KAPLAN UNIVERSITY**PURPOSE**

The purpose of this articulation partner agreement (*the agreement*) is to acknowledge that students of Santa Monica College may transfer to a Kaplan University (KU) degree program following completion of a certificate, diploma, or associate's degree program at Santa Monica College.

ELEMENTS

To be eligible for application to an advanced start bachelor's program at KU the student enrolling must submit proof of having been awarded an associate's degree from Santa Monica College.

Students having completed an associate's degree program (*applicable AA, AAS, AS, AOS or specialized associate degrees*) consisting of a minimum of 90 quarter credits (*or the equivalent of 60 semester credits*) will be eligible for a block transfer of up to 90-quarter credits and acceptance into KU's "advanced start" baccalaureate option.

Santa Monica College students must fulfill KU requirements, which entail completion of no less than 25-percent of their program requirements at KU, including a minimum of 50-percent of the major requirements, including the capstone course, at KU. Credit earned through any combination of Transfer Credit, Challenge Credit or Experiential Credit will not exceed 75-percent of total credits required for graduation.

TERMS

Because of this agreement to articulate, KU will extend professional courtesy discounts to Santa Monica College alumni and employees concomitant with the date of this fully executed document.

Santa Monica College alumni and employees will receive a ten (10%) percent discount on their KU tuition. Santa Monica College alumni and employees must inform KU admissions directors about their affiliation to receive their discount;

KU will extend to Santa Monica College alumni and employees all of its online certificates, undergraduate, and graduate programs, as and when offered;

This Agreement is effective for the KU academic term beginning with the date of the fully executed document, and shall continue until terminated. Both parties must approve amendments to the Agreement in writing.

Either party may terminate the Agreement upon 90 days written notice to the other party. Notwithstanding the foregoing, either party may terminate the Agreement immediately in the event that participation under the Agreement may give rise to a violation of any requirement of federal or state law or regulation or the requirements of any accrediting agency having jurisdiction.

The Agreement may be executed by either electronic or facsimile transmission in one or more counterparts, each of which shall be deemed an original.

REGIS UNIVERSITY**ASSOCIATE'S TO BACHELOR'S™ PROGRAMS****PURPOSE**

The purpose of the agreement is to enable SMC students who transfer to Regis with an Associate of Arts to be recognized as having achieved junior status at Regis, and to allow them to transfer additional credits (up to a maximum of 90 semester credit hours) that they have already earned. This approach will allow many students to earn a bachelor's degree by attending the equivalent of three years¹ of instruction at SMC and completing their fourth and final year at Regis.

TRANSFER ELEMENTS**TREATMENT OF ASSOCIATE'S DEGREES AS ADMISSION CRITERIA:**

Students who earn an Associate of Arts degree will be recognized as having satisfied the first two years of coursework associated with Regis baccalaureate degree programs and will be recognized as having achieved junior status. The Associate of Arts degree is an award that recognize at least two years but less than four years of full-time equivalent college-level work. The degree is general in nature and is not directed to a specific career or technical area.

Students graduating from SMC and transferring to Regis as participants in the Associate's to Bachelor's™ Program are guaranteed the following:

- Admission to the Undergraduate SPS at Regis (*because of program capacity and specialized entry requirements, there are no guarantees of admission to specific Regis Undergraduate degree programs or certificate programs*).
- Acceptance of credit earned at SMC in all programs, including credit by testing and other non traditional mechanisms such as Advanced Placement (AP), American Council on Education (ACE) credits, Dual Enrollment, Early Admissions, and International Baccalaureate.
- No additional General Education Core requirements, if Regis requirements have been met with SMC programs.
- Acceptance of all grade forgiveness policies of SMC.

TREATMENT OF SMC COURSEWORK FOR STUDENTS WITHOUT AN ASSOCIATE OF ARTS

SMC students transferring without an Associate of Arts degree (this would include students that have earned Certificates, and/or Diplomas), will have all SMC Associate degree applicable courses with a grade of "C- or better", accepted for transfer.

Twenty four semester hours of skill-based technical course work may be used to satisfy general elective requirements in the Undergraduate degree programs of the SPS. The designation (TOS) is used when recording this credit.

REGIS' DEGREE PLAN

The Regis degree plan outlines degree completion requirements for each student. The degree plan is a written agreement between the student and the appropriate undergraduate program. It sets forth the academic requirements for the degree. The student and a Regis Academic Advisor sign the degree plan.

The degree plan specifies the amount of time during which the requirements for a particular degree must be completed. This period is seven (7) years (84 months) from the date the student is accepted into the Undergraduate Program.

During that seven-year period, students may (but are not required to) revise their degree plans to reflect the Regis' curricular changes. If the degree plan expires before the student has completed all degree requirements, the student must sign a new degree plan or request an extension to the current degree plan.

MAXIMUM AGE OF ASSOCIATE DEGREE

There is no expiration date on Associate degree credits earned from a regionally accredited institution of higher education.

THE TRANSFER PROCESS

Regis SPS will receive transfer credits for all of the course work, up to a maximum of 90 semester hours toward fulfillment of Regis SPS core requirements and toward the Regis degree requirement of 128 semester hours subject to the following provisions:

- All SMC transfer student applicants must meet the admissions standards as outlined in this MOU (*these requirements may differ from those found in other documents and publications*).
- Students that are transferring as part of the Regis Associate's to Bachelor's™ Program must have a minimum of a 2.0 grade point average as verified by an official transcript from SMC.
- Students transferring individual courses to Regis separate and apart from the Associate's to Bachelor's™ Program, must have earned a grade of "C-" or better in the specified course.
- All students transferring to Regis SPS must have 3 years of work experience (*waivers may be requested by a designated advisor from SMC*).
- Students who apply to Regis must satisfy or successfully complete six (6) semester credit hours (*9 quarter credit hours*) in Religious Studies and six (6) semester credit hours (*9 quarter credit hours*) of Philosophy, if these courses are not included in the SMC transferable course work to the satisfaction of Regis. SMC students may fulfill the above requirement by (i) taking the courses at SMC prior to transfer, or (ii) taking Religious Studies and Philosophy courses at Regis.

A minimum of thirty (30) graded semester hours must be taken through Regis. Credits earned through Portfolio (*Prior Learning Assessment*) or credits by examination are not included in this 30-hour minimum.

For more information: <http://transfertoregis.org>

¹ Years are equivalent to approximately 30 – 36 semester credit hours.
