IV. SUPERINTENDENT'S REPORT

- COVID-19 Update
 Numbers: 462 new cases and positivity rate of 4.5% for deaths reported today; 487 people are in the hospital. Since Saturday there have been 3,076 cases and 32 deaths. Community Levels are low per CDC - 83.33 cases per 100,000. This metric looks at hospital admissions, vaccination percentages and percentage of staffed inpatient beds in use by patients with confirmed COVID-19. Community Transmission Level is Substantial (55-99 per 100,00). High is 100 or more.

The Emergency Operations Team continues to focus on campus safety as a top priority. It looks at the current COVID data trends and agency information to help guide decisions and to stay current on the newly safety guidelines from federal, state and local governments. Currently, there is an indoor mask mandate in place for all indoor campus locations. There has been a decrease of COVID-19 cases on campus through September and October. In the last week, there was a drastic decrease of on-ground positive cases (only student and two employees).

The EOT is working on a draft mask mandate decision matrix which is based on CDC guidelines to be used to determine when indoor masking is required, and when indoor masking can be lifted. The draft will be shared with campus constituency groups for additional input and the draft and final version will be finalized in the next couple of weeks. Normal day to day operations are returning closer to normal with athletics, music, dance and theatre arts moving forward with their events. A procurement subcommittee of the EOT focusing on procuring personal protective equipment (PPE) to make sure there enough inventory to keep the campus safe.

The Great California Shakeout will be on October 20, 2022 at 10:20 a.m. SMC has been picked as the "Featured" location for Southern California by the Earthquake County Alliance (ECA).

- Enrollment Update: Enrollment continues to improve. As of October 11, 2022, fall headcount is down 5.13 percent from last fall. Fall credit FTES are down 1.96 percent from last fall (an annual decrease of 5 percent was projected). Fall nonresident FTES are in recovery with an increase of 7.32 percent from last fall (an annual increase of 3 percent was projected.)
- Ethan Swope, a Santa Monica College (SMC) film major and a contributor for SMC's student-run media outlet [The Corsair](#), was named the 2022 White House News Photographers Association (WHNPA) 'Eyes of History®' Student Still Photographer of the Year winner. Swope received the award at a gala held September 10th in Washington, D.C., with his win [announced earlier in February by the association](#).
- In First In-Person Tournament Since COVID-19, SMC Debate Team Wins Awards**
 For the first time since COVID-19 necessitated the transition to online events, five SMC Debate Team members participated in the in-person Pacific Southwest Collegiate Forensics Association (PSCFA) "Warm Up" tournament held October 1st at El Camino College. SMC students Nadia Lopez and Orion Young were awarded "Excellence" for winning three out of their four debate rounds.

In addition to Lopez and Young, Klara Shawky, Angelina Sandoval, and Shelby Coleman competed in the International Public Debate Association (IPDA) event against 23 students from eight colleges and universities, including San Diego State University, Santiago Canyon College, Moorpark College, and Grand Canyon University.

- **Artist-in-Residence Matika Wilbur**

SMC is hosting photographer, writer, podcaster and public speaker Marika Wilbur from the Tulalip and Swinomish Tribes as an artist-in-resident during the 2022-2023 academic year. The Pete and Susan Barrett Art Gallery is showing *Project 562: Changing the Way We see Native America* August 25, 2022 through May 15, 2023. Recommend award of bid to lowest responsive bidder in the amount of \$98,750 to Golden Sun Firm & Co. for replacement of three exterior doors sets in Drescher Hall.

Funding Source: State Scheduled Maintenance Fund

Comment: The doors are all located at entry points to Drescher Hall. The existing doors have been problematic in securing the building and are a different style than other campus locations. The most significant cost is the Electronic Hardware that is required to integrate with existing access control system. Six bidders attended the mandatory job walk and two bids were received. The additional proposal was received from Valle Grande Construction in the amount of \$119,841.99.

Santa Monica Community College District	October 11, 2022

INFORMATION ITEM NO. 19

SUBJECT: **REPORT: SMC LOCAL PARTNERSHIPS AND COLLABORATIONS - SMMUSD, MALIBU AND CHARTER SCHOOLS**

SUMMARY: This report included an update on SMC Programs that support local K-12 students. Areas of focus will include on-site counseling, dual enrollment, priority enrollment, outreach activities, and dance classes.

50 percent of Santa Monica High School students attend Santa Monica College. What programs are in place to help local students succeed?

About half of Santa Monica High School students attend SMC, including about 10% of the high school who attend SMC through its dual or concurrent enrollment programs before graduation and another 40% who attend either immediately after or within a few years of graduation.

Santa Monica College has for many years offered programs specifically for Santa Monica and Malibu high school students:

- Young Collegians is a summer program designed to help first-generation underrepresented students earn college credits at SMC while in high school. Students can earn up to 14 college credits over three summers. As many as 60 students participate in Young Collegians.
- Dual Enrollment offers College classes at SMMUSD’s high school campuses. The College has grown its Dual Enrollment program significantly, through enhanced partnership with SMMUSD. The program includes online academic counseling and support.
- This past summer, SMC served 270 SMMUSD students through Concurrent Enrollment by offering Chemistry, Economics, History, Physics, and Political Science. Students were supported with an orientation and a designated concurrent enrollment counselor.
- Pico Partnership is a partnership between Santa Monica College and the City of Santa Monica. The program helps meet the needs of under-resourced youth living in close proximity to the college. This past year, the program served 56 students. The program maintains strong relationships with community partners, referring students to and from Santa Monica High School, Olympic High School, Youth Resource Team (St. Joseph’s Center), Police Activities League, Community Corporation of Santa Monica, and the Boys and Girls Club of Santa Monica. The program employs students in roles of office assistant, student engagement, and tutors for Virginia Avenue Park’s teen center.

SMC has collaborated with the school district on several joint use projects.

- SMC previously provided \$3 million in funding and project management for the conversion of the John Adams Middle School field to an all-weather synthetic turf and night lighting. That work was accomplished in 2008.
- SMC previously provided \$20 million to assist with the replacement of the John Adams Middle School auditorium as a joint use project with SMMUSD. The new Performing Arts Center auditorium opened in 2021.

SMMUSD recently relocated several high school programs temporarily to the SMC main campus while repairs are underway at one of the school district's campuses.

Santa Monica College is collaborating with SMMUSD to house nearly 300 high school students on SMC's main campus. Class instruction for the four programs (Olympic High School, the Off-Campus Learning Center, Independent Study, and Project Based Learning) started August 17, 2022. Both SMMUSD and SMC anticipate many beneficial educational aspects to the move.

"High School on a College Campus" is a concept embedded within many school districts in the country. SMC and SMMUSD will be evaluating this collaboration and its potential as a permanent program.

RECOMMENDATION NO. 20

SUBJECT: **SECOND READING AND APPROVAL, BOARD POLICY CHAPTER 5, STUDENT SERVICES**
 BP 5010: ADMISSIONS AND CONCURRENT ENROLLMENT
 BP 5140: DISABLED STUDENT PROGRAMS AND SERVICES (DSPS)

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a second reading and approval of the following Board Policies in Chapter 5, Student Services.
 BP 5010: Admissions and Concurrent Enrollment
 BP 5140: Disabled Student Programs and Services (DSPS)

COMMENT: The Board of Trustees held a first reading of Board Policy Chapter 5, Student Services on July 5, 2022 and a second reading on August 2, 2022. During the second reading, Board Policies 5010 and 5140 were pulled for further review to address concerns expressed by members of the Board. The policies have been reviewed by senior staff, and it was determined that the procedures related to concurrent enrollment and access to disabled student support services are appropriately addressed in the Administrative Regulations and not in Board Policy.

BP 5010 and AR 5010 accurately describe admission eligibility, including for concurrent enrollment. Administrative Regulation 5011 outlines procedures for high school concurrent students. These procedures have evolved over time to address various concerns and constraints, however, upon further review it is clear that the process has become more complicated than necessary.

As part of a larger effort by Enrollment Development to streamline processes and remove barriers to enrollment, the following recommendations are being forwarded by the Vice-President of Enrollment Development to the Academic Senate Joint Committee on Student Affairs with regard to AR 5011:

- Removal of grade point average requirement to participate in high school concurrent programs
- Change in 2 class limit each term for high school students and replace with upper limit of 11 units per semester
- Remove requirement that courses be prescribed by high school counselor – student should be able to take any course for which they meet the prerequisites
- Remove requirement to submit high school transcript – student, parent, counselor, and principal signatures (required by Ed Code) serve as self-certification

Additionally, to address the concern articulated by the Board regarding access to disabled student support services, an optional question is being added to the CCCApply admission application so that students can request additional information on services for students with disabilities. This data will help the college engage early and offer support services.
