Although these courses may be taken in any order after completion of Math 8, students are advised to complete Math 11 and Math 15 before enrolling in Math 13.

The transfer math course you choose depends on your major and the university to which you plan to transfer. Please refer to www.assist.org or consult with an SMC counselor to make sure that the course you take is appropriate for your goals.

The starting point in this Math Course Sequence Chart depends on your Math Assessment results as well as your future goals. For these reasons, it is wise to prepare before taking the Math Assessment and to review the information about Math courses and Math sequences before registering for your first math class. Information about Math Assessment and practice test materials are available at the SMC Assessment website at www.smc.edu/assessment. Information about math courses and sequences are available at the SMC Mathematics Department website at www.smc.edu/math.
