Those eligibles still on the list will be notified and given the opportunity to retest.

DISPOSITION BY THE COMMISSION

Comments

Director MacDonald explained that quite a few employees were out due to family and medical reasons, resulting in a high demand for temporary employees. Since a new List will not established until January or February, and departments couldn’t be without clerical and administrative assistance the, PC advertised for provisionals on Craigs List, requiring only resumes and not formal applications and were inundated with responses. Those resumes were being reviewed and the qualifying applicants would be invited for a screening interview in the Commission Office and would fill out an application when they come in. She said the applicants would only be qualified for provisional assignments to fill the temporary positions in the departments, they would have to apply and be successful in the testing process to be placed on the Administrative Assistant I eligibility list.

She apologized for not yet having the report on provisionals that was requested, but she is still gathering information. She said she reviewed the City’s policy and is trying to determine what would work best for the District and for the employees.
AGENDA REPORT NO. 2

Subject: Public input on nomination of Dolores Press as Personnel Commissioner

The Santa Monica College Personnel Commission is seeking public input on its nomination of Dolores Press to fill an upcoming vacancy on the five-member Commission.

Under State law the two Personnel Commissioners, Karen Bancroft and Deborah Jansen, who have been appointed by CSEA, the exclusive representative of the classified employees and the two Personnel Commissioners appointed by the College District, Joy Abbott and Joseph Metoyer, are charged with the responsibility of appointing the fifth commissioner when that vacancy occurs.

The Commissioners have nominated Dolores Press, the incumbent Commissioner whose three-year term expires November 30, 2007, to be appointed to another three-year term.

DISPOSITION BY THE COMMISSION

Note: Though the four other Commissioners and several members of the public spoke in support of reappointing Commissioner Press, no vote was taken. A formal vote is scheduled on November 28, 2007 at the Special Personnel Commission Meeting.

Comments

Susan Aminoff, SMC Board of Trustees Chair said she applauded Commissioner Press’ long and sacred career protecting the community and protecting the role of the individual in the community and that she wholeheartedly supported her nomination.

Connie Lemke, CSEA Recording Secretary, in support of Commissioner Press on behalf of the Union, noted that Commissioner Press has served valiantly and joyously on the Commission and is truly an inspiration. She said that Commissioner Press knows what it’s like to be a working person. Ms. Lemke said she appreciated the support Commissioner Press has given, as well as the open-mindedness with which she addresses each situation.

Commissioner Metoyer said that Commissioner Press’ concern about the working class, the proletariat -- the people that really put their nose to the grindstone to get the job done – brought a unique perspective and a community presence to the Commission. He said that working with Commissioner Press had been a pleasure and that he fully supported her reappointment.

Commissioner Bancroft said that she and Commissioner Press had been through rough times together on the Commission because, until Commissioner Metoyer joined the Commission, there were just the two of them. She said it was great to have five Commissioners instead of three. She thanked Commissioner Press for being there, and said she was pleased to have a good Commission and a wonderful Director of Classified Personnel.

Commissioner Abbott thanked Commissioner Press for being so welcoming and helpful to her when she started on the Commission. She said she was thrilled to support and be supported by Commissioner Press and was looking forward to working with her for another three years.

Commissioner Jansen said she agreed with what everyone else had said about Commissioner Press. Commissioner Jansen added that she had the advantage of having been an employee looking at Commissioner Press from the audience, and from that perspective, and the community perspective, as well as from now being on the Commission, she deeply appreciated Commissioner Press’ contributions.
Commissioner Press thanked everybody for their endorsement and tributes. She said she was deeply moved by their trust and confidence in her and their respect for her judgment. She said that the Commissioners have a strong responsibility to remain neutral and she appreciated she had been allowed the privilege to make up her own mind based on the information she was given, and that the people who had very strong opinions about agenda items had not tried to influence her vote by personal contact. She thanked the Commissioners for entrusting her for another three years and pledged to continue to do her best.

AGENDA REPORT NO. 3

Subject:  Revisions to Class Description: Director of Maintenance

Date: November 14, 2007

To: Members of the Personnel Commission

From: Dori MacDonald, Director of Classified Personnel

Background

Attached for your approval is a revised classification description for Director of Maintenance. The Commission approved minor changes to the specification at their last meeting but since that time staff has received complaints that the minimum qualifications would prevent any internal candidates from qualifying. This matter was discussed with the Acting Vice President of Business and Administration and new language has been added to the minimum qualifications: Current Santa Monica College employees may substitute two years of experience supervising multiple trades positions for two years of the education requirement.

Recommendation

That the revised classification description for Director of Maintenance be approved as submitted.

DISPOSITION BY THE COMMISSION

Amendments: None

MOTION MADE BY: Jansen
SECONDED BY: Press
AYES: 5

ABSTENTIONS: 0

Comments

Director MacDonald said that the bachelor’s degree minimum requirement in the class description would have excluded potential District employees from applying. Commissioner Press said she thought that changing the educational requirements exclusively for College employees was a good compromise.

AGENDA REPORT NO. 5

Subject: Request for Reclassification
From Student Services Clerk to Student Services Assistant

Date: November 14, 2007
To: Members of the Personnel Commission
From: Dori MacDonald, Director of Classified Personnel

Background

In February 2007, Ronnie Felder, Sandra Franco, Renay Garcia and James Price requested reclassification from a Student Services Clerk to a Student Services Assistant. Their requests were sent to Hay by the Interim Director of Classified Personnel and Hay conducted interviews with the incumbents and their supervisors, Kiersten Elliot, Associate Dean of Enrollment Services and Teresita Rodriguez, Vice President of Enrollment Development. The information received from Hay on these requests was incomplete.

New interviews with the supervisors were conducted and the PDQ’s were reviewed.

The distinguishing characteristics between a Student Services Clerk and a Student Services Assistant are:

1. The Student Services Clerk classification provides a variety of general and routine clerical duties for student services departments and programs.
2. The Student Services Assistant classification performs moderately difficult clerical duties and is responsible for completion of a functional phase of clerical work necessary in the student services area.

In reviewing the PDQ’s and speaking with the supervisors, it is clear that the Student Services Clerks referenced above perform more than a variety of general and/or routine clerical functions. They are actually responsible for completion of a functional phase of the clerical work necessary in the Admissions and Records office. They perform duties such as:

Reviewing admissions applications to assess and document residency status; interviewing students to determine eligibility for concurrent high school enrollment program; processing enrollment verifications for loan deferment, health insurance, auto insurance, housing qualifications and foreign draft deferment; determining eligibility of student athletes to compete in college sports; scanning, cataloguing, indexing, and maintaining all permanent admissions records, maintaining and updating student services databases and confidential student record; processing student admissions applications for student services requests including graduation petitions, CSU certifications, General Education Transfer Curriculum Certifications, course repetitions and advanced placement requests; and assisting in planning and coordinating student services program special events including the annual graduation ceremony.

Recommendation

Ronnie Felder, Sandra Franco, Renay Garcia and James Price be reclassified from Student Services Clerks to Student Services Assistants effective January 1, 2007.

AGENDA REPORT NO. 6

Subject: Request for Reclassification
From Student Services Assistant to Student Services Specialist

Date: November 14, 2007

To: Members of the Personnel Commission

From: Dori MacDonald, Director of Classified Personnel

Background

In February 2007, Rachel Brideau, Jonathan Cohanne, Candee Jones, Connie Lemke, Karen Sasaki, Karen Sydney and Chris Young requested reclassification from a Student Services Assistant to a Student Services Specialist. Their requests were sent to Hay by the Interim Director of Classified Personnel and Hay conducted interviews with the incumbents and their supervisors, Kiersten Elliot, Associate Dean of Enrollment Services and Teresita Rodriguez, Vice President of Enrollment Development. The information received from Hay on these requests was incomplete.

New interviews with the supervisors were conducted and the PDQ's were reviewed.

The distinguishing characteristics between a Student Services Assistant and a Student Services Specialist are:

1. The Student Services Assistant classification performs moderately difficult clerical duties and is responsible for completion of a functional phase of clerical work necessary in the student services area.

2. The Student Services Specialist classifications perform complex and specialized duties within Admissions and Records Student Services area.

In reviewing the PDQ’s and speaking with the supervisors it is clear that the Student Services Assistants referenced above perform complex and specialized duties within the Admissions and Records area. They perform duties such as:

Determining eligibility of students for graduation and transfer and making the final decision in this process, such as granting an AA degree; determining applicability of coursework in awarding subject and unit credit for AP exams and CLEP exams, international records and transcripts and military experience; meeting with students to resolve graduation or certification issues; providing assistance to students in the graduation process by resolving discrepancies and irregularities; resolving complex problems and issues presented by staff, students, counselors, faculty and other members of the College community; keeping abreast of any changes in procedures or requirements for the AA degree, Career Certificates, CSU General Education Certification and Intersegmental General Education Transfer Curriculum Certification; communicating with faculty, admissions staff and the Articulation Officer regarding transferability of courses for CSU General Education Certification and Intersegmental General Education Transfer Curriculum Certification; and coordinating the yearly commencement ceremony with the Associate Dean of Enrollment Services.

Recommendation

Rachel Brideau, Jonathan Cohanne, Candee Jones, Connie Lemke, Karen Sasaki, Karen Sydney and Chris Young be reclassified from Student Services Assistants to Student Services Specialists effective January 1, 2007.

Comments

Connie Lemke, currently Student Services Assistant, to be reclassified to Student Services Specialist, thanked the Personnel Commission and Director MacDonald for listening to the Admissions and Records employees. She said the employees understood that there was logic to the standardization of titles and equivalency of duties done by each strata in Student Services offices, but that the Admissions and Records office didn’t neatly fit into those rules. She explained that other Student Services offices only serve a finite number of students, but Admissions and Records serves each student on campus at least once, and sometimes more, every semester, and again at every milestone or problem they encounter.

She said that the Admissions and Records I’s and II’s who were now Assistants and Specialists were ecstatic about being reclassified, but that there was still a layer of employees in Admissions and Records who also don’t fit the mold. Ms. Lemke asked the Commission to look at the rest of the people in Admissions and Records who are also unique because of the nature of the office. She hoped that it was possible to consider the office structure in a way that acknowledged the internal differences. She said that the reclassified employees all supported the reconsideration of the other classifications.

**MINIMUM QUALIFICATIONS**

**Education Requirement:**

**Experience Requirement:**
Four (4) years increasingly responsible experience resolving a range of problems related to financial and statistical record keeping/bookkeeping activities.

**Education/Experience Equivalency:**
Experience and/or education of the same kind, level and amount as required in the minimum qualifications may be substituted on a year-for-year basis.

**Licensure and/or Certification:**
None

**FINDINGS AND RECOMMENDATIONS**

Ms. Lehman has worked for the College since 1996 as a Bookstore Operations Assistant. She attended special classes in 2004/2005 on the Bookstore’s A/R & A/P software and has assisted the retired Accounting Specialist II with many of the fiscal/clerical functions for many years. It is difficult to assess whether Ms. Lehman fully meets the minimum experience requirements (4 years of increasingly responsible experience resolving a range of problems related to financial and statistical record keeping/bookkeeping activities), but it is clear that she is the most qualified to perform these duties, at this time, considering her training on the specific bookstore software and the assistance she provided to the retired/limited
term employee. It appears that Ms. Lehman has been performing additional duties outside of her classification for the Bookstore since 07/01/07, however, the Personnel Commission Office was not advised of this until late October. The Merit Rules specifically state that requests need to be submitted to the Commission Office within five (5) days of the start of the assignment and that the employee has a responsibility to notify the Director of Classified Personnel if the supervisor does not. If that does not occur, the request for additional pay shall only take effect upon the date of receipt of the request in the Personnel Commission Office. Therefore it is recommended that Ms. Lehman be approved to work out of class as an Accounting Specialist II for 90 days beginning October 22, 2007. Under the terms of the CSEA (11.7) contract Ms. Lehman would be qualified for a 100% stipend since more than 50% of her time is being spent performing duties designated as an Accounting Specialist II.
