Learning Objectives Contract

Each semester it is necessary to identify **THREE** new learning objectives. Internship students are expected to expand their job responsibilities or get involved in new learning experiences. The learning objectives must be **specific, measurable, and within the student's ability to accomplish**. The objectives must be: (1) formulated by the student and (2) reviewed and approved by both the employer and college instructor. **College Contact:** During the semester, a representative from SMC will contact the intern’s immediate supervisor to discuss the student’s progress on the internship.

We agree with the validity of the learning objectives specified above. The employer and college agree to provide the necessary supervision and support to ensure that the student receives appropriate educational benefit from this work-based learning experience. The employer will provide adequate protection through Worker’s Compensation and/or liability insurance as required by law. **Santa Monica College is considered the employer for internship students working on an unpaid basis.** The Internship Program and the employers operate without regard to race, age, sex, religion, color, national origin or handicap.
