A Course of Study for  
GENERAL SCIENCE

PROGRAMS OFFERED
- Transfer Preparation
- General Science Associate Degree

TRANSFER PREPARATION
Students planning to transfer to a four-year college or university in a particular field of science should complete the lower-division major requirements and the general education pattern for the specific transfer institution’s program.

SMC has articulation agreements with the many UC and CSU campuses, as well as several private and out-of-state institutions.

Exact major requirements for UC and CSU campuses can be found online at assist.org.

A listing of private, non-profit California colleges and universities can be found online at aicc.edu. For articulation agreements between SMC and some of these institutions see smc.edu/articulation.

GENERAL SCIENCE, ASSOCIATE DEGREE

Program Learning Outcome: Upon completion of the program, students will demonstrate through oral, written and laboratory-based academic work knowledge of the physical and life sciences and be prepared to pursue further study in a science major at the baccalaureate level. Students will be proficient in the scientific method, research, analytical, and communication skills necessary to present a critical analysis of scientific phenomena and devise solutions.
