2. Whereas the Budget Committee has not received information and data in a timely manner for committee meetings, the Budget Committee requests the College president to work with the Budget Committee co-chairs to ensure that requested information and data is delivered to the Committee in a timely manner.

   • The Budget Committee will request and review the tentative, adopted and actual budgets for the last three fiscal years
   • The Budget Committee will review the tentative budgets and compare with the 2005-06 actuals
   • The Budget Committee will recommend adjustment based on priorities.

In response to #3, it was stated that Dr. Tsang asked that the Budget Planning Subcommittee focus on policy issues rather than line item details.
