Wednesday, July 20 (2:30-3:30P)

Friday, August 10 (1-2P)

RESPIRATORY THERAPY INFORMATION SESSIONS

General introduction to the Respiratory Therapy Program at Santa Monica College & East Los Angeles College Consortium Outlining:

- RT Responsibilities
- Program Prerequisites
- Program Information & Requirements
- Employment & Financial Outlook

TO SIGN UP FOR AN INFORMATION SESSION

PLEASE CALL: 310-434-3446

Upon completion of the Respiratory Therapy Program, graduates earn an Associates of Science degree in Respiratory Therapy program that allows the graduate to take the Therapist Multiple-Choice Examination (TMC) and by achieving a high cut score on the TMC become eligible for the Clinical Simulation Exam (CSE); passing both exams awards the graduate the Registered Respiratory Therapist (RRT) credential. The RRT credential is required for licensure in the state of California.

East Los Angeles College/Santa Monica College Consortium Prerequisites for the Respiratory Therapy Program include:
- English 1, *Anatomy 1, *Physiology 3, *Microbiology 1, *Chemistry 10, Communication Studies 11 or 35 or 37, RT 1, RT 2 and Math 18 or 20
- *All science courses must have an on-ground lab to meet prerequisite requirements.

Course numbers may vary between Santa Monica College and East Los Angeles College
