In response to a question regarding faculty and classified organization offices in the new Liberal Arts, Building, it was agreed that subcommittee should be looking at scenarios and plans for offices and spaces that are being displaced. C. FTE Restoration: The lack of FTE restoration and the issue of borrowing FTEs resulted in a discussion about enrollment strategies, student profiles, reporting strategies and budget scenarios. In order for DPAC to make a well-informed recommendation by April 12th (P-2 report is due the end of April), budget scenarios with narratives will be provided at the March 8th or 22nd meeting.

D. Classified representation on DPAC and planning subcommittees: According to AR 2250, each constituency group serving on DPAC has two votes (one vote per sub-constituency group). Since the Classified Senate is not active at this time and not participating on DPAC, it was agreed that the CSEA members representing the classified on DPAC have two votes as stated in AR 2250.

E. New faculty hires; replacement of retirees: Motion was made by Richard Tahvildaran-Jesswein and seconded by Lantz Simpson to forward to the Superintendent/President the recommendation from the Budget Planning Subcommittee to hire full-time faculty at least equal to the number who have officially retired. Following discussion about timing, recruitment and budget issues, the motion was approved with 7 ayes, 1 no (Management Association). Human Resources will prepare a presentation on realistic hiring recruitment timelines.
