

A Course of Study for
PHOTOGRAPHY

The Photography program teaches the dynamics of visual communication to illustrate ideas, record events, articulate stories, express moods, sell products, and interpret a person's character. Courses stress technical knowledge, proficiency in camera control, digital and analog capture methods, artificial and natural light control, and image manipulation. This program prepares students for careers in photography-related genres including advertising photography, food photography, architectural photography, editorial photography portrait photography, fashion photography, and photojournalism.

High school students in the 11th and 12th grade may begin this program concurrently with their high school program in approved by the high school principal.

For additional career possibilities, visit the Career Services Center on the main campus to utilize computerized career information systems and other valuable career resources.

Information regarding the Photography program is available in the Photography Department, (310) 434-3547, and through the Photography Department's website: www2.smc.edu/photo.

CATALOG RIGHTS

A student may satisfy the requirements of a degree that were in effect at any time of the student's *continuous* enrollment. Continuous enrollment is defined as enrolment in consecutive Fall and Spring semesters until completion.

TRANSFER PREPARATION

SMC has articulation agreements in place with several 4-year institutions. Students planning to transfer should complete the lower-division major requirements and the general education pattern for the institution to which they intend to transfer.

Many colleges/universities offer baccalaureate degrees in this field. Students planning to transfer to a four-year college or university should complete the lower-division major requirements and the general education pattern for the specific transfer institution. SMC has articulation agreements with the many UC and CSU campuses, as well as several private and out-of-state institutions.

Exact major requirements for UC and CSU campuses can be found online at *assist.org*.

A listing of private, nonprofit California colleges and universities can be found online at *aiccu.edu*. For articulation agreements between SMC and some of these institutions see *smc.edu/articulation*.

PHOTOGRAPHY, ASSOCIATE DEGREE OR CERTIFICATE OF ACHIEVEMENT

Program Learning Outcomes: Students completing the program in Photography will analyze and assess photographic situations and solve technical problems and creative challenges as they arise in a photographic production. Students will design and construct photographic images that can communicate ideas or narratives effectively for commercial, editorial or fine art purposes. And graduates will have the knowledge and skills pertinent to the successful operation of a freelance photography business and sound business practices in the trade.
