**SANTA MONICA COMMUNITY COLLEGE DISTRICT
2003-2004 ADOPTED BUDGET NARRATIVE**

The Santa Monica Community College District Proposed Budget for fiscal year 2003-2004 is comprised of the following nine funds:

General Fund Unrestricted	\$102,439,649
General Fund Restricted	<u>18,527,756</u>
Total General Fund	\$120,967,405
Special Reserve Fund (Capital)	\$ 20,019,279
Earthquake Fund	3,252,284
Bond Fund Prop T	4,851,130
Bond Fund Measure U	38,064,147
Bond Interest & Redemption Fund	10,159,129
Enterprise Fund	753,042
Student Financial Aid Fund	5,336,416
Auxiliary Operations	4,269,575
Total Other Restricted	\$ 86,705,002
TOTAL PROPOSED ADOPTED BUDGET	\$207,672,407

The 2002-2003 fiscal year closed with a combined General Fund ending balance of \$1,862,057 which is 1.6% of the total actual 2002-2003 combined General Fund expenditures of \$119,801,619. This is a slight increase over the 1.2% ending balance for 2001-2002. All District entities should be commended for withstanding mid-year cuts while maintaining service to students.

GENERAL FUND

General Fund Unrestricted Revenues (01.0)

These are the only funds available for the general operations of the College. All other funds are restricted. Because of the deficit in the State's budget, there were many proposals with varied impacts being debated in the State Assembly and Senate. The final State budget was a compromise that reduced funding and shifted \$200 million of the Community College funding to be paid from the 2004-2005 Community College share of Prop 98 during the month of July 2004.

The federal income levels for 2003-2004 are projected at the 2002-2003 rate, as notification has not been received regarding the 2003-2004 funding.

The Community College budget provides for a system wide growth of 1.5% but does not include a Cost of Living Adjustment (COLA). Projections are based on the information received at the Chancellor's Office Budget Workshop. For Santa Monica College the assigned growth rate of 4.17% is reduced to 1.8% because the Chancellor's Office projection is that growth will only be funded at 44.23%. Due to reduction of classes in 2002-2003 and 2003-2004 Santa Monica College will not participate in growth funding for fiscal year 2003-2004.

The state funding formula is based on the combination of property taxes, enrollment fees and principal apportionment funds added together to equal the estimated State General revenue. The figures in our budget are based on estimates from the Chancellor's Office Budget Workshop adjusted by our enrollment projections. If actual receipts of either property taxes or enrollment fees differ from projections, apportionment funding will be adjusted to keep the formula constant. The enrollment fee has increased to \$18 per unit for the 2003-2004 fiscal year, starting with the fall semester.

The State Lottery revenues are paid each year according to the annual enrollment figures. Since we are projecting a decline in enrollment in 2002-2003 the Lottery revenue has been reduced.

Mandated Cost Reimbursement has been postponed by the State until fiscal year 2004-2005.

Partnership for Excellence (PFE) funding has been reduced from \$5,701,813 budgeted in 2002-2003 to \$4,276,360 for 2003-2004. During 2002-2003 the State reduced our PFE funding by \$703,053. This cut was absorbed by reductions in classes in the spring of 2003. Thirty-two (32) full time faculty positions for over \$3 million, \$700,000 for part-time faculty and \$900,000 for instructional-related classified positions were funded from PFE dollars in 2002-2003. Some of these expenses are now eliminated because of the reduction in revenue. In the income account titled "Other State Income" the District has placed the 2003-2004 part-time faculty compensation, which was decreased by about 10% in the 2003-2004 State Budget.

Local income figures reflect the State Chancellor's Office projection of property taxes of \$33,200,286. This is a combination of lines 6, 12, 13, 14, 15 and 16. There will be no special adjustment this year for delinquent taxes. Intensive ESL revenue comes from special classes for foreign students and this program is negatively affected by new INS rules. Interest is expected to drop due to the State deferment of revenues to the next of the fiscal year. The last principle apportionment payment will not be made until July 2004. Non-resident tuition fees represent an increase from \$141 to \$149 and an 18% drop in enrollment. The capital surcharge for non-resident students is shown in fund 40.0. F-1 Application fees also reflect an 18% decrease. All other student-based fees assume a 16% drop in enrollment

General Fund Unrestricted Expenditures (01.0)

The expenditure projections reflect appropriate step, column and longevity increases for all qualified employees. The final increase from decompression of the faculty salary schedule for 2003-2004 has also been included. Health and Welfare benefits have again increased to reflect the January 1st 2004 rate changes. The PERS contribution rate has increased by 360% from 2.894% to 10.42%.

The expenditure projections also reflect no COLA for 2003-2004 for any salaries, the hiring of no new faculty positions in 2003-2004, reduction in counseling, a 25% reduction in class offerings for 2003-2004, a reduction of management positions, the early retirement of faculty and classified employees, and the layoff of classified employees.

Both the 30% reduction to discretionary funds implemented for the 2002-2003 Adopted Budget and the 10% cut to these funds done mid-year in 2002-2003 have been carried forward into the 2003-2004 fiscal year.

No building and site improvements are budgeted in the General Fund. The equipment expenditure budget reflects ongoing lease purchases and \$25,000 for emergency equipment replacement.

The projected ending balance for fiscal year 2003-2004 is the same as the 2002-2003 ending balance of \$1,862,057. The ending balance could be affected by any adjustments to the State budget during the fiscal year.

RESTRICTED FUNDS

General Fund Restricted (01.3)

This fund represents restricted money that is received by the District from Federal, State and Local sources. A summary of all grants is available in the Accounting office. The restricted lottery revenue is by law allocated to the purchase of instructional materials.

State funding reductions have caused major decreases in CalWORKS and Matriculation as reflected in this budget. All grants that did not end by June 30, 2003 have been carried over to the 2003-2004 budget.

\$700,602 of funding to be received from the State is for Student Financial Aid Administration. \$566,582 of this allocation is a new funding to promote financial aid to eligible students.

When received, new grants will be presented to the Board of Trustees for approval and the District's budget will be augmented to reflect the increase.

Special Reserve Fund (40.0) (Capital)

This fund is also known as the Capital Expenditures Fund. State funding for capital projects, scheduled maintenance, asbestos abatement and architectural barrier removal is reflected in this fund. The non-resident capital charge is a revenue source to this fund. This fund includes three State funded capital projects, the Library Addition, equipment for the Library Addition and the Liberal Arts Building.

Also included in this fund is the Earthquake Redevelopment Revenue from the City of Santa Monica for the replacement of the earthquake damaged Liberal Arts building. These funds will be combined with State funds for the Liberal Arts Project.

All capital expenditures and income in the Special Reserve Fund, as well as Fund 41.0 Fund 42.1 and Fund 42.2 reflect the total expense allocation and the total income for all projects and is not limited to current year, thus resulting in a zero ending balance. Money in these funds may not be transferred into the general fund.

Earthquake Fund (41.0)

This fund reflects the FEMA and OES money received and expended as a result of the damage incurred at Santa Monica College due to the 1994 Northridge Earthquake.

Bond Fund Prop T (42.1)

This fund reflects the revenue from the sale of bonds approved by Proposition "T" and the interest earned in the fund.

The expenditures in this fund are coupled with fund 40.0 State Grants and fund 41.0 FEMA funding to cover the necessary expenses related to the College construction plan approved under Prop T. The Library Project was the last major remaining project in this fund and as the bills are paid for the completion of the project this fund will close.

Bond Fund Measure U (42.2)

This fund reflects the revenue from the sale of bonds approved by Measure U and the interest earned in the fund.

The expenditures in this fund relate to the College construction plan approved under Measure U.

Bond Interest and Redemption Fund (48.0)

This fund is administered by the Los Angeles County Treasurer's Office and reflects the receipt of property tax money due to voted indebtedness for bond issues and the payment of interest on those bonds plus the redemption of the bonds whose maturity date is within the 2003-2004 fiscal year. This information is projected for the District by the Los Angeles County Treasurer's Office.

Enterprise Fund (50.0)

This is a new fund for Community Service and Contract Education. Under the new accounting system established by the Los Angeles County Department of Education, it was deemed appropriate to create a separate fund for these revenues and expenditures.

Student Financial Aid Fund (74.0)

This fund consists of all student financial aid programs (PELL, SEOG, EOPS and Cal Grants). Transfer line items reflect a transfer from the General Fund Unrestricted to meet the match requirement of the individual grant programs.

Since our default rate has fallen to an all-time low, we will not be subject to any Federal penalties that could result in a reduction in allocations. Additional allocations for fiscal year 2003-2004 will be augmented to the Adopted Budget by Board of Trustee's action when awards are received and approved.

Auxiliary Operations

This budget reflects the income and expenses of the auxiliary operations of the District, namely the bookstore, the food and vending concessions, and College expenses in programs such as athletics, music, theatre arts, THE CORSAIR and transportation.

CONCLUSION

Do to the reduction in State funding, many long hours were spent in balancing this budget by all sectors of the College. This budget is presented to the Board of Trustees for adoption.
