• Staff Report: Proposed Local Facilities Bond:
  The Board of Trustees heard a presentation on a proposal for a $175 million bond measure to fund a wide range of facilities that will help the college complete its facilities plans, as well as create recreational and other opportunities for education and the community. The presentation prompted an excellent discussion on the proposal, which would use “cooperative partnerships” to meet student and community needs. City officials from Santa Monica and Malibu told the Board of Trustees that the proposal would be discussed by their respective city councils later this month. The Board is scheduled to make a final decision in July on whether to put the bond on the November 2, 2004 ballot. Additional presentations will be offered to college constituency groups and in community forums for discussion and comment prior to any Board decision.

RECOMMENDATION NO. 2  ACCEPTANCE OF GRANTS AND BUDGET AUGMENTATION

Requested Action: Acceptance

Title of Grant: Verizon Grant

Organization: Verizon
Matching Funds: N/A
Performance Period: 2004-05
Funding Granted: $30,000

Summary: SMC proposes to support the development of the new Childhood Education Institute. The Early Childhood Education Institute’s goals are to work with high school staff to educate a cohort of approximately thirty-five 10th-12th grade students on career options in childhood education and to expose them to skills and classes not offered at the high school level. The Verizon grant will support Early Childhood Education Institute initiatives which include career workshops for students and the opportunity to take for-credit college courses while still in high school. In addition, as in last year’s Verizon award, $5,000 is allocated to support one Dale Ride Intern.

CONSENT AGENDA: CONTRACTS AND GRANTS

RECOMMENDATION NO. 4

AUTHORIZED TO ENTER INTO CONTRACTS
TO EXECUTE TERMS OF CONTINUING GRANTS

Requested Action: Authorization

Authorization:

Piedad F. Robertson, Superintendent/President

to enter into contracts on behalf of the Santa Monica Community College
District to execute terms of continuing grants:

Grants:

The Professional Development Institute (PDI) for Child Development
Instructors Grant

This grant was accepted by the Board in July 2002 for a total amount of
$1,533,390 over a period of five years. The proposed project is a
collaborative effort on behalf of the college, the Santa Monica-Malibu
Unified School District, Connections for Children, St. John's Child and
Family Development Center and the Santa Monica Child Care and Early
Education Task Force. The grant provides professional development
opportunities and mentoring for early childhood educators and in-home
family day care providers.

The Even Start Grant Family Literacy Grant

This grant to support for families with children ages birth through third
grade was accepted by the Board in August 4, 2003 for a total amount of
$1,020,000 over a period of four years. The Even Start literacy program
seeks to improve the educational opportunities and literacy needs of low-
income families living in Santa Monica's pockets of poverty that are served
by SMC, SMMUSD, and several community based organizations including
the Santa Monica Preschool Collaborative, City of Santa Monica Children’s
Services, Easter Seals, WISE America Reads, and Connections for
Children.

The goal is to integrate the early childhood education, adult literacy/adult
basic education, and parenting education programs at SMC, with Santa
Monica-Malibu School District and local community based organizations to
better serve “most in need” families’ literacy needs.

Comment:

This authorization is requested in order to implement the contracts
necessary to comply with terms of the grants for the District to provide
services and training. Authorization includes, but is not limited to,
contracts for services and facilities and payment to participants, if
applicable.

Funding Source:

Payments for all services and contracts will be from grant funds.

RECOMMENDATION NO. 15

RESOLUTION FIXING THE EMPLOYER'S CONTRIBUTION UNDER THE PUBLIC EMPLOYEES' MEDICAL AND HOSPITAL CARE ACT

Requested Action: Adoption

WHEREAS, (1) Government Code Section 22825.6 provides that a local agency contracting under the Public Employees' Medical and Hospital Care Act shall fix the amount of the employers' contribution at an amount not less than the amount required under Section 22825 of the Act, and

WHEREAS, (2) Santa Monica Community College District, hereinafter referred to as Public Agency is a local agency contracting under the Act for participation by members of the classified and certificated units;

WHEREAS, (3) Santa Monica Community College District, hereinafter referred to as Public Agency is a local agency contracting under the Act for participation by members of the Special Districts hereinafter referred to as the Board of Trustees and the Personnel Commission; now, therefore be it

RESOLVED, (4) That the employer's contribution for each employee who is a member of and each annuitant who retired from employment which would be covered by the above identified recognized employee organization enrolled in PERS health benefits plans shall be as follows:

$446.10 per month tenthly ($372.06 per month twelfthly), effective August 1, 2004

and that the contribution shall be in addition to those amounts contributed by the Public Agency for administrative fees and to the Contingency Reserve Fund.

Comment: The base medical benefit amount is to be increased annually in accordance with the benefits article in the contract agreements with CSEA and the SMC Faculty Association, and by Board Resolution covering the Special Districts.
CONSENT AGENDA: BUSINESS AND ADMINISTRATION
ANNUAL RECOMMENDATIONS

RECOMMENDATION NO. 16  DESTRUCTION OF CLASS 3 RECORDS

Approve the destruction of class 3 records stored for admissions and records, financial aids, and business services.

Comment: This is an annual recommendation for class 3 records which are disposable records that have been maintained for at least three years. This classification includes such items as enrollment cards, add-drop cards, purchase orders, periodic reports, and attendance records. All data from these source documents has been recorded on a higher classification record that is stored.

RECOMMENDATION NO. 17  GANN LIMIT, 2004-2005

Adopt the 2004-2005 Gann Limit for the Santa Monica Community College District as $93,885,366 and the 2004-2005 Appropriation Subject to Limitation as $76,478,932.

Comment: The Gann Limit figures are based on the prior year limit amended by a State formula. The Appropriation Subject to Limitation is based on estimates presented in the Tentative budget for 2004-2005.

The Gann Limit is the maximum amount of tax driven revenues that may be budgeted by law. The Appropriation Subject to Limitation is the amount of tax driven revenues that are expected to be available for budget purposes. These tax revenues include state and local levied taxes. Because Santa Monica College has historically been a low revenue district, and because community colleges have not been funded at a rate which would keep pace with the growth and price inflator factors found in the Gann Limit, the appropriation amount is significantly below the Gann Limit.

RECOMMENDATION NO. 18    AUTHORIZATION TO TRANSFER FUNDS FOR 2004-2005

Authorize Thomas J. Donner, Executive Vice President, Business and Administration, to make cash loans between district funds whenever such transfers are needed to cover cash flow and to permit payment of obligations. The amount of any individual transfer to any fund shall not exceed $3,000,000.

These authorized transfers are temporary in nature, to be accounted for as loans between funds, and are not to be treated as income or as a contribution from one fund to another.

Any transfers made during the year shall be repaid by no later than fiscal year end. Any transfers within 120 days of year-end may be repaid next year, provided any such intended carry-over is reported to the Board.

A report of transfers made each month is to be provided to the Board in the following month or earlier. Transfers are to be in accordance with legal requirements.

This action and written authorization by the person herein designated may be used by the County Office of Education to permit transfers and repayments.

Comment: This is an annual authorization to allow the District to move money between funds to meet cash flow needs.

RECOMMENDATION NO. 19    YEAR-END APPROPRIATIONS TRANSFER

In accordance with the provisions of Section 85201 of the Education Code, authorize the County Superintendent of Schools to make appropriate transfers necessary at the close of the fiscal year 2004-2005 to permit the payment of obligations of the district incurred during the year.

Comment: This action is a recurring practice of the County Superintendent of Schools which permits the processing of warrants and liabilities for the District during the closing of the financial records for the fiscal year.

RECOMMENDATION NO. 20        DISPOSAL OF SURPLUS PROPERTY

Disposal of surplus equipment through public auction, private sale (if under $2,500) or other means deemed appropriate as required during fiscal year 2004-2005.

Comment: Education Code Section 81450 defines surplus equipment as equipment no longer required or suitable for college use or equipment that should be disposed of for the purpose of replacement. Surplus equipment is stored in the District warehouse which has limited space. The District periodically needs to dispose of equipment that is in disrepair or is obsolete and is no longer needed.

23-A AMENDMENT TO RISK MANAGEMENT AGREEMENT

Amend the agreement with DEL MAR ANALYTICAL to provide industrial waste water sampling per Federal, State and local regulations for an additional $2,000 for an amended total not to exceed $8,000

Funding Source: 2003-2004 Risk Management Budget

Comment: Additional services are required related to the operation of the cafeteria.

23-B COMMUNICATION NETWORK AGREEMENT

Memorandum of Understanding between the District, the City of Santa Monica and the Santa Monica/Malibu Unified School District for a five-year agreement for a shared fiber optic system. The system will provide the District with high speed voice and data communications for all college sites. The cost is based on a pro-rataion of actual maintenance costs. The shared agreement will begin when the City accepts the fiber optic installation being performed by Adelphia Cable.

Funding Source: Network Services Budget

Comment: This five-year agreement will provide the District with increased voice and data communication capacity at a substantial savings. This is an example of how the three agencies can work together to save money and provide better services.

RECOMMENDATION NO. 31  RE-APPOINTMENTS TO CITIZENS’ BOND OVERSIGHT COMMITTEE

It is recommended that the Board of Trustees approve the re-appointment of seven members to the Citizen’s Bond Oversight Committee.

Re-appointment of members for two-year terms, 2004-2006:

Paul Leoni, College Advisory Board or Foundation
Ed Moosbrugger, Business Organization
Jim Mount, Business Organization
Herb Rose, College Advisory Board or Foundation
Herb Reich, Senior Citizen’s Organization/Malibu resident
Bertrand Staggers, Senior Citizen’s Organization
Pierce Watson, Senior Citizen’s Organization

Comment: This action calls for the re-appointment of seven members of the Citizens’ Bond Oversight Committee whose terms expire in July, 2004. The bylaws of the Citizens’ Bond Oversight Committee in compliance with Education Code Section 15282 states that the committee shall consist of a minimum of seven members representing (1) local business community, (2) senior citizen’s organization, (3) taxpayers’ organization, (4) student, (5) college advisory board or foundation. The Board originally appointed 15 members to the committee in April, 2002, more than adequately representing all required constituents. There have been two resignations (Nancy Greenstein and Graham Pope).

APPOINTMENT OF TWO NEW MEMBERS
TO CITIZENS’ BOND OVERSIGHT COMMITTEE

The Citizens’ Bond Oversight Committee is required by Education Code Section 15282, Board Policy Section 1264, and its Bylaws to consist of seven members representing (1) local business community, (2) senior citizen’s organization, (3) taxpayers’ organization, (4) student, (5) college advisory board or foundation. Currently, two of those categories are vacant.

Therefore, it is recommended the Board of Trustees develop a process and appoint two new members to the Citizens’ Bond Oversight Committee, in the following categories.

Taxpayer’s Organization
Student

The Tentative Budget is a temporary spending authority for the District to use until the budget is adopted in September. The California Education Code provides community colleges and schools a way to approve this temporary budget while the agencies wait for the state to adopt the state budget. The basic assumption in the SMC tentative budget is the success of the plan presented to the Board of Trustees on May 10th by Student Services. Full implementation of the plan is also the driving force for building the budget. Below is a summary of the Districts budgets with some of the highlights of the activities in the select funds.

**GENERAL FUND**

**General Fund Unrestricted Revenues (01.0)**

These are the only funds available for the general operations of the College. All other funds are restricted.

The federal income for 2004-2005 is estimated at the 2003-2004 level, as notification has not been received regarding the 2004-2005 funding.

The Governor's Budget for Community Colleges provides for system wide growth of 3%, Equalization of $80 million, and a Cost of Living Adjustment (COLA) of 2.41%. The 04/05 projections are based on the information from the Chancellor's Office and CCLC estimates.

State General revenue is driven by student enrollment calculations. In 03/04 SMC received stability funding from the state. This meant we were not funded by the normal calculation of enrollment, instead SMC's state general revenue calculation was back-filled for any revenue loss that was the result of enrollment decline. This allowed SMC to reduce expenditures in those areas that could be controlled to cover the increased costs of the areas that were not possible for the District to reduce in a short term. The 04/05 Tentative Budget reflects the District no longer being in this special funding category.
The state funding formula is based on the combination of property taxes, enrollment fees and principal apportionment funds added together to equal the estimated State General revenue. Within the principal apportionment figure are the estimates for COLA, equalization and growth. The other two parts of the equation, property tax and enrollment fees, are not changed in the Tentative Budget since the net result would be the same. It is also possible that the state legislature may approve the Governor’s plan to move Partnership for Excellence and part-time faculty budget allocations into the base apportionment. However, these funds remain separate line items in the Tentative Budget.

The State Lottery revenues are paid each year according to the annual enrollment figures. Since we are projecting an increase in enrollment in 2004-2005, the Lottery revenue has been increased.

Mandated Cost Reimbursement has been postponed by the State until fiscal year 2005-2006.

When preparing the 2004-2005 budget, the assumption was that non-resident tuition will remain unchanged. This is an optimistic approach given the federal position to restrict foreign students.

The projected ending balance for fiscal year 2003-2004 is $3,995,523. This becomes the projected beginning balance for 04/05. The actual figure will not be final until the state apportionment recalculation in February, 2005. The 04/05 budget shows a prior year apportionment income of almost $1.4 million based upon restatement of the property tax and student enrollment deficit being reduced by 87%.

General Fund Unrestricted Expenditures (01.0)

Student Services has put in place a plan for students that coordinates recruitment, assessment, financial aid, and other student service areas to assist students in enrolling and enhancing their potential for success. Academic Services has developed through the instructional departments class offerings that are addressing the most impacted courses offered by SMC to ensure the greatest probability of reaching the projected student enrollment needed for the budget estimates. Part time expenses have been increased to reflect the major cost of the implementation of these approaches. An addition three full-time faculty positions have been included. Classified regular and instructional support staff will be expanded to better serve students. The benefit costs have been increased to reflect the costs for added faculty and staff. The salary expenditure projections reflect appropriate step, and longevity increases for all qualified employees.

Even though in 03/04 the District’s contract service costs were the lowest in five years, the 04/05 budget attempts to maintain that expenditure level. Lease purchases are also held at the 03/04 expenditure level.

Because expenditures exceed income even with the above optimistic income scenario, a negative transfer of $1.6 million is entered as a placeholder for expenditure reductions to be made prior to the adopted budget.

The contingency reserve is budgeted at $3.5 million or approximately 3%. This will remove the District from level one on the watch list of the Chancellor’s Office. Given the very optimistic income estimates it would be irresponsible to have a reserve lower than 3%.
RESTRICTED FUNDS

General Fund Restricted (01.3)

This fund represents restricted money that is received by the District from Federal, State and Local sources. A summary of all grants is available in the Accounting office. The restricted lottery revenue is by law allocated to the purchase of instructional materials.

The Governor’s “May Revise” proposes that Matriculation be folded into the base apportionment. As of this date, we do not know whether that will be approved by the legislature or not. Income and expense related to matriculation is budgeted in the restricted fund.

Because of some income reductions projected at this time for some of the categorical programs the expenditure will need to be reduced by over one half million dollars if the income does not get restored. The contingency reserve is being carried as a negative until the adjustments are made prior to the adopted budget.

When received, new grants will be presented to the Board of Trustees for approval and the District’s budget will be augmented to reflect the increase.

Special Reserve Fund (40.0) (Capital)

This fund is also known as the Capital Expenditures Fund. State funding for capital projects, scheduled maintenance, asbestos abatement and architectural barrier removal is reflected in this fund. The non-resident capital charge is a revenue source to this fund, and is the primary source of funds for the COP payment for AET. This fund includes the state funded capital project portion of the Liberal Arts Building.

Also included in this fund is the Earthquake Redevelopment Revenue from the City of Santa Monica for the replacement of the earthquake damaged Liberal Arts building. These funds will be combined with State funds for the Liberal Arts Project. The FEMA portion of the project is in different fund.

All capital expenditures and income in the Special Reserve Fund, as well as Fund 41.0 Fund 42.1 and Fund 42.2 reflect the total expense allocation and the total income for all projects and is not limited to current year, thus resulting in a zero ending balance. Money in these funds are restricted.

Earthquake Fund (41.0)

This fund reflects the FEMA and OES money received and expended as a result of the damage incurred at Santa Monica College due to the 1994 Northridge Earthquake. The remaining project is the replacement of the earthquake damaged Liberal Arts Bldg.
Bond Fund Prop T (42.1)

This fund reflects the revenue from the sale of bonds approved by Proposition “T” and the interest earned in the fund.

The expenditures in this fund are coupled with fund 40.0 State Grants and fund 41.0 FEMA funding to cover the necessary expenses related to the College construction plan approved under Prop T. The Library Project was the last major remaining project in this fund and as the bills are paid for the completion of the project this fund will close. One dollar is budgeted as beginning balance and expenditure for this fund for 04/05 because the fund needs to remain open until all transactions are closed and a final accounting is complete.

Bond Fund Measure U (42.2)

This fund reflects the revenue from the sale of bonds approved by Measure U and the interest earned in the fund. The first sale of bonds was $25 million, the second sale was for $22 million.

The expenditures in this fund relate to the College construction plan approved under Measure U. It is expected that all current funds will be expended prior to the three year time limit.

Bond Interest and Redemption Fund (48.0)

This fund is administered by the Los Angeles County Treasurer’s Office and reflects the receipt of property tax money due to voted indebtedness for bond issues and the payment of interest on those bonds plus the redemption of the bonds whose maturity date is within the 2004-2005 fiscal year. This information is projected for the District by the Los Angeles County Treasurer’s Office.

Enterprise Fund (50.0)

This was a new fund in 03/04 for Community Service and Contract Education. Under the new accounting system established by the Los Angeles County Department of Education, it was deemed appropriate to create a separate fund for these revenues and expenditures.

Student Financial Aid Fund (74.0)

This fund consists of all student financial aid grant programs (PELL, SEOG, EOPS and Cal Grants). Transfer line items reflect a transfer from the General Fund Unrestricted to meet the match requirement of the individual grant programs.

Auxiliary Operations

This budget reflects the income and expenses of the auxiliary operations of the District, namely the bookstore, the food and vending concessions, and College expenses in programs such as athletics, music, theatre arts, THE CORSAIR and transportation.

CONCLUSION

This is a tentative budget. It will undergo changes. Some will be the result of revised state revenue, others will be internal adjustments resulting from new or more information. The budget committee was unable to review the preliminary budget. Therefore recommendations were not received as they normally would have been. I expect a better working environment for the Budget Committee now that it will once again be meeting separate from the Collegewide Coordinating Council.
ADJOURNMENT – 12:07 p.m.

The meeting was adjourned in memory of Arthur B. Brooks, father of Jeanne Batey, Director of Classified Personnel; Dorothy Gelvin, Dean of Human Resources; and Bryan McLellan, SMC Photojournalism instructor and SMC alumnus.

The next regular meeting of the Santa Monica Community College District Board of Trustees will be Wednesday, July 7, 2004 at 7 p.m. (5:30 p.m. if there is a closed session) in the Santa Monica College Board Room and Conference Center, Business Building Room 117, 1900 Pico Boulevard, Santa Monica, California.
