RECOMMENDATION NO. 24 PROPOSITION 39 – THE SCHOOL IMPROVEMENT AND ACCOUNTABILITY ACT

It is recommended that the Board of Trustees adopt a position in support of Proposition 39, the School Improvement and Accountability Act.

Comment: Proposition 39 addresses the need to repair and renovate California public school facilities while providing more accountability to taxpayers. The measure will provide local voters reasonable opportunities to build needed classrooms and provide students with a safer, more technologically current learning environment. The new accountability provisions will assure taxpayers that all bond money is going directly toward the school construction projects approved when a bond measure is passed.

The University of California, California State University and California Community Colleges have all endorsed Proposition 39.
