and that the contribution shall be in addition to those amounts contributed by the Public Agency for administrative fees and to the Contingency Reserve Fund.

Comment: The base medical benefit amount is to be increased annually in accordance with the benefits article in the contract agreements with CSEA and the SMC Faculty Association, and by Board Resolution covering the Special Districts.
ANNUAL RECOMMENDATIONS: BUSINESS AND ADMINISTRATION

RECOMMENDATION NO. 25  DESTRUCTION OF CLASS 3 RECORDS

It is recommended that the Board of Trustees approve the destruction of class 3 records stored for admissions and records, financial aids, and business services.

Comment: This is an annual recommendation for class 3 records which are disposable records that have been maintained for at least three years. This classification includes such items as enrollment cards, add-drop cards, purchase orders, periodic reports, and attendance records. All data from these source documents has been recorded on a higher classification record that is stored.

RECOMMENDATION NO. 26  GANN LIMIT, 2000-2001

It is recommended that the Board of Trustees adopt the 2000-2001 Gann Limit for the Santa Monica Community College District as $83,496,971 and the 2000-2001 Appropriation Subject to Limitation as $61,937,888.

Comment: The Gann Limit figures are based on the prior year limit amended by a State formula. The Appropriation Subject to Limitation is based on estimates presented in the Tentative budget for 2000-2001.

The Gann Limit is the maximum amount of tax driven revenues that may be budgeted by law. The Appropriation Subject to Limitation is the amount of tax driven revenues that are expected to be available for budget purposes. These tax revenues include state and local levied taxes. Because Santa Monica College has historically been a low revenue district, and because community colleges have not been funded at a rate which would keep pace with the growth and price inflator factors found in the Gann Limit, the appropriation amount is significantly below the Gann Limit.

It is recommended that the Board of Trustees make a finding and adopt the position that the District would recognize no benefit nor realize any profit through bidding for the Prime Works Management and Resource Information software system.

It is further recommended that LA WORKS be designated as a “sole source” for the Prime Works Management and Resource Information software system for the mini-career center operated by the Office of Workforce and Economic Development.

Comment: Through the Office of Workforce and Economic Development the District is a contractor with the County of Los Angeles Department of Community and Senior Services Welfare-to-Work Program. The County of Los Angeles requires the District to use the Prime Works Management and Resource Information software system in the mini-career center. The Prime Works system is only distributed by LA Works.

The following County Counsel opinion in the case of Graydon vs. Pasadena Redevelopment Agency (1980) 104 Cal. App. 3d 631 substantiates this recommendation: “Therefore, it has been held that where competitive proposals work an incongruity and are unavailing as affecting the final result, or where it is practically impossible to obtain what is required to serve for such, competitive bidding is not applicable.”

RECOMMENDATION NO. 48-D PURCHASING: AGREEMENT FOR SOFTWARE SYSTEM FOR WORKFORCE & ECONOMIC DEVELOPMENT

It is recommended that the Board of Trustees ratify an agreement with LA WORKS for the purchase of the Prime Works Management and Resource Information software system for the mini-career center of the Office of Workforce and Economic Development in the amount of $62,000.

Funding Source: Los Angeles County Welfare-to-Work Grant

Comment: The Prime Works Management and Resource Information software system provides a comprehensive client management system for job training agencies, a web site template which can be adapted to the needs of local agencies and maximum accessibility to the public, including employers and job seekers.

RECOMMENDATION NO. 49   CLASSIFIED EMPLOYEE LAYOFF

It is recommended that the Board of Trustees determine that the following classified position be abolished for lack of work and/or lack of funds:

Printer/Press Operator (1 position)

It is further recommended that the Board of Trustees authorize the following:

1. Due to a lack of funds and lack of work, the number of classified employees shall be reduced by layoff as specified above, pursuant to Education Code Sections 88014, 88017 and 88127;

2. The Superintendent/President is directed to give notice of layoff to the affected classified employee pursuant to the requirements of the law;

3. Said layoff shall become effective on July 1, 2000;

4. The employee laid off pursuant to this resolution shall be eligible for reemployment pursuant to Education Code Section 88117.

Comment: The District has taken action to close the Print Shop. This action was taken in light of technological advances in reprographics as well as the need to utilize space occupied by the Print Shop for student programs. There are currently two classified employees in the Print Shop. Effective July 1, 2000, one employee will be reassigned to reprographics. This resolution is necessary in order to lay off the second employee to provide the employee with the option to take a voluntary demotion of publications specialist. If the employee accepts the voluntary demotion, the employee will be Y-rated.

RECOMMENDATION NO. 50  PERSONNEL COMMISSIONER SELECTION COMMITTEE

It is recommended that the Board of trustees authorize the Superintendent/President to form a Personnel Commissioner Selection Committee. The committee will recommend to the Board of Trustees at least two qualified candidates through the Superintendent/President for the Board to select a nominee to serve on the Personnel Commission, for a term that began December 1, 1998. The committee will be composed of:

1. A Board of Trustees representative
2. A Personnel Commission representative
3. A CSEA classified employee representative
4. A Classified Senate representative
5. A community representative (General Advisory Board)
6. A management representative
7. Vice-President of Human Resources

Comment: Personnel Commissioner William Crookston tendered his resignation from the Personnel Commission effective May 2, 2000. Therefore, it is necessary to follow the process for appointment of a Personnel Commissioner.

The Superintendent/President will select the members of the Selection Committee. CSEA and the Classified Senate will submit a list of recommended names to the Superintendent/President from which she will select a representative. The Vice President of Human Resources will coordinate the recruitment and selection procedures and serve as a member of the Personnel Commissioner screening committee. The entire process, including at least one month for recruitment, will take approximately four months to complete.

The screening committee will review all applications, review the candidate questions prior to the actual interview, interview a selected group of applicants, and recommend at least two candidates to the Board of Trustees.

TENTATIVE BUDGET NARRATIVE

Since SMC is part of a state system, its revenue is a function of what happens in the system. The District is given growth and program goals, but the funding is not guaranteed because statewide, the sum of the parts is greater than the whole. This method is used because the state budget process and the community college budget formula are not identical. However, since not all colleges achieve their state set goals, the funds are shifted around and the new allocations are reported three times a year. Unfortunately the reporting year does not coincide with the fiscal year. This means SMC will not know its 1999-2000 final income until February, 2001 or eight months after the end of the 1999-2000 fiscal year.

Given this insight about the uncertainty of funding, look at the estimate for 1999-2000 conclusion and the tentative budget for 2000-2001. Please remember that the tentative budget reflects a very conservative approach.

1999-2000 PROJECTED

The projected revenues for 1999-2000 are based on the revised first principle apportionment calculation received from the Chancellor’s Office in March, 2000. Actual revenues at year end will be different because they will reflect the second principle apportionment calculation which will be received at the end of June, 2000. After the fiscal year closes, the Chancellor’s Office is still revising revenue figures. The non-resident tuition is estimated at the lesser of budget or actual. Any additional revenue is dedicated to achieving the state goal of a 5% reserve.

The expenditure projections include the 10% salary increase for faculty. They do not include any raise for classified as any agreement will not be paid until the 2000-2001 fiscal year. The projected expenditures reflect the payments for the District’s long term financing through Certificate of Participation (COP). The COP for the expansion of the Student Activities Building will be paid off May, 2002. The COP for computer equipment was paid off in April, 2000. The COP for the purchase and remodel of the property for Academy of Entertainment and Technology will terminate February, 2027. The COP for the parking structures and 2714 Pico Boulevard will terminate June, 2024. The projected payments in 1999-2000 are $3.3 million from various funds.

The current projections reflect a 4.1% reserve in the ending balance, but it is expected to be closer to 5% by the time the fiscal year closes.

2000-2001 TENTATIVE BUDGET

The purpose of the tentative budget is to authorize the District to pay expenses prior to the adoption of the budget in September. It also provides a very limited estimate of what funding and expenses are projected at this time. Naturally worst case projections are used at this time.

Revenue projections for the 2000-2001 Tentative Budget reflect the Governor’s Budget May Revise. Included is a 3% growth and a 3.17% cost of living adjustment. The revenue projections also include the on-going Partnership for Excellence funds, but no new funding. Revenue projections will be revised when the State Budget is approved.

The expenditure projections reflect the hiring of 25 new faculty for a cost of $1.75 million for salary and benefits; full staffing for classified employees and appropriate step, column and longevity increases. The other areas of expenditures reflect projected expenditures for 1999-2000 carried over to the 2000-2001 fiscal year with minor cost-of-living adjustments in such areas as medical insurance and utilities.

The Restricted General Fund only reflects those grants that are on-going. This budget will be increased as new grants are received and accepted.

The other Funds reflect current year projections carried forward into fiscal year 2000-2001. Minor modifications have been made to reflect the information already received about these funding sources and it is anticipated that more modifications will be made as the funding for these special areas becomes clearer throughout the year.

RECOMMENDATION NO. 53  VACANCY ON THE BOARD OF TRUSTEES

It is recommended that the Board of Trustees review the following options and determine the process to fill the vacancy on the Board of Trustees:

1. Call a special election to be consolidated with the regular November 2000 election;
2. Make a provisional appointment to serve until the election;
3. Take no action, thereby allowing the Los Angeles County Office of Education to order an election to fill the vacancy for the next regular election date.

Comment: In accordance with Education Code Section 5091(a), the Board of Trustees has 60 days from the date of the vacancy in which to make a provisional appointment or to call an election. This deadline is June 26, 2000.
