IV. **Reports**

– Superintendent/President— Response to DPAC recommendation approved on March 10, 2010:

**Academic Senate Course Management System Recommendation:**

The Academic Senate unanimously recommends that Santa Monica College remain with eCollege as its Course Management System, continue to stay current on other Course Management System offerings, address the limitations of our current Course Management System for users who have specific needs that are not being currently served.

Dr. Tsang has approved the recommendation and has directed Vice-President Jeff Shimizu to conduct negotiations with eCollege on behalf of the District.
V. Agenda

A. Exploration of future program possibilities: It was reported that following the discussion at the Board of Trustees Study Session in February, the District will be exploring four possible programs to generate revenue as a solution to the state’s inability to fund community college, as follows: (1) offering credit courses through contract education to nonresident students; (2) developing an extension program like those at UC and CSU (not currently allowed, would require legislation); (3) offering credit courses through contract education to resident students (not currently allowed, would require legislation); (4) creating a university center which would consist of partnerships with universities to offer joint baccalaureate degrees.

It was agreed at the Board’s Study Session that faculty be highly involved in the exploration of the proposed programs. The Academic Senate will form a joint ad hoc committee to look at the issues within the purview of the Academic Senate. The Academic Senate has appointed six faculty members to the ad hoc committee, and the Superintendent will be appointing administrators. The committee will determine its scope, function and timeline. Superintendent/President Tsang requested that the committee initially focus on two of the proposals – exploring the development of an extension program and the university center.

B. A Facilities Planning and Construction Update was provided. All projects in the 1998 Master Plan have been completed. Projects for the next ten years include:

Main campus:
• Completion of the Student Services Building (included in the 1998 Master Plan)
• Information Technology Relocation
• Health/Fitness/Dance Center
• Drescher Hall/Bookstore
• Math/Science
• Corsair Stadium

Satellite Campuses
• Academy of Entertainment and Technology/KCRW
• Performing Arts Center (east wing)
• Child Development Center (with City of Santa Monica)
• Malibu campus
• Bundy campus classrooms and Career Opportunity Center

C. DPAC Planning Subcommittee Evaluation

• The Facilities Planning Subcommittee recommended that four of the original charges be revised.
• The Technology Planning Subcommittee had no recommended revisions.

It was suggested that all planning subcommittee develop a new charge to replace “support the goal to infuse Student Learning Outcomes throughout Santa Monica College” to be based on a specific accomplishment that links the closest to an Institutional Learning Outcome.

Once all the evaluations have been individually presented to DPAC, they will be reviewed and discussed as a group.

| #76-A | **Budget Planning Subcommittee Recommendations**

In light of the projected State funding levels in the 2010-2011 budget, the Budget Committee recommends to DPAC that each categorical program develop a plan by January 1, 2010 for the upcoming 2010-2011 academic year at a level that assumes unenhanced state funding. | October 14, 2009 |
| #77-A | **Budget – Categorical Programs**
