VII. Council of Presidents Meeting

The Council of Presidents will set the agenda for the October 28, 2009 DPAC meeting.
Zero Waste Board Policy

The Board of Trustees recognizes and affirms the economic and environmental benefit of Zero Waste Practices. Zero Waste includes recycling but goes beyond recycling by taking a 'whole system' approach to the vast flow of resources and waste through human society. Zero Waste maximizes recycling, minimizes waste, reduces consumption and ensures that products are made to be reused, repaired or recycled back into nature or the marketplace.

In support of Santa Monica College's institutional commitment to sustainability, Zero Waste practices are required for all college events, including all departmental events and functions of college organizations.

Administrative Regulation

Zero Waste practices must be integrated into all college events, including all departmental events and functions of college organizations. Zero Waste practices include, but are not limited to, the following:

1. All “to go ware” will be compostable.
2. Proper signage and placement of Zero Waste Stations will be arranged.
3. Event logistics, including date, time, location, number of expected attendees, and type of food, will be clearly stated in the event request form.
4. Volunteer staffing of the Zero Waste Stations is strongly recommended. (Training of volunteers may be arranged through the Center for Environmental and Urban Studies.)
5. All college vendors will integrate Zero Waste practices into any college events they support.
6. Notification regarding SMC's Zero Waste Board Policy will be provided to external food providers supporting college events, and compliance will be included in the terms of their contracts.

Zero Waste Event Guides are available through the Center for Environmental and Urban Studies, 1744 Pearl Street, Santa Monica, CA 90405.
