MAJOR ITEMS OF BUSINESS

**RECOMMENDATION NO. 1**

**SUBJECT:** **AUTHORIZATION OF PAYMENT UNDER THE TERMS OF A MEMORANDUM OF UNDERSTANDING WITH THE CITY OF MALIBU IN CONNECTION WITH THE ACQUISITION AND CONSTRUCTION OF AN EDUCATIONAL FACILITY WITHIN THE CITY OF MALIBU**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: WHEREAS, the Santa Monica Community College District (the “District”) intends to acquire and construct certain educational facilities (the “Malibu Center Facilities”) in the City of Malibu (the “City”) with certain proceeds of the District’s general obligation bonds issued pursuant to authorization granted by the voters on November 2, 2004 (the “Authorization”); and

WHEREAS, the District and the City have entered into a Joint Exercise of Powers Agreement creating the Malibu Public Facilities Authority (the “Authority”) to provide for the orderly planning for the Malibu Center Facilities and a related clean water facility intended to resolve related environmental effects of the Malibu Center Facilities; and

WHEREAS, the District understands and agrees that the construction and operation of the Malibu Center Facilities will increase the burden on the stormwater and wastewater systems of the City and in anticipation of these factors the District has committed bond proceeds towards the purchase of property to be used for the construction of integrated water quality improvements and has indicated its intent to contribute its fair share of capital costs of construction of a wastewater treatment center in the Civic Center; and

WHEREAS, the District and the City did enter into a certain Memorandum of Understanding (the “MOU”), dated November 21, 2005, in the manner authorized by the District Board of Trustees on November 7, 2005, for the purpose of establishing a working relationship regarding the Malibu Center Facilities and the additional burden they will place on the City; and

WHEREAS, the District has heretofore paid to the City under the MOU the sum of \$2,500,000 in bond proceeds for the acquisition of property, and the City advises it now plans to commence construction of a wastewater facility (the “Treatment Center”) which would have sufficient capacity to include wastewater generated by the Malibu Center Facilities, for which the City has requested a fair share payment in the amount of \$2,500,000; and

WHEREAS, this action is consistent with the Board of Trustees goal to adopt and implement sustainability designs and practices, and is consistent with the Project List of Measure S to provide upgrades to future District facilities to meet sustainability practices; and

WHEREAS, the District has remaining bond proceeds from the Authorization which are available to make such payment to the City;

NOW, THEREFORE, the Board of Trustees of the Santa Monica Community College District does hereby resolve and determine as follows:

Section 1. Recitals. The foregoing recitals are true and correct.

Section 2. Payment. The Board hereby authorizes the Superintendent/President or the Executive Vice President of the District (each, an "Authorized Officer"), in the name and on behalf of the District, to arrange for the payment of the sum of \$2,500,000 (Two Million Five Hundred Thousand Dollars) from bond proceeds remaining available under the Authorization to the City to be used towards the construction of the Treatment Center, in a lump sum payment, with such reporting terms and conditions and such associated documentation as they shall determine to be appropriate, upon consultation with the District's Bond Counsel, Fulbright & Jaworski L.L.P. The staff of the District, and in particular, the Authorized Officers, are directed to provide the Treasurer and Tax Collector of the County of Los Angeles with such information respecting the described payment as may be necessary to effect the same at the earliest possible date following the adoption hereof.

Section 3. Effective Date. This Resolution shall take effect immediately upon its adoption.

<b>BOARD OF TRUSTEES</b>	<b>ACTION</b>
SANTA MONICA COMMUNITY COLLEGE DISTRICT	July 7, 2008

MAJOR ITEMS OF BUSINESS

**RECOMMENDATION NO. 2**

**SUBJECT:**                    **RESOLUTION CALLING FOR AN ELECTION AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE DISTRICT AT AN ELECTION TO BE HELD NOVEMBER 4, 2008**

SUBMITTED BY:                Superintendent/President

REQUESTED ACTION:        It is recommended that the Board of Trustees approve the following resolution calling for an election authorizing the issuance of general obligations bonds of the District at an election to be held November 4, 2008.

WHEREAS, the Board of Trustees (the “Board”) of the Santa Monica Community College District (the “District”), within the County of Los Angeles, California (the “County”), is authorized to order elections within the District for the purpose of considering, *inter alia*, bond measures to meet the ongoing capital improvement needs of the District, pursuant to the Constitution of the State of California (the “State”) and the Education Code of the State (the “Education Code”); and

WHEREAS, Section 18 of Article XVI and Section 1 of Article XIII A of the Constitution of the State and Section 15264 *et seq.* of the Education Code (collectively, “Prop 39”) provide for a methodology by which the District may call for an election and, upon approval by 55% or more of the qualified voters voting on the bond measure, issue its general obligation bonds and cause the County to levy an *ad valorem* property tax to pay debt service on said bonds; and

WHEREAS, this Board has determined it to be in the best interests of the District to call such an election under Prop 39, as further described herein; and

WHEREAS, this Board has determined that the election to be conducted on November 4, 2008 (the “Election Date”) meets the consolidation requirements of the Education Code and any County or local measure or election may be consolidated with the Presidential election then pending; and

WHEREAS, the Board wishes to specify the manner in which the District shall call a bond election on the Election Date and to demonstrate compliance with related requirements of the Constitution, the Education Code and the Elections Code of the State;

NOW, THEREFORE, BE IT HEREBY RESOLVED, by the Board of Trustees of the Santa Monica Community College District as follows:

Recitals. All of the foregoing recitals are true.

Determination to Proceed under Prop 39. The provisions of Prop 39 shall control the administration of the election to consider the bond proposition of the District (the “Bond Proposition”), such that a favorable vote of no less than 55% of the qualified voters voting at the election shall constitute approval thereof, and the Board hereby declares its intention to meet the pertinent requirements of Prop 39.

Bond Proposition. This Board does hereby order and request that the Los Angeles County Registrar of Voters (herein called the “Registrar”) call an election (in the performance of his duties and in the exercise of his power, alone, or with the assistance of the Clerk of the County Board of Supervisors (the “County Clerk”)) to consider the following proposition on November 4, 2008 (the “Bond Measure”), which constitutes the election order prescribed under California Education Code Section 15122 and Elections Code Section 13247:

**“To improve job and career training, provide safety and modernization improvements, and increase educational opportunities, shall Santa Monica Community College District issue 295 million dollars in bonds at legal rates to improve student teaching and career training in science, nursing, technology, media, and emerging high-tech fields; construct, equip, and modernize math and science laboratories; replace deteriorating buildings; upgrade fire, seismic safety; and achieve energy savings; with citizens’ oversight, annual performance and financial audits, with no funds for administration?”**

The Registrar is hereby requested to reprint the foregoing Bond Measure in its entirety in the voter information pamphlet to be distributed to voters pursuant to Section 13307 of the Elections Code. Pursuant to Section 18, Article XVI and Section I, Article XIII A of the Constitution of the State, the foregoing Bond Measure shall become effective upon the favorable vote of no less than 55% of those qualified voters voting on the proposition.

Consolidation of Bond Election; Services of County. Pursuant to Section 1258 of the Education Code, the Superintendent of the District is hereby authorized to contract with the Registrar, who is hereby requested and authorized to perform such duties as may be required by law, necessary or useful, or customary and appropriate in the conduct of said Bond Election, including the consolidation of the Bond Election with the general primary election within the territory of the District being conducted on the Election Date.

The precincts, polling places for said precincts in the County, and persons appointed and designated to serve as election officers for said Bond Election will be those determined, designated, and appointed pursuant to state law by the Registrar of Voters. The County is hereby requested to tally and canvass the returns of the election, in accordance with Section 10411 of the Elections Code. The District agrees to reimburse the County for all services related to the Bond Election, such services to include the publication of the Formal Notice and a Tax Rate Statement (described in Section 9401 of the Elections Code) pursuant to the terms of 5363 of the Education Code and Section 12112 of the Elections Code.

Approval of Project List; Accountability Safeguards. The District has developed a list of certain capital projects which are a priority in order to meet the obligations of the District to provide education to its students, as more particularly identified on Exhibit A hereto, which is incorporated herein by this reference. Exhibit A is hereby certified by this Board as the Project List (the “Project List”) for funding, either in whole or in part, with the proceeds of the Bonds. This certification of the Project List shall not be interpreted by and does not constitute an official approval of any listed project for the California Environmental Quality Act (“CEQA”) or other purposes, but only as a statement of present intention of this Board. Furthermore, the listing of a capital improvement on the Project List does not imply any particular prioritization among such improvements, which remains the province of the Board by subsequent action. Notwithstanding the foregoing, only those acquisitions and other capital improvements included on the Project List may be funded, in whole or in part, with the proceeds of the Bonds. Additional moneys may be obtained for listed projects, in supplementation of the Bond proceeds, from any lawful source of moneys.

The Board hereby confirms that it has, in the development of the Project List appended hereto, evaluated and taken into consideration safety, class size reduction and information technology needs.

Pursuant to Section 15278 *et seq.* of the Education Code, within 60 days following the certification by this Board of the official results of the Bond Election by the County, this Board is required to appoint a Citizens Oversight Committee (the “Committee”) to insure the District’s compliance with the foregoing restrictions and to perform the duties established under the Education Code for such committees. If and when the official results of the Bond Election are certified by this Board, demonstrating that more than 55% of the qualified voters at the Bond Election voted to approve the Bond Measure, then this Board shall appoint the citizens oversight committee presently serving in such role for its 2004 Election

General Obligation Bonds, as the Committee, as required by Prop 39. To assist the Committee in its statutory obligations, the District shall cause to be conducted an annual independent performance audit and an annual independent financial audit on the expenditure of Bond proceeds; the audits shall be performed under contract with appropriate persons or firms as shall be subsequently brought for approval before this Board. The financial audit may be consolidated with the annual audit of the District's financial statement and may be performed by the same accounting firm, without further approval by this Board.

The results of the annual audits performed hereunder shall be reported to the Board and to the Committee at least annually, and more often, if the Board shall so direct.

No Administrators' or Teachers' Salaries to Be Paid from Bond Proceeds. In accordance with Prop 39, the Board hereby confirms that no administrators' or teachers' salaries shall be paid or reimbursed, in whole or in part, from Bond proceeds, nor shall such proceeds be used to pay any other operating expenses of the District. Notwithstanding the foregoing, costs of administering the Bond Election and costs of issuance of the Bonds shall be lawful charges against Bond proceeds.

Other Terms of the Bonds. Terms of each series of Bonds issued following the Bond Election shall be established at the time of sale thereof, based on then-prevailing market conditions. The Bonds shall bear or accrete interest at rates not to exceed the legal maximum, presently being 12% per annum, and shall mature and be paid at various dates no later than 40 years following their date of issuance. The Bonds may be sold at a premium or discount consistent with law and shall be sold pursuant to negotiated sale.

Delivery of Order of Election. The Clerk of the Board is hereby directed to deliver, no later than August 8, 2008, which is a date no less than 88 days prior to the date of the Bond Election, one certified copy of this Resolution to the Registrar, together with the Tax Rate Statement to be prepared by the District's Underwriter (appointed below) and executed by the Superintendent of the District, and shall file a certified copy hereof with the Clerk of the Board of Supervisors of the County.

Ballot Arguments. The members of the Board, or any one member or group thereof, are hereby authorized, but not directed, to file a formal Argument in Favor of the Bond Measure given above, with the Registrar within the time limits established for such arguments by the Registrar.

Retention of Consultants. The District hereby confirms the hiring of consultants to provide for special services in connection with the proposed issue(s) of Bonds which may be authorized at the Election, to wit, (i) the law firm of Fulbright & Jaworski L.L.P, as Bond Counsel to the District ("Bond Counsel") and (ii) the underwriting firm of RBC Capital Markets Corporation (the "Underwriter"), upon conditions as may be set forth in the respective fee agreements heretofore negotiated and executed on behalf of the District by the President of the District. Payments of the fees and expenses of Bond Counsel and the Underwriter shall be paid from the proceeds of the Bonds of the District which may be authorized following a successful Bond Election, and not otherwise, unless this Board shall take further action.

Ratification. All actions heretofore taken by the officers, or their respective designees, employees and agents of the Board and the District in connection with the financing of the facilities on the Project List are hereby ratified and confirmed. The officers and their designees, the employees and agents of the Board and the District are hereby authorized to take any and all actions in connection with the financing of said facilities and as may be necessary and consistent with the purposes of this Resolution.

Authorization of Further Acts. The members of this Board, the President, any assistant thereto, and all other staff or officers of the District are hereby authorized and directed, individually and collectively, to do any and all things necessary or advisable in order to effectuate the purposes of this Resolution.

## **EXHIBIT “A”**

### **FULL TEXT OF BALLOT MEASURE “\_\_”**

**“To improve job and career training, provide safety and modernization improvements, and increase educational opportunities, shall Santa Monica Community College District issue 295 million dollars in bonds at legal rates to–**

- improve student teaching and career training in science, nursing, technology, media, and emerging high-tech fields;**
- construct, equip, and modernize math and science laboratories;**
- replace deteriorating buildings;**
- upgrade fire, seismic safety;**
- and achieve energy savings;**

**with citizens’ oversight, annual performance and financial audits, with no funds for administration?”**

### **PROJECT LIST FOR MEASURE “\_\_”**

All \$295 million of Bond proceeds will be spent within the Cities of Santa Monica and Malibu or at sites that share a boundary and are contiguous with the Cities of Santa Monica or Malibu.

None of the Bond proceeds can be taken away by the State of California.

All projects funded by Bond proceeds will be available for educational and public uses authorized in this Project List.

All projects have been unanimously approved by the Santa Monica Community College District Planning and Advisory Committee. Replacement safety and modernization projects were identified by means of an independent facilities assessment. Replacement projects and projects to meet new educational need have been unanimously approved by the District Board of Trustees as priority items in the District’s Capital Improvement Plan on file with the State Chancellor’s Office.

The items proposed for financing in whole or in part with the proceeds of the District’s general obligation bonds include the following capital projects at any or all District facilities: development and implementation of facilities master plans and related requirements such as environmental impact reports and soils testing; demolition of temporary and/or obsolete facilities; installation and/or upgrading of emergency lighting, fire alarm, and security systems; roadways, walkways, grounds, parking lots, and garages; entrance improvements; signage for safety and public information; modernization and/or construction of new and existing restrooms; financing/refinancing of real property acquisition and improvements; acquiring related furnishings and equipment for all modernization, renovation, improvement, and/or new and existing construction project components; the relocation and/or acquisition of temporary facilities during the modernization, renovation, improvement and/or new construction of project components as necessary to maintain educational programs in operation during construction; acquiring, refinancing, and/or entering into arrangements for the joint use of real property for existing and future classrooms, student services, child care and/or other uses; and acquiring and/or entering into arrangements for the joint use of land, making site improvements, building infrastructure and/or constructing additional facilities thereon, for the purpose of expanding instructional programs to meet future educational demands of District students.

## **SAFETY AND MODERNIZATION PROJECTS**

- Business and Facilities Infrastructure
- Career Opportunity and Advancement Center (Bundy Campus)
- Community Classroom and Facility Projects
- Drescher Phase I – Academic Facilities Modernization
- Drescher Phase II – Bookstore Relocation and Modernization

### **Accountability to Community**

All bond expenditures are subject to review by a Citizens Oversight Committee which reports to the public, as provided in Education Code Section 15278 *et seq.*

The District will involve faculty, staff, and students in curriculum development at financed facilities throughout the life of the bond measure program.

The District will conduct a community assessment of need as part of the program design of the Career Opportunity and Advancement Center.

The District will provide an opportunity for input from community and neighborhood residents during the development of Projects to be funded by this bond measure.

The District will apply energy saving and sustainability standards to all repairs and improvements.

**SUBJECT:** **OVERVIEW OF 2007-2008 GRANT-FUNDED PROJECTS**

**SUBMITTED BY:** Superintendent/President

**SUMMARY:** Overview of 2007/2008 Grant-Funded Projects  
(as they relate to Board of Trustees Goals and Priorities)

In 2007-2008, SMC managed approximately \$6.158 million in 21 grant projects funded by local, state, and federal agencies. This total includes any project that is proposal driven, performance or outcome-based, and competitive. It does not include such categorically-funded programs as EOPS or Disabled Students Programs and Services. It also does not include Tech Prep, Dual Enrollment, or the various fee-for-service workforce training contracts awarded to Workforce and Economic Development, which will be presented to the Board at a later date. In 2007-2008, the college received 7 new awards, totaling about \$1.7 million in new money, for projects developed and written by the Grants Office, Workforce and Economic Development, and the TRIO Program. This yields a success rate of 71 percent.

**INFORMATION ITEM H**

**SUBJECT:**                   **STRATEGIC PLANNING**

**SUBMITTED BY:**           Superintendent/President

**SUMMARY:**               The Strategic Planning Task Force held its final meeting on Friday, June 27, 2008 and completed its work with the approval of a summary document “Strategic Initiatives and Proposed Action Plans.” This document will be presented as a recommendation to the District Planning and Advisory Council at its July 9<sup>th</sup> meeting. The document contains recommended action plans for each of the four strategic initiatives—Basic Skills, Global Citizenship, Sustainable Campus, and Vocational Education—in each of the four agreed upon general action plan categories—Hiring Full-Time Faculty and Permanent Staff, Training Priorities, Student Support Services, and Fiscal Stability. To ensure inclusion of all key elements of task force discussions over the last two years, qualitative process descriptors—Collegiality, Collaboration, Communication, and Interconnectivity—are used to characterize the action plan implementation environment. These action plans are intended to be implemented over the next five years through institutional objectives in the *Master Plan for Education*. After review and approval by DPAC, the “Strategic Initiatives and Proposed Action Plans” document will be included in the *Master Plan for Education 2008 Update*.

The Strategic Planning Task Force began its work in Fall 2006. By the end of the 2006-2007 academic year, the task force had completed its Year One task of identifying key strategic planning issues by soliciting input from the entire college community through surveys and focus groups. Eight priorities identified by the college community were “clustered” into four overlapping and interconnected categories—Student Learning and Achievement, Innovation and Leadership in Serving Students, Improve Collegiality and Communication, and Funding and Resources. These four categories formed the foundation for the development of strategic initiatives and action plans.

In order to better coordinate the strategic planning process with the timeline for developing the Accreditation 2010 Institutional Self-Study, the task force agreed upon an ambitious accelerated schedule for 2007-2008 in an effort to complete what was envisioned to be a three-year process in just two years. By the end of Fall 2007, the four strategic initiatives—Basic Skills, Global Citizenship, Sustainable Campus, and Vocational Education—had been identified, and the task force devoted Spring 2008 to the development of action plans for each of these initiatives.

MAJOR ITEMS OF BUSINESS

**RECOMMENDATION NO. 4**

**SUBJECT:** **FIRST READING – BOARD POLICY SECTION 6255**  
**DELEGATION TO ENTER INTO AND AMEND CONTRACTS**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a first reading of Board Policy Section 6255 – Delegation to Enter Into and Amend Contracts.

**BP 6255 Delegation to Enter Into and Amend Contracts**

The Superintendent/President is authorized by the Board of Trustees to:

- a. Contract for goods, services, equipment and rental of facilities, and accept grants as authorized by statutes for amounts of \$50,000 or less.
- b. Amend the terms and conditions of any contractual arrangement provided that the total expenditure of funds and period of contract do not exceed \$50,000.
- c. Agree to binding arbitration if the Superintendent/President determines that it is an appropriate business decision to do so.

Reference: Education Code Sections 81655, 81656  
Public Contract Code Section 20651

SUMMARY: This authorization is requested in order to implement contracts and payments in amounts of \$50,000 or less in a timely manner. Authorization includes, but is not limited to, acceptance of grants, payment of stipends, contracts for services and facilities. Ratification by the Board of Trustees is required; therefore, all actions will be presented to the Board in summary format on a monthly basis.

Education Code Section 81655 states that the Board of Trustees may delegate the power to contract to the Superintendent/President and that such delegation of power may be limited as to time, money or subject matter. This policy is consistent with the practice of the City Manager of Santa Monica and the Los Angeles Community College District.

**Title of Grant:**                                **Construction Talent Transfer Governor's 15% Funds**

**Organization:**                                California Labor and Workforce Development Agency/Employment Development Department

**Funding:**                                        \$500,000 (Fiscal years 2008-10)

**Performance Period:**                        June 1, 2008 – January 30, 2010

**Summary:**                                        SMC has been awarded an 18-month Governor's 15% Construction Talent Transfer project financed by Workforce Investment Act (WIA) funds. The project will serve 280 participants through the united efforts of Santa Monica College (as lead agency), local business/industry partners, and the region's education/training system. The collaboration will provide a series of short-term, site-specific workshops to train displaced workers for GREEN-TECH construction jobs. With cooperation from sector-based employers, the project will address the impending shortage of skilled workers – helping to create a greater pool of qualified job applicants that can meet the environmental trends of the public works and commercial building fields. Participants will become better prepared to re-enter the workforce in order to contribute towards the progressiveness of the industry. The project's activities will lead to the following:

- Development of a Green-Wise labor force
- Creation of job opportunities for workers laid-off as a result of the slumping housing market
- Delivery of training in emerging, high-demand skills

**Budget:**    Income:    8000    \$500,000

Expenditures:

**Title of Grant:**                      **Career Technical Education / Community Collaborative**  
**Organization:**                      California Community College Chancellor’s Office  
**Funding:**                              \$369,700 (Fiscal years 2008-10)  
**Performance Period:**              June 1, 2008 – January 31, 2010  
**Summary:**                              SMC has been awarded an 18-month Community Collaborative grant by the California Community College Chancellor’s Office. As the lead agency of the Westside Los Angeles Career Technical Education (CTE) Community Collaborative, SMC will focus on frontline counselors and career advisors, instructional faculty, and administrators to widen their awareness of current/future career pathways, enhance their understanding of industry trends, create a pipeline of future workers, and initiate actions that result in a higher perceived value towards career and technical education. The project will unite the region’s educational and workforce development systems and target the following sectors:

- Energy and Utility (New Energy and Environmental Technology)
- Advanced Transportation (Efficient Logistics/Transit)
- Building Trades/Construction & Design (Green-Technology)
- Allied Health (Medical & Technological)
- Information Technology
- Arts/Media / Multi-Media (Animation/Digital Skills)

The project will help develop new courses that align with the emerging trends of business and industry and will deploy a demand-driven approach that includes the provision of regional information-exchanges, broadened use of technology, and leveraged/shared resources to assure total integration of regional career technical education strategies.

Term of Contract:              July 15, 2008 – November 30, 2008

Funding Source:                  Job Development Incentive Fund (JDIF)

Summary:                              SMC will contract with Web Solutions Marketing & Development LLC (Web Solutions) to design, develop and deploy an interactive website/database focusing on education and career building within the green-tech field. The website will include an Educational Center that will have knowledge based content, industry news, events, studies, downloadable documents, video streaming, reference links, course availability and an enrollment guide for courses offered at SMC. The site will also function as a job-match portal the links job seekers with employment opportunities.

Web Solutions is a for-profit consulting firm that offers marketing, development and management solutions for organizations seeking website optimization. Their portfolio includes clients from the transportation, ecommerce, political, corporate, medical, manufacturer/supplier, entertainment, foundation, engineering, communication, advertising and retail industries.

Activities and performance outcomes from this contract will be in accordance with SMC Workforce Development Department guidelines.

ADDENDUM A: Overview of 2007-2008 Grant-Funded Projects

## ADDENDUM A

### **SANTA MONICA COLLEGE Overview of 2007/2008 Grant-Funded Projects (as they relate to Board of Trustees Goals and Priorities)**

In 2007-2008, SMC managed approximately \$6.158 million in 21 grant projects funded by local, state, and federal agencies. This total includes any project that is proposal driven, performance or outcome-based, and competitive. It does not include such categorically-funded programs as EOPS or Disabled Students Programs and Services. It also does not include Tech Prep, Dual Enrollment, or the various fee-for-service workforce training contracts awarded to Workforce and Economic Development, which will be presented to the Board at a later date. In 2007-2008, the college received 7 new awards, totaling about \$1.7 million in new money, for projects developed and written by the Grants Office, Workforce and Economic Development, and the TRIO Program. This yields a success rate of 71 percent.

The following list provides an overview of the 2007-2008 grant-funded projects by Goal area, as well as the annual award total. This list also includes the 2008-2009 grants for which the college has already received award notices; others are still pending.

**Goal 1—Academic Advancement and Quality (Please note: Many of the following projects also address Goal 2, as they are developed and implemented in partnership with, and at times for the benefit of, local, state, and national community and government agencies.)**

- ***Improve student achievement, with particular emphasis on addressing basic skills education issues and improving retention for all student populations.***

#### Instructional Improvements

- Title V Math/English Cooperative Grant with El Camino College (\$700,000—shared with ECC, U.S. Dept. of ED): The purpose of this grant is to increase student success in pre-college math and English classes by improving instructional quality, student support resources, and faculty collaboration. (This grant will continue in 2008-2009.)

#### Student Support Improvements

- Title V Institutional Grant (\$550,000—U.S. Dept. of ED): This grant focuses on the success of first-time college students. Key initiatives include the development and implementation of the Welcome Center, the First Year Experience (summer bridge program), and other student support resources. (This grant will end in Fall 2009.)

#### Special Populations—College Success and Transfer

- Pico Partnership on the Move (\$150,000, funded by the City of Santa Monica): This continuing project provides instructional and student support assistance to low-income students from the Santa Monica-Malibu School District, specifically the Pico Neighborhood. (This grant will continue in 2008-2009).
- Student Support Services (\$260,181—U.S. Dept. of ED): This TRIO grant targets low income, first generation college students and provides them with the skills and resources that they need to successfully complete their SMC studies and transfer to a baccalaureate program. (This grant will continue in 2008-2009.)

#### Special Populations—High School Outreach/College Prep and Access

- \*NEW for 07/08\* CAHSEE Project (\$500,000—Chancellor’s Office): This project provides academic assistance to high school students from the Classes of 2006, 2007, and 2008 who have not yet passed the CAHSEE with the hope that they will pass the CAHSEE and obtain their high school diploma. (This grant will continue in 2008-2009.)
- \*NEW for 07/08\* Upward Bound (\$250,000—U.S. Dept. of ED): This TRIO grant targets low-income, potential first generation college students from Venice and Crenshaw high schools, providing academic assistance, college planning and assistance, and counseling/mentoring support. (This grant will continue in 2008-2009).
- **Strengthen vocational program offerings**

#### Early Childhood Education/Education

- Child Development Training Consortium Grant (\$10,000—state-funded): This ongoing project provides tuition, books, mentoring, and professional development activities for ECE students.
- Title V Teacher Academy Cooperative with El Camino College (\$275,000—U.S. Dept. of ED): The purpose of this project is to increase the number of students pursuing education careers. Highlights include counseling, career advising, partnerships with the baccalaureate programs, and cohort courses for future teachers that provide additional assistance in historically difficult courses, such as the sciences. (This grant will end Fall 2009.)
- Copernicus Project (\$92,000, funded by U.S. Dept. of ED through a partnership agreement with UC Riverside): This project works to identify prospective science teachers early in their educational careers, provide them with a solid foundation in both the sciences and best practice teaching strategies, and mentor them through their early years of teaching. (This grant will end Fall 2009.)
- \*NEW for 07/08\* Early Start Pathway (\$400,000, funded by Los Angeles Universal Preschool): The purpose of this project is to develop a 2+2+2 program in Early Childhood Education in partnership with SMMUSD and CSU Dominguez Hills with the intent to increase the number of qualified early childhood education professionals with a baccalaureate degree. (This grant will continue in 2008-2009.)

#### Health Sciences/Nursing

- Fostering Student Success (\$219,702—federal WIA funds passed through the Chancellor’s Office): The purpose of this grant is to improve the retention and completion rates of the ADN Program by providing tutoring, counseling, and skills lab services, including simulation. (This grant will continue in 2008-2009.)
- Community-Based Job Training Grant (\$540,253—U.S. Dept. of Labor): The purpose of this grant is to increase institutional capacity to train registered nurses by putting the LVN to ADN Program online and by providing additional services to support faculty and students. (This grant will end Fall 2009.)
- Enrollment Growth and Augmentation for ADN to RN Programs (\$200,000—Chancellor’s Office): This grant will help the Nursing Program significantly expand its enrollment capacity by adding faculty and counseling time. (This grant will continue in 2008-2009.)
- Job Development Incentive Fund (\$300,000—Chancellor’s Office): This collaborative effort implemented short-term training activities that enabled CalWorks recipients and working poor to enter the health care industry as CNAs, medical front office clerks, substance abuse counselors, and/or home health aides. (This grant ended June 30, 2008.)

- \*NEW for 07/08\* Scholarships for Disadvantaged Students (\$27,491—U.S. Dept. of Health and Human Services): This grant provides financial assistance to low-income students in the Nursing Program. (This grant will not continue in 2008-2009, but a reapplication will occur in Winter 2009 for 2009-2010.)
- \*NEW for 08/09\* Equipment for Nursing and Allied Health Programs (\$73,795—Chancellor's Office): This grant will allow the college to purchase equipment and materials to improve retention, promote the use of simulation, and increase utilization of distance technology to support all nursing students, including those in pre-nursing courses. (This grant will begin 7/1/08.)
- \*NEW for 08/09\* ADN to MSN Collaborative (\$56,000—Chancellor's Office): This partnership effort with CSU Dominguez Hills will establish an ADN to MSN educational pathway that will assist recent graduates, as well as already employed nurses, to pursue a Master's Degree in Nursing with an emphasis on Nurse Education, thus addressing the a need for additional Nursing faculty throughout the country. (This grant will begin 08/08.)
