III. Minutes of Strategic Planning Task Force meeting of July 20, 2007: The minutes were reviewed and amended as suggested (section IV – Vision, Mission and Goals).

Kathy Sucher requested, and it was agreed, that an amendment be made to the fourth paragraph in the narrative for Student Learning and Achievement, as follows (the addition is underlined):

SMC needs to ensure that a student’s first contact and each subsequent contact make each student feel welcomed and wanted. Understaffing, frustrated staff and faculty, confusing procedures, and a cluttered, confusing “too-many-clicks” website contribute to frustrated students who, all too often, choose simply to give up. A clean, well-maintained campus environment, less reliance on temporary employees and part-time faculty, pleasant faculty and staff interactions, clear mapping and directions, and user friendly procedures can contribute to making potential students enrolled students. To accomplish our student success goals, the SPTF has identified just a few examples of student success concerns needing attention and resources:

IV. Mission, Vision, Goals and Values

Mission: The mission of community colleges is mandated by state law. Individuality can be distinguished by articulating the vision, goals and values.

Vision: The vision should be directional – where the college is headed in the next five years.
Goals/ and Values: The goals and values should be linked to the strategic planning priorities. The goals and values will change more often, but need to last 5-6 years.
It was suggested that the Mission, Vision, Goals and Values incorporate the institutional student learning outcomes (SLOs) developed by the SLO Task Force.

The Board of Trustees Goals and Priorities should be considered when developing the Mission, Vision, Goals and Values.

Suggested structure: Motto \(\leftarrow\) Mission \(\leftarrow\) Vision \(\leftarrow\) Goals and Values

No more than 5 strategic goals (plus or minus 2) should be identified.

The Mission, Vision, Goals and Values should reflect the District’s commitment to collaboration, transparency, the greater good, and the institution as a whole.

The goal is to have a polished first draft of the document to distribute campus-wide by the end of the fall semester. The same collaborative communication process of last spring will be used to gather input from the college community. Constituency groups will be asked for endorsement. The final Mission, Vision, Goals and Values will available for the institutional flex day on March 4, 2008.

It was agreed that a work group be formed to work on drafting the Mission, Vision, Goals and Values. Richard Tahvildaran-Jesswein agreed to coordinate the work group comprising Vivian Rankin-Scales, Katharine Muller, Bernie Rosenloecher, Kathy Sucher and Jason van Buren to develop a draft to be presented at the meeting on October 19th. The tentative date of the first meeting of the work group is Wednesday, October 3rd (in the afternoon).

V. Activities for 2007-08

The following four work groups that developed the narratives will be reconvened to develop suggested strategic goals - no more than 5 (plus or minus 2):

- Student Learning and Achievement: Kathy Sucher, Richard Tahvildaran-Jesswein and students
- Innovation and Leadership in Serving Students: Nancy Grass Hemmert, Katharine Muller and Mona Martin
- Improve Collegiality and Communication: Steve Myrow, Bernie Rosenloecher and Vivian Rankin-Scales
- Funding and Resources: Randy Lawson, Kiersten Elliott and Bill Price

The drafts will be reviewed and fine-tuned at the next meeting on October 19th and distributed campus-wide by the end of October for feedback with responses due by Thanksgiving. The top three or four strategic goals will be determined, distributed to the SPTF one week in advance of the December meeting and discussed on December
7th. The goal is to have a polished version by the beginning of the spring semester to be announced at institutional flex day on March 4th.
