0-8 Units

Optional Summer
(Jun-Aug)
6-8 Weeks
0-8 Units

Spring Semester
(Feb-June)
16 Weeks
12-16 Units
ESL 11B, ESL 21A/B, and English 1 are 3 units each. These courses will count for the AA degree and are transferable.

ESL 10G/W and ESL 11A are 6 units each and are not counted towards the AA degree or transfer units.
The starting point in this Math Course Sequence Chart depends on your Math Assessment results as well as your future goals.

For these reasons, it is wise to prepare before taking the Math Assessment and to review the information about Math courses and Math sequences before registering for your first math class. Information about Math Assessment and practice test materials are available at the SMC Assessment website, www.smc.edu/assessment. Information about math courses and sequences are available at the SMC Mathematics Department website, www.smc.edu/math.

### 3 Higher Level Mathematics Courses

Although these courses may be taken in any order after completion of Math 8, students are advised to complete Math 11 and Math 15 before enrolling in Math 13.

### 2 College Level – Transfer Courses

The transfer math course you choose depends on your major and the university to which you plan to transfer. Please refer to www.assist.org or consult with an SMC counselor to make sure that the course you take is appropriate for your goals.

- **MATH 21** Finite Mathematics
- **MATH 54** Elementary Statistics
- **MATH 29** Calculus 1 for Business and Social Science
- **MATH 28** Calculus 1 for Business and Social Science
- **MATH 26** Functions and Modeling for Business and Social Science
- **MATH 41** Mathematics for Elementary Teachers
- **MATH 8** Calculus 2
- **MATH 7** Calculus 1
- **MATH 40** Precalculus
- **MATH 41** fulfills the math requirement for the Liberal Studies major at CSU campuses but does not meet the mathematics admission requirement at any of the CSU or UC campuses.

### Which Pre-Collegiate Pathway? 49, 18, 20?

- Math 18 and Math 49 cannot be used as a prerequisite course in place of a listed Math 20 Prerequisite. Students who plan to take a non-math course which lists Math 20 as a prerequisite should take Math 20 unless otherwise advised by the department offering the non-math course.
- Students who know they will need only Math 21 or Math 54 for transfer, usually Liberal Arts and Social Science majors, may take either Math 49, OR Math 31 & 18, OR Math 31 & 20.
- Students who need to complete precalculus or calculus series for their intended major (Ex. Science majors, Engineering majors, Computer Science majors, STEM majors, most business majors etc.) or plan to take Math 41 or are undecided about their major should not take Math 18 or 49. They should instead take Math 20.
- For specific questions about the math required for your specific major, please consult the SMC Math department website, www.smc.edu/math, or see an SMC Counselor.

### 1 Pre-College Level

Math 81, 84, 85, 31, 32, 18, 20 and 49 will not transfer to the UC and CSU systems, but these courses are prerequisites for college level math courses and some courses in other departments.

For an Associate degree, SMC requires the successful (with a grade of C or better) completion of Math 18, 20, 49, or 32 (if taken Fall 2006 or later) or a passing score on the SMC Math Proficiency Assessment plus successful completion of one additional designated non-math course.
TO TRANSFER OR GRADUATE
Need minimum of 60 units

General Education Options:
IGETC, CSU GE, USC, or other college

Major Requirements:
Assist.org, SMC Articulation Agreements

Elective Units
Chem 9, Everyday Chemistry

5 Units

Transfer: UC, CSU
IGETC Area 5A (Physical Sciences + Lab)

Students enrolling in this course should have math skills equivalent to those entering Math 31. This course does not fulfill the prerequisite for Chemistry 11.

This course serves to fulfill the general education requirements for a laboratory science course. Students who successfully complete this course will understand basic chemical principles and how these principles relate to the world around them. They will also learn various lab techniques, including the safe handling of chemicals and the proper use of laboratory equipment.

When choosing a class, consider the following:

- PREREQUISITES
- SKILLS ADVISORIES
- Class is part of a SPECIAL PROGRAM (Adelante, Black Collegians, Scholars, FYE)
- SATELLITE CAMPUS (Bundy, Airport, PAC)
- ONLINE
- Does it TRANSFER?
AC College Associates Ltd. (ACCA) is an international company providing educational opportunities to foreign students interested in studying in the United States. Among the opportunities, students may participate in certain full-credit classes provided by Santa Monica College (SMC), the leading community college in California. Participation is subject to SMC admissions and related requirements, course availability at the time, and full payment of the specified fees to ACCA.

This opportunity is unique for students pursuing rigorous higher learning on F1 Student Visas. Founded in 1929, SMC is reputed for its high quality programs and being #1 in transfers to the University of California system. It is accredited by the Western Association of Schools and Colleges (WASC). More information of the college is available through www.smc.edu
Are SMC classes

Payment is due 5 days after enrollment

Must be paid through AC College website www.accollege.net

May have different drop deadlines

If drop before refund deadline will lose 6% of total fees

Check your SMC email for updates!
* Please check Corsair Connect or AC College for your individual deadlines
* Adds after your deadline must be paid on the same day
* Deadlines vary by type of class, session, and length of class (first 8 weeks, second 8 weeks, 12 week classes)
* Some sponsored students have different deadlines:
  * Algeria, Canada, Libya, Morocco, Sweden, Tunisia, and Venezuela
* Switching classes after the refund deadline will require you to pay again
What do I do if my classes are full?

1. Continue trying to add closed classes
2. Wait Pool options
3. Request a class to be opened
4. Look on AC College
5. Prepare a list of classes to “CRASH”
6. Check SMC email every day for updates!
